Registered, Insured and C. O. D. Mail

Valuable and important matter, except domestic fourth-class mail, should be registered.

The registry fee is 10 cents in addition to the postage.

Valuable domestic mail of the fourth class should be insured. Mailable fourth-class matter may be registered if it is sealed and first-class postage is paid. Senders are advised to register any mail matter of considerable value — particularly coin, currency, articles of jewelry, and matter of similar character — because of the greater safeguards provided by the Registry Service.

Valuable domestic mail of the fourth class may be sent C. O. D. from and to domestic money-order offices and such offices in the Canal Zone.

Postmasters and other employees must encourage the use of the registry, money order, insurance and C. O. D. services.

ADVANTAGES

Mail may be registered or insured at any post office or station. City carriers in residential districts register articles that are not cumbersome on account of size, shape or weight. Rural carriers accept mail for registration, insurance, or collection-on-delivery.

A receipt is given the sender for each registered, insured or C. O. D. article.

A receipt showing delivery of a registered or insured article will be furnished if the envelope or wrapper of the article is indorsed "Return receipt desired." No return receipt is furnished senders of C. O. D. mail, as the money order remittance serves that purpose.

The indemnity paid by the Department, together with such other insurance as may be placed on registered mail, fully protects, it is believed, the interests of the sender and the addressee, and in the majority of cases doubtless provides a cheaper method of transmitting coin, currency, and similar matter of more than nominal value, than is afforded by other means of transportation.

The Department furnishes, without charge, when the quantity of mail warrants, manifold sheets or books which provide the sender and the addressee convenient office record of mail registered and registered mail delivered.

The registered mails reach practically every post office in the world.

INDEMNITY

Indemnity for mail lost in the postal service will be paid as follows:

REGISTERED.

For the loss, rifling, or damage of first-class domestic mail (sealed), value up to $50.00.

For the loss, rifling, or damage of third-class domestic mail (unsealed), value up to $25.00.

Loss of foreign Postal Union (not Parcel Post) mail, except losses beyond control (force majeure), amount claimed up to 50 francs.

INSURED.

Fourth-class domestic mail, covered by a fee of 3 cents.....value up to $5.
Fourth-class domestic mail, covered by a fee of 5 cents.....value up to $25.
Fourth-class domestic mail, covered by a fee of 10 cents.....value up to $50.
Fourth-class domestic mail, covered by a fee of 25 cents.....value up to $100.

C. O. D.

Fourth-class domestic mail, covered by a fee of 10 cents.....value up to $50.
Fourth-class domestic mail, covered by a fee of 25 cents.....value up to $100.

REGULAR POSTAGE, IN ADDITION TO FEES, MUST BE PAID.

SENDERS' MAILING RECEIPTS

When it is not desired to insure fourth-class parcels but the sender desires evidence that such articles have been deposited in the mails, receipts establishing their mailing will be furnished upon payment of one cent for each parcel involved.

CORRESPONDENCE WITH THE DEPARTMENT.

1. **Complaints and Inquiries.**— All complaints in regard to mail should be addressed to the postmaster and, whenever possible, they should be accompanied with the envelope or wrapper of the piece of mail to which the complaint refers. An early report should be made relative to lost or missing mail of any description. The postmaster will forward the complaint to the proper officer of the Department. Complaints in general affecting the service should likewise be made to the postmaster, but when that course is manifestly improper under the circumstances, they should be addressed to the Department. More than one subject should not be treated in the same letter, and the communication should bear the address of the officer in charge of the Bureau to which the business relates, as follows:
2. **The Chief Clerk, Post Office Department.**— Relative to the Official Postal Guide, appointments in the Post Office Department, advertising, telegraph rates for Government messages, general information and miscellaneous correspondence.
3. **The Special Assistant to the Attorney-General.**— Relative to the defense of cases in the Federal courts against the United States arising out of the transportation of the mails; proceedings before the Interstate Commerce Commission for determination of the basis of railroad mail pay; hearings before the Department on orders changing mode of transporting periodical mail matter, and review by court of such orders.
4. **The Solicitor, Post Office Department.**— Relative to claims for credit for stamps, etc., or postal money order, postal savings, war savings funds lost by fire, burglary, etc.; the construction of postal laws and regulations; enforcement of Sec. 19, Trading with the Enemy Act, issuance of permits thereunder, and failure of foreign language publications to whom such permits have not been issued to file at office of mailing translations into English of certain matter (Sec. 481½ P. L. & R.); rulings as to the delivery of mail the ownership of which is in dispute; as to the mailability of alleged indecent, obscene, scurrilous and defamatory matter, matter alleged to be in violation of the provisions of the Espionage Act, as amended (Sec. 481½ P. L. & R.), matter containing advertisements of intoxicating liquors or solicitations of orders therefor, and matter relating to lottery and other schemes, endless chain enterprises, etc.

5. **The Chief Inspector.**— Relative to loss, theft, wrong delivery, tampering and interception of mail; mailing of intoxicants, poisons, explosives, etc.; claims for rewards; schemes to defraud and complaints of the mailing of obscene matter. In complaints of tampering the envelopes or wrappers should be furnished, and a statement of the facts and all letters and literature, with envelopes, should accompany complaints concerning schemes to defraud.

6. **The First Assistant Postmaster-General:**

Division of Post Office Service.— Relative to organizations of post offices of the first and second classes; the appointments and salaries of assistant postmasters, supervisory officers, clerks, watchmen, messengers, laborers, printers, mechanics and skilled laborers at such offices; of city letter carriers; and of chauffeurs, garage men, mechanics, etc., required in the administration of government-owned automobile service in cities; the authorization of new or of changes in existing service on government-owned automobile routes in cities; the establishment of mail-messenger and regulation-screen or other wagon service and the performance of service by contractors on such routes; the establishment, maintenance and extension of city-delivery and city-collection service; the salaries of postmasters of "Presidential" post offices (offices of the first, second and third classes); allowances for clerk hire and for rent, light and fuel at such offices and for mail separations and "unusual conditions" at third and fourth-class offices, and for miscellaneous items at first and second-class offices, such as labor incidental to cleaning the premises, telephone and water rentals, laundry, towel service, and miscellaneous service items; all matters concerning the delivery of ordinary mail, the special-delivery service and the hours of business at Presidential offices, including the duty of investigating by correspondence all complaints made to the Department with reference thereto; and miscellaneous correspondence relating to the service at Presidential post offices.

Division of Postmasters' Appointments.— Relative to appointment of postmasters and acting postmasters, postmasters' bonds and commissions, bonds of all employees in post offices except rural and village carriers, leave of absence of postmasters, and the establishment, discontinuance, and change of site, of fourth-class post offices.

Division of Dead Letters.— Relative to letters, parcels found to be undeliverable in the Third Division of the Railway Mail Service, unmailable parcels addressed to foreign countries, obscene matter, etc., sent to the Division of Dead Letters, and allowances of credit for postage due on undelivered matter; the sale of articles found in undelivered mail for post offices at the respective division headquarters of the Railway Mail Service; an accounting for all money which can not be finally disposed of by the several branches of that division.

7. **The Second Assistant Postmaster-General:**

Relative to authorization of new or changes in existing aviation service.

Division of Railway Mail Service.— Relative to the establishment of and changes in the Railway Mail Service, the handling of mail matter in transit, appointments of railway postal clerks, the preparation for mailing and admission of matter to the mails which from its form or character would be liable to injure the mails or the person of postal employees, the distribution and dispatch of mails, and damage and delays to mails.

Division of Foreign Mails.— Relative to questions involving postage rates, conditions, and classification of mail for foreign countries, as well as the international parcel post; the designation, instruction, and furnishing of postal supplies to navy mail clerks; and the recall and change of address of mail, ordinary and registered, for foreign destinations.

Division of Railway Adjustments.— Relative to the authorization of new or changes in existing service on steam and electric railroads, steamboats and Alaska star routes; establishment of railway postal car service, the transportation of mail bags, stamped envelopes, newspaper wrappers and periodical matter or magazines by freight, the performance of such service and complaints concerning same.

8. **The Third Assistant Postmaster-General:**

Division of Finance.— Relative to warrants for pay of mail contractors and others, to deposit of postal funds, to box rents and key deposits, and to the sale of post route maps.

Division of Postal Savings.— Relative to the establishment of postal savings depositories and all matters in regard to postal-savings business, except supplies.

Division of Money Orders.— Relative to money-order business and to the establishment of money-order offices.

Division of Classification.— Relative to classification of mail matter, rates of postage, limit of weight and size of mail, penalty envelopes and franking privilege.

Division of Stamps.— Relative to postage stamps and other stamped paper, and postal savings deposit cards and stamps. Also war-savings certificate and thrift stamps, and Internal Revenue war-tax stamps.

Division of Registered Mails.— Relative to registered, insured and C. O. D. mail and services; and sender's receipt for ordinary fourth class mail.

9. **The Fourth Assistant Postmaster-General:**

Relative to village delivery service.

Division of Rural Mails.— Relative to rural delivery service, the appointment of rural carriers and to star route service.

Division of Equipment and Supplies.— Relative to orders for blanks, canceling ink, ink pads, and other stationery, post-route maps, orders for and repair of, adding machines, typewriters, duplicating machines, scales, baling machines, printing presses, canceling machines, steel and rubber stamps, motors, trucks, conveyors, letter boxes, posts, including painting and erecting, and miscellaneous mechanical appliances used in the postal service.

DOMESTIC MAIL MATTER.

CLASSIFICATION AND RATES OF POSTAGE.

1. Domestic mail matter includes matter deposited in the mails for local delivery, or for transmission from one place to another within the United States, or to or from or between the possessions of the United States, and is divided into four classes:

First. Written and sealed matter, postal cards and private mailing cards.

Second. Periodical publications.

Third. Miscellaneous printed matter (on paper) weighing four pounds or less.

Fourth. (Parcel Post.) All mailable matter not included in previous classes.

NOTE.— The parcel-post law, embodied in section 454, P. L. & R., does not apply to matter of the first, second and third classes, but only to fourth-class matter.

2. What is included in terms "United States" and "Possessions of United States."— Hawaii, Porto Rico, and the Virgin Islands of the United States are included in the term "United States." The Philippine Archipelago, Guam, Tutuila and Manua and other islands of the Samoan group east of longitude 171° west of Greenwich, and the Canal Zone are included in the term "Possessions of the United States." The term "Canal Zone" includes all the territory purchased from the Republic of Panama, embracing the "Canal Zone" proper and the islands in the Bay of Panama named Perico, Naos, Culebra, and Flamenco.

NOTE.— The value of the stamps used to pay postage on matter mailed in the Philippine Islands to the United States is expressed in centavos, the value of a stamp of the denomination of 2 centavos being equivalent to 1 cent.

3. Domestic rates and conditions apply to mail matter addressed to officers or members of the crews of vessels of war of the United States, to matter sent to the United States Postal Agency at Shanghai, China, and other places where the United States mail service is in operation, to officers and men of the U. S. Navy in the United States Naval Hospital at Yokohama, Japan, and, with certain exceptions, (see page 123) to that sent to Canada, Cuba, Mexico, and the Republic of Panama. The domestic rate applies also to letters, but not to other articles, addressed to the countries named in article 15, page 126.

The domestic rates apply to mail to and from members of and persons connected with the United States Army of Occupation serving in and around Coblenz, Germany.

4. Prepayment of postage on domestic matter at time of mailing, by stamps affixed, is required. By special permission, however, postage may be paid in money on matter of the first, second, third and fourth classes when mailed in the quantities prescribed by article 66, page 18. Postmasters are not required to affix stamps to mail. When stamps are so affixed to mail that one overlies another, concealing part of its surface, the stamp thus covered is not taken into account in prepayment.

5. Letters of Soldiers, Sailors and Marines may be transmitted in the mails, without prepayment of postage, under the provisions of paragraphs 1 and 2, section 406, P. L. & R.

6. Two classes of matter in one parcel.— Matter of a higher class inclosed with matter of a lower class subjects the whole to the higher rate. Persons knowingly concealing or inclosing matter of a higher class in that of a lower class, for the purpose of evading payment of the proper postage, are liable to a fine of not more than $100. (Par. 6, sec. 458, and sec. 460, P. L. & R.)

FIRST-CLASS MATTER.

7. Includes written matter, namely: Letters, postal cards, post cards (private mailing cards), and all matter wholly or partly in writing, whether sealed or unsealed, except manuscript copy accompanying proof-sheets or corrected proof-sheets of the same and the writing authorized by law to be placed upon matter of other classes.— (Secs. 441, 453 and 458, P. L. & R.) Matter sealed or otherwise closed against inspection is also of the first class. (Secs. 398 and 469, P. L. & R.)

NOTE.— Typewriting and carbon and letter-press copies thereof are the equivalent of handwriting and are classed as such in all cases.

8. List of articles included in first-class matter:

(*a*) Assessment notices (printed) with amount due written therein.
Albums (autograph) containing written matter.

(*b*) Blank books with written entries; bank checks filled out in writing, either canceled or uncanceled; legal and other blank printed forms signed officially.
Blank forms, filled out in writing.

(*c*) Cards or letters (printed) bearing a written date, where the date is not the date of the card, but gives information as to when the sender will call, or deliver something otherwise referred to, or is the date when something will occur or is acknowledged to have been received.
Cards (printed) which by having a signature attached are converted into personal communications, such as receipts, orders for articles furnished by addressee, etc.

Cards (visiting) bearing written name — except single cards enclosed with third or fourth-class matter, and bearing the name of the sender.

Certificates, checks, diplomas, receipts, etc., filled out in writing.

Communications entirely in print — with exception of name of sender — sent in identical terms by many persons to the same address.

Copy (manuscript or typewritten) unaccompanied with proof-sheets thereof.

(*f*) Folders made of stiff paper, the entire inner surface of which cannot be examined except at the imminent risk of breaking the seal, and those having many folds or pages, requiring the use of an instrument of any kind in order thoroughly to examine the inner surfaces are subject to the first-class rate of postage. No assurance of the postmaster at the office of mailing will prevent the collection of the higher rate of postage at the post office of delivery if the entire inner surface cannot be easily examined, without danger of breaking the seal.

(*h*) Hand or typewritten matter and letter-press or manifold (carbon) copies thereof.

(*i*) Imitations or reproductions of hand or typewritten matter not mailed at the post office window or other depository designated by the postmaster in a minimum number of twenty identical copies.

(*l*) Letters (old or remailed) sent singly or in bulk.

(*p*) Price-lists (printed) containing written figures changing individual items.

(*r*) Receipts (printed) with written signatures.

(*s*) Sealed matter of any class, or matter so wrapped as not to be easily examined, except original packages of proprietary articles of merchandise put up as prescribed in article 56, page 17, and seeds and other articles that may be enclosed in sealed transparent envelopes under paragraph 4, section 469, P. L. & R.

Stenographic or shorthand notes.

(*t*) Typewritten matter, original letter-press and manifold copies thereof.

(*u*) Unsealed written communications.

9. Rates of postage on first-class matter.— (*a*) On letters and other matter, wholly or partly in writing, except the writing specially authorized to be placed upon matter of other classes, and on matter sealed or otherwise closed against inspection — 2 cents an ounce or fraction thereof.

(*b*) On postal cards — 1 cent each, the price for which they are sold. (See articles 17 to 22, page 9.)

(*c*) On private mailing cards (post-cards) conforming to the requirements for such cards — 1 cent each. (See articles 11 to 16, pages 8 and 9.)

(*d*) On "drop letters," 2 cents an ounce or fraction thereof when mailed at letter-carrier post offices, including offices where village delivery service by carrier has been established, or at offices which are not letter-carrier offices if rural free delivery has been established and the persons addressed are served by rural carrier; and 1 cent for each ounce or fraction thereof when mailed at offices where letter-carrier service is not established, or at offices where the patrons are not served by rural carriers. There is no drop rate on mail other than letters. When any persons or concerns of any city or place send their letters in bulk for mailing for local delivery at a post office in another place where the one-cent drop-letter rate is applicable, such letters are not drop letters and are not entitled to the one-cent drop-letter rate but are subject to postage at the rate of 2 cents an ounce or fraction thereof. (Secs. 399 and 404, P. L. & R.)

(*e*) Letters mailed at a post office for delivery to patrons thereof by star route carrier and those deposited in boxes along a star or rural route are subject to postage at the rate of two cents an ounce or fraction thereof.

(*f*) Mail carried by aeroplane, consisting of matter of the first class, including sealed parcels not exceeding 30 inches in length and girth combined, is chargeable with postage at the rate of 2 cents for each ounce or fraction thereof. Special aeroplane stamps are not required but any stamps good for postage may be used.

(*g*) Letters received by a postmaster, under cover (through the mails), with postage prepaid on the bulk package at the letter rate, cannot be distributed for local delivery or transmission in the mails unless each letter is prepaid at the regular first-class rate. (Par. 3, sec. 399, P. L. & R.)

(*h*) A letter which — after a proper effort has been made to deliver it — is returned to the sender, may not be remailed without a new prepayment of postage, and it should be enclosed in a new envelope to secure prompt transmission.

10. The limit of weight of first-class matter is the same as for fourth-class matter. See article 46, page 16. (Secs. 462 and 463, P. L. & R.)

Post Cards (Private Mailing Cards).

11. Transmissible, when and where.— Post cards manufactured by private persons, consisting of an unfolded piece of cardboard in quality and weight substantially like the Government postal card, not exceeding in size approximately 3 9/16 by 5 9/16 inches, nor less than approximately 2¾ by 4 inches, bearing either written or printed messages, are transmissible without cover in the domestic mails (including the possessions of the United States), and to Canada, Cuba, Mexico, Republic of Panama, and city of Shanghai (China), at the postage rate of 1 cent each. (Secs. 402 and 403, P. L. & R.)

12. **Advertisements and illustrations** may appear on the back of the card and on the left half of the face. The right half of the face must be reserved for the address, postage stamps, postmark, etc.

13. **Non-conforming cards, rate.**— Cards which do not conform to the foregoing conditions are chargeable with postage at the letter rate, if wholly or partly in writing, or at the third-class rate, if entirely in print.

14. **Under cover, rate.**— Cards mailed under cover of sealed envelopes (transparent or otherwise), are chargeable with postage at the first-class rate; if inclosed in unsealed envelopes, they are subject to postage at the first-class rate if wholly or partly in writing, or the third-class rate if entirely in print — to be prepaid with stamps affixed to the envelope. Stamps affixed to matter inclosed in envelopes are not recognized in payment of postage thereon.

15. **Double or reply post cards** each portion of which conforms in size, quality, etc., to the foregoing conditions are subject to 1 cent postage to be prepaid on the initial portion. The reply half, when detached and mailed, is also subject to 1 cent postage. The postage on the reply half need not be affixed thereto until it is detached from the initial half and mailed for return. The conditions pertaining to double postal cards, set forth in article 22, page 9, are also applicable to double post cards.

16. **Folded advertising cards,** and other matter entirely in print, arranged with a detachable part for use as a post card, are mailable as third-class matter.

Postal Cards.

17. **Postal cards** are furnished at the postage value represented by the stamp impressed thereon; single postal cards for domestic and foreign correspondence at 1 cent and 2 cents each, respectively, and reply (double) postal cards at 2 cents and 4 cents each, respectively. (Sec. 401, P. L. & R.)

18. **Additions.**— Government postal cards may bear written, printed, or other additions as follows:

(*a*) **Addresses** on postal cards may be either written, printed, or affixed thereto.

(*b*) **Advertisements, illustrations, or writing** may appear on the back of the card and on the left third of the face.

(*c*) **The face** of the card may be divided by a vertical line placed approximately one-third of the distance from the left end of the card; the space to the left of the line to be used for the message, but the space to the right for the address only.

19. **Unauthorized additions.**— The addition to a postal card of matter other than as above authorized will subject it, when mailed, to postage at the letter rate, if wholly or partly in writing, or at the rate for the added matter, if it bears no writing. In such case the postage value of the stamp impressed on the card will not be impaired.

20. **International postal cards.**— The United States international 2-cent single and reply postal cards should be used for correspondence with foreign countries, except Canada, Cuba, Mexico, and Republic of Panama, to which the domestic 1-cent single and reply cards are mailable; but when these international cards can not be obtained, it is allowable to use the United States domestic 1-cent single and reply postal cards with 1-cent United States adhesive postage stamps affixed thereto.

21. **Remailing.**— Used postal cards conforming to the conditions prescribed for post cards may be remailed upon prepayment of 1 cent postage with stamp affixed.

22. **Reply or double postal cards.**— Either half of a domestic reply postal card may be used separately. Such postal cards should be folded before mailing, and the initial half should be detached when the reply half is mailed for return. If the initial half of a double postal card be not detached when the reply half is mailed for return, the card is subject to postage according to the character of the message. The enclosure in a double postal card of unauthorized matter annuls its privileges as a postal card.

SECOND-CLASS MATTER.

23. **Second-class matter** includes newspapers and periodicals bearing notice of entry as second-class matter. No limit of weight is prescribed. (Secs. 411 to 446, P. L. & R.)

24. **The rate of postage** on newspapers and periodical publications of the second class, when sent unsealed by the public, that is, by others than the publisher or a news agent, is 1 cent for each 4 ounces or fraction thereof, on each separately-addressed copy or package of unaddressed copies. To be entitled to this rate the copies must be complete. Incomplete copies are subject to postage at the third or fourth-class rate, according to their physical character. There is no such rate of postage as 4 cents a pound for second-class matter. (Sec. 435, P. L. & R.)

25. **Additions to second-class matter.**— (*a*) **On the wrapper,** or the matter itself, there may be written or printed: (1) the name and address of the sender, preceded by the word "from;" (2) the name and address of the person to whom sent; (3) the words "sample copy," or "marked copy," or both, as the case may be.

(*b*) **On the matter itself** the sender may place all that is permitted on the wrapper; correct typographical errors in the text; designate by marks, not by words, a word or passage in the text to which it is desired to call attention.

Other writing will subject the package to the first-class rate.

26. **Application for entry of a publication as second-class matter or registry as a news agent** should be made through the postmaster to the Third Assistant Postmaster General, Division of Classification.

27. **Periodical publications not desired.**— Publications which are not desired may be refused and not removed from the post office, or they may be returned to the postmaster indorsed "Refused." The Post Office Department does not determine questions regarding the liability of a subscriber for the subscription price of a publication.

A subscriber to a publication should promptly notify the publisher of any change in his address. (Secs. 640–642, P. L. & R.)

THIRD-CLASS MATTER.

28. **Third-class matter embraces** circulars, newspapers and periodicals not admitted to the second-class, nor embraced in the term "book," miscellaneous printed matter on paper not having the nature of an actual personal correspondence, proof-sheets, corrected proof-sheets, and manuscript copy accompanying the same, and matter in point print or raised characters used by the blind. (Secs. 447, 448, and 451, P. L. & R.) Books are included in fourth-class or parcel-post mail, as also is miscellaneous printed matter weighing *more than* four pounds. (Par. 5, sec. 456, and par. 7, sec. 463, P. L. & R.)

NOTE.— Matter printed on material other than paper is fourth-class.

29. **Circulars.**—A circular is a printed letter sent in identical terms to several persons. It may bear a written, typewritten or hand-stamped date, name and address of person addressed and of the sender, and corrections of mere typographical errors. When a name (except that of the addressee or sender), date (other than that of the circular), or anything else is handwritten or typewritten in the body of a circular for any other reason than to correct a genuine typographical error, the circular is subject to postage at the first-class (letter) rate, whether sealed or unsealed. (Sec. 449, P. L. & R.)

30. **Reproductions or imitations of handwriting and typewriting** obtained by means of the printing press, neostyle, multigraph, or similar mechanical process will be treated as third-class matter, provided they are mailed at the post office or other depository designated by the postmaster in a minimum number of 20 identical, unsealed copies. If mailed elsewhere or in less quantity, they will be subject to the first-class rate. (Par. 2, sec. 450, P. L. & R.)

31. **Matter for the blind.**— Letters and reading matter for the blind are transmissible in the mails under certain conditions at special rates, as set forth in Sec. 451, P. L. & R.

32. **The rate of postage** on unsealed third-class matter is one cent for each 2 ounces or fraction thereof, on each individually-addressed piece or package. There is no such rate of postage as 8 cents a pound on third-class matter. (Sec. 447, P. L. & R.)

33. **The limit of weight** of third-class matter is four pounds. Parcels of printed matter weighing more than four pounds which do not exceed the limit of weight and size for fourth-class matter come within that class and are mailable at the parcel-post rates. (Secs. 462 and 463, P. L. & R.)

34. **List of articles included in third-class matter:**

(*a*) Address tags and labels mainly in print.
Advertisements printed on blotting paper.
Architectural designs (printed).
Assessment notices, wholly in print.

(*b*) Blank notes and other printed blanks or forms, mainly in print.
Blind, indented or perforated sheets of paper containing characters which can be read by the blind, except such as are entitled to free transmission under the provisions of section 506, P. L. & R.
Blue prints.

(*c*) Calendar pads mainly in print.
Calendars, printed on paper.
Cards, printed, with perforations for carrying coin.
Cards, Christmas, Easter, etc., printed on paper.
Circulars.
Clippings (press) with name and date of paper stamped or written in.
Correspondence of the blind. (See sec. 451, P. L. & R.)
Coupons, printed.

(*e*) Engravings and wood cuts printed on paper.

(*i*) Insurance applications and other blank forms mainly in print.

(*l*) Labels and tags mainly in print.
Legal blanks and forms of insurance applications, mainly in print.
Lithographs.

(*m*) Maps printed upon paper, with the necessary mountings.

(*n*) Newspaper "headings," or clippings with name and date of paper stamped or written in.
Notes, blank, mainly in print.

(*o*) Order blanks and report forms, mainly in print. A single order blank, mainly in print, may be enclosed with fourth-class matter mailed at the rates for that class.

(*p*) Photographs, printed on paper.
Plans and architectural designs, printed.
Postage stamps, canceled or uncanceled.
Postal cards, bearing printed advertisements, mailed in bulk.
Post cards, bearing on the message side illustrations or other printed matter, mailed in bulk.
Price lists, wholly in print.
Printed blank notes, printed calendars, labels, plans and architectural designs.
Printed matter having samples of merchandise attached covering less than 20 per cent of the space.
Proof-sheets, printed, with or without manuscript.
(*r*) Reproductions or imitations of hand or typewriting, when mailed under the conditions prescribed by article 30, page 10.
(*s*) Sheet music.
(*t*) Tags and labels, printed.
(*v*) Valentines, printed on paper.
Visiting cards, printed.
(*w*) Wood cuts and engravings (prints).

35. **Additions to third-class matter.**—(*a*) **On the wrapper,** envelope, or the tag or label attached thereto, or upon the matter itself, in addition to the name and address of the addressee, there may be written or printed the name, occupation, and residence, or business address, of the sender, preceded by the word "from." There may also be placed on the wrapper, envelope, tag, or label, either written or otherwise, the inscription "Do not open until Christmas," or words to that effect, and any printed matter mailable as third-class, but there must be left on the right portion of the address side 3½ inches space for a legible address, postmark and the necessary postage stamps, and any words necessary for forwarding or return, etc. (Secs. 453 and 470, P. L. & R.)

The words "Please send out," or "Post up," or other similar directions or requests, not a part of the address, nor necessary to effect delivery, may not be placed upon the wrapper of third-class matter or upon the matter itself without subjecting it to postage at the letter rate.

(*b*) **On the matter** itself the sender may place all that is permitted on the wrapper, and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical errors. There may also be written or printed upon any photograph, or other matter of the third-class, a simple manuscript dedication or inscription not in the nature of personal correspondence. Such words as "Dear Sir," "My dear friend," "Yours truly," "Sincerely yours," "Merry Christmas," "Happy New Year," and "With best wishes," written upon third-class matter, are permissible inscriptions. A serial number written or impressed upon third-class matter does not affect its classification.

(*c*) **Written designation of contents,** such as "printed matter," "photo," is permissible upon the wrapper of third-class matter.

36. **Hand-stamped imprints** on third-class matter will not affect its classification except when the added matter is in itself personal or converts the original matter into a personal communication; in the latter case, however, the mailing at one time at the post office window or other depository designated by the postmaster of not less than 20 identical, unsealed copies will be sufficient evidence of impersonal character to entitle such matter to the third-class rate. (Sec. 453, P. L. & R.)

37. **Corrections in proof-sheets** include the alteration of the text and insertion of new matter, as well as the correction of typographical and other errors; include also marginal instructions to the printer necessary to the correction of the matter or its proper appearance in print. Part of an article may be entirely rewritten if that be necessary for correction. Corrections should be upon the margin of or attached to the proof-sheets. Manuscript of one article can not be inclosed with proof or corrected proof-sheets of another except at the first-class rate.

38. **Incidental use of third-class matter as receptacles for coin.**—The rate of postage on matter essentially third class (printed matter upon paper) is not affected by the fact that incidentally it contains a perforation which may be used for carrying coin.

39. **Permissible enclosures.**—There may be enclosed with third-class matter, without changing the classification thereof, a card bearing the written name and address of the sender; a single order form, mainly blank, or a single combination order-blank and coin-card with an envelope or post card for reply. See articles 54 and 55, pages 16 and 17, for conditions under which a communication may be attached to and mailed with third-class matter.

FOURTH-CLASS MATTER (DOMESTIC PARCEL POST).

40. **Fourth-class matter embraces** that known as domestic parcel post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions, and plants, books (including catalogs), miscellaneous printed matter weighing more than four pounds, and all other mailable matter not embraced in the first, second and third classes. (Secs. 454, 456, 457 and paragraph 7, sec. 463, P. L. & R.)

41. **Extent and usefulness of parcel post.**—The domestic parcel post offers a convenient, quick, and efficient means of transporting mailable parcels to any post office in the United States or its possessions. The service reaches more places than any other transportation agency. It brings

producers and consumers into closer contact, thus opening the way to reducing the high cost of living. Special treatment and advantages are accorded to shipments of farm products. Low postage rates, based on the service rendered, are provided. The rates to nearby zones are particularly advantageous. Parcels may be insured against loss and may be sent C. O. D.

42. List of articles included in fourth-class matter:

(*a*) Albums, photograph and autograph, blank.
Animals, harmless live, coming within the provisions of pars. 3 and 4, amended sec. 476, P. L. & R., when sent under conditions therein prescribed.
Artificial flowers.

(*b*) Bees, when packed as prescribed in section 476, P. L. & R.
Bill heads.
Blank address tags and labels.
Blank books, blank books with printed headings, blank cards or paper, blank diaries, and blank post and postal cards.
Blotting paper, blank.
Books.
Botanical specimens.
Bulbs.

(*c*) Calendar pads, mainly blank.

Combination calendar and memorandum pads, mainly blank.
Crayon pictures.
Cut flowers.
Cuts, wood or metal.

(*d*) Dissected maps and pictures.
Drawings, framed or unframed.
Dried fruit.

(*e*) Easter cards, when printed on other material than paper.
Electrotype plates.
Engravings, when framed.
Envelopes, printed or unprinted, except when addressed and enclosed singly with third-class matter.

(*f*) Flowers, cut or artificial.
Forms, order, legal, etc., mainly blank.
Framed engravings, pictures and other printed matter.

(*g*) Geological specimens.
Grain.

(*l*) Letter heads.

(*m*) Maps, printed on cloth.
Merchandise samples.
Memorandum books.
Merchandise, sealed proprietary articles, put up and labeled in printing as prescribed in article 56, page 17.
Metals and minerals.
Motion picture films.

(*n*) Napkins, paper or cloth, printed or unprinted.

(*o*) Oil paintings, framed or unframed.
Order blanks and report forms mainly blank (spaces covered by ruled lines being regarded as blank), are fourth-class matter. However, one copy may be enclosed with third-class matter mailed at the rate for that class.

(*p*) Paper bags and wrapping paper, printed or unprinted.
Patterns, printed or unprinted.
Pen or pencil drawings.
Photograph albums.
Photographic negatives and kodak films.
Plants.
Postal and post cards, mainly blank.
Printed matter, miscellaneous, when mailed in parcels weighing more than 4 pounds.
Printed matter having samples of merchandise permanently attached covering 20 per cent or more of the space.
Printed matter on other material than paper.

(*r*) Roots.
Rulers, wooden or metal, including those bearing printed advertisements.
(*s*) Safety fuse.
Samples of cloth.
Samples of flour or other manufactured grain.
Scions.
Sealed packages of proprietary articles of merchandise put up and labeled in printing as prescribed in article 56, page 17.
Seeds.
Soap wrappers, complete; printed coupons cut from such wrappers are third class matter.
Stationery.
(*t*) Tags, blank.
Tape measures.
Tintypes.
(*v*) Valentines printed on material other than paper.
(*w*) Wall paper.
Water color painting.
Wrapping paper, printed or unprinted.

43. Rates of postage on fourth-class or parcel post matter — to be fully prepaid — unsealed — are as follows:

(*a*) Parcels weighing 4 ounces or less, except books, seeds, plants, etc., 1 cent for each ounce or fraction thereof, any distance.

(*b*) Parcels weighing 8 ounces or less, containing books, seeds, cuttings, bulbs, roots, scions, and plants, 1 cent for each 2 ounces or fraction thereof, regardless of distance.

(*c*) Parcels weighing more than 8 ounces, containing books, seeds, plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds, and all other parcels of fourth-class matter weighing more than 4 ounces are chargeable, according to distance or zone, at the pound rates shown in the following table (except as provided in paragraph (*d*) below), a fraction of a pound being computed as a full pound:

Weight in pounds.	Local.	Zones.							
		1st Up to 50 miles.	2d 50 to 150 miles.	3d 150 to 300 miles.	4th 300 to 600 miles.	5th 600 to 1,000 miles.	6th 1,000 to 1,400 miles.	7th 1,400 to 1,800 miles.	8th Over 1,800 miles.

NOTE.— **The local rate applies to parcels mailed:**

(1) At any post office for local delivery at such office.

(2) At any city letter-carrier office, or at any point within its delivery limits, for delivery by carriers from that office.

(3) At any post office from which a rural route starts, for delivery on such route, or when mailed at any point on a rural route for delivery at any other point thereon, or at the office from which the route starts, or for delivery on any other rural route starting from the same office.

(4) On all fruits and vegetables mailed at a post office from which a motor vehicle truck route or country motor express route starts, or at any point or post office on such route, for transportation over the route and delivery at any other point or post office on the same route.

Zones and unit numbers.— For parcel post purposes the United States is divided into units of area 30 minutes square, which form the basis of 8 postal zones. The number of the unit in which each office is located (a branch office or station being in the same unit as the main office) is shown after the name of the office in the State list of this Guide, except those in Alaska, Canal Zone, Guam, Samoan Islands, and the United States Postal Agency, Shanghai, China, concerning which see paragraph (e) below. Additions and changes in unit numbers appear in the monthly supplements to the Postal Guide.

To ascertain in which zone a post office is located from the office of mailing, first obtain the unit number of the office of address from the Guide, then find the line containing this number in the zone key for the unit of the mailing office, and the figure in the column opposite will be the number of the zone. The Guide is applicable to all offices but a separate zone key is required for each unit. The zone keys, which make the use of parcel post maps unnecessary, are furnished to purchasers of the Postal Guide and, upon application, to the postal service.

(*d*) **Parcels subject to the pound rates, mailed for delivery within the first or second zone,** are, when the distance by the shortest regular mail route from the office of origin to the office of delivery is 300 miles or more, chargeable with postage at the rate of 6 cents for the first pound and 2 cents for each additional pound, a fraction of a pound being computed as a full pound. (Subparagraphs (b) and (c), par. 2, sec. 455, P. L. & R.)

(*e*) **Alaska, Hawaiian and Philippine Islands, etc.**— The eighth zone rate of 12 cents for each pound or fraction thereof on all parcels weighing more than 4 ounces (except books, seeds, cuttings, bulbs, roots, scions, and plants, weighing 8 ounces or less) applies (1) between the United States and the Hawaiian Islands; (2) between the United States and its postal agency at Shanghai, China; (3) between any two points in Alaska and between any point in Alaska and any other point in the United States; (4) between the United States and the Canal Zone; (5) between the United States and the Philippine Islands; (6) to, from, or between Guam, Tutuila, and Manua and other Islands of the Samoan group east of longitude 171° west of Greenwich, and the United States and its other possessions; (7) between the United States and its naval vessels stationed in foreign waters. Firearms may be sent to the Philippine Islands only when addressed to the chief of constabulary, Manila, P. I., the name and address of the person or firm for whom intended to appear less conspicuously in the lower left corner of the address side of the wrapper or label of the parcel.

(*f*) **The rate of postage on gold coin, gold bullion and gold dust** offered for mailing between any two points in Alaska, or between any point in Alaska and any point in the United States or its possessions, is two cents an ounce or fraction thereof, regardless of distance. Such gold coin, gold bullion, or gold dust must be inclosed in sealed packages not exceeding eleven pounds in weight and sent by registered mail.

44. **The special delivery fee** is 10 cents in addition to the regular postage.

45. **A war-stamp tax** of one cent for each postage charge of 25 cents or fractional part of 25 cents must be paid on packages of fourth-class or parcel-post matter on which the postage amounts to not less than 25 cents each. The tax is not applicable to parcels on which the postage amounts to less than 25 cents. On a parcel subject to 25 cents postage the tax is one cent; on parcels on which the postage amounts to from 26 to 50 cents the tax is two cents each, and so on. Such tax applies to parcels forwarded or returned on which the postage for forwarding or returning amounts to 25 cents or more. Parcels shall not be accepted for mailing unless both the required postage and tax are fully prepaid. Special internal revenue stamps shall be used to pay the tax; postage stamps are not valid for this purpose. (Paragraphs 7 and 8, section 456, P. L. & R.)

The internal revenue stamps affixed to parcels in payment of the tax must be canceled by the sender placing, or causing to be placed, thereon his written or stamped initials together with the date upon which the stamps are attached or used. In no case, however, should the sender cancel postage stamps affixed to parcels; such stamps must be canceled only by postal employees. When parcels are deposited by the sender without cancelling the internal revenue stamps, such stamps should be canceled by the postmaster in the same manner in which postage stamps are canceled. When, after a parcel is weighed and the amount of the postage is determined and paid, it is the practice of the postmaster to affix the postage stamps, in order to expedite the work, the same practice may be followed with respect to affixing the internal revenue stamps. In such case the internal revenue stamps should be canceled by the postmaster.

Internal revenue stamps for use in paying such tax are supplied to postmasters for sale to the public.

The war-stamp tax does not apply to parcels sent to (1) United States Expeditionary Forces abroad, (2) Porto Rico, (3) Philippine Islands, (4) Canal Zone, (5) Virgin Islands of the United

States, (6) Guam, Tutuila and Manua and other islands of the Samoan group belonging to the United States, (7) United States Naval Vessels, (8) parcels addressed to foreign countries, (9) parcels sent by officers or employees of the United States, or of any State, Territory, or the District of Columbia, or political subdivision thereof, in the discharge of governmental functions, provided they bear in the upper left corner of the address side of the wrapper or label the official designation or name, together with the address of the department, office or officer by whom sent, as evidence of their being transmitted in the discharge of the governmental functions of the United States, or of a State or political subdivision thereof, and consequently exempt from the war-stamp tax, (10) parcels of merchandise mailed by the American Red Cross to be used exclusively in connection with war work for the benefit of the United States, and (11) parcels mailed by Federal Reserve Banks or branches of such banks.

46. The limit of weight of fourth-class matter is 70 pounds for parcels mailed for delivery within the first, second and third zones, and 50 pounds for all other zones. The 50-pound limit applies to parcels for Manila, Philippine Islands, but parcels for other places in those Islands may not exceed 20 pounds. (Secs. 454, 462, 463, 474, and 479, P. L. & R.) All shipments of merchandise by one sender to one addressee on the same day where a star route haul is involved is limited to 200 pounds, but this does not apply to perishable matter. (Sec. 478½.)

47. **Limit of size.**— Parcel post matter may not exceed 84 inches in length and girth combined. In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel) is taken as its length, while the distance around the parcel at its thickest part is taken as its girth. For example, a parcel 35 inches long, 10 inches wide, and 5 inches high measures 65 inches in length and girth combined. (Sec. 464, P. L. & R.)

48. **Name and address of sender.**—A parcel of fourth-class matter may not be accepted for mailing unless it bears the name and address of the sender, which should be preceded by the word "From." (Par. 4, sec. 470, P. L. & R.)

49. **Additions to fourth-class mail.**— There may be placed on fourth-class matter, or on the wrapper or cover, tag or label, any marks, numbers, names, or letters for purpose of description. There may be written on the blank leaves or cover of any book a simple manuscript dedication or inscription not in the nature of personal correspondence. Space sufficient for a legible address, postmark, the necessary postage stamps, and any words necessary for forwarding or return, must be left on the address side of parcels. See article 116, page 23. Inscriptions, such as "Merry Christmas," "With best wishes," "Do not open until Christmas," or words to that effect, may be written on fourth-class mail, or on a card inclosed therewith. (Sec. 458, P. L. & R.)

50. **Public library books,** otherwise mailable as parcel post matter, may bear thereon or therein in writing or by means of hand-stamp, the shelf-number, date of donation or acquisition (or both), or any mark of designation which may be reasonably construed as an "inscription" within the meaning of the law (sec. 453, P. L. & R.) in the limited sense of a permanent library record, placed thereon by the librarian and in that connection only.

51. **Inclosures.**— There may be inclosed with fourth-class matter a written or printed invoice showing the name and address of the sender and of the addressee; the names and quantities of articles inclosed, together with inscriptions indicating "for purpose of description," the price, style, stock number, size, and quality of the articles; the order or file number, date of order, and date and manner of shipment; and the initials or name of the salesman, or of the person by whom the articles were packed or checked.

52. **Printed matter relating to an article of merchandise** which it accompanies is regarded as descriptive of the article within the meaning of section 458, P. L. & R., and is a permissible inclosure with such article when mailed as fourth-class matter.

53. **Packages weighing 4 pounds or less containing matter of both the third and fourth classes** are subject to postage at the third or fourth class rate, whichever is the higher. Parcels exceeding 4 pounds in weight containing miscellaneous printed matter and fourth-class matter are uniformly chargeable at the fourth-class rates. (Par. 6, sec. 458, P. L. & R.)

54. **Communications attached to parcels.**— When it is desired to send a communication with a parcel on which postage at the fourth-class rate has been fully prepaid, the communication may be placed in an envelope fully prepaid at the first-class rate and addressed to correspond with the address on the parcel and then be tied to or otherwise securely attached to the outside of the parcel in such manner as to prevent its separation therefrom and not to interfere with the address on the parcel. The stamps to cover the postage on the parcel must be affixed to the wrapper of the parcel, and those to pay the postage on the communication must be affixed to the envelope of the communication. Parcels to which such communications are attached are treated as fourth-class matter. (Par. 5½, sec. 458, P. L. & R.) When attaching communications to parcels, the following instructions should be observed:

(*a*) Any strong envelope which can be securely attached to the outside of the parcel in such manner as will prevent its separation therefrom and not interfere with the address on the parcel may be used. A tag envelope fastened with strong twine will serve this purpose. The envelope should always be placed under the twine with which the parcel is tied in order to prevent its becoming torn from the parcel while in transit. The envelope must be addressed to correspond with the address on the parcel, so that in case of their becoming separated while in transit both may be delivered. When two classes of matter are mailed together under this regulation in combination containers having two inseparable portions or compartments, the sender's name and

address must appear on both portions, but the name and address of the addressee need be placed on one portion only, if the sender so desires.

(*b*) Only one special-delivery fee is required on such parcels when sent as special-delivery matter. The stamps for the fee should be affixed to the parcels.

(*c*) The stamps affixed to the envelope are canceled in the same manner as the stamps on the parcel are canceled. As the regulation provides that the parcel and communication attached thereto shall in all cases be treated as fourth-class mail, persons authorized to use precanceled stamps may affix such stamps to the envelope in prepayment of postage on the communication when such stamps are used on the parcel. The regulations applicable to postmarking first-class matter do not apply to communications attached to parcels of fourth-class matter under the provisions of paragraph 5½, section 458, P. L. & R.

55. **Letters attached to third-class mail.**— Communications in envelopes fully prepaid at the first-class rate may be attached to packages of third-class matter fully prepaid at the third-class rate, in the manner and under the conditions set forth in the preceding article. Packages of third-class matter to which such communications are attached shall, in all cases, be treated as third-class mail.

56. **Proprietary articles of merchandise,** such as harmless medicinal preparations, soaps, tobacco, food products, etc., put up in fixed quantities, in original sealed packages, by the manufacturer or dealer so as to allow examination of the packages in their simplest mercantile form and *labeled in printing* so as to show the nature of contents, quantity, and name of the manufacturer, or dealer, are mailable at the fourth-class rates of postage. If such sealed packages are inclosed in an outer wrapper, or container, such wrapper or container must not be sealed unless it is also labeled in printing in the manner indicated. (Par. 5, sec. 469, P. L. & R.)

57. **Meats and meat-food products.**— Before meat or meat-food products of cattle, sheep, swine, goats or horses may be accepted for mailing from one State or Territory to another State or Territory, the certificate of inspection or exemption required by section 477, Postal Laws and Regulations, must be filed with the postmaster. Such certificate must be prepared and furnished by the sender. See article 11, October, 1919, supplement to Postal Guide for conditions governing mailing of horse-meat.

58. **Game.**— The dead bodies of any wild animals or birds, or parts thereof, including furs, skins, plumage, etc., lawfully killed and offered for shipment, may be accepted for mailing only when the parcels are plainly marked to show the actual nature of the contents and the name and address of the sender. The dead bodies, or parts thereof, of any wild animals or birds which have been killed or offered for shipment in violation of the laws of a State, Territory, or District, are unmailable, persons sending such articles and the addressees knowingly receiving them in violation of the law being liable to a fine of not more than $200. (Sec. 477½, P. L. & R.)

59. **Furs shipped out of Alaska by mail.**— It will be the duty of each postmaster in Alaska to furnish report blanks to persons who present furs for mailing and to see that no furs are sent through his office to outside points until the shipper has filled out the blank and signed the certificate as to the correctness of the report, and the postmaster has placed his signature under the words "Transmitted to the Commissioner of Fisheries, Washington, D. C." The postmaster will then dispatch the shipment of furs as addressed, without examining the contents for the purpose of verifying the shipper's report, and will mail the report under cover of an official penalty envelope addressed "Commissioner of Fisheries, Washington, D. C."

Postmasters should not permit their supplies of the report form to become exhausted, but in due time should make requisitions upon the Commissioner of Fisheries for specific quantities.

The foregoing does not in any way relieve postmasters from exercising every possible precaution to prevent the acceptance for mailing of furs, the shipment of which is prohibited by the laws of the Territory of Alaska.

60. (*a*) **Plants and plant products,** including all field-grown florists' stock, trees, shrubs, vines, cuttings, grafts, scions, buds, fruit pits, and other seeds of fruit and ornamental trees or shrubs, and other plants and plant products for propagation, except field, vegetable, and flower seeds, bedding plants, and other herbaceous plants, bulbs, and roots, may be admitted to the mails only when accompanied with a certificate from a State or Government inspector to the effect that the nursery or premises from which such stock is shipped has been inspected within a year and found free from injurious insects, and the parcel containing such stock is plainly marked to show the nature of the contents and the name and address of the sender. (Sec. 478, P. L. & R.)

(*b*) **Terminal inspection of plants and plant products** addressed to Arizona, Arkansas, California, Florida, Montana and Washington is required. See section 478¼, P. L. & R., and instructions in October and November, 1915, January, February and November, 1916, April, 1918, and June and December, 1919, supplements to Postal Guide. All parcels addressed to the States named must be plainly marked on the outside to show the exact nature of their contents.

61. **Place of mailing.**— Parcels of books, seeds, and plants, weighing more than 8 ounces, and parcels of other fourth-class matter weighing more than 4 ounces must be mailed at a post office, branch post office, named, numbered, or lettered station, or delivered to a rural or other carrier duly authorized to receive such matter. Smaller parcels may be deposited in letter or package boxes. (Par. 10, amended, sec. 536, P. L. & R.)

62. **Sender's receipt for ordinary parcel.**— When desired, a receipt is furnished the sender of an ordinary fourth-class parcel by the mailing office upon payment of one cent. This fee does not insure the parcel against loss, and no receipt is obtained from the addressee on delivery. If either of the latter facilities is desired, the insurance service should be patronized. (Sec. 458½, P. L. & R.)

63. **Sender of parcel to be asked if he desires it insured.**— Postmasters and postal employes, when rating domestic fourth-class parcels, shall in all cases inquire of the senders whether they desire such articles to be insured, except in those cases where the senders have previously stated that they do not desire such shipments to be sent as insured mail.

64. **Customs Declarations** (on Form 2966) must accompany parcels addressed for delivery in the Canal Zone or through the United States Postal Agency at Shanghai, China.

PROVISIONS APPLICABLE TO THE SEVERAL CLASSES OF MAIL MATTER.

65. **Directions for transmittal, etc.**— Directions for transmittal, delivery, forwarding, or return of mail matter are deemed part of address. (Sec. 470, P. L. & R.)

MAILINGS OF FIRST, THIRD AND FOURTH-CLASS MATTER AND CERTAIN SECOND-CLASS MATTER WITHOUT STAMPS AFFIXED.

66. **Upon application to the postmaster** at the office of mailing, permits may, under the provisions of sec. 459, P. L. & R., be issued to persons or concerns for mailing first-class matter, quantities of not less than 300 identical pieces of third-class matter and second-class matter at the transient rate (see sec. 435, P. L. & R.) or the rates applicable to copies mailed for local delivery by letter carriers at city delivery offices (see pars. 7 & 8, sec. 433, P. L. and R.) and 250 identical pieces of matter of the fourth-class without stamps affixed, the postage thereon being paid in money, provided the mailings are presented in accordance with the conditions under which such mailings are accepted.

First-class matter may not be accepted in this manner until authority to do so shall first have been obtained in each instance from the Third Assistant Postmaster General, Division of Classification.

The attention of patrons who frequently mail large quantities of matter of the classes named should be invited to the advantages of this method of prepaying postage. If the patrons do not desire to avail themselves of such privilege, the desirability of using precanceled stamps should be suggested. (See following article.)

PRECANCELED POSTAGE STAMPS.

67. **Precanceled postage stamps may be used only by the persons or concerns who have been given a permit to use them.** Such stamps are good for the payment of postage only on matter of the third and fourth classes and second-class matter mailed at the rates mentioned in the preceding article, presented at the office where precanceled. For information in regard to the obtaining of such permit and the conditions governing the use of precanceled postage stamps, address the Third Assistant Postmaster General, Division of Classification.

68. **Method of Precanceling.**— Upon receipt of authority from the Third Assistant Postmaster General for the use of precanceled postage stamps, the question of obtaining an allowance to cover the expense of having the precanceling done by a printing establishment with an electroplate furnished by the Department should be taken up with the First Assistant Postmaster General, Division of Post Office Service. An electroplate for use in precanceling stamps may be obtained by making requisition on the Fourth Assistant Postmaster General, Division of Equipment and Supplies. When the number of stamps to be precanceled is not sufficiently large to justify the expense connected with the use of an electroplate, the postmaster will be furnished a special handstamp for that purpose.

69. **Misuse to be Reported.**— Postmasters shall carefully observe the use of precanceled stamps and promptly report to the Third Assistant Postmaster General, Division of Classification, any irregularity in connection with the use of such stamps coming to their attention, whether occurring at their offices or elsewhere.

WEIGHING SECOND-CLASS MATTER IN SACKS.

70. **Allowance for tare and weight of mail bags.**— Postmasters handling second-class mail matter from publishers and news agents shall, in weighing such matter in bulk, in mail sacks, for the purpose of determining the amount of postage to be collected, deduct from the gross weight 3 pounds 4 ounces for the weight of each sack of the No. 1 size, 1 pound 12 ounces for each sack of the old No. 1-A size, 2 pounds 7 ounces for each sack of the new No. 1-A and No. 2 sizes, 1 pound 3 ounces for each sack of the No. 3 size, and 1 pound for each sack of the No. 4 size.

LIMIT OF WEIGHT IN MAILS.

71. **For limit of weight of mail matter** see secs. 454, 462, 463, 474, 475, 479 and 499, P. L. & R.

POSTAGE DUE.

72. **Collection of postage due at office of address.**— When a piece of mail reaches the office of address without postage having been fully prepaid, the required amount of postage due shall be collected of the addressee on delivery. Postmasters cannot lawfully accept postage stamps in payment of postage remaining due on mail matter. The amount due shall invariably be paid in cash. (Secs. 397, 405, 585 and 587 to 591, P. L. & R.)

NOTE.— Postmasters are specially instructed to exercise great care in rating due postage on all short-paid first-class matter mailed at their offices. A decided down weight is required to subject matter to an additional rate of postage.

73. **Unpaid matter**, the sender of which is unknown, deposited in a post office, addressed for local delivery, is subject when delivered to the addressee to due postage at the single rate. For treatment of such matter at letter-carrier post offices, see paragraph 7, section 545, P. L. & R.

74. **Advertised letters — Postage due on.**— The attention of postmasters is directed to sections 626, 627 and 630, P. L. & R., as amended July 25, 1918, which require that all letters and other matter of foreign origin published as undelivered shall be charged with one cent in addition to the regular postage to be collected and accounted for as therein provided. Also to amendments to sections 39 and 40 of the P. L. & R., providing a fee of three cents to be collected for returning letters from the Division of Dead Letters or a Branch thereof.

75. **Facsimile copies of typewriting** produced by a mechanical process such as the printing press, mimeograph, multigraph, etc., and matter bearing hand-stamped imprints, which reach the office of address with postage fully prepaid at the third-class rate — 1 cent for each 2 ounces or fraction thereof — shall be assumed to have been included in a minimum number of twenty identical copies mailed under the provisions of paragraph 2, section 450, P. L. & R., and be delivered to the addressees without additional postage.

76. **Refund of excess postage.** (See sec. 461, P. L. and R.)

FREE MATTER.

77. **For regulations relating to franked and official matter**, including the use of penalty envelopes, see sections 490 to 501, inclusive, P. L. & R.

78. **Places to which penalty and franked matter is transmissible.**— Any article entitled to transmission free of postage in the domestic mails of the United States, either in a "penalty" envelope or under a duly authorized "frank," shall be entitled likewise to transmission in the mails free of postage between places in any possession of the United States, from one to another of such possessions, from the United States to such possessions, and from such possessions to the United States; also from the United States to Canada, Cuba, Mexico and the Republic of Panama.

79. **Copyright.**— Matter for copyright deposited with a postmaster for transmission to the Register of Copyrights, Washington, D. C., will be accepted for mailing free of postage; and when requested a receipt therefor will be given on a form furnished by the sender. Such matter, however, may not be sent by registered mail without prepayment of the registry fee. (Sec. 505, P. L. & R.)

80. **For other free matter**, see sections 502 to 506, P. L. & R.

81. **Penalty envelopes must be used for official matter.**— Postmasters are directed not to use postage stamps or stamped paper of any kind for their official correspondence. Letters upon the official business of the Post Office Department are entitled to pass through the mails free of charge in penalty envelopes, and if registration is required, they are entitled to be registered without cost to the postmaster. See sections 496 and 878, P. L. & R.

UNMAILABLE MATTER.

82. **Definition.**— Unmailable domestic matter — that is, matter which is not admissible to the United States mails for dispatch or delivery in the United States or in any of its possessions — includes:

83. **Address defective.**— All matter illegibly, incorrectly, or insufficiently addressed.

84. **Postage not prepaid.**— First-class matter not prepaid one full rate — 2 cents — and all other matter not fully prepaid.

85. **Overweight and oversize.**—All matter exceeding the limit of weight or size prescribed by law.

86. **Game killed or offered for mailing in violation of law.**

87. **Meat and meat-food products** of cattle, sheep, swine, goats and horses, presented without the required certificate of inspection or exemption. See article 57, page 17.

88. **Plants and plant products** not accompanied with certificate required. See article 60, page 17.

89. **Poisons, liquors, live animals, fowls, etc.**— All matter harmful in its nature, as poisons; explosive or corrosive articles; matches; live animals, fowls, insects and reptiles (except as provided in section 476, P. L. & R.); any article exhaling a bad odor; and vinous, spirituous or malt liquors. The postal laws provide a severe penalty for the mailing of poisons, explosives or harmful articles, and intoxicating liquors (See sec. 472, P. L. & R.), and packages containing such matter should be held awaiting instructions from the Chief Inspector, who should be notified.

90. **Tinsel, glass.**— Post cards and postal cards, bearing particles of glass, metal, mica, sand, tinsel, or other similar substances, are unmailable, except when inclosed in envelopes tightly sealed to prevent the escape of such particles, or when treated in such manner as will prevent the objectionable substance from being rubbed off.

91. **Obscene and indecent.**— All obscene, lewd, or lascivious matter, and every article or thing intended, designed, or adapted for any indecent or immoral purpose, or for the prevention of conception or procuring abortion, or matter of a character tending to incite arson, murder or assassination.

92. Dunning postal cards.— In view of complaints received by the Department respecting the use of postal cards importuning the payment of debts, the attention of all postmasters and others is called to the provisions of Sec. 481, P. L. & R., (Sec. 212, Criminal Code, March 4, 1909).

(*See* ruling in article 92, page 19, July, 1919, Postal Guide.)

93. **Objectionable post cards.**— Section 547 of the P. L. & R. provides that "All matter which is manifestly obscene, lewd or lascivious, * * * will, when deposited in a post office, be withdrawn from the mails and sent to the Dead Letter Office." Under this rule every post card bearing a picture or language that is obscene, indecent or improperly suggestive, scurrilous, defamatory, or threatening, etc., should be immediately withdrawn from the mails and forwarded without delay to the First Assistant Postmaster-General, Division of Dead Letters. If there is doubt as to whether a card is sufficiently objectionable to warrant its exclusion, it should be forwarded to the Solicitor for the Post Office Department for decision. Postmasters are directed to exercise all possible vigilance in the enforcement of this regulation. (See sec. 481, P. L. and R.)

94. **Liquor advertisements.**— Under Section 5 of the Act of Congress approved March 3, 1917, and Section 17 of Title II of the National Prohibition Act of October 28, 1919, advertisements of and solicitations of orders for intoxicating liquors are unmailable to all points in the United States, except liquor advertisements in newspapers published in foreign countries when mailed to this country.

95. **Lottery and fraud.**— All matter concerning any lottery, so-called gift concert, or other enterprise of chance, or concerning schemes devised for the purpose of obtaining money or property under false pretenses.

PREPARATION AND WRAPPING OF MAIL MATTER.

96. **For manner of preparing and wrapping mail matter** see sections 465–475, P. L. & R.

97. **Envelopes or wrappers** of weak or unsubstantial paper should not be used. Mail is handled often and subjected to pressure and friction in the mail bags, and frequently is delivered from moving trains; hence, if not inclosed in strong envelopes or wrappers it may be damaged. It is recommended that stamped envelopes, on sale at all post offices, be used when practicable.

98. **Examination.**— Second, third and fourth-class matter must be so wrapped or enveloped that the contents may be examined easily by postal officials. When not so wrapped, or when bearing or containing writing not authorized by law, the matter will be treated as of the first class.

99. **Nailed boxes.**— Parcel post mail may be inclosed in boxes to which the lids are nailed or screwed, provided the lids can be readily removed with a chisel or screw-driver for examination of contents.

100. **Wrapping.**—All matter should be securely wrapped so as to bear transmission without breaking, or injuring mail bags, their contents, or the persons handling them. Many articles are damaged in the mails for the reason that they are not properly wrapped to withstand the necessary handling.

Parcels improperly or insufficiently wrapped will not be accepted for transmission in the mails.

Umbrellas, canes, golf sticks, and similar articles must be reinforced by strips of wood or otherwise sufficiently wrapped to withstand handling and transportation.

Hats must be packed in strong boxes; if in ordinary pasteboard hat boxes, they must be properly crated.

Cut flowers, candies, etc., should be inclosed in strong and suitable boxes.

Stove castings and pieces of machinery should be protected with excelsior or similar material and wrapped in cloth or strong paper or be properly boxed or crated.

Mailable hides and pelts must be thoroughly wrapped to prevent the escape of grease.

101. **Harmful articles** not absolutely excluded from the mails, but which, from their form or nature, might, unless properly secured, destroy, deface, or otherwise damage the contents of the mail bag, or harm the person of anyone engaged in the postal service, may be transmitted in the mails only when packed in accordance with the postal regulations.

Motion Picture Films must be packed in tightly-closed metal cases inclosed in strong spark-proof wooden boxes or in spark-proof cases made of sheet-iron not less than 0.02-inch thick and lined throughout with fiber board at least ⅛-inch thick, or some other equivalent insulating material. The covers of these cases must fit tightly and must lap over the body at least ⅝-inch on the sides, forming a tight joint. Packages must be plainly marked "Motion Picture Films" and have attached thereto the required diamond-shaped yellow "caution" label. This does not apply to non-inflammable films made of cellulose acetate, but non-inflammable films must be plainly marked "Motion Picture Films. Not Inflammable."

Sharp-pointed or sharp-edged instruments or tools must have their points and edges protected so that they can not cut through their covering, and be thoroughly wrapped.

Powders and all pulverized dry substances must be so wrapped that none of the contents of the package will sift out.

Pastes, salves, etc., not easily liquefiable must be inclosed in water-tight containers and placed in strong boxes and securely wrapped.

102. **Liquids.**—Admissible liquids and oils in packages not exceeding the limit of weight of fourth-class matter shall be accepted for mailing when intended for delivery at the office of mailing or on a rural route starting therefrom when inclosed in securely closed containers, provided it is not necessary to transport them over steam or electric railways.

Admissible liquids and oils, pastes, salves or other articles easily liquefiable shall be accepted for mailing, regardless of distance, when they conform to the following conditions:

(*a*) When in strong glass bottles holding 4 ounces or less, the total quantity sent in one parcel shall not exceed 24 ounces, liquid measure. Each bottle shall be wrapped in paper or other absorbent substance and then all placed in a box made of cardboard or other suitable material and packed in a container made of double-faced corrugated pasteboard of good quality. The corners of the container must fit tightly and be reinforced with tape so as to prevent the escape of any liquid if the contents should be broken, and the whole parcel shall be securely wrapped with strong paper and tied with twine. Single bottles of liquid holding 4 ounces or less may also be packed as prescribed in the following paragraphs (*b*) and (*c*):

(*b*) When in glass bottles holding more than 4 and not more than 16 ounces, the bottle must be very strong and must be inclosed in a block or tube of metal, wood, or papier-mache or similar material; and there must be provided between the bottle and the block or tube a cushion of cotton, felt, or other absorbent. The block or tube, if of wood or papier-mache, must be at least one-eighth of an inch thick for bottles holding 8 ounces or less, and at least three-sixteenths of an inch thick for bottles holding more than 8 ounces. The block or tube must be rendered water-tight by an application on the inside of paraffin or other suitable substance and must be closed by a screw-top cover with sufficient screw threads to require at least one and one-half complete turns before it will come off. The cover must be provided with a washer, so that no liquid could escape if the bottle should be broken. Such bottles may also be packed in strong and tight receptacles of wood, metal or waterproof corrugated pasteboard if surrounded with bran, sawdust or other absorbent material in sufficient quantity to absorb all the liquid if the bottle should be broken.

(*c*) Mailable liquids, in quantities of more than 16 ounces, when in securely sealed glass bottles, shall be accepted for mailing when packed in strong boxes and surrounded with sawdust or other suitable substance to protect the contents from breakage. All such packages to be marked "Fragile — This Side Up," or with similar inscription, and to be transported outside of mail bags.

(*d*) Liquid in securely closed metal containers may be mailed when suitably boxed or crated; but, when in extra strong metal containers, such as heavy milk cans, the boxes or crating may be omitted.

(*e*) All packages containing liquid must be marked "Fragile."

103. **Fragile articles.**—Articles easily broken must be very securely wrapped for safe transmission, and marked "FRAGILE." Among such articles are: Amber, cakes, cameras, candies, candlesticks, chalk, china, cigars, clocks, combs, crockery, delicate mechanisms, dolls, drawings, fans, flowers, fountain pens, glass, hats, instruments of precision, jewelry and jewel cases, maps, millinery, musical instruments, paintings, photographs and sensitive paper and films, pipes, plaster-of-paris articles, plumes, pottery, porcelain, phonographs and phonograph records, test tubes, thermos bottles and other temperature-conserving vessels; toys of a fragile nature, typewriters, watches, wax articles, etc.

Glass, crockery, fragile toys, and other fragile articles must also be so packed as to prevent the escape of particles or pieces from the packages if broken in transit.

Cigars should be packed in a manner to prevent damage by shock or jar.

Maps, drawings, paintings, etc., must be suitably protected with stout material to prevent damage. When not flat, they should be rolled around a stout stick and carefully wrapped or inclosed in a strong pasteboard tube.

All such articles must be marked "FRAGILE."

Eggs shall be accepted for mailing when packed in crates, boxes, baskets or other suitable containers, so constructed as properly to protect the contents. Such packages to be transported outside of mail bags. All parcels containing eggs shall be plainly marked "EGGS." When necessary, they should be marked "THIS SIDE UP."

Eggs for hatching shall be accepted for mailing, when each egg is wrapped separately and surrounded with excelsior, wood-wool, or other suitable material and packed in a basket, preferably with a handle, or other suitable container, lined with paper, fiber-board or corrugated pasteboard, in such a way that nothing can escape from the package. Such parcels shall be labeled "Eggs for Hatching," "Keep from Heat and Cold," "Please Handle with Care," or other suitable words, and shall be handled outside of mail sacks.

104. **Perishable articles.**— Parcels containing perishable articles shall be marked "Perishable." Articles likely to spoil within the time reasonably required for transportation and delivery shall not be accepted for mailing.

Butter, lard and perishable articles, such as fish, fresh meats, dressed fowls, vegetables, fruits, berries and articles of a similar nature, which decay quickly, shall be accepted for mailing to any office which in the ordinary course of mail they can reach without spoiling, when inclosed in crates, boxes, baskets or other suitable containers, so constructed as properly to protect the contents and prevent the escape of anything therefrom. If necessary for safe shipment, such parcels shall be transported outside of mail bags. Berries, fruits and vegetables shall not be accepted for mailing unless they are in good dry shipping condition.

105. **Parcel post mail — care in handling.**— Although cautionary notices and instructions concerning the care and handling of parcel post packages have been issued from time to time,

many patrons of the postal service still complain that parcels are being received in bad condition, and investigations show that in some instances the parcels were not properly packed and in others that the trouble was due to careless and rough handling of the mails. Postmasters, clerks, carriers, railway postal clerks, and all employees of the service are hereby warned that they will be held to strict account for damage to the mails for which they are responsible.

Clerks assigned to duty at the windows should be required to familiarize themselves with amended sections 474 and 475 of the Postal Laws and Regulations, providing for the proper packing of mail matter, and instructed to accept for mailing only such parcels as are prepared in conformity with this section.

Bulky packages which can be transported in mail bags must be hand-packed.

Packages which can not be safely handled in bags must be handled outside.

Heavy packages, such as castings, pieces of machinery, etc., must not be placed in bags with other mail matter which they are likely to damage on account of their weight.

Fragile parcels must be kept separate, so far as practicable, from other mail, and bags containing fragile parcels must have "Fragile" tags attached to them. Fragile tags must not be attached to bags which hold no fragile parcels, and parcels must not be marked "Fragile" if they do not contain fragile articles.

Articles of a perishable nature must not be accepted unless they are in such condition at the time of mailing as to reasonably assure their arrival at destination, and delivery in good order; this is obligatory in order to protect other mail matter and save loss to the owner.

Parcel post packages liable to damage must not be thrown from moving trains, and must not be sent by postmasters to trains which do not stop at their stations.

All parcels must be promptly handled and dispatched, and special care must be used to prevent delay to perishable articles.

Parcel post mail must not be thrown from cars, wagons, or trucks, but must be lifted therefrom, and it must be lifted into cars and wagons.

Parcel post mail must not be thrown down chutes, embankments, etc., but must be carried on trucks or otherwise from place to place. It must be piled in cars and wagons with care and so that fragile parcels will not be underneath other mail and must not be sat or stood upon.

Officers and employees are expected to pay particular attention to the way mail is handled and promptly report violations of these instructions. Employees under the jurisdiction of the postmaster who fail to use due care in the handling of parcel post mail should be disciplined by him and his action made known to the other employees through an official bulletin notice. Mail messengers and contractors and their employees, including employees of railroad companies, must handle mail with proper care. Dereliction on the part of an employee not under the direct supervision of the postmaster should be reported to the proper bureau of the Department.

WINDOW ENVELOPES.

106. **"Window" envelopes,** to be mailable, must be so prepared that the "window" of transparent panel in the front through which the address on the inclosure is disclosed, shall be parallel with the length of the envelope and shall be as transparent as possible. The "window" shall not occupy any space within 1⅜ inches from the top nor within ⅜ of an inch from the bottom or ends of the envelope. Such envelopes shall bear the card of the sender, that is, the name and address of the sender, which shall be placed in the upper left corner of the address side. The return card of the sender to be complete as to the address must show not only his name and the name of the post office and state, but when the post office is one having city delivery service must also show a street address or number of post office box rented by him. The mere name of a building will not suffice for a street address. No printing around the "window" is permissible, nor on any part of the envelope where it will interfere with a distinct postmark, rating indorsements, forwarding address, etc. The stationery used in "window" envelopes, or at least the portion upon which the exposed address appears, must be white, or, if colored, of a very light tint or shade. The use of dark-colored stationery in "window" envelopes is not permissible. Nothing but the name and address of the addressee should appear on that part of the inclosure visible through the "window." The inclosures must be so folded that they will not shift around in the envelopes, obscuring the address in whole or in part. The address should be written clearly and boldly, preferably in typewriting, with ink of a dense black or other strongly contrasting color. Changes in address must not be made on the "window" but on the opaque portion of the envelope. "Window" envelopes not conforming to the foregoing are unmailable.

ADDRESSING MAIL MATTER.

107. **Exercise care.**— Because of carelessness in addressing and preparing matter for mailing, or failure of sender to place his name and address on it, millions of letters and other pieces of mail which can not be delivered or returned to the sender, are each year sent to the Division of Dead Letters or a branch thereof. This seriously impairs the efficiency of the postal service and causes much additional expense. The practice of some business concerns of omitting street numbers, etc., from their stationery and advertisements results in increasing the volume of insufficiently addressed mail. The Department urgently requests the public to exercise the greatest possible

care to see that mail is sufficiently and correctly addressed, in order to secure its prompt and certain delivery, thereby relieving the postal service of much unnecessary expense and increasing its efficiency. A fee of three cents is charged for the return of undeliverable letters to senders from the Division of Dead Letters or the Branches thereof, but letters bearing the card address of the sender are returned without additional charge from the post offices addressed.

108. Write plainly the name of the person addressed, street and number, or number of rural route, post office and State in full. When the name of the State is abbreviated, frequently Va. and Pa., Md. and Ind., Colo. and Cal., Miss. and Minn., and others are confused and mail missent, as post offices of the same name are located in several different States.

109. Do not abbreviate or use lead pencil.

110. The words "general delivery" should not be used as a part of the address when delivery by city or rural carrier is desired, but only in cases when it is known or believed that the addressee calls at the general delivery for his mail.

111. The word "personal" does not affect the delivery of mail and should be placed only on mail intended for the personal attention of the addressee.

112. Directions for transmittal, delivery, forwarding or return of mail are deemed part of address.

113. "In care of ————."— Mail addressed to one person in care of another will be delivered to the first of the two persons named who may call for it, or to the address of the person in whose care it is directed, in the absence of other instructions.

114. Fictitious addresses.— Ordinary mail addressed to fictitious names of persons or firms, or to no particular person, will not be delivered unless directed to be delivered at a designated place, as a post office box, street and number, or in the care of a person or firm receiving mail at the post office of address.

115. Postage stamps should be securely affixed to the upper right corner of the address side, care being taken that one does not overlap another.

116. Space must be left on the address side of all mail sufficient for a legible address and for all directions permissible thereon, for postage stamps, postmarking, rating, and any words necessary for forwarding or return. Not less than 3½ inches of clear space should be left for such purposes at the right end of the address side of all envelopes, folders, or wrappers of mail matter. Envelopes, window and ordinary, and folders and wrappers should not be made of such dark colored stationery or bear on the address side so much printed matter in addition to the address as to contravene the foregoing provisions. It is preferable that all envelopes be made of white paper; when paper of any other color is used for envelopes, wrappers or folders, it should be of very light tints of pink, yellow or manila.

117. Avoid delay by depositing mail as soon as it is ready, thus insuring prompt dispatch. Much mail is deposited just at the close of the business day, and frequently such congestion follows that all of it can not be distributed in time to be given the first dispatch.

RETURN CARDS.

118. The sender's name and address must be placed on all fourth-class or parcel post mail, on all "window" envelopes, and on all registered mail and should be placed on all other mail, in the upper left corner of the envelope or wrapper. This will secure the return of first class mail when undelivered, and of mail of other classes under certain conditions. (See Undeliverable Matter.)

119. Time specified.—A return request should not specify a number of days fewer than three nor more than thirty. If the sender does not specify the number of days within which such mail shall be delivered, it will be returned as follows: (a) After five days, if intended for delivery by village or rural carriers; (b) after ten days, if addressed "transient" or "general delivery" to a city; (c) after fifteen days, if addressed to an office not having city carrier service and not intended for delivery by rural carrier; and (d) at once under conditions described in paragraph 5, of section 632, P. L. & R., as amended March 13, 1918.

120. A definite return address is required. The placing of two or more post-office addressees in the return card is not permissible; neither is it permissible to use a so-called "uniform" return request that the matter, if undeliverable, be returned to the "office of mailing," but the sender should place on his envelopes a definite (single) post-office address.

121. Hotel envelopes.— If the sender of a letter mailed in the envelope of a hotel desires to have the letter returned if not delivered, he should add to the hotel card a request to that effect, as unclaimed letters bearing the card of a hotel, club, school, college, or other public institution, which has evidently been printed upon the envelopes to serve as an advertisement, will not be returned unless the sender so requests.

DELIVERY OF MAIL.

122. **Secs. 600–620, P. L. & R.**, contain the general rules governing the delivery of mail.

123. **Methods.**— Four methods are used for the delivery of mail: (1) The general delivery; (2) Through post office boxes; (3) By carriers in cities where delivery service is in operation; (4) By village rural and star route carriers. If patrons so direct, all mail intended for them, however addressed, will be delivered in one of these ways, but if such directions are not given, mail will be delivered as addressed.

124. **General delivery.**— The general delivery of post offices having carrier-delivery service is intended for the use of only those patrons who are not permanently located or who can not, for good and sufficient reasons, receive mail by carrier or through a post office box. The general delivery should not be used where it is possible to receive mail otherwise. Persons intending to remain for thirty days or more in a city having carrier service should file their names and street addresses at the post office so that their mail may be delivered by carrier. Persons applying for mail at the general delivery window, if unknown, may be required to prove their identity, and residents of cities having carrier service who call at the general delivery may be required to furnish a statement as to name and address and reason for calling at the post office for mail instead of receiving it by carrier.

125. **Post office boxes** are provided for the convenience of the public in the delivery of mail. Box rents must be paid quarterly in advance. The use of a box is restricted to one individual, family, firm, or corporation. The renter of a box may have delivered through it mail for his family, guests, transient boarders, employees who are members of his household, and, for a period not to exceed thirty days, mail of a person addressed in his care. A box rented by a firm may be used for the delivery of its mail, and by the consent of each member of the firm, the individual mail of each, of his household, and of the firm's office employees. A box rented by a corporation, association, or society may be used for the delivery of mail addressed to it and its officials. Boxes rented by schools, colleges, or public institutions, if consistent with the rules and usage thereof, may be used for the delivery of mail addressed to officers, students, employees and inmates.

CITY DELIVERY SERVICE.

126. **Section 606, Postal Laws and Regulations,** which governs the delivery of mail at city delivery offices is amplified by the instructions below.

127. **Heavy or bulky packages** of mail of any class shall be delivered as addressed if delivery is practicable with the facilities available, except that second-class mail shall not be delivered to street addresses whenever the quantity for any patron, regardless of the number of packages or parcels, exceeds the weight or size limit prescribed for parcel post mail.

128. **Parcel post mail** for patrons who receive mail through rented boxes may be delivered by carrier upon request if practicable, provided street address is given.

129. **Carriers' mail called for at post office.**— Postmasters are not required to withdraw mail in the course of delivery by carrier in order to deliver it to callers. (Mail is considered to be in course of delivery as soon as it has been distributed to the carriers.)

130. **Above second floor.**— Carriers shall not be required to deliver ordinary mail above the second floor of office buildings not equipped with elevators, nor to the different rooms or suites on any floor in apartment houses, whether or not they are equipped with elevators.

131. **City delivery limits may not be extended** by postmasters without specific authority from the Department. (See sec. 667, Postal Laws and Regulations.) Such authority will be given only when the territory to which it is proposed to extend service is provided with good continuous sidewalks, crosswalks, street lights and street signs, and when the houses are numbered and provided with mail receptacles or slots in the doors for the receipt of mail. Service will not be extended to any block in which less than 50 per cent of the building lots are improved and houses occupied. When two or more building lots constitute the grounds of one residence the plot may be regarded as improved. It is preferable that the new territory be contiguous but this is not an absolute requirement.

132. **When recommending an extension of service** the postmaster must certify that each of the foregoing requirements is met, and must show clearly the relation of the extension to the territory being served, the number of deliveries to be made daily, the distance the carrier will travel and the time required to serve the new territory.

RURAL DELIVERY SERVICE.

133. **Mail is delivered by rural and star route carriers** to persons (except those residing within city-delivery limits) who properly place mail boxes on the lines of travel of such routes. Mail boxes on rural and star routes must conform to the prescribed specifications and be approved by the Post Office Department. Mail will be delivered only to the boxes of persons to whom it is addressed or the boxes of persons duly authorized to receive it. Rural carriers may deliver mail to patrons whom they meet on the route, provided their identity is known and such delivery does not unduly delay the carriers.

134. **Mail addressed to box and route number may be delivered.**— Mail other than registered, insured and C. O. D. mail, for delivery by rural carriers which is addressed merely to the box and route number may be delivered to the owner of the box as long as no improper or unlawful business is conducted in this manner.

135. **Holidays to be observed by rural carriers.**— Service is not required on rural routes on New Year's Day, Washington's Birthday, Memorial or Decoration Day (May 30), Fourth of July, Labor Day (the first Monday in September), or on such day as the President may set apart as Thanksgiving Day.

136. **When holiday falls on Sunday.**— When a holiday on which service is not required falls on Sunday, the following Monday is observed. Rural carriers are not permitted to substitute any other day therefor.

137. **Standard designs of mail boxes for rural and star routes.**— Consult the local postmaster.

SPECIAL DELIVERY SERVICE.

138. **Sections 845 to 874, Postal Laws and Regulations,** govern special-delivery mail.

139. **Special delivery service** is the prompt delivery of mail by messenger during prescribed hours to persons who reside within the carrier limits of city delivery offices, to patrons of rural service who reside more than one mile from post offices but within one-half mile of rural routes, and to residents within one mile of any non-city-delivery post office.

a. The law enjoins upon postmasters the duty of delivering special delivery mail as promptly as practicable with the facilities available and within the limit of the compensation allowed for effecting deliveries. Postmasters are not required to make an expenditure in excess of the fee allowed, but should endeavor by every proper means to give the addressee the benefit of the special delivery feature, and to that end should communicate with him as promptly as possible by telephone or otherwise upon the arrival of a special delivery parcel which is too heavy to be specially delivered with the facilities available. (As to fees, see paragraph 3 of sec. 864, P. L. & R., as amended Mar. 23, 1920, and sec. 871.)

140. **How obtained.**— This service is obtained by placing on any letter or article of mail a special delivery stamp or ten cents worth of ordinary stamps in addition to the lawful postage. When ordinary stamps are used the words "Special Delivery" must be placed on the envelope or wrapper, directly below but never on the stamps.

141. Hours of delivery.— From 7 a. m. to 11 p. m. at city delivery offices, and from 7 a. m. to 7 p. m. at all other offices, or until after the arrival of the last mail, provided that be not later than 9 p. m. Special delivery matter will be delivered at post offices of the first and second classes on Sunday, and at other offices if open on Sunday. Special delivery will be made at all offices on holidays.

142. **One delivery only attempted.**— When special delivery mail can not be delivered for the reason that no one is present to receive it or for other cause, notice is left at the place of address and the mail returned to the post office, and it is thereafter treated in all respects as ordinary mail.

NOTE.— The Act making appropriations for the service of the Post Office Department for the fiscal year ending June 30, 1921, and for other purposes (Public — No. 187 — 66th Congress, H. R. 11578), provides in part as follows:

"* * * For fees to special delivery messengers $5,000,000: Provided, That the Postmaster General may, under such rules and regulations as he shall prescribe, deliver special delivery matter without obtaining a receipt therefor * * *."

Postmasters will not observe this provision of law until the Department has promulgated the contemplated rules and regulations.

143. **Forwarding.**— Special delivery mail may be forwarded under the same rules as ordinary mail, and when forwarded is entitled to special delivery service unless an attempt has been made to effect delivery at the office of original address. (As to endorsements see sec. 860, P. L. & R.)

144. **Does not insure safety.**—When it is desired to send money or other valuables by special delivery the matter should also be registered or insured. A special delivery stamp does not insure safety nor personal delivery to the party addressed.

VILLAGE DELIVERY SERVICE.

See pages 71–72.

MISCELLANEOUS RULES OF DELIVERY.

145. **Pension checks.**— Letters bearing a printed endorsement referring to the Act of August 17, 1912, must not be delivered to any one in case the addressee has died or has re-enlisted, is under guardianship or is away permanently from the delivery of the post office addressed, or, if a widow, has remarried. Such letters must not be forwarded to another post office under any circumstances nor be placed in lock or call boxes or delivered by city or rural carriers into receptacles on their routes. (See section 608, P. L. & R., as amended Dec. 16, 1915.) These instructions do not govern the treatment of allotment checks mailed by the bureau of War Risk Insurance, Treasury Department.

146. **Prisoner's mail.**—A letter addressed to a person imprisoned to await trial, upon indictment, or pending indictment, should be delivered in accordance with the order of the person addressed. In the absence of an order, the mail may be delivered to the sheriff or officer having charge of the prisoner.

147. **Husband or wife.**— Neither husband nor wife can control the delivery of mail addressed to the other, against the wishes of the one to whom it is addressed. In the absence of instructions to the contrary, the wife's letters will be delivered with the husband's mail unless they be known to live separately.

148. **Minors.**— The delivery of mail addressed to a minor is subject to the orders of the parent or guardian upon whom the minor is dependent. (See section 609, P. L. & R.)

149. **Persons of the same name.**— Where two or more persons of the same name receive mail at the same post office, they should adopt, where practicable, some form of address or other means by which their mail may be distinguished.

150. **Officials.**— Mail addressed to a public official, or to an officer of a corporation, by his title, will be delivered to the person actually holding the office designated in the address, the assumption being that the mail is intended for the officer as such.

151. **Advertised mail.**—The addressee of an advertised letter or other piece of mail of foreign origin is required to identify it and pay a fee of one cent before receiving it. (See article 74, page 18, regarding postage due.)

152. **Wrong delivery.**— A person receiving mail not intended for him should return it promptly to the post office for proper disposition. If such mail has been opened by mistake it should be endorsed, "Opened by mistake," with the signature of the person receiving it.

153. **Delivery to sender.**— When the sender of a letter desires to recall it, his application must be submitted to the postmaster at the office of mailing. (*See* sections 552 and 553, P. L. & R.)

FORWARDING OF MAIL.

154. **Orders for.**—A person desiring to have his mail forwarded should file with the postmaster at the office of address a request signed in writing, giving his present address, the full address to which mail is to be forwarded, and specific information as to the time during which the order is to be observed. An unlimited order affecting general-delivery mail at a city-carrier post office expires at the end of 30 days unless renewed. If a person who has filed such an order at a post office returns to the delivery of that office before the expiration of the time indicated in his forwarding order he should immediately have the order canceled.

155. **For regulations governing forwarding of mail, including matter *forwardable without additional postage charge*,** see amended section 595, P. L. & R., and article 36, page 102, of this Guide.

156. **Forwarding matter with postage due stamps affixed.**— For information relative to forwarding matter to which postage due stamps have been affixed, see section 599, P. L. & R.

157. **What mail may be forwarded after delivery.**— Upon being properly readdressed and deposited in the post office originally addressed, or a street letter box of such office, mail (except pension checks) may be forwarded after delivery. This applies to mail erroneously delivered or addressed; to mail addressed in care of another; and to mail opened inadvertently upon misdelivery, in which case it should be indorsed "Opened by mistake" and signed by the person who opened it.

158. **First class.**— Only first-class mail can be forwarded from one post office to another without an additional payment of postage. This includes letters and other first-class matter prepaid one full rate (2 cents), postal cards, post cards (private mailing cards), and official matter.

159. **Drop letters.**— *Prepaid 1 cent* may be forwarded on payment of 1 cent additional postage. (See sec. 404, P. L. & R., for exception to requirement of prepayment of additional postage.)

160. **Other classes.**— Mail of the second, third, and fourth classes is subject to postage anew every time it is forwarded, as follows: (*a*) Second-class matter, 1 cent for each 4 ounces or fraction thereof; (*b*) third-class matter, 1 cent for each 2 ounces or fraction thereof; (*c*) fourth-class or parcel-post matter, at the rate applicable between the forwarding office and the one to which the mail is forwarded. Perishable fourth-class mail of obvious value may be forwarded to the addressee and mail of the second, third, and fourth classes which bears a pledge to pay the forwarding postage may be forwarded to the addressee or such other person as the sender may direct, at another post office, and the forwarding postage collected on delivery. (See article 178, pages 28 and 29, of this Guide as to form of pledge.) Other mail of these classes may not be forwarded until the necessary postage shall first have been prepaid.

161. **Exceptions.**— A change of street number to secure delivery at the office of address is not a "forwarding" and does not subject the mail to additional postage.

Patrons of any office, who, on account of a change in the postal service, receive their mail from another post office, may have mail matter of all classes transmitted to that office without additional charge for postage, provided they first file with the postmaster at the former office a request to have their mail so sent. This is not to be construed as "forwarding" within the meaning of the law.

Mail matter of all classes addressed to persons in the service of the United States (civil, military, or naval), whose change of address is caused by official orders will be transmitted until it reaches the addressee without a new payment of postage.

162. **Hotels, clubs, etc.**— Managers of hotels and officers of clubs, boards of trade, and exchanges, should not hold unclaimed mail addressed to their care longer than ten days, except at the request of the person addressed, and should redirect it for forwarding if the present address is known; otherwise, such mail should be returned to the post office.

163. **Unnecessary inscriptions not permitted.**— Inscriptions not necessary to proper forwarding subject the matter to new prepayment of postage.

164. **Notice of postage for forwarding mail of the second, third or fourth class which is not forwardable charged with the postage therefor, to be collected on delivery as provided in pars.** 2 and 3, sec. 595, P. L. and R., will be sent to a person who has filed a forwarding order. After such notification the mail may be delivered to the addressee at the office from which the notice was sent, without payment of the forwarding postage, provided he shall first revoke the forwarding order, thus obviating the necessity of sending notices that are inoperative; or if he does not revoke his forwarding order, the matter may be delivered to him on payment of one cent for each notice sent him.

UNDELIVERABLE MATTER — RETURN OF, ETC.

165. **First class.**— Letters and other mail of the first class prepaid one full rate (2 cents); official matter and reply (double) postal cards, and single postal and post cards deposited for local delivery, when undeliverable, will be returned to the sender without additional postage, provided such mail bears the name and address of the sender. Single postal cards and post cards bearing written communications not deposited for local delivery will not be returned to the sender, Such cards wholly in print may, if they bear the sender's return card and pledge to pay return postage, be returned charged with postage at the third-class rate, to be collected on delivery as provided in section 637, P. L. & R.

Letters returned from the Division of Dead Letters or the Branches thereof because the card address of the sender does not appear on the envelopes will be subject to a charge of three cents for such return.

166. **Letters bearing return cards.**— Letters in the general-delivery boxes must be looked over frequently in order that the return requests thereon may be complied with. Return requests upon letters properly placed in rented boxes need not be observed. (See section 632, P. L. & R., as amended February 28, 1916.)

167. **Retention in post office at addressee's request.**— Letters bearing return cards must not be held at the addressee's request, at the office of address, beyond the time indicated in the return card, unless properly delivered to a post-office box.

168. **Second class matter mailed by publishers.**— For instructions as to treatment of undeliverable copies of second-class matter mailed by publishers, see sections 640, 641, 642 and 590, P. L. & R., and the following additional instructions in articles 169 to 177, inclusive.

169. **The notice to the publisher on Form 3578 should show plainly and legibly:**

a. The name of post office and State, and postmark of the office sending the notice showing date on which sent.

b. Name and address of subscriber as it appears on undeliverable copy. If a subscription or "key" number is given, it should also be shown on Form 3578. This information is highly important to the publisher.

c. Reason why copy is undeliverable. In case of a change of address, local or otherwise, the new address should be given, when known.

d. The full and correct name of the publication and place where published.

170. **The retained copy of Form 3578 should be filed** with care among the records of the post office that it may be available for future reference.

171. **Notices to be inclosed in penalty envelopes, when.**— When sending at one time ten or more notices on Form 3578, regarding undeliverable copies of the same publication, the notices shall be inclosed in a penalty envelope addressed to the publisher in order to save time and labor in handling such notices while in transit and at the office of delivery. The notices so sent shall be completely filled in and postmarked with the date of dispatch the same as if they were sent in the mails openly.

172. **What undeliverable copies are to be returned.**— ONLY SUCH UNDELIVERABLE COPIES OF SECOND-CLASS PUBLICATIONS ARE TO BE RETURNED AS ARE RECEIVED AFTER FIVE WEEKS FROM THE DATE OF NOTICE TO THE PUBLISHER ON FORM 3578. HOWEVER, IF TWO ISSUES OF THE PUBLICATION HAVE NOT BEEN PUBLISHED DURING THE FIVE WEEKS FOLLOWING THE SENDING OF THE NOTICE, ONLY SUCH COPIES AS ARE RECEIVED AFTER TWO ISSUES SHALL HAVE BEEN PUBLISHED ARE TO BE RETURNED UNDER LABEL FORM 3579.

173. **Disposition of copies received during period of five weeks after notice.**— Copies received during the five weeks, or before two issues shall have been published following the sending of the notice, must not be returned to the publisher, but should be disposed of in accordance with the provisions of section 642, P. L. & R.

174. **Disposition in case of change in local address.**— In case of a change of *local* address, the copies received during the period prescribed must be delivered to the subscriber at his new address, if known. Copies received after the expiration of such period should be returned to the publisher.

175. **Return label must not be placed over address or other inscriptions.**— When pasting or affixing label Form 3579 to an undeliverable copy of a publication or to the wrapper thereof, care should be taken that the name and address of the subscriber, as well as the subscription or "key" number, are not covered or obscured by the label. Light lines only should be drawn through the original address.

176. **Label Form 3579 must show PLAINLY the correct name and address** of the publication, the amount of postage due on the copy *at the third-class rate*, the postmark of the office from which returned, *and in addition the date when the notice on Form* 3578 *was sent to the publisher.* No space is provided for the latter information on the present Form 3579, and postmasters will, therefore, insert such information in the best manner possible until new forms containing this provision are furnished.

177. **When undeliverable copies may be sent to branch office.**— When the wrapper of a publication bears a request that notice concerning undeliverable copies be sent to a branch office of the publisher instead of to the post office where the publication is entered as second-class matter, such request should be complied with, and any undeliverable copies of the publication properly returnable under the law should likewise be sent to the branch office designated on the wrapper. However, postmasters must not comply with written or other requests from publishers or their agents to send the notice to a branch office, if the wrappers of the publications do not bear such request, but they should send the notices to the post office where the publication is admitted as second-class mail matter. In all cases the undeliverable copies must be sent to the same place to which the notices were sent.

178. **Undeliverable mail of the third and fourth classes, and that of the second class mailed** by the public, which bears the pledge of the sender that postage for its return will be paid, and undeliverable perishable fourth class mail of obvious value, will be returned to the sender, and the return postage collected on delivery. When other mail of these classes of obvious value is undeliverable, the postmaster will notify the sender of that fact; and such matter will be returned to the sender only upon new prepayment of postage. After notification of nondelivery such matter will be held not longer than two weeks, unless the office of mailing be so remote from the office of address that a response could not be received from the sender within that time.

No particular form of pledge is prescribed but it must be placed immediately below the sender's return card, which is required in all cases, in the upper left corner of the address side, and so worded as to show clearly that the forwarding or return postage will be paid. The following are suggested as suitable forms of pledges:

POSTMASTER: If undeliverable please return after .... days. Postage for return will be paid on delivery to sender.

POSTMASTER: If undeliverable at your office and addressee's new address is known, please forward, rated with postage due to cover forwarding charge. If undeliverable to addressee, return to sender. Payment of forwarding and return postage guaranteed by sender.

POSTMASTER: If undeliverable and not forwardable to addressee, please forward to ..... at ..... (giving name and address of person to whom matter is to be delivered) rated with postage due to cover forwarding charge, payment of which on delivery is guaranteed by sender.

For general regulations governing return or other disposition of undeliverable matter of the third and fourth classes, and second class matter mailed by the public, see Section 637, P. L. & R. The required postage for the return of such matter must be computed on each separately-addressed piece. The matter may not be returned in bulk. (See paragraph 4, section 637, P. L. & R.)

179. **Failure to redeem pledge.**— When the sender refuses to pay the forwarding or return postage in accordance with his pledge, report of all the facts shall be made to the Third Assistant Postmaster General, Division of Classification, in the case of ordinary mail, and to the Third Assistant Postmaster General, Division of Registered Mails, in the case of insured, C. O. D., and registered matter, but acceptance of further matter bearing such pledge shall not be refused until specific instructions to do so are received.

180. **Mail without value.**— The senders of ordinary third-class matter that is obviously without value and does not bear the sender's pledge to pay return postage should not be notified of the non-delivery of such matter.

181. **Matter bearing precanceled stamps.**— When mail of the transient second class, or of the third or fourth class, bearing precanceled postage stamps, is returned under the provisions of section 637, P. L. & R., or remailed, postmasters shall thoroughly deface such stamps with the canceling stamps of their respective offices, at the time of canceling those affixed to the matter in payment of the postage for its return or remailing. When such matter reaches the office of original mailing for return to the sender, the postmaster at such office shall, if the precanceled stamps have not been defaced by the postmaster at the returning office, deface such stamps with the canceling stamp of his office before delivering the matter to the sender. (See article 69, page 18.)

182. **Original address not to be defaced on returned matter.**— When returning to the sender undeliverable matter, the original address thereon should not be defaced or obscured in such manner as to make it impossible for the sender to read the address and correct his mailing list. Light lines only should be drawn through the original address.

POSTAGE STAMPS, POSTAL CARDS, STAMPED ENVELOPES, NEWSPAPER WRAPPERS, INTERNATIONAL REPLY COUPONS, WAR SAVINGS, THRIFT, DOCUMENTARY AND PROPRIETARY STAMPS, TREASURY SAVINGS CERTIFICATES.

STATUTES AND REGULATIONS.

1. **Information and instructions concerning stamps and other postage stamp stock,** their issuance, custody, sale and use, will be found in sections 13, 47, 69, 72, 73, 119 to 132, 150–152, 270, 272, 273, 331 to 346, 361, 364, 391, 400, 401, 459, 463, 501, 530, 537–539, 552, 576, 587, 590, 591, 634, 637, 650, 782, 784, 785, 813, 819, 854, 912, 949–951, 1277, 1278, 1317, 1607, 1615, 1683, 1684, Postal Laws and Regulations. The following information and instructions are supplementary:

POSTAGE STAMPS.

2. **Denominations.**— Adhesive postage stamps are issued by the Department in the following denominations: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 15, 20, 30, 50 and 75-cent, $1, $2 and $5; special-delivery stamps, 10c; stamp books, containing 24 1c, 96 1c, 12 2c, 24 2c, 48 2c, or 24 each 1c and 2c stamps. These booklets are interleaved with paraffin paper to protect the stamps, and are sold at an advance of 1c each over the value of the stamps.

3. **Use of high denominations.**— As a measure of economy postmasters and post office employees are directed to encourage the public to use stamps of the highest denomination suited to the amount of postage required on all mail. For example, a 2-cent stamp instead of two 1-cent stamps should be affixed to letters needing two cents postage; and a 10-cent stamp instead of five 2-cent stamps should be attached to parcels requiring ten cents postage. Cooperation between post office employees and the public in the sale and use of stamps of the higher denominations will effect a large saving to the Government in the cost of producing, transporting, and canceling them, and will benefit the public in minimizing the number of stamps handled and affixed to mail. This benefit will be especially important to business concerns mailing large quantities of letters and parcels, and postmasters are directed to bring the suggestion particularly to their notice.

4. **Unperforated postage stamps.**— See Sec. 4, page 29, 1919 Postal Guide.

5. **Stamps in coils.**— The Department issues postage stamps in coils of 500 and of 1,000, with coiling charges of 3c per coil of 500 and of 6c per coil of 1,000. (Sec. 120, Postal Laws and Regulations.) The stamps are coiled on paper cores ½ inch in diameter. To secure stamps in this form central-accounting and direct-accounting postmasters will draw requisition on Form 3201, and give the following information on the blank:

a. Whether the stamps are desired in coils of 500 or 1,000 stamps each.

b. Whether the strips should be arranged with the stamps endwise or sidewise.

6. **Coiled stamps available.**— The following denominations of stamps are available in coils:

One-cent, 2-cent and 3-cent, coiled endwise or sidewise.

Four-cent and 5-cent, coiled sidewise only.

7. **Invalid stamps; perforating of stamps for identification.**— For regulations governing invalid stamps, the perforating of postage stamps for identification, etc., see Sec. 537, Postal Laws and Regulations.

8. **Use of ordinary, airplane and parcel-post stamps.**—Ordinary postage stamps, including commemorative issues, shall be valid for postage and for insurance and collect-on-delivery fees on fourth-class mail, and distinctive parcel-post and airplane stamps shall be valid for all purposes for which ordinary stamps are valid. The regular issue of due stamps and distinctive parcel-post due stamps shall be valid for the collection of unpaid and short-paid postage on all classes of mail.

9. **Discontinuance of parcel-post stamps.**— See Sec. 9, page 29, 1919 Postal Guide.

10. **Ten-cent registry and twenty-five cent stamps discontinued.**— See Sec. 11, page 29, 1919 Postal Guide.

11. **Stamps not kept in post office stock.**— Postage stamps, postal cards and stamped envelopes of varieties for which there is comparatively little public demand are not ordinarily kept on sale in post offices, but postmasters will always, upon request, provide themselves with listed varieties not usually carried in stock. Such requests should be made in time to enable postmasters to obtain the stamps upon requisition. See Sec. 68, page 35.

12. **Redemption of postage stamps, stamped envelopes and postal cards.**—Adhesive postage stamps held by the public are not redeemed nor exchanged unless an error has been made in the denomination, in which case application for exchange should be made at the post office within two business days by the original purchaser. Stamped envelopes spoiled in addressing are redeemable at postage value if presented at the post office in a substantially whole condition, and unmutilated postal cards are redeemable at 75 per cent of face value; provided, that stamped envelopes or postal cards bearing printed addresses are redeemable from original purchasers only. When redemption is desired of specially large quantities of stamped envelopes or postal cards, postmasters are required to submit the application to the Post Office Department for special ruling. Redemptions are made in postage stamps, stamped envelopes or postal cards, as preferred by the owner, but not in cash. See Sec. 344, Postal Laws and Regulations.

13. **Good for postage.**—All postage stamps, stamped envelopes and postal cards issued by the United States since 1860 are good for postage in the United States, Guam, Hawaii, Porto Rico, Shanghai (China), Tutuila, and the Virgin Islands of the United States, but not in the Canal Zone or the Philippine Islands, except that embossed stamped envelopes, single domestic postal cards, and the reply half of double domestic postal cards of the United States are valid for postage in the Philippine Islands when addressed to the United States. Postage stamps of the Canal Zone or Philippine Islands are not good for postage in the United States, except that embossed stamped envelopes, single postal cards and the reply half of double postal cards of the Philippine Islands are valid for postage in the United States when addressed to the Philippine Islands.

14. **Not good for postage.**— Postage-due and special-delivery stamps, mutilated or defaced stamps, internal revenue, war-savings and thrift stamps, and stamps cut from embossed stamped envelopes, newpaper wrappers, or postal cards, are not good for postage.

15. **Remittances.**— Postage stamps should not be used in making remittances. Ample registry and money-order facilities are provided for the safe transmission of money by mail.

16. **Currency.**— Postmasters are not required to accept in payment for postage stamps, etc., any currency which is so mutilated as to be uncurrent or as to render its genuineness doubtful; nor are they required to receive more than 25 cents in copper or nickel coins in any one payment. Postmasters are expected to make change whenever possible. They are not permitted to give credit for postage.

POSTAGE STAMPS SURCHARGED SHANGHAI, CHINA.

17. **Denominations.**— Postage stamps have been issued to the U. S. Postal Agency, Shanghai, China, in denominations of 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 12, 15, 20, 30, 50-cent, and $1, surcharged "Shanghai, China," at double their face value; that is to say, the 1-cent stamp is surcharged "2 cents," the 2-cent stamp is surcharged "4 cents," and so on through the list. The surcharge is printed in black letters on all denominations except 7-cent and $1, which are surcharged with red ink. For example, the 1-cent stamp is surcharged as follows:

SHANGHAI
2-cent
CHINA

18. **Purpose of issue.**— These stamps are intended for sale by the Postal Agency at Shanghai at their surcharged value in local currency, and will be valid to the amount of their original

values for the prepayment of postage on mail dispatched from the U. S. Postal Agency at Shanghai to addresses in the United States.

19. **Not sold by United States postmasters.**— The surcharged stamps will not be placed on sale in United States post offices, for the reason that they are to be sold only for the local money current in Shanghai, known as "Mexican."

20. **How to order.**— Collectors wishing to obtain the surcharged stamps may remit their value, with return postage and registry fee, in United States domestic money orders to the order of the U. S. Postal Agent, Shanghai, China. He will convert the money orders into local currency at the prevailing rate of exchange and send the stamps by registered mail to the purchaser's address, wrapped in paraffin paper to prevent them from sticking prematurely. International money orders or international-reply coupons cannot be accepted for these stamps.

21. **Rate of exchange.**— The rate of exchange for the "Mexican" money current in Shanghai fluctuates, the latest quotation being 95. At this rate of exchange the cost of each complete set is $5.94, exclusive of postage and registration, which is 12 cents. As the exchange rate may vary considerably from this, senders should authorize the Postal Agent at Shanghai to make proportionate changes in the order if the remittance does not exactly equal it, so that there shall be no delay in filling it.

POSTAL CARDS.

22. **Varieties issued.**— The following varieties of postal cards are issued: No. 5 1c domestic single, 3 by 5 inches; No. 8 1c domestic single, 3¼ by 5½ inches; No. 6 1c domestic reply, 3¼ by 5½ inches (each half); No. 7 2c foreign single, 3¼ by 5½ inches; "F" 2c foreign reply, 3½ by 5½ inches (each half).

23. **Sheets of postal cards.**— When so desired for printing purposes, postal cards are furnished in sheets as follows:

DESIGNATION.	Cards per sheet.	Width of sheet.	Length of sheet.	Packed in cases of
		Cards.	Cards.	
No. 5 1-cent single	18	2	9	4,500
No. 6 1-cent double	24	4	6	6,000
No. 8 1-cent single	48	4	12	12,000

24. **Cutting of sheet cards.**— To be valid for postage, the sheet cards shall be cut to regulation size stated in Sec. 22. Requisitions should be marked plainly "sheets."

STAMPED ENVELOPES AND NEWSPAPER WRAPPERS.

25. **Price list.**— A copy of the current price schedule of stamped envelopes and newspaper wrappers must be kept posted conspicuously in the post office where the public can read it. If the postmaster has none, application should be made to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies, for copies of the latest schedule (Form 3200). The prices include delivery of the envelopes at the purchaser's post office.

26. **Prices of stamped envelopes.**— Current prices are published in the June, 1920, Supplement to the Postal Guide, pages 17 to 20. Owing to frequent changes in cost of producing stamped envelopes it is possible that new prices will be printed in the September Supplement.

27. **Sizes most used.**— Nos. 5, 8 and 13 envelopes are the sizes in most common use. No. 5 2-cent first-quality should be secured if only a single variety is kept for sale in post office stock.

28. **Colors.**—Nos. 1, 10 and 11 are furnished in first-quality white only; all other first-quality envelopes are white or amber. No. 6 second-quality is supplied only in white paper; all other second-quality envelopes are buff or blue. Unless otherwise requested by postmasters, their requisitions for first-quality are filled with white envelopes, and requisitions for second-quality envelopes (except No. 6 white) are filled half with blue and half with buff.

29. **Ungummed envelopes.**— Nos. 6, 8 and 13 1-cent envelopes are issued with ungummed flaps for mailing of third-class matter when so requested.

30. **Care in drawing requisitions.**— Care should be taken not to draw requisitions for envelopes of an unsalable size, quality, or denomination. The postmaster will be held responsible for errors of this kind, and credit at postage value only will be allowed by the Department in redemption.

PRINTED ("SPECIAL-REQUEST") STAMPED ENVELOPES.

31. When so ordered in lots of 500 or a multiple of 500 of a given size, quality and denomination, the Department prints the purchaser's return-card on stamped envelopes. The return-card consists of a request to return after a given number of days, the name of the purchaser, and his street number, post office box, or other local address; post office, county and State. The Department is prohibited by law from printing advertisements on stamped envelopes. The printing of return-cards is done on special orders which should be placed at the purchaser's post office. Two kinds of type are used — a large type for short names and a condensed type for long names. The styles of return-cards are as follows:

For envelopes intended to inclose letters.—
After 5 days, return to
JOHN DOE,
1234 5th St.,
NEW YORK, N. Y.

For envelopes intended to inclose third-class mail.—
After 5 days, return to
RICHARD ROE,
678 9th Av.,
CHICAGO, ILL.
Return Postage Guaranteed.

32. **Value of return-cards.**— The use of return-card stamped envelopes is of much mutual advantage to the public and to the postal service, causing undeliverable letters to be returned to the sender.

33. **Local addresses to be included in return-cards.**— The delivery and redelivery of letters is frequently delayed and often made impossible by the omission of an important part of the address or return-card, such as the street number, room number in an office building, or location at street intersections. The great increase of indefinite addressing has become a source of serious embarrassment to the postal service and affects the efficiency of service to the public adversely. To facilitate prompt return of undeliverable letters to senders, and as an example to the public with reference to the use of definite locations in return-cards and original addresses, par. 2, Sec. 340, Postal Laws and Regulations, is construed to require the name of street and number to be included in return-cards printed by the Department for post offices having city-delivery service; or in lieu thereof (except as to window envelopes, as to which see Sec. 41, this page), the name of a building and room number therein if the building is sufficiently well known to be listed in the city directory; or the names of intersecting streets with the exact location (for example, "Northwest corner First and A streets," "Southwest corner Second and B streets," etc.); or a post office box number.

OFFICE-REQUEST STAMPED ENVELOPES.

34. **Stamped envelopes, blank return-card.**— Stamped envelopes with blank return-cards, known as "office-request" envelopes, are kept on sale in post offices. The return-card includes blank lines on which the user's name and local address or post office box may be written with pen, and names of post office and State, for example:

After.....days, return to
.....
.....
AARON, GA.

For rural delivery patrons:
After.....days, return to
.....
R. R. No. 1,
AARON, GA.

35. **Advantages.**— The use of "office-request" stamped envelopes by patrons of the postal service should be encouraged by postmasters. The presence of the blank return-card is of much mutual benefit to the public and the postal service; when purchasers of these envelopes complete the card by writing their names and local addresses on the blank lines, it provides prompt return of undeliverable letters to the senders, lessens the work of the Division of Dead Letters, and tends to encourage the use of return-cards on other mail.

36. **Stamped envelopes, unprinted.**— Stamped envelopes without individual or blank return-cards are kept on sale for purchasers who prefer to print their own return-cards in special styles.

37. **Newspaper wrappers.**— Stamped newspaper wrappers are furnished in 1c denomination, size 5½ by 10½ inches, and 2c, size 8 by 12 inches.

WINDOW STAMPED ENVELOPES.

38. **Advantages.**— These envelopes are of decided advantage to business houses, because they are ready for use without either stamping or addressing, and thus constitute an important labor-saving device. Letters are made ready for mailing earlier. Errors of misdirection are minimized. The rules in Sec. 106, page 22, will govern their use.

39. **Size and position of window.**— The "windows" are 4 15/16 inches long and 1 3/16 inches high. In the Nos. 5 and 13 envelopes the "window" is located about ⅝ inch from the left edge and 7/16 inch from the bottom. In the No. 8 the "window" is about 13/16 inch from the left edge and ½ inch from the bottom. This information is given so that inquirers may determine whether the addresses on their inclosures will fit the "window."

40. **Printed or plain.**— Window stamped envelopes are furnished either with or without printed return-cards. They are sold plain to purchasers who desire to print their return-cards in special forms not provided by the Department, and subject to the conditions of Sec. 106, page 22, of this Guide.

RETURN-CARD ON WINDOW ENVELOPES.

41. Return cards on all window envelopes, *including window stamped envelopes,* must include the following:

a. Name of sender.
b. Street address, when the post office is one having city delivery service, or number of post office box in lieu thereof. (The mere name of a building will not suffice for the street address, but may be printed in addition to street address.)
c. Post office and State.

Window envelopes not conforming to the foregoing, as well as to the other requirements prescribed by Sec. 106, page 22, of this Guide, are unmailable.

42. **Requisitions of District Postmasters.**— Central-accounting postmasters shall not forward to the Department requisitions of district postmasters for special-request window envelopes which omit any part of the return-card specified in "a" and "c" of Section 41, but shall return such incomplete requisitions to the district postmasters and refer them to the requirements of Sec. 106, page 22, of this Guide.

EXTRA QUALITY STAMPED ENVELOPES.

43. **Superiority.**— Extra-quality envelopes are made from a superior grade of paper suited to fine stationery. The sizes are Nos. 5, 8, 10, 11 and 13.

INTERNATIONAL REPLY COUPONS.

44. International reply-coupons, of the denomination of 6 cents each, are issued for the purpose of sending to correspondents abroad for return postage. The foreign correspondent may exchange each coupon for postage stamps of the country in which he is located, equal in value to 5 cents in United States money, using the stamps for postage on his reply. The countries in which the reply-coupon is valid are as follows:

Argentine Republic.
Belgium.*
Bosnia-Herzegovina.
Brazil.
Bulgaria.
Chili.
China
Colombia (Republic of).
Corea.
Costa Rica.
Crete.
Cuba.
Denmark, including Greenland, Iceland, and the Faroe Islands.

Norway.
Panama (Republic of).
Philippine Islands.
Portugal, and Portuguese colonies of Angola, Azores, Cape Verde. Guinea, Macao, Madeira, Mozambique, Portuguese India, Principe, and St. Thomas.
Salvador.
Servia.
Siam.
Spain.
Sweden.
Switzerland.
Tunis.
Turkey.

* The Postal Administration of Belgium has increased the selling price of reply coupons to 50 centimes. Hereafter Belgian reply coupons to be accepted as valid must bear the printed price of "Francs 0.50," and the words "Belgique, Belgie" in the lower middle section. Reply coupons issued in Belgium at 28 centimes that do not bear the inscription "Belgique, Belgie" in the lower corners will not be accepted, and postmasters shall not redeem them.

45. **Value.**— International reply-coupons issued by certain countries bear the printed denomination "30 cts." This means 30 centimes French, and not 30 cents American. Postmasters must be careful not to redeem such reply-coupons at more than 5 cents each, the rate fixed by Sec. 345, Postal Laws and Regulations.

REQUISITIONS FOR STAMP STOCK.

46. **Requisition blanks.**— Postage stamps and other stamped paper must be secured by central-accounting and direct-accounting postmasters from the Third Assistant Postmaster-General, Division of Stamps, by requisition on the following blank forms:

For ordinary and special-delivery stamps, books or stamps, postage-due stamps, postal cards, unprinted stamped envelopes and newspaper wrappers, postal-saving cards and stamps, and international reply-coupons, No. 3201.

For special-request and office-request stamped envelopes, No. 3202.

For documentary revenue stamps, No. 3203.

For $5 war-savings and thrift stamps and $100 Treasury savings certificates, No. 3204.

For proprietary revenue stamps, No. 3205.

47. **District postmasters shall obtain special-request and office-request stamped envelopes by requisition through their central-accounting postmasters on Form 3202-d; and all other stamp stock by requisition on Form 3338.**

48. **Requisitions must not be delayed.**— Many postmasters neglect to draw requisition for postage stamps and other stamp stock until their stock is nearly exhausted. Par. 2, Sec. 334, Postal Laws and Regulations, requires requisitions to be drawn well in advance of the postmaster's needs; and sufficient time should also be allowed to return the requisition for any necessary correction, or for correspondence concerning it. See Sec. 65, page 35.

49. **Frequent requisitions to be avoided.**— Frequent requisitions (except for special-request envelopes) must be avoided. Postmasters at central-accounting and direct-accounting offices must carefully estimate their probable needs, and draw requisition for three to twelve months' supply of stamps, stamp books, cards, envelopes, etc., at the same time, *but not exceeding the amount that can be given adequate protection.* See Secs. 361 and 364, Postal Laws and Regulations, as to care of stock. Large requisitions greatly facilitate and simplify the Department's work, minimize accounting in post offices, and enable postmasters to give better and more prompt service to the public. See Secs. 61 to 64, page 35, of this Guide.

50. **Amount of requisitions.**— On account of the frequency of burglaries of post offices, postmasters are directed to draw requisition, about one month in advance of their needs, for not exceeding three months' supply of postage stamps at a time *if they cannot protect a larger quantity.*

51. **Indorsement as to protection.**— To indicate that special provision is made to safeguard the property of the Government, in accordance with Secs. 361 and 364, Postal Laws and Regulations, postmasters shall indorse the face of all requisitions, "These stamps can be protected." Postmasters who occupy Government buildings shall indorse their requisitions "Federal building."

52. **If stamps cannot be protected.**— If the surplus stamps cannot be given reasonable protection, requisitions should be indorsed "See letter," and a letter briefly explaining the conditions should be mailed to the Third Assistant Postmaster General, Division of Stamps.

53. **Protection of stamps of high denominations.**— The attention of postmasters is directed to the necessity of giving the best available protection to war savings stamps and to postage and revenue stamps of high denominations. Where the storage facilities at hand offer different degrees of security, the stamps of higher denominations should be kept in the safest place. This point should be observed particularly by postmasters at offices in Federal buildings where the vaults are provided with safes consisting of a burglar-proof upper chamber and a lower part not so well protected. So far as practicable, all stamps of high denominations should be kept in these burglar-proof compartments.

54. **Removal to more secure place than post office.**— Postmasters should confer with the local police authorities, acquaint them with the prevalence of burglaries by skilled safe-blowers, and request that special watch be kept of the post office at night. If the post office is not sufficiently safe, the funds and money-order blanks, as well as the postage, revenue and war-savings stamps, above one week's average supply, should be removed to a more secure place, in accordance with Secs. 361 and 364, Postal Laws and Regulations. *Immediate* action cannot be too strongly urged, because post offices in different parts of the country are being attacked by burglars *every night.* Postmasters are held personally responsible for the loss of Government stamps and funds which have not been given the best available protection.

55. **Post office safes.**— Ordinary iron safes with combination locks are not burglar-proof; they are easily opened with explosives. Post office safes should therefore not be relied upon for protection unless rated by the manufacturer as burglar-proof.

56. **Storage of cards and envelopes.**— Postal cards and stamped envelopes need not be removed to a more secure place than the post office, as they are rarely taken by burglars because of their weight and bulk.

57. **Care of stamp books in post offices.**— In adjusting claims of postmasters for credit on account of loss of stamp books resulting from burglary, fire, or other unavoidable casualty, it is sometimes found that stamp books are kept with the postmaster's stock of stamped envelopes and postal cards in unlocked closets or on shelves without special protection. Stamp books should not be stored unprotected with stamped envelopes and postal cards, but should be given the same special protection required by Section 361, Postal Laws and Regulations, to be given adhesive stamps in sheet form.

58. **Information on requisition.**— The following information must be given on all requisitions for postage stamps, postal cards, plain stamped envelopes or newspaper wrappers:

a. Stock on hand of all varieties ordered.

b. Stock on hand of 1, 2, 5 and 10-cent stamps, *whether these denominations are ordered or not.*

c. Total sales reported in Item 1 of postage stamp account on Form 3325 for previous quarter.

d. Whether stamps ordered can be protected against burglary.

59. **Requisitions must be prepared properly.**— The Department, with a limited clerical force, fills an average of more than 3,000 requisitions daily. It is desired to impress upon postmasters that careful compliance with the published instructions in preparing their requisitions helps the Department to act upon them promptly and intelligently. Failure to do so greatly hinders the Department in filling requisitions promptly. The co-operation of postmasters in this respect is earnestly solicited. If it becomes necessary to return a requisition for correction or completion, responsibility for the attending delay will rest with the postmaster. Postmasters whose requisitions are prepared by their assistants or other employees should require them to familiarize themselves with these rules.

QUANTITIES OF STAMPED PAPER SUPPLIED.

60. Stamped paper is issued by the Department to postmasters in the following minimum quantities or multiples thereof:

Ordinary stamps, 10,000 of either 1 or 2-cent; 100 of 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 15, 16, 20, 24, or 30-cent; 10 of 50-cent, 75-cent, $1, $2 or $5.

Special-delivery stamps, 10.

Stamp books, 10 of a single denomination and size. See Sec. 64.

Due stamps, 100 of either 1, 2, 3, or 5-cent; 50 of 10-cent; 10 of either 30 or 50-cent.

Postal cards, 500 of either No. 5 or No. 8 domestic single; 250 of No. 6 domestic reply; 100 of either No. 7 foreign single or of "F" foreign reply.

Plain stamped envelopes or newspaper wrappers, 250 of a given size, quality and denomination.

Special-request or office-request stamped envelopes, 500 of a given size, quality, denomination and return-card.

Postal saving stamps and cards, 100.

61. **Stock packing of adhesive postage stamps.**— Requisition should be drawn for stock packages containing 10,000, 50,000 or 200,000 stamps of each denomination, or for multiples of these quantities, provided the stamps will be needed within a reasonable time; that is, 10,000 2-cent rather than 7,000, 50,000 rather than 40,000, 200,000 rather than 150,000. Special delivery stamps are put up in packages of 5,000, 25,000, and 100,000. For convenience in handling, postage stamps are put up in sealed packages of 10,000, with the margins of the sheets stitched together. The issuing of stamps in this form is of advantage to postmasters as well as to the Department. Postmasters whose sales amount within twelve months to 10,000 or more stamps of any denomination should make requisition for stock packages of 10,000 or multiples of 10,000, provided they can be protected. See Secs. 49 to 59, page 34.

62. **Stock packing of postal cards.**— The cut postal cards are issued as follows: Nos. 5 and 8 in packages of 500, 1,000, 2,000, 5,000, or multiples of 5,000; the No. 6 in packages of 250, 500, 2,000, 5,000, or multiples of 5,000; No. 7 and "F" cards in packages of 100. 250, 500, 1,000, 2,000, 5,000, or multiples of 5.000. The No. 8 1c postal cards are banded in fifties; all other cards are banded in twenty-fives.

63. **Stock packing of envelopes and wrappers.**— Stamped envelopes and newspaper wrappers are packed in boxes of 250, 500, 1,000, 2,000, and 5,000 of the Nos. 7, 8, 9 and 12-a sizes; and in boxes of 500, 1,000, 2,000, 5,000 and 10,000 of the other sizes.

64. **Stock packing of stamp books.**— Stamp books are issued to postmasters in stock packages containing 10, 60, 180, 540, or 2160 books.

TIME REQUIRED FOR FILLING REQUISITIONS.

65. The time usually required for shipment of stamps, stamp books and international reply coupons after the postmaster's requisition is received at the Department, is four business days; for postal cards or plain stamped envelopes, three to eight days; for special-request and office-request envelopes, eight days. By adding the length of time required for requisitions to reach the Department and for delivery from the respective distributing agencies, the postmaster can determine about the date shipments should reach him. This schedule is not guaranteed, as conditions are sometimes such that longer time is required to fill requisitions. See Sec. 48.

66. **When requisitions are not filled.**— If stamp stock is not received in due course, a copy of the requisition, bearing at the top the word "Duplicate" and the date of the original requisition, should be sent to the Third Assistant Postmaster-General.

67. **When invoice or stamp stock not received.**— The Third Assistant Postmaster-General should be notified of the registry number of a shipment of stamp stock received without invoice. If the invoice is received, and not the supplies, the date of invoice should be given. Shipments are sometimes divided and forwarded in separate mails from the distributing agencies. Postmasters should wait a reasonable time before reporting non-receipt of stock invoiced them.

68. **Special requisitions.**— Requests for expediting requisitions for stamp stock have become so numerous as to be a burden to the Department because of the extra work involved. Requisitions are filled promptly, and pars. 2 and 3, sec. 334, Postal Laws and Regulations, require requisitions to be drawn well in advance so that stock will not become exhausted, and for a sufficient quantity to avoid frequent requisitions. See also secs. 48 and 49, page 34, of this Guide. Telegraphic requisitions, and requests for expediting of such common varieties as 1c and 2c stamps, 1c postal cards, or No. 5 2c plain or "office request" stamped envelopes, are especially objectionable, as postmasters can foresee their needs of the common varieties. It is also objectionable for a postmaster to ask that a requisition be made special which is defective in failing to comply with secs. 46 to 49, 51, 58, 59, 61 to 64, pages 33, 34 and 35. When application is received from the public for immediate delivery of stamp stock in quantities which a postmaster is unable to supply, he may purchase temporary supplies from neighboring post offices (par. 7, sec. 334, Postal Laws and Regulations), but this method must not be made a practice (sec. 335, Postal Laws and Regulations). Postmasters who sell stamp stock to other postmasters under this authorization must report the sales to the First Assistant Postmaster-General, Division of *Postoffice Service,* under the provisions of sec. 270, Postal Laws and Regulations. Postmasters should, however, request that requisitions be expedited, and telegraph the Third Assistant Postmaster-General if

necessary, when stamps or other stamp supplies are needed to meet an unexpected demand which could not with reasonable foresight be provided for without expediting. The reason for asking that shipments be expedited must always be explained by the postmaster. The Department desires to give good service and provide every reasonable facility to the public for the purchase of stamps and other stamped paper, and to that end postmasters are expected to carry ample stocks and to draw special requisitions upon the Department when the circumstances clearly justify it (see secs. 11, 48 and 49, pages 30 and 34).

69. **Care in handling shipments of postage stamps.**— Post office and railway mail clerks are cautioned to exercise care in handling registered packages and boxes of stamps, postal cards and stamped envelopes which pass through their hands in transit to postmasters from the Department and the several distributing sub-agencies. So far as possible the Department is using fiber shipping boxes for postal cards and stamped envelopes. This is in the interest of postal employees, as the fiber boxes are of lighter weight than wooden cases and eliminate the danger of injury from splinters, binding wire and nails which exists when wooden cases are used. All employees should handle these shipments with sufficient care to avoid damage. See secs. 900, 901 and 1646 (par 4), P. L. & R.

70. **Postmasters to sell old stock of stamped paper.**— In withdrawing stamps, postal cards, stamped envelopes and newspaper wrappers from stock for sale to the public, postmasters should select the oldest on hand provided they are in perfect condition. This will lessen the chances for stock to become shopworn and damaged, and tend to keep it fresh. Damaged or soiled stamps or other stamped paper should never be offered for sale.

WAR SAVINGS AND THRIFT STAMPS.

71. **General instructions.**— Postmasters at all money-order offices are required to keep on hand for sale to the public United States War Savings Certificate Stamps of the maturity value of $5 and United States Government Thrift Stamps of the value of 25c. Regulations governing the sale, accounting for, registration, and repayment of these stamps were issued November 13, 1917, as an amendment to the Postal Laws and Regulations by the addition of section 341½. These regulations with detailed instructions for the several branches of the postal service concerned were published in Form 3343, which was supplied to the postmasters at all money-order offices. A compilation of the law, regulations, instructions, and important rulings was issued January 18, 1918, as Form 3348. Regulations of the Treasury Department "further defining rights of holders of United States War-savings Certificates" with instructions of the Post Office Department to postmasters and postal employees, were published March 7, 1918, in Form 3349. Instructions for the sale of the war savings stamps of the 1920 series were issued in the December, 1919, Postal Guide. The following paragraphs outline the requirements and contain additional rulings and instructions, most of which have appeared from time to time in the Postal Bulletin and monthly Postal Guide.

72. **Duty to sell the stamps.**— Employees of the Post Office Department and the postal service are charged by law with the duty of selling War-savings and Thrift Stamps. The Postmaster-General has urged postmasters to take active personal charge of the war-savings work at their respective offices and to endeavor to stimulate the interest of all employees for an energetic, systematic, continuous campaign. Employees are expected to co-operate fully and work in harmony with State and local committees or other representatives of the Treasury Department.

73. **Fixed credits to carriers.**— Postmasters are authorized to furnish war savings and thrift stamps to city, village, and rural carriers on fixed credit, for sale to the public, under the provisions of Sec. 11, page 9, Form 3343. Such credits should be limited for ordinary service to 10 war-savings stamps and 50 thrift stamps, unless exceptional conditions require a greater amount. Special credits, *to be closed the same day*, may be granted to carriers to meet large orders, when the postmaster has satisfied himself by careful inquiry as to the necessity therefor.

74. **Post cards.**— Post cards used by the War-savings committees in soliciting orders, addressed "The local postmaster" and requiring no postage, should be preserved by postmasters after the orders are filled, and turned over from time to time as requested to the local War-savings committee. They should not be delivered to the purchasers with the stamps.

75. **Statistical reports of sales.**— The Treasury Department has requested that postmasters render to the proper officer of the Government Savings Organizations a report of the weekly sales of War-savings stamps. Penalty cards for this purpose will be furnished by the Treasury Department and postmasters are instructed to comply with this request.

76. **Reports of small sales at district offices.**— Central-accounting postmasters shall report to the Third Assistant Postmaster-General, Division of Stamps, any failure on the part of district postmasters at money order offices to co-operate fully in supplying the demands of their patrons for war-savings stamps.

77. **War-savings Stamps and Certificates.**— The price of War-savings stamps of the 1920 series in January, 1920, was $4.12 and it increases one cent each month thereafter. Except when sold for resale, war-savings stamps should be affixed at the time of purchase to a war-savings certificate and the name and address of the owner should be entered by the Postmaster in the space provided on the certificate. The signature of the owner should not be placed on a certificate until it is presented for payment. The department does not encourage the writing of the names of owners across the face of War-saving Stamps, as it takes up space necessary for entries required on registration. Such writing, however, does not invalidate the stamps nor prevent registration.

78. War-savings Stamps must be affixed to certificates of same series.— War-savings Stamps, series of 1920, shall not be affixed to War-savings Certificates, series of *1918* or 1919, nor shall War-savings Stamps of any series be affixed to War-savings Certificates of any other series. Such stamps affixed to War-Savings Certificates of another series will not add to the value thereof. The several series mature in different years and have different current values. It is most important that the public shall thoroughly understand this and postmasters shall warn all purchasers not to affix stamps of the 1920 series to a certificate of any previous annual issue.

79. All letters and forms to indicate series.— Every letter or form relating to an individual War-savings Certificate must show whether it is of the 1918, 1919 or 1920 series. Suitable corrections for this purpose shall be made with pen in printed forms.

80. Limitation of holdings.— It is not lawful for any one person at any one time to hold War-savings Certificates (including Treasury Savings Certificates) of any one series to an aggregate amount exceeding $1,000 (maturity value). Postmasters are authorized to sell for cash to any person or corporation any amount of War-savings Stamps to be used as gifts, provided certificate blanks giving names of intended donees are filed with the postmaster at the time of the purchase, no donee to receive more than $1,000 (maturity value) in all. Postmasters will supply such purchasers certificate blanks on request.

81. Who may purchase.— War-savings Certificates may be issued to any individual, or to two persons in the alternative (for example, "John Jones *or* Mary Jones"); in the name of an association, society, lodge, firm, corporation, etc.; or in the name of an infant. The limitation of $1,000 (maturity value) of any series applies to all such holdings. A person may not have an interest in more than $1,000 worth of war-savings stamps of any series, either individually or in the alternative, but members of a partnership may hold stamps up to $1,000 of any series without regard to holdings of the firm as such.

82. Sales agents.— Authorized agents for the sale of war-savings and thrift stamps (outside of the postal service) are designated by the Federal Reserve Banks under the direction of the Secretary of the Treasury. Postmasters are not authorized to sell war-savings and thrift stamps to such agents for resale, except as provided in the next paragraph.

83. Sales stations.— The Treasury Department regulations provide that any person, firm, association or corporation, whether or not an authorized agent, may establish a sales station to resell war-savings stamps, and postmasters are authorized to sell war-savings stamps to the establisher of such a sales station in any amounts, provided the amount held is not in excess of $1,000 (maturity value), and provided a "sales station identification card" is presented in each case, signed by the Director of the Government Savings Organization for the Federal Reserve District. Postmasters may furnish blank war-savings certificates and thrift cards in proper quantity to sales stations.

84. When supply is insufficient.—When war-savings stamps on hand are insufficient to fill an order the Postmaster may accept payment and issue to the purchaser an interim receipt on Form W. S. 3370, taking it up when the stamps are delivered.

REGISTRATION OF WAR-SAVINGS STAMPS.

85. What offices may register.— War-savings certificates may be registered at any post office of the presidential grade, and at fourth-class money-order offices specially authorized for that purpose. Postmasters desiring to obtain such special authority should apply to the Third Assistant Postmaster General.

86. Registration of 1920 certificates.—War-savings Certificates, series of 1920, may be registered at any post office authorized to register certificates of the 1918 or 1919 series. When a 1918 War-savings Certificate is registered in 1920, the words "Series of 1918" at the top of the registration card, Form W. S. 110, shall be underscored with pen. When a 1919 or 1920 War-savings Certificate is registered, "1918" shall be stricken out and "1919" or "1920" written in. The registration numbers shall run consecutively, regardless of the series; that is to say, postmasters shall not repeat the 1918 or 1919 registration numbers in registering War-savings Certificates in 1920.

87. Application for registration.— An applicant for registration should fill out and sign a card, Form W. S. 110, for each certificate to be registered. The Postmaster will number each card consecutively, write or stamp the number of his post office and the registration number in the space provided on the certificate and across the face of each stamp affixed therto, and enter the date of registration and his initials in each numbered space on the back of the card, Form W. S. 110, corresponding to the numbered spaces on the certificate to which the registered stamps are affixed. When an additional stamp is affixed to a registered certificate the certificate may be presented for further registration, which the postmaster will effect by noting the date and his initials in the proper space on the back of the card, Form W. S. 110, already on file, and entering the post office and registration numbers on the additional stamps. A single entry for a full certificate is not authorized. If additional stamps affixed to a registered certificate are registered it must be done at the same post office where the certificate was first registered, but any owner of two or more certificates may have them registered at different offices. The registration card must be filled out by the applicant himself except in case of a child who cannot write, when the name shall be signed by a parent or guardian or by the person with whom the child resides; for example, "Mary Smith, by John Smith, her father." When an applicant cannot appear in

person the registration card may be sent to him for completion and signature and returned with the certificate for registration.

88. **Rubber stamps for registering.**— Rubber stamps specially provided by the Department shall be used for registering war-savings stamps. The rubber-stamp canceling ink furnished to postmasters for post-marking shall be used for stamping the office number on registered war-savings stamps. Steel-stamp canceling ink should be used only with steel stamps and in no circumstances should *ordinary* rubber-stamp ink be used for such entries. Great care should be used to make the office numbers and registration numbers on war-savings stamps clear and distinct.

89. **File of registration cards.**— The cards, Form W. S. 110, are the only record of registration and postmasters should therefore use the utmost care to comply with all the requirements and to preserve the cards carefully in the permanent files of the post office. *This is very important.* See sec. 113.

90. **No transfer of registration cards.**—Registration cards, Form W. S. 110, cannot be transferred from one post office to another. The Postal Laws and Regulations provide that registered war-savings certificates are payable only at the office of registration. (See secs. 108–111, page 40, as to payment by money order.)

PAYMENT OF WAR-SAVINGS CERTIFICATES

91. **When unregistered.**— A war-savings certificate if not registered is payable at any money-order post office. Payment should be made only to the owner whose name appears on the certificate, but the Department assumes no responsibility for the correct payment of an unregistered certificate.

92. **When registered.**— A registered war-savings certificate is payable only at the post office where registered and to the person in whose name it is registered, whose identity shall be established by means of the information recorded on the registration card, Form W. S. 110.

93. **Ten days' notice.**— The ten days' notice required by the regulations should be addressed to the postmaster at the office where payment will be made, and payment should not be made until the ten days' period has elapsed.

94. **Signature of the owner.**—The signature in the receipt form on a paid war savings certificate should correspond in form and spelling with the name of the owner as entered at the top of the certificate. When the owner does not sign his name as it appears above, a corrected signature should be obtained if possible. In case of slight discrepancies in form and spelling between the name of the owner and the signature, if a corrected signature cannot be obtained the postmaster may certify on the certificate that the signature is that of the original owner, if he is satisfied of the fact. Signatures by mark should be witnessed by at least one witness.

95. **Date and rate.**—The paying postmaster should use great care to see that the correct date and amount of payment, corresponding with the number of stamps affixed, are entered in the receipt form on the certificate. Under no circumstances should the date or amount be altered by any postmaster after the receipt has been signed, unless the corrections are attested at the same time by a new signature of the payee. In that case the old signature should be stricken out. When a certificate has been receipted as of a date prior to its surrender for payment, or when a certificate is returned to the paying postmaster on account of any irregularity, and payment has not yet been made, the date and amount should be made current and a new signature obtained.

96. **Defects in registration.**—The postmaster at the office where a war savings certificate is registered should see, before forwarding it for credit, that the office number and registration number are clearly entered on the certificate and on each registered stamp. Erasures and alterations should be avoided so far as possible. If there is any erasure or alteration of an office number or registration number the postmaster should certify to the facts on the margin of the certificate, after satisfying himself that each such erasure or alteration represents a correction of an error made in his office, and that the stamp in question has not been detached from any other registered certificate. Unregistered stamps may be affixed to a registered certificate. All postmasters should use the utmost care not to accept for payment any stamp bearing entries or signs of entries indicating registration on another certificate than the one to which it is affixed.

97. **Unauthorized traffic in war-savings stamps.**—The following is quoted from a notice issued by the Secretary of the Treasury:

"My attention has been directed to numerous offers made by unscrupulous persons through advertisements and in other ways to buy war-savings certificate stamps and, as a result of such offers, I am informed that owners of such securities have suffered material losses which could have been avoided by redemption of the war-savings certificate stamps at post offices, as provided by law.

"In order that the interests of owners of war-savings certificate stamps of either series may be safeguarded, I hereby notify all persons to refrain from offers to buy war-savings stamps or accept the same in trade."

98. **Refusal of payment to traffickers.**— Postmasters shall refuse payment of any war savings certificates presented by persons or firms known to be buying or publicly offering to buy war savings stamps or certificates from the owners, unless positive evidence is submitted that the certificates were originally issued to the persons or firms presenting them for payment.

99. **Certificates bearing erasures.**— The postmaster should not pay a war savings certificate unless the name of the owner appears on it, and if there is any erasure or alteration in the name of the owner as entered, it is necessary that the original ownership be established before payment is made. When the postmaster is satisfied beyond a reasonable doubt, upon competent evidence, that the person presenting a certificate bearing an erasure in the name of the owner, or on which

the name of the owner has not been inscribed, is the original owner of the certificate presented, payment may be made to him; but in every such case the postmaster shall write on the paid certificate, or affix securely thereto, a statement or notation over his signature setting forth the name of the original owner and the fact that payment was made to him and briefly stating upon what evidence payment was made. If necessary the postmaster, to satisfy himself of the facts, may request that affidavits be submitted showing the original ownership and explaining the erasures or alterations; any affidavits so submitted should be attached to the certificate. An erasure or alteration in the address of the owner or in his signature in the receipt form is not of itself proper ground for refusing or delaying payment, unless the postmaster has reason to believe that the person presenting the certificate for payment is not the original owner thereof or his representative.

100. When payment is refused.—When a postmaster refuses payment because he is not satisfied as to the original ownership of a certificate showing an erasure in the name, or because the person or firm presenting a certificate is known to be buying or publicly offering to buy war savings certificates or stamps from the owners, he shall, on surrender of the certificate by the holder, forward it, together with such affidavits or other evidence as may be presented, to the Third Assistant Postmaster General, Division of Stamps, with a statement of the facts and recommendation, for submission to the Treasury Department. In such cases a receipt should be given to the holder of the certificate. Postmasters shall not refer such cases directly to the Treasury Department, nor advise the holder of the certificate to do so unless surrender of the certificate is refused by the holder.

101. Refusal noted on certificates.—In any such case when payment of an unregistered war savings certificate is refused and the person presenting it demands its return, the postmaster shall, before returning the certificate, stamp or write on the certificate and on each stamp affixed thereto the words "Payment refused for cause." The holder should then be advised to take up any question of adjustment with the Secretary of the Treasury, Division of Loans and Currency, Washington, D. C. Rubber stamps for making the prescribed notation will be furnished by the Fourth Assistant Postmaster General, Division of Equipment and Supplies, on requisition, to the postmaster at any office where there is frequent need for the use of such a stamp. Postmasters at all money-order offices are cautioned not to pay any war savings certificates or stamps bearing the words "Payment refused for cause," except on receipt of special authority to do so in each case.

102. Registered stamps to be retained.—When a registered war savings certificate or a certificate bearing any registered stamps is presented for payment by any person other than the registered owner or his representative the postmaster shall not return such certificate to the person presenting it for payment, but shall forward it to the Third Assistant Postmaster General, Division of Stamps, with a full report of the facts. A receipt should be given to the holder. The person presenting such a certificate should be informed that registered war savings stamps are payable only to the registered owners, except in case of death or disability, and advised to submit a written statement to be forwarded with the certificate explaining fully how the registered certificate or stamps came into his possession.

103. Certificates issued to two persons.—Under a recent ruling of the Treasury Department a war savings certificate erroneously issued to two persons in the form "John *and* Mary Jones," contrary to the provisions of Section VI, Form 3349, is payable on the signature of either person named thereon, in the same manner as if it had been properly issued in the alternative, in the form "John Jones or Mary Jones."

104. Certificates held in excess of the lawful limit.—Postmasters are cautioned not to pay war savings certificates to any person who holds such certificates of any series in excess of $1,000 maturity value except in pursuance of Section XIV, Form 3349. Before paying any certificate in pursuance of the first sentence of that section the postmaster shall forward to the Third Assistant Postmaster General, Division of Stamps, a full statement of the facts and await instructions. When the first sentence of Section XIV is not applicable the postmaster should forward the surrendered excess certificates with affidavits by the owner and other persons having knowledge of the facts, showing the circumstances including the places and dates of the excess purchases. When the excess certificates have been so surrendered without payment, the remaining certificates to the amount of $1,000 maturity value may be paid if desired by the owner.

105. Payment of damaged stamps.—In paying damaged War-Savings Stamps or exchanging damaged thrift stamps for War-Savings Stamps, postmasters will be guided by the following rulings of the Treasury Department:

"*a.* Portions of War-Savings Certificate Stamps that are manifestly more than one-half of such stamps shall be redeemed at the full redemption value upon any given date of a full stamp, and no payment whatever shall be made upon a portion of a War-Savings Certificate Stamp which is not manifestly more than one-half of a whole stamp.

"*b.* Portions of United States Government Thrift Stamps which are manifestly more than one-half of such stamps shall be received for credit at the full face value of such Thrift Stamps, and no credit whatever shall be made on a portion of a United States Thrift Stamp which is not manifestly more than one-half of a whole stamp."

106. Stamps not affixed to certificates or cards.—Postmasters should understand that the foregoing rulings do not authorize them to pay or replace damaged or mutilated War-Savings Stamps not affixed to War-Savings Certificates, or Thrift Stamps not affixed to Thrift Cards. Stamps which have become detached from certificates and damaged, or which are so badly damaged by fire or

otherwise that the certificates to which they are affixed can not be presented at post offices for payment in the usual manner, may be sent by the owners to the Secretary of the Treasury, Division of Loans and Currency, with a sworn statement of the facts and a request for new stamps.

107. **Payment of war savings certificates registered in the names of corporations, etc.**—If a war savings certificate has been registered in the name of a corporation, partnership, association, or joint-stock company, in accordance with Section IV of the Regulations further defining rights of holders of war savings certificates, Form 3349, the postmaster at the office of registration, before making payment, shall satisfy himself as to the identity of the officer or agent applying for payment as the one designated on the registration card, and as to the continued existence of his authority. The postmaster shall in each such case make a signed notation on the certificate to the effect that the officer or agent receiving payment is designated on the registration card to receive payment.

When payment of a certificate registered in the name of a corporation, partnership, association, or joint-stock company, is demanded by a person not designated on the registration card as the officer or agent to receive payment, a complete statement of the facts should be forwarded by the postmaster at the office of registration to the Third Assistant Postmaster General, Division of Stamps, and payment should be withheld pending the receipt of instructions.

108. **Payment of registered war-savings certificates by mail.**—A registered war-savings certificate may be paid by the postmaster at the office of registration by postal money order for the amount due, less the usual money-order fee, on receipt of the certificate receipted by the registered owner and accompanied with a proper application on Form W. S. 3371.

109. **Applying for payment by mail.**— The application should be completed and signed in duplicate by the owner of the certificate in the presence of a postmaster or his authorized representative, who shall sign both copies as witness, date them with the office stamp, forward one copy with the receipted certificate to the postmaster at the office of registration by official registered mail, and deliver the other copy to the applicant as a receipt.

110. **How postmaster shall make payment by mail.**—The postmaster at the office of registration, if satisfied of the identity of the applicant as the registered owner, shall make payment at the rate for the month in which the receipt on the certificate is dated. The postal money order shall be issued in the name of the registered owner and mailed to him at the address given in the application not less than ten days after the date of the application, or of previous written notice, if one was given.

111. **Providing Form W. S. 3371.**—When a registered owner applies to the post office of registration for payment by mail, two copies of Form W. S. 3371 should be sent to him with suitable instructions. When the owner applies at a post office other than the one where his certificate is registered, the postmaster shall advise him that payment can be made only by the post office of registration, and shall furnish him two copies of Form W. S. 3371, obtaining it if necessary from the central-accounting postmaster.

112. **Payment to representative.**— Provision is made for payment to a duly authorized representative of an owner of a war-savings certificate who is unable to appear in person through the use of Form 3357.

113. **Registration cards for paid War-savings Certificates.**— Postmasters should write or stamp the word "Paid" with the date across the face of the registration card, Form W. S. 110, immediately on redeeming any registered war-savings certificate. The initials of the postmaster or clerk making payment should be added. The cards bearing this notation should be removed and placed in a file separate from the cards representing unpaid certificates. *This is most important.* See sec. 89.

114. **Funds used for payment.**—War-savings Certificates are paid with surplus postal funds and remitted to the central-accounting postmaster or State depository postmaster, as the case may be, in lieu of a like amount of cash. If such funds are not available, an interim receipt on Form W. S. 3370 shall be given to the owner and the certificate sent to the postmaster to whom postal funds are remitted, who will return cash or a bank draft therefor.

115. **Entry of name of paying office.**— Postmasters paying war savings certificates should stamp or write the word "Paid," with the name of the post office, on each paid certificate. Certificates forwarded with a request for return of funds should be marked "For Payment" with the name of the forwarding office. A postmaster who returns funds for payment of such a certificate should note on it "Funds Returned" with the name of his post office.

116. **Prompt handling.**— Paid war savings certificates should be remitted with postal funds as promptly as possible in accordance with the regulations. The promptest possible attention should be given to the return and correction of defective war savings certificates which have been forwarded for return of cash, in order that payment may not be unnecessarily delayed.

117. **Redemption of Thrift Stamps.**—Thrift stamps shall not be cashed, but when 16 thrift stamps are affixed to a Thrift Card they may be accepted as a payment of $4, with the difference in cash, for a War-savings Stamp. There is only one issue of thrift stamps.

118. **Loss of War-savings and Thrift Stamps.**— In case of loss or destruction of a registered war-savings certificate the owner may apply on Form 3353 for reissue or repayment. The postmaster will forward the application with the registration card to the Third Assistant Postmaster General, Division of Stamps. No reimbursement is made in case of the loss or destruction of unregistered war-savings stamps or of thrift stamps.

TREASURY SAVINGS CERTIFICATES

119. Sale of certificates.—The Treasury Department offers for sale registered war savings certificates in denomination of $100 and $1,000 maturity value, known as "Treasury Savings Certificates." The $1,000 certificates are not sold at post offices but may be obtained from the Federal Reserve Banks or from the Treasury Department. The $100 certificates are sold at post offices of the first and second classes. They will not be sold at post offices of the third or fourth class. The postmaster at an office of the first or second class will send a Treasury savings certificate to the purchaser by official registered mail on receipt of the purchase price if so requested. It is unlawful for any person to hold at any one time Treasury savings certificates and war savings stamp certificates of the same annual series to a total amount in excess of $1,000 maturity value. The price of a $100 Treasury savings certificate is the same as that of a war savings certificate of the same series with 20 stamps affixed.

120. **Payment of certificates.**—Treasury savings certificates are not payable at or through post offices but only upon presentation and surrender thereof by mail or otherwise at the office of the Secretary of the Treasury, Division of Loans and Currency, Washington, D. C., at maturity, or ten days after presentation prior to the date of maturity; provided, that in no event shall such demand be made prior to the second calendar month following the calendar month in which the certificate is issued; and provided further, that the form of demand for payment appearing on the back of the certificate shall be properly signed by the owner in the presence of, and duly certified by, a United States postmaster, an executive officer of an incorporated bank or trust company, or any other person duly designated by the Secretary of the Treasury for that purpose. Correspondence concerning payment of Treasury Savings Certificates should be between the owner and the Secretary of the Treasury, Division of Loans and Currency.

121. **Exchange for stamp certificate.**—War savings stamp certificates, series of 1918, 1919 and 1920, will be received by postmasters at post offices of the first and second classes in exchange for $100 Treasury savings certificates of the same annual series and equal value. Registered war savings certificates will be received for exchange only at the post office of registration, and in the case of certificates registered at a post office of the third or fourth class the postmaster at the office of registration will arrange the exchange through his central accounting postmaster. Before Treasury savings certificates, series of 1918 or 1919, are issued in exchange, there must be presented in each instance a request for exchange on Form L & C 335 for 1918 certificates or Form L & C 336 for 1919 certificates, signed by the owner or owners of the war savings certificates presented for exchange, or by the authorized payee in case of death or disability of the owner. If desired, the Treasury savings certificates will be issued in another name than the surrendered war savings certificates. When war savings stamp certificates of the current series (1920) are exchanged for Treasury savings certificates no form of request for exchange is necessary, and the Treasury savings certificate will be issued only in the same name as the surrendered war savings certificate.

122. **Procedure.**— Detailed instructions for the issuance, sale and payment of $100 Treasury savings certificates were published in the Postal Guide for August, 1919, and full instructions for the issuance of $100 Treasury Savings certificate, series of 1918, 1919 and 1920, in exchange for war savings certificates of like series were published in the Postal Guide for April, 1920. Copies of these instructions will be furnished postmasters on request by the Third Assistant Postmaster General, Division of Stamps.

WAR-SAVINGS SUPPLIES

123. **Requisitions for stamps.**—War-savings and Thrift Stamps and $100 Treasury Savings Certificates are furnished to accounting postmasters upon requisition on Form 3204 addressed to the Third Assistant Postmaster General, Division of Stamps. Central-accounting postmasters furnish stamps to district offices on fixed credit. War-savings and Thrift Stamps and $100 Treasury Savings Certificates are invoiced and accounted for by quantity, not by value, owing to the changing price of war-saving stamps.

124. **Keeping up supplies.**— Central-accounting postmasters shall see that their district postmasters are kept fully and promptly supplied with war-savings and thrift stamps and that the fixed credits of district money-order offices are increased when necessary. Accounting postmasters shall keep themselves amply supplied by timely requisitions upon the Department.

125. **Supplies other than stamps.**— Postmasters should obtain Thrift Cards, blank War-Savings Certificates, envelopes and registration cards by requisition on the Fourth Assistant Postmaster General, Division of Equipment and Supplies. District postmasters may obtain such forms in emergencies from their central-accounting postmaster, and accounting postmasters may obtain them in emergencies from the nearest office in the list given in Forms 3343 and 3348.

126. **Protection of stamps.**—The instructions for the protection of stamp stock against loss by burglary, published in Secs. 49 to 55, page 34, this Guide, should be applied by postmasters to War-Savings and Thrift Stamps.

127. **Damaged stock.**— Imperfectly printed or damaged war-savings and thrift stamps held in stock by accounting postmasters should be sent to the Third Assistant Postmaster General, Division of Stamps, for credit. Such stamps held by district postmasters should be sent to their central-accounting postmaster for exchange.

128. **Discontinuance of direct transfers.**— Section 4, page 6, Form 3343, entitled "United States War-Savings Certificate Stamps — United States Thrift Stamps," providing for the transfer of war-savings and thrift stamps by requisition of central-accounting and direct-accounting post-

masters upon the postmasters at certain centrally-located post offices in each State, has been rescinded. When an unexpected demand arises for stamps for quick delivery, postmasters shall state the facts briefly on the requisition, and also state when delivery is needed; or, if the demand is immediate, the postmaster may telegraph to the Department for stamps. The Department will then, if the conditions appear to warrant such action, either expedite shipment from Washington or telegraph the postmaster at the nearest distributing office to supply the stamps. Postmasters must not make this method a practice, however, but must restrict it to emergency requirements which could not with reasonable foresight have been met by timely requisition and shipment in regular course.

WAR-SAVINGS AND INTERNAL REVENUE STAMP ACCOUNTS AND REMITTANCES

129. War stamp accounts.—A war stamp account on Form 3344 must be forwarded for each month, whether any business is transacted or not, by every accounting postmaster by ordinary mail in a penalty envelope addressed: "Third Assistant Postmaster General, Division of Stamps, Washington, D. C.," and bearing the words, "War stamp account," in large, plain letters in the lower left corner. The accounts of central-accounting postmasters shall include sales to district postmasters as well as to their own patrons.

130. **Direct-accounting postmasters.**— Direct-accounting postmasters shall prepare and submit this report not later than the fifth business day of each month for the business of the preceding month. The report shall be postmarked above the signature of the postmaster and immediately mailed to the Third Assistant Postmaster General, Division of Stamps.

131. **Central-accounting postmasters.**— Central-accounting postmasters shall close the account at the close of business on the fifth business day of each month for the business of the preceding month. The monthly report shall be prepared and submitted to the Department not later than the seventh business day of the month and shall be postmarked above the postmaster's signature and mailed to the Third Assistant Postmaster General, Division of Stamps.

132. **Cash remittances.**— On the day the report is mailed remittance shall be made to the designated State depository postmaster of all war-savings and internal revenue cash and of exchanged thrift stamps on hand pertaining to the business of the preceding month. Remittance shall also be made promptly during the month whenever the sales amount to $100 or more. Withholding of any amounts due the Government on account of the sales of these stamps will not be permitted.

133. **Internal-revenue remittances.**— Cash received from sales of documentary and proprietary stamps shall be combined and remitted with a single letter of transmittal (Form 3044-c) to the State depository postmaster.

134. **Certificates of deposit.**— State depository postmasters shall issue a single certificate of deposit (Form 1566-c) for such combined remittances of documentary and proprietary stamp funds, and shall deposit such combined revenue-stamp funds to the credit of the Treasurer of the United States on account of Post Office Department Internal Revenue Collections. See Sec. 150.

135. **Letters of transmittal.**— Every letter of transmittal (Forms 3044-b and 3044-c) shall indicate the month for which the remittance is made in the space provided therefor.

136. **Remittance by district postmasters.**— District postmasters are required to remit war-savings and internal revenue cash to the central-accounting postmaster whenever during the month the same amounts to $25 or more, and promptly at the close of each month they shall remit all cash on hand from the previous month's sales. A requisition for a new supply to restore the fixed credit must accompany each remittance; otherwise the central-accounting postmaster shall send the district postmaster as many war-savings stamps as the remittance will cover, and the remainder, if any, in thrift stamps and cash. Form 3369 shall be used by district postmasters for remittance and requisition for war-savings and thrift stamps, and Form 3338 for documentary and proprietary stamps.

137. Delayed remittances.—When a remittance is received by a central-accounting postmaster after the close of business on the fifth day of the succeeding month, it is prima facie evidence that the district postmaster has not complied with section 136, and his remittance must be accepted at the current month's price for war-savings stamps, and he should be immediately notified by the central-accounting postmaster to remit the balance due to pay for war-savings stamps at the current price.

138. **Enforcement of rule.**— Central-accounting postmasters will be held accountable to the Department for proper enforcement of section 136. Any district postmaster failing or refusing to pay the difference in price should be immediately reported to the Department, with a complete statement of the facts in the case.

139. **Delay in transit.**—Where remittances from district postmasters are delayed in transit, war-savings stamps may be furnished to the district postmaster at the price for which they were actually sold by him and credit for the difference in price will be allowed in item 18 of the central-accounting postmaster's monthly account, Form 3344, upon a signed statement of the central-accounting postmaster that the remittance was actually made by the district postmaster on the first business day of the month and was unavoidably delayed in transit, stating the cause of delay.

140. **When certificate of deposit has not been received.**—Where a certificate of deposit has not been received by an accounting postmaster for the last remittance made to close the account, the date and amount of the remittance shall be entered under item 24a of Form 3344.

ADHESIVE DOCUMENTARY AND PROPRIETARY INTERNAL REVENUE STAMPS

141. **Uses.**—The act of Congress approved February 24, 1919, known as the revenue act of 1918, requires that internal-revenue documentary and proprietary stamps shall be kept on sale by postmasters. These stamps are not good for postage. The documentary stamps are to be used for stamp taxes upon parcel-post packages on which the postage is 25 cents or more (see Sec. 143), and upon promissory notes, conveyance, and other business and legal documents as set forth in the law (see Sec. 159, page 44). The proprietary stamps are to be used for stamp taxes upon proprietary medicinal and toilet preparations, etc. (see Sec. 160, page 44).

142. **Law.**—The Commissioner of Internal Revenue shall furnish to the Postmaster General without prepayment a suitable quantity of adhesive stamps to be distributed to and kept on sale by the various postmasters in the United States. The Postmaster General may require each such postmaster to give additional or increased bond as postmaster for the value of the stamps so furnished, and each such postmaster shall deposit the receipts from the sale of such stamps to the credit of and render accounts to the Postmaster General at such times and in such form as he may by regulations prescribe. The Postmaster General shall at least once monthly transfer all collections from this source to the Treasury as internal revenue collections. (Revenue act of 1918, sec. 1106.)

143. **Parcel-post packages.**— Upon every parcel or package transported from one point in the United States to another by parcel post on which the postage amounts to 25 cents or more, a tax of 1 cent for each 25 cents or fractional part thereof charged for such transportation, to be paid by the consignor. No such parcel or package shall be transported until a stamp or stamps representing the tax due shall have been affixed thereto. (Revenue act of 1918, sec. 1107, par. 14.) (Note: Documentary stamps, and not proprietary nor postage stamps, must be used for internal-revenue tax on parcels transported by mail.)

144. **To be kept on sale in post offices.**— Internal revenue documentary and proprietary stamps shall be kept for sale at all post offices: *Provided,* That proprietary stamps need not be kept for sale at post offices having no public demand therefor.

145. **Supplied to accounting postmasters.**—The stamps shall be issued by the Third Assistant Postmaster General, Division of Stamps, to postmasters at all direct accounting and central accounting offices.

146. **To district postmasters.**— Postmasters at central-accounting offices shall supply stamps to postmasters at district post offices in their respective territories.

147. **Fixed credits.**—A fixed credit shall be allowed by central-accounting postmasters to district postmasters for documentary and proprietary stamps sufficient to meet the public demand.

148. **Remittances by district postmasters.**— District postmasters shall remit to their central-accounting postmasters the entire proceeds of sales of documentary and proprietary stamps promptly at the close of each month, or whenever during the month the same amount to $25. Central accounting postmasters shall furnish new supplies of stamps to district postmasters to the amount of the remittances.

149. **Accounts.**—Accounting postmasters shall keep accounts of their transactions in documentary and proprietary stamps. Promptly at the close of each month they shall render to the Third Assistant Postmaster General (Division of Stamps) an account of sales thereof. Such accounts shall be given an administrative examination by the Third Assistant Postmaster General, and shall then be transmitted to the Auditor for the Post Office Department for audit.

150. **Remittances by accounting postmasters.**—Accounting postmasters shall remit to their designated State depository postmasters for postal funds the entire proceeds of sales of documentary and proprietary revenue stamps promptly at the close of each month, or whenever during the month the same amount to $100. The State depository postmaster shall issue a certificate of deposit, which shall be a voucher to the monthly account of the accounting postmaster. See sec. 134. The certificate of deposit given by designated State depository postmasters to accounting postmasters shall be issued in triplicate; the original to be sent to the Third Assistant Postmaster General, Division of Stamps, with the depository postmaster's monthly transcript Form 3347; the duplicate copy to be sent to the accounting postmaster and retained by him as an office record, and the triplicate copy to be retained by the depository postmaster as an office record.

151. **Deposits by State depository postmasters.**— State depository postmasters shall deposit daily the entire cash proceeds of sales of documentary and proprietary revenue stamps at their own offices, together with the entire amount of internal revenue cash received from accounting postmasters, in local active United States depositories to the credit of the Treasurer of the United States on account of Post Office Department internal revenue collections. Certificates of deposit shall be obtained therefor.

152. **Denominations.**—The denominations of documentary stamps are as follows: 1, 2, 3, 4, 5, 8, 10, 25, 40, 50, 80-cent; 1, 2, 3, 5, 10, 30, 60, 100, 500, 1,000 dollar. The denominations of proprietary stamps are 1, 2, 3, 4, 5, 8, 10, 20, 40-cent.

153. **Emergency supplies.**— If new supplies of internal-revenue stamps are needed before delivery can be made from the Department in Washington, direct accounting and central-accounting postmasters may purchase them from other postmasters or from the nearest Collector or Stamp Deputy Collector of Internal Revenue under the provisions of pars. 6 and 7, sec. 334, Postal Laws and Regulations, using internal-revenue funds for the purpose.

154. **Initial supply to district postmasters.**—The first supply of documentary and proprietary stamps shall be issued to district postmasters on fixed credit. An itemized statement of the

stamps so issued shall be prepared by the central-accounting postmaster on Form 3338, and shall be mailed with the shipment to the district postmaster, who shall keep it as an office record. The central-accounting postmaster shall prepare a fixed credit receipt on Form 3367, to be sent with the stamps to the district postmaster, who shall sign, postmark, and return it promptly to the central-accounting postmaster. The latter shall keep the receipt as an office record (see sec. 108).

155. **Changes of fixed credits.**—Fixed credits for internal-revenue stamps may be increased or decreased by central accounting postmasters when in their judgment a greater or less stock is needed by a district postmaster to supply the public demand. When the amount of a fixed credit is changed, a new receipt on Form 3367 shall be given by the district postmaster, and his old receipt shall be returned to him. The receipt shall also be returned when a fixed credit is closed.

156. **Shipments and remittances to be registered.**—All shipments of internal-revenue stamps and remittances of cash shall be made by official registered mail, and the correctness of each shipment and remittance shall be attested on each requisition and invoice by a witness at both the central accounting and the district postoffice.

157. **Requisitions of district postmasters.**—To obtain new supplies of internal-revenue stamps, district postmasters shall send to their central-accounting postmaster a requisition on Form 3338, suitably altered with pen, and shall remit the cash proceeds of previous sales. The cash remittance and the requisition shall be for the same amount; this will maintain the fixed credit. An invoice on Form 3338, suitably altered with pen, shall be sent with each shipment by the central-accounting postmaster. Separate requisitions and invoices shall be prepared for documentary and for proprietary stamps.

158. **Not redeemable by postmasters.**—Revenue stamps are not redeemable from the public by postmasters. Persons who present proprietary and documentary stamps for redemption should be advised by postmasters to communicate with the Commissioner of Internal Revenue, Treasury Department, Washington, D. C.

159. Documentary stamps are required by law to be used for stamp taxes as follows:

Bonds of indebtedness: Bonds, debentures, or certificates of indebtedness, each $100 or fraction thereof	$0.05
Bonds: Indemnity or surety, each	.50
Bonds (indemnity or surety), one per cent on each dollar or fractional part thereof of premiums charged.	
Capital stock: Each original issue, for each $100 or fraction thereof	.05
Capital stock: Sales or transfers, each $100 or fraction thereof	.02
Conveyances: Deeds, etc., exceeding $100 to $500	.50
Each additional $500 or fraction	.50
Drafts or checks payable otherwise than on sight, promissory notes, and for each renewal, $100 or fraction thereof	.02
Entry in customhouse, not exceeding $100	.25
Exceeding $100 to $500	.50
Exceeding $500	1.00
Entry for withdrawal from customs bonded warehouse	.50
Passage tickets: Not exceeding $30	1.00
More than $30 to $60	3.00
More than $60	5.00
Parcel post, 25 cents or more postage, on each 25 cents or fraction thereof	.01
Power of attorney	.25
Produce: Sales of, on exchange, each $100 or fraction thereof	.02
Proxy for voting at an election	.10

160. **Proprietary stamps** are required by law to be used as follows:

For internal revenue stamp taxes, at the rate of 1-cent for each 25 cents or fraction thereof of the amount paid for any of the following articles: (1) Perfumes, essences, extracts, toilet waters, cosmetics, petroleum jellies, hair oils, pomades, hair dressings, hair restoratives, hair dyes, tooth and mouth washes, dentifrices, tooth pastes, aromatic cachous, toilet powders (other than soap powders), or any similar substance, article, or preparation by whatsoever name known or distinguished, any of the above which are used or applied or intended to be used or applied for toilet purposes; (2) pills, tablets, powders, tinctures, troches or lozenges, sirups, medicinal cordials or bitters, anodynes, tonics, plasters, liniments, salves, ointments, pastes, drops, water (see sec. 161), essences, spirits, oils, and other medicinal preparations, compounds, or compositions (not including serums and antitoxins), upon the amount paid for any of the above as to which the manufacturer or producer claims to have any private formula, secret, or occult art for making or preparing the same, or has or claims to have any exclusive right or title to the making or preparing the same, or which are prepared, uttered, vended, or exposed for sale under any letters patent, or trade-mark, of which (if prepared by any formula, published or unpublished) are held out or recommended to the public by the makers, vendors, or proprietors thereof as proprietary medicines or medicinal proprietary articles or preparations, or as remedies or specifics for any disease, diseases, or affection whatever affecting the human or animal body: *Provided*, That the provisions of this section shall not apply to the sale of vaccines and bacterines which are not advertised to the general lay public,

nor to the sale by a physician in personal attendance upon a patient of medicinal preparations not so advertised.

161. Exceptions.—The following articles are not taxed by means of proprietary stamps:

(*a*) Beverages derived wholly or in part from cereals of substitutes therefor, and containing less than one-half of 1 per centum of alcohol, sold by the manufacturer, producer, or importer, in bottles or other closed containers, a tax equivalent to 15 per centum of the price for which so sold; and upon all unfermented grape juice, ginger ale, root beer, sarsaparilla, pop, artificial mineral waters (carbonated or not carbonated), other carbonated waters, or beverages, and other soft drinks, sold by the manufacturer, producer, or importer, in bottles or other closed containers, a tax equivalent to 10 per centum of the price for which so sold; and (*b*) upon all natural mineral waters or table waters, sold by the producer, bottler, or importer thereof, in bottles or other closed containers, at over 10 cents per gallon, a tax of 2 cents per gallon. The revenue act provides that each manufacturer, producer, bottler, or importer shall pay the taxes on these articles directly to the collector for the district in which is located the principal place of business.

162. Canceling of internal-revenue stamps.— Oocumentary and proprietary revenue stamps shall be canceled by the user, when affixed, by writing his initials and the date of cancellation with pen and ink or stamping the same.

163. Users of large quantities; emergency supplies.— Manufacturers and other large users of proprietary and documentary stamps should obtain them from the nearest collector or stamp deputy collector of internal revenue; but a postmaster shall supply large users who need stamps pending the filling of their orders by the Internal Revenue Service. In emergencies, pending filling of requisitions by the department, central-accounting and direct-accounting postmasters may also purchase proprietary and documentary stamps from the Internal Revenue Service, sending internal-revenue cash by registered mail or bank draft for the amount of the purchase. Stamps so bought and resold by a postmaster must not be taken up in his monthly account on Form 3344. Postmasters must not make a practice of securing stamps by this method, but shall employ it in emergencies only. A list of cities in which collectors and stamp deputy collectors of internal revenue are located is given below:

DISTRIBUTION OF STAMPS BY CENTRAL-ACCOUNTING POSTMASTERS.

164. **Law.**— In order to promote economy in the distribution of supplies, and in auditing and accounting, the Postmaster-General may designate districts and central offices in such districts through which supplies shall be distributed and accounts audited, but in no case shall the postmaster at the central station be given authority to abolish offices, to change officers or employees in offices included in such district. (Act approved March 3, 1917.)

165. **Designation of postoffices.**— For the purposes of this act postoffices shall be designated as "central-accounting" offices and as "district" offices. Postoffices not included in the central-accounting system shall be known as "direct-accounting" offices.

167. **Fixed credits.**— Postmasters at post offices designated as "central-accounting" offices shall allow to postmasters at "district" offices a fixed credit for postage stamps and other stamp stock sufficient to meet the public demand, not to exceed four months' supply, and within the amounts of their bonds. The fixed credit for postage stamp stock shall be for a total of $50 or a multiple of $50.

168. **Receipts for fixed credits.**— District postmasters shall give their central-accounting postmasters a receipt on Form 3367 for postage stamp stock, for war-savings and thrift stamps, for documentary and for proprietary stamps issued on fixed credit. The receipt shall be postmarked by the district postmaster.

169. **List of fixed credits.**—The fixed credits required by secs. 167 and 168 shall be listed by the central-accounting postmaster. The list shall show the names of district postoffices arranged alphabetically, with the amounts of the fixed credits entered opposite each name. It shall be totaled to show the total amount of fixed credits outstanding, shall be filed with the fixed credit receipts, and shall be corrected whenever a change in a fixed credit is made.

170. **Receipt for stamp stock on net credit.**— Central-accounting postmasters shall prepare for district postmasters a receipt on Form 3368 for postage stamp stock furnished in settlement of net credits (item 19 of the quarterly postal account). This receipt shall be sent with the stamp stock and the invoice on Form 3338 to the district postmaster. He shall promptly sign, postmark and return it.

171. **Requisitions.**—When additional supplies of postage stamp stock are needed, district postmasters shall draw requisition therefor upon the designated central-accounting postmaster, in even hundreds so far as practicable, and shall remit the value thereof in postal funds. District postmasters shall draw requisitions for special-request stamped envelopes through the central-accounting postmaster or Form 3202-d promptly on receipt of order from purchaser. The central-accounting postmaster shall record the requisition and forward it immediately to the Department. The envelopes when received by him shall be forwarded at once by registered mail, with an invoice on Form 3338, to the district postmaster, who shall promptly remit the amount of the invoice to the central-accounting postmaster.

172. **Filing of requisitions.**—The requisitions of district postmasters shall be filed as a permanent record by central-accounting postmasters, who shall write thereon with ink the amount of stamp stock issued.

173. **Count of stamps by central-accounting postmaster.**— Stamp stock issued to district postmasters shall be counted by the central-accounting postmaster or by a designated employee of his office, in the presence of a witness, both of whom shall sign the requisition to attest the correctness of the count.

174. **Shipment.**—The central-accounting postmaster shall ship stamp stock to district postmasters by free official registered mail, and shall write the registry numbers of all shipments upon the filed requisitions.

175. **Invoice.**— Shipments of stamp stock shall be accompanied with an invoice on Form 3338, which shall be itemized as to quantities and denominations issued, and shall show the total value of the stamp stock invoiced.

176. **Opening of package by district postmaster.**—The district postmaster shall open all registered shipments of stamp stock immediately upon receipt from the central-accounting postmaster by cutting the ends of the envelopes or wrappers thereof in the same manner as required in opening registry jackets. Care must be taken to preserve seals intact. This shall be done in the presence of a witness. The district postmaster and the witness shall sign the invoice with ink and note thereon the registry numbers and date of receipt. The invoice shall then be filed as a permanent record by the district postmaster.

177. **Discrepancies.**— If stamp stock received by a district postmaster is found not to correspond with the invoice, he shall immediately report the facts to the central-accounting postmaster, meantime holding intact the stamp stock and all packing material in which it was received. The central-accounting postmaster shall investigate the report carefully, and shall recall any excess or supply any shortage in the stamp stock issued to the district postmaster. If he can not verify a reported shortage, the central-accounting postmaster shall notify the nearest postoffice inspector, and shall request the district postmaster to hold the stamp stock and packing material intact pending investigation by the inspector. Meantime the district postmaster shall draw requisition upon the central-accounting postmaster for a new supply of stamp stock if needed, and his fixed credit shall be temporarily increased by the amount of such requisition.

178. **Damaged stamps in district offices.**— Stamp stock redeemed by district postmasters or damaged in their possession shall be sorted and packed as directed in section 345, Postal Laws and Regulations, and in Secs. 189 to 194, page 51 of this Guide, and shall be sent by registered mail to the central-accounting postmaster, who shall send the district postmaster by registered mail such other stamp stock in exchange as may be requested.

179. **Treatment of damaged stamps by central-accounting postmaster.**—The central-accounting postmaster shall label and send all stamp stock redeemed from district postmasters, by registered mail, not oftener than once a quarter, to the Third Assistant Postmaster General, Division of Stamps, for credit in his account. He shall also include with the shipment any stamp stock redeemed by or damaged in his own post office. The shipment shall be sorted, packed, and listed as directed in section 345, Postal Laws and Requisitions, and in Secs. 189 to 194, page 51 of this Guide.

180. **Accounts of central-accounting postmaster.**— Postmasters at central-accounting offices shall render to the Third Assistant Postmaster General, Division of Stamps, a quarterly stamp account, and to the Auditor for the Post Office Department a quarterly postal account.

181. **Stamps sold to district postmasters excluded from gross receipts of central-accounting postmasters.**— Stamp stock issued and sold by central-accounting postmasters to district postmasters shall be reported, and shall not be included in gross receipts for the purpose of fixing salaries of postmasters at central-accounting offices under Sec. 270, Postal Laws and Regulations.

182. **Receipt for cash.**—Whenever the surplus postal funds at a district office are insufficient to meet the expense of the office and cash is advanced by the central-accounting postmaster on application, he will accompany the remittance with Form 3368 properly filled in. District postmasters are required to promptly sign, postmark, and return it to the central-accounting postmaster. These receipts, arranged in alphabetical order, shall be filed by the central-accounting postmaster with his retained copy of Form 1545-c, "Quarterly Report of Stamp and Cash Transactions with District Offices", and must agree with the amounts listed in columns 3 and 4 of that report. Receipts are not necessary and shall not be taken by central-accounting postmasters when stamp stock is sold to district postmasters for surplus postal cash.

183. **Records of war-savings, thrift, documentary and proprietary stamps.**— Central-accounting and direct-accounting postmasters shall keep separate records on insert Form 3342 of war-savings, thrift, documentary and proprietary stamps received, sold and on hand. This insert form shall be pasted in the Postmaster's Account and Record Book at the statement of postage stamps, etc., received and sold in the corresponding month. The documentary stamps shall be recorded opposite the printed caption "War-Tax Revenue Stamps," and the proprietary stamps shall be recorded on the blank lines on the lower half of the blank.

REDEMPTION OF POSTAL CARDS AND STAMPED ENVELOPES.

184. **Postal cards.**— Postal cards will be redeemed under the provisions of section 344, Postal Laws and Regulations, at the rates shown in the schedule printed below:

185. **Stamped envelopes.**— See Sec. 344, Postal Laws and Regulations, as to redemptions.

DIRECTIONS FOR RETURNING STAMP STOCK FOR CREDIT.

186. **Unsalable and undamaged stamp stock.**— Unsalable and undamaged postage stamps, stamp books, stamped envelopes, postal cards and newspaper wrappers must NOT be returned without first obtaining permission.

187. **Preparation of redemption shipments.**— Stamped envelopes, stamp books, postal cards, and other stamped paper, returned to the Department, must be securely wrapped and sealed, and sent by registered mail, or by freight when so authorized, addressed to the Third Assistant Postmaster-General (Division of Stamps) and when practicable should be forwarded in a single package. The postmark of the forwarding office should be legibly stamped on the package. Each shipment must be accompanied with a letter containing a statement showing the number of pieces of each denomination and the value of the stock sent, with the reason for its return. The postmaster must also certify in his letter that none of the postage stamps have been redeemed from the public, and that all envelopes and postal cards bearing printed return-cards or addresses have been redeemed from original purchasers. (Secs. 344 and 346, Postal Laws and Regulations.) Redeemable stamp stock held by district postmasters shall be sent to their central-accounting postmaster, with a requisition for new stock desired in exchange. The stock returned must be counted, prepared for shipment and dispatched in the presence of a disinterested witness.

188. **List.**—The following is the form of letter to accompany stamped paper sent the Department for redemption:

AARON, HERKIMER COUNTY, WYOMING, July 1, 1920.

The THIRD ASSISTANT POSTMASTER-GENERAL,
Division of Stamps,
Washington, D. C.

I mail you to-day, under registry No. 123, the following stamped paper for credit:

278 1-cent at postage value	$2.78	
144 2-cent at postage value	2.88	
		$5.66
Spoiled postal cards redeemed from the public —		
244 1-cent single at 75 per cent of face value	$1.83	
50 1-cent double at 75 per cent of face value	.75	
		2.58
Total credit claimed		$20.00

I hereby certify that none of the postage stamps has been redeemed from the public, and that all the envelopes and postal cards bearing printed return cards or addresses have been redeemed from original purchasers.

JOHN DOE, Postmaster.

189. **Postmark and signature.**—The postmark should be plainly stamped at the head of the letter, and the postmaster's name and title must be signed to it legibly.

190. **Packages.**— Each kind and denomination of stamp stock, except adhesive stamps, must be separated into packages of 25, 50 or 100, and the stamps impressed thereon arranged to uniformly cover one another. Postage stamps of different denominations must not be mixed.

191. **Full sheets.**— Postmasters should not tear stamps apart, but should, so far as practicable, forward them to the Department in full sheets.

192. **Mutilated stamps.**— More than one-half a stamp must be returned or no credit will be allowed therefor.

193. **Treatment of stuck stamps.**— Stamps that are stuck together should be separated by soaking in hot water.

194. **Treatment of separated stamps.**—When stamps are in less than full sheets they should be pasted carefully on sheets of paper, 100 stamps to a sheet, in ten regularly arranged rows of ten stamps each. Any stamps over the full sheets of 100 should be pasted on a separate sheet of paper in regularly arranged rows of ten stamps each. More than one denomination should not be pasted on a sheet.

195. **Time of shipment.**— Shipments should not be made to the Department oftener than once a quarter, and should be made at least thirty days prior to the end of the quarter, so that the credit

may be included in the same quarter. Large shipments should be made in cases or boxes, but not in mail pouches or sacks. Those received too late will be credited in the next quarter.

196. **Credits.**— Central-accounting and direct-accounting postmasters shall claim credit for the value of postage stamp stock returned to the Department for redemption, as shown in the list required by section 188, in item D of their quarterly stamp account on Form 3325 *for the quarter in which the stock was sent to the Department.*

197. **To replace redeemed stamped paper.**— Stamped paper will not be sent in exchange for that which is returned. Requisition must be made on the proper form for stock desired to replace that sent to the Department for credit.

POSTAL FUNDS.

CARE OF PUBLIC FUNDS AND PROPERTY.

1. **Must not loan or improperly deposit.**— Postmasters shall keep safely, without loaning, using, depositing in an unauthorized bank or exchanging for other funds, all the public money collected by them, or which may come into their possession, until it is ordered by the Postmaster-General to be transferred or paid out. The regulations relative to the care of public funds apply to money order and key deposit funds as well as postal funds.

2. **Funds and stamps to be kept in secure place.**— If the post office is not such a reasonably safe place as to warrant the postmaster in leaving his own funds in it at night, or if the building is unoccupied, all moneys and postage stamps should be removed to a place of greater security. During business hours money and postage stamps should be kept in places inaccessible to the public and concealed from view. When funds or postage stamps are left at night in offices unprovided with iron safes, they must be kept in strong drawers or other fixed receptacles which must be securely fastened with good locks. The doors and windows of the office should be made as secure as possible. See sections 360 and 361, P. L. & R.

3. **Cash funds kept separate.**— Postmasters must keep their various cash funds entirely separate from each other. See section 1228, P. L. & R.

4. **Cashing Government paper.**— Postmasters may cash with postal funds, Government paper of any kind (disbursing officers' checks, which includes disbursing postmasters' checks in payment for rural delivery service, pension checks, Post Office Department warrants, Postal Savings System checks and drafts, etc.), provided they are received from responsible persons whose endorsement thereon the postmaster guarantees and provided such paper will be accepted at par by the depositary to which the postmaster must remit it as surplus postal funds. See section 372, P. L. & R. When the payee of a check or warrant is not personally known, he may be required to establish his indentity to the satisfaction of the postmaster.

5. **Coupons of Liberty Loan Bonds.**— Under the regulations referred to in paragraph 4, postmasters should use *postal* funds to cash coupons of the Liberty Loan Bonds of the United States upon presentation at their offices. Postmasters may deposit such coupons in bank to their official credit or may include them in their regular remittances to accounting offices or depositories in settlement of *postal* balances due. When included in such remittances they should be forwarded by registered mail. It is not contemplated, however, that postmasters shall take over accumulations of such coupons from banks and other corporations or firms having ample facilities for their collection. Care also must be exercised to avoid the cashing of coupons that are not due.

6. **Foreign or mutilated coin.**— Postmasters should not accept foreign gold or silver coins as they are not legal tender in the United States; or perforated, mutilated or abraded coins; or mutilated paper currency; except fractional silver coins, worn by abrasion, which must be received so long as the superscription thereon can be distinguished. Sec. 333, P. L. & R.

7. **Legal tender of small coins.**— Five and one cent pieces, are legal tender to the amount of twenty-five cents and fractional silver up to ten dollars. Sec. 333, P. L. & R.

8. **Making change.**— Postmasters should provide themselves with a sufficient amount of minor coins and bills of small denomination to enable them to make change for purchases of stamped paper. When a postmaster is unable to make change the purchaser must tender the exact amount of the purchase. See section 333, P. L. & R.

9. **Key deposit funds.**— For information concerning the key deposit fund see sections 357, 358, 359, and 366, P. L. & R.

10. **Call and lock boxes.**— For information concerning call and lock boxes see sections 348 to 356 inclusive, P. L. & R.

CANCELLATION OF STAMPS IN RELATION TO THE COMPENSATION OF FOURTH-CLASS POSTMASTERS.

11. **When credit for cancellation is not allowed.**— Postmasters will not be allowed credit for the cancellation of stamps on matter not actually mailed at their offices, nor for the cancellation of stamps on matter diverted from other post offices, nor for the cancellation of stamps not defaced at the mailing office, nor for the cancellation of internal revenue stamps or special delivery stamps, nor for the cancellation of ordinary stamps when affixed to mail matter for the purpose of effecting special delivery, nor for the cancellation of the penalty clause on official envelopes. (Secs. 272 and 273 as amended, and 531 and 538, P. L. & R.)

12. **Third-class mailings.**— For instruction in regard to claiming credit for the cancellation of stamps on deposits made to cover the mailing of third-class matter see section 422, P. L. & R.

13. **Boxes at railway stations.**— Postmasters may for the convenience of the public erect boxes at railway stations for the reception of mail matter and cancel the stamps on said matter at the stations either personally or by sworn employee. See section 530, P. L. & R.

14. **Late mailings.**— When any mail matter is received too late to be put in the lock pouch, the postmaster or sworn assistant or clerk may, after postmarking and canceling the same, deliver it in person to the railway postal clerk. See section 568, P. L. & R.

15. **Diversion of mail.**— Postmasters must not solicit the mailing of matter at their offices by persons living or doing business within the delivery of another post office. Postmasters at post offices of the fourth class are hereby instructed not to claim credit for the cancellation of postage stamps on matter diverted from other post offices to their post offices for mailing, and they will report to the Department (Office of the Third Assistant Postmaster-General) all such cases coming to their knowledge. The report should show the amount of postage stamps canceled on such diverted matter and the names and addresses of the senders thereof. Violation of this regulation will be regarded as cause for removal. See section 531, P. L. & R.

16. **Solicitation.**— The penalty for soliciting the diversion of mail matter from an office where it should properly be dispatched to another, for the purpose of increasing the emoluments of the latter office, is a fine of not more than $500 or imprisonment for not more than two years or both. See section 1681, P. L. & R.

17. **False returns.**— In any case where the Postmaster-General shall be satisfied that a postmaster has made a false return of business it shall be within his discretion to withhold commissions on such returns and to allow any compensation that under the circumstances he may deem reasonable. See section 145, P. L. & R.

18. **Cooperation of central-accounting offices.**— It is very important that postmasters at central-accounting offices cooperate with the Department by reporting to the Third Assistant Postmaster-General, Division of Finance, all suspected cases of Diversion of mail and False Returns of Cancellations.

19. **Readjustment of account.**— Whenever an account has been closed it will be reopened by the Auditor and the balance due the Government after making the charges provided in the Postmaster-General's order will be collected in the usual manner. See section 145, P. L. & R.

20. **Penalty for making false returns.**— The penalty for making false returns of business by a postmaster or any other person employed in the postal service for the purpose of fraudulently increasing his compensation is a fine of not more than $500 or imprisonment not more than two years or both. See section 1681, P. L. & R.

FAILURE TO CANCEL POSTAGE STAMPS.

21. **Faulty cancellation.**— Postage stamps affixed to mail matter or the stamped envelopes in which mail is inclosed must be canceled by the postmaster at the mailing office with black canceling ink in such way that defacement of the stamps is complete, to prevent the cleaning and reuse of the canceled stamps. The postmaster at the office of delivery should be careful to cancel with the postmarking stamp of his office all stamps which have escaped cancellation at the office of mailing. He should obtain from the addressees when possible the envelopes bearing such stamps together with the names of the offices of dispatch and transmit them to the Third Assistant Postmaster-General, Division of Finance, with his report. See sections 538 and 539, P. L. & R.

22. **Only canceling ink furnished by the Department to be used.**— The failure to cancel postage stamps properly, whether due to carelessness on the part of a postmaster, or to the use of inferior canceling ink, results in serious losses to the Government. The revenues of the postal service must be protected by the proper cancellation of stamps with canceling ink furnished by the Department. No other ink for that purpose must be used. See sections 70, 539 and 542, P. L. & R.

DISBURSEMENT OF POSTAL FUNDS.

23. **Expenditures by postmaster.**— The salary of a postmaster, and such other expenses of the postal service authorized by law as may be incurred by him and for which appropriations have been made, may be deducted from the receipts of his office, under the direction of the Postmaster-General.

24. **Salary payments and transfer of funds.**— Postmasters must be prepared to pay salaries semi-monthly within three days (including Sundays and holidays) after the expiration of the fifteenth and last days of the month, except when both a Sunday and a holiday fall within said three days, in which event the period within which payments shall be made may be extended one day. Whenever the postal funds at an accounting office are not sufficient to make such payments transfers should be made from the money order to the postal account. If the available postal and money order funds combined are insufficient for this purpose, application for funds should be made on Form 3011 to the Third Assistant Postmaster-General, who will cause an accountable warrant to be issued for the sum needed. Form 3011 is furnished to disbursing postmasters only, and may be obtained upon requisition to the Third Assistant Postmaster-General. See sections 384 as amended and 1232, P. L. & R.

25. **Money order credit.**— Postmasters should not provide for deficiencies in postal receipts by negotiating drafts on their present money order credit with the postmaster at New York and transferring the proceeds to postal account. See section 1232, P. L. & R.

26. **Deceased employees.**— For instructions relative to making payments to representatives of deceased employees, in settlement of balances due as salary or otherwise, see section 389, P. L. & R.

27. **Payments during quarter.**— All authorized payments of whatever kind should be made in the quarter in which the expense occurs and the vouchers for such expenditures forwarded to the Auditor with the postal accounts for that quarter. See section 390, P. L. & R.

28. **Warrant payments.**— All payments for carrying the mails on star, steamboat, railroad, electric car, pneumatic tube, and special office routes, and for any temporary service that may be employed in connection with said routes, are made by warrants drawn on the United States Treasury. Postmasters should not pay for such service, and must not expect the Department to refund any money they may have erroneously paid for the carriage of the mails. The Department cannot pay postmasters for carrying the mails, neither can it allow postmasters credit in their quarterly accounts for money paid by them for such service. Payments will be made by warrant on the Treasury direct from the Department after the expiration of each month and as soon as accounts can be settled, if required evidence of service has been received. See section 1440, P. L. & R.

RULE FOR COMPUTING SALARIES OF EMPLOYEES IN THE POSTAL SERVICE.

29. **How calculated, salary tables.**— Section 4 of the Act of Congress, approved March 4, 1911, provides as follows:

"That after June thirtieth, nineteen hundred and eleven, where the salary or compensation of any employee in the postal service is at an annual or monthly rate, the following rules shall be followed in computing the amount due: An annual salary or compensation shall be divided into twelve equal installments, one of which shall be the pay for each calendar month; and in making payment for a fractional part of any calendar month there shall be paid such proportion of one of such installments, or of the amount of the monthly salary or compensation, as the number of days in the fractional part of that month bears to the actual number of days in that month." See section 202, P. L. & R.

In computing salaries based on annual rates of pay the following method will be observed:

To obtain the monthly rate of pay, divide the annual rate by twelve. If the monthly rate contains a fraction of one-third of a cent, it will be reckoned as a cent in paying salaries for the months of March, June, September and December, and disregarded for all other months. If the monthly rate contains a fraction of two-thirds of a cent, it will be reckoned as a cent in paying salaries for the months of February, March, May, June, August, September, November and December, and disregarded for all other months.

To obtain the daily rate of pay, first divide the annual rate by twelve. Then divide the resulting sum, including the fraction of the cent when it appears in the quotient, by the number of days in the month for which the salary is being paid. If the fraction in the last resulting sum amounts to a half-cent, or less, it will be disregarded. If the fraction is more than a half-cent, it will be reckoned as a cent.

In order to facilitate the work incident to payment of salaries of employees in the postal service, salary tables have been prepared and may be obtained from the Third Assistant Postmaster-General (Division of Finance) on request.

DEPOSIT OF SURPLUS POSTAL FUNDS.

30. **Depositary offices.**— Postmasters at central-accounting and direct-accounting offices will deposit their surplus postal funds with the postmaster in their State as indicated below.

State or Territory.	Depositary, postmaster at—	State or Territory.	Depositary, postmaster at—

Minnesota	St. Paul.	West Virginia	Wheeling.
Mississippi	Vicksburg.	Wisconsin	Milwaukee.
Missouri	St. Louis.	Wyoming	Cheyenne.
Montana	Helena.		

31. **When to deposit.**— For information in regard to the time and place for making regular deposits of surplus postal funds. See section 368, P. L. & R. as amended.

32. **Drafts permitted.**— Postmasters are permitted to remit their surplus postal funds by means of bank drafts, provided they can make satisfactory arrangements with their depositaries to accept them and that it be done at the risk and expense of remitting postmasters. See section 372, P. L. & R. Drafts should not be sent by registered mail.

33. **Private checks not accepted.**— The use of personal checks and the drafts of private banks, postage stamps, foreign coins or notes and mutilated coins for remitting postal funds is not permitted. See Sec. 372, P. L. & R.

34. **Quarterly postal accounts.**— Accounting postmasters should take credit in their quarterly accounts for postal deposits. Postal accounts must be rendered to the Auditor for the Post Office Department promptly at the close of each quarter. Certificates of deposit must be examined on receipt, and if any error is found therein, immediate notice should be sent to the depositary postmasters in order that the necessary correction may be made. See section 373, P. L. & R.

35. **Temporary deposits in banks.**— Any postmaster having public money belonging to the Government, at an office within a city or town where there is no Treasurer or Assistant Treasurer of the United States, or designated depositary, may deposit the same temporarily, at his own risk and in his official capacity, in any national or State bank in the State in which the said postmaster resides, or in which his office is located, or within a reasonable radius of his post office in an adjacent State, but no authority or permission is or shall be given for the payment to or receipt by a postmaster or any other person, of interest, directly or indirectly, on any deposit made as herein described. See section 363, P. L. & R.

36. **Deposits for safekeeping only.**— Any postmaster may, at his own risk and expense, place any public funds and property in his custody in any bank located in the town, city or county in which the postmaster resides, for safe-keeping; that is to say, such funds and property may be kept in a receptacle under the depositing postmaster's exclusive control, and the receptacle placed in a safe deposit vault of such bank, or otherwise entrusted to it for safe-keeping, at the risk and expense of the depositing postmaster. Under no circumstances may such funds or property specially deposited in any bank for safe-keeping be used by the bank or become a part of its assets, or be mingled with its regular deposits. Nothing in this section shall be so construed as to affect the claim of any postmaster to credit or reimbursement on account of loss resulting from burglary, fire or other unavoidable casualty. See section 364, P. L. & R.

37. **Deposits not to be sent to Department or to Auditor.**— Postal funds must not be sent to the Department nor to the Auditor. Neither the Post Office Department nor the Auditor for the Post Office Department is a depositary for postal funds, and remittances so sent may be returned at the depositing postmaster's risk of loss. See section 369, P. L. & R.

38. **War-Savings Stamps — War-Revenue (Internal Revenue) Stamps.**— In making remittances of funds derived from the sale of War Savings and Thrift Stamps, and War Revenue Stamps, care must be taken to designate the class of remittance, so that the depositary postmaster may give the proper receipt.

39. **Currency and coin.**— Remittances of surplus postal funds when in the form of currency, coin, paid War-Savings Stamps and Liberty Loan coupons, should be sent by registered mail, addressed to the postmaster at the post office designated as the depositary. See section 371, P. L. & R.

40. **Preparation of remittances.**— For instruction concerning the preparation, witnessing, description and registration of remittances, see sections 371 and 915, P. L. & R.

41. **Designation on envelope.**— When remitting postal funds to their depositaries postmasters are directed to mark on the envelope inclosing the same "Postal Funds" in order to distinguish them from all other funds, and to facilitate the handling of such remittances at the depositary offices.

42. **Counterfeit money.**— When any notes or coin included in a remittance are returned by the depositary, branded or marked as counterfeit, the postmaster will take credit for only the amount named in the certificate of deposit and immediately make an additional remittance to cover the amount due. No reimbursement will be made to postmasters for losses occasioned by the acceptance of counterfeit money. See section 117, P. L. & R.

BOX RENTS AND KEY DEPOSITS.

43. **Schedule.**— To provide an equitable rule for the collection of box rents the following schedule, based upon the kind and capacity of boxes and the gross receipts at post offices, has been adopted by the Department in the establishment and maintenance of box rent rates. Postmasters must not increase rates until authorized to do so by the Third Assistant Postmaster-General. See section 352, P. L. & R.

ACCOUNT OF RECEIPTS FROM BOX RENTS.

44. **Must account to Auditor.**— Postmasters at all offices, even where the box equipment is furnished by them, must account to the Auditor for the Post Office Department at the end of each quarter for the box rents collected for boxes assigned for that quarter, as part of the receipts of the office, and in case of retirement from office during a quarter, the exact amount of box rents collected only will be reported. Where different postmasters serve in the same quarter, the division between them of the box rents, which are a part of the compensation of the office, will be adjusted by the Auditor, and proper credits authorized. (See sec. 354, P. L. & R.)

FORFEITED KEY DEPOSITS.

45. **Use of key fund.**— Postmasters are instructed to replace, by expenditure from forfeiture funds, such a number of the keys found to be lost or withheld from delivery boxes, at a cost not to exceed 20 cents a key, as may be needed to keep the equipment serviceable and to furnish box renters with the number of keys for which they may apply, not to exceed three keys a box, and to record such expenditures promptly in the Box and Key Register (Form 1091½). The key redemption funds must not be used in replacing missing keys nor must any keys be replaced from forfeiture funds unless they are represented by forfeited key deposits in the custody of the postmaster. See section 358, P. L. & R.

46. **Expenditures.**— No postmaster will be permitted to expend from key funds any amount in payment of bills demanded for keys unless an itemized statement is presented with each bill, showing the number and kind of keys for which payment is demanded. See section 359, P. L. & R.

QUARTERLY NEWSPAPER AND PERIODICAL REPORTS.

47. **Statements to be sent to Third Assistant, Division of Classification.**— Postmasters should not send to the Auditor for the Post Office Department, with their quarterly postal accounts, the statement of postage at the pound rates collected in money on second-class matter mailed by publishers and news agents (Form 3551, Presidential, and Form 3551-a, fourth-class). These statements, together with the manifold copies of receipts given to publishers and news agents, should be forwarded promptly at the close of the quarter direct to the Third Assistant Postmaster-General, Division of Classification, in accordance with the provisions of section 392, P. L. & R.

ACCOUNTS TO BE RENDERED TO THE AUDITOR FOR THE POST OFFICE DEPARTMENT.

MONEY ORDER ACCOUNTS.

52. **Domestic Money Order Offices:**

A Monthly Money Order Account, Form 6010, shall be forwarded with all paid money orders and spoiled forms in envelope No. 44 or No. 80 immediately after the close of each month. Enter the amount of the authorized reserve, funds in transit, etc., in the spaces provided therefor. Remit all surplus funds to your designated depository and postmark and sign the account before mailing.

53. **International Money Order Offices:**

(a) *A Monthly Money Order Account,* Form 6011, accompanied with monthly lists of money orders issued and paid, Forms 6013 and 6014, shall be forwarded with all domestic paid money orders and spoiled forms in envelope No. 44 or No. 80 immediately after the close of each month. If a larger covering is required use one of those envelopes as an address label. Enter the amount of authorized reserve, funds in transit, orders held as cash, claims pending for loss, etc., in the spaces provided therefor. Remit all surplus funds to your designated depository and postmark and sign the account before mailing.

(b) *A Semi-Monthly List of International and Domestic-International Money Orders Paid,* Form 6014, shall be forwarded with the paid orders in a separate envelope No. 44 or No. 80 marked "INTERNATIONAL," immediately after the close of business on the 15th and last days of each month. The total of the domestic-internationals shall be included in the monthly recapitulation under the heading "Domestic Money Orders Paid and Repaid," while the total of the internationals shall be recapitulated under "International Money Orders Paid." Postmasters at the largest offices transmit daily or quarter-monthly lists of domestic paid money orders in accordance with special instructions.

POSTAL ACCOUNTS.

54. **Third and Fourth Class District Offices:**

A Quarterly Postal Account, Form 1545a, third class, or Form 1558, fourth class, shall be forwarded, with all supporting vouchers, to the central accounting postmaster immediately after the close of the quarters ending March 31st, June 30th, September 30th, and December 31st.

55. **Central Accounting Offices:**

The following accounts and vouchers shall be forwarded in one package not later than the 25th of the month following the close of the quarter:

1. Central-accounting postmaster's quarterly postal account.—Form 1545b.
2. All supporting vouchers pertaining to quarterly account including special delivery receipts or payroll.
3. District postmasters' quarterly postal accounts.
4. All supporting vouchers pertaining to district office accounts.
5. Quarterly Report of Stamp and Cash Transactions with District offices, Form 1545c.

56. **Direct Accounting Offices:**

A Quarterly Postal Account, Form 1545d, Presidential or Form 1545e fourth class, shall be forwarded, with all supporting vouchers immediately after the close of the quarters ending March 31st, June 30th, September 30th and December 31st. Place all vouchers and abstracts pertaining to the city delivery service in a special envelope, No. 79, marking thereon "City Delivery Service." Follow the same procedure with respect to abstracts, vouchers, and payrolls pertaining to the railway mail service, rural delivery service, and clerks and employees in post offices. Forward the account and supporting documents in one package.

57. **Money order reserve and funds in transit.**—Postmasters are instructed to enter the amount of their authorized reserve, funds in transit, orders held as cash, claims pending for loss, etc., on their monthly money order accounts, Form 6010 or 6011. All surplus money order funds in excess of the amount authorized to be retained shall be deposited each day, or as soon as the amount reaches $50.00. When an excessive balance results through the receipt of money order funds after the remittance for the last day of the month has been made the accumulated excess must be dispatched to the depositary by the first mail on the next business day. The amount thus remitted shall be entered on the account of the preceding day as funds in transit, indicating the date on which the funds were actually forwarded, as "July 1," "Aug. 1," "Sept. 1," etc. It is imperative that money order accounts be rendered immediately after the close of each month and all surplus funds deposited as indicated above. Postmasters having funds in transit at the close of a quarter shall hold their last money order account until the certificates of deposit are received in order that credit may be claimed in the same quarter in which the certificates are issued and dated.

An account shall not be held for that purpose for more than three days, and under no circumstances shall credit be taken in an account for a certificate issued in a subsequent quarter. Accounts shall not be held where it is manifest that the certificates to be issued will bear dates of a subsequent quarter. In such instances the amounts of the remittances shall be noted as funds in transit and included in the balance due the United States as cash on hand. In claiming credit for a money order remittance the date to be entered in the cash book shall be that on which the certificate is received except at the close of the quarter, when credit shall be claimed under date of the certificate itself. In the few cases where a certificate of deposit is received after the account has gone forward bearing date of the quarter just closed, credit shall be taken in the next monthly money order account.

POST OFFICE EMPLOYEES.

1. **Civil service examination; preparation of applicants.**— Under Executive Order dated October 13, 1905, no Government employee shall be concerned in any manner in the instruction of applicants for examination before the Civil Service Commission, under penalty of dismissal from the service.

2. **Probationary appointments of post office employees.**— The civil service act provides that there shall be a period of probation before any absolute appointment, and civil service Rule VII fixes the probationary period at six months.

3. **Probationary period begins.**— The six months' probationary period for every person appointed in the post office service shall begin on the date of appointment as a regular employee and not on the date of appointment as substitute.

BONDS OF ASSISTANT POSTMASTERS, EMPLOYEES AND CITY LETTER CARRIERS.

4. **Use of proper form.**— Form 1117 should be substituted for bonds of assistant postmasters, city letter carriers, and other employees in post offices as soon as the present supply of Forms 1536, 1537, 1652, 1654 and 1906 has been exhausted.

5. In the original bond furnished the effective date and roster title inserted must in every instance agree with the date and title previously reported to the Department.

The Department is now compelled to perform a large amount of clerical work which would be unnecessary if assistant postmasters and other postal employees were more careful in executing their bonds. In order to reduce this work to the minimum postmasters are instructed to carefully examine bonds of their employees to see that they are executed in accordance with the instructions printed on the bonds and in the Postal Guide. Compliance with instructions will make it unnecessary to return bonds to principals for correction.

Blanks for executing bonds of assistant postmasters, employees and carriers should not be supplied to surety companies or their representatives, and when such bonds are to be executed the necessary blank will be furnished the principal by the postmaster, who should obtain the necessary supply from the Fourth Assistant (Division of Equipment and Supplies).

6. **In force until renewed.**— Bonds executed on the forms above mentioned, when accepted by the Department, will, unless the employee is transferred to another branch of the service, remain in force until another bond is furnished by direction of the Department or at the request of the clerk or carrier concerned or of the surety.

7. **Amount of bond.**— The bonds of assistant postmasters and cashiers may be fixed in any sum from $1,000 to 25 per cent of the bond of the postmaster, but in no case will a bond for a sum less than $1,000 be accepted. Carriers' and substitute carriers' bonds must be executed in the sum of $1,000. The amount of bond of other employees in first and second class offices may be fixed by the postmaster in accordance with the financial responsibility of the employee, but in no case will a bond for less than $1,000 be accepted. In fixing the amount of the bonds of other employees, postmasters will be guided by the following schedule:

Assistant cashier	$1,000 to $20,000	Finance clerk	$2,000 to $20,000
Assistant superintendent of delivery	1,000 to 2,000	Foreman	1,000 to 10,000
Assistant superintendent of mails	1,000 to 2,000	Laborer	1,000 to 2,000
Assistant superintendent of money orders	2,000 to 15,000	Messenger	1,000 to 2,000
Assistant superintendent of registry	1,000 to 10,000	Stenographer	1,000 to 10,000
Assistant superintendent of station	1,000 to 10,000	Superintendent of carriers	1,000 to 2,000
Auditor	1,000 to 2,000	Superintendent of delivery	1,000 to 2,000
Bookkeeper	1,000 to 2,000	Superintendent of inquiry	1,000 to 2,000
Chief mailing clerk	1,000 to 2,000	Superintendent of mails	1,000 to 15,000
Chief stamp clerk	1,000 to 20,000	Superintendent of money orders	2,000 to 40,000
Clerk	1,000 to 15,000	Superintendent of registry	2,000 to 20,000
Clerk in charge of station	1,000 to 10,000	Superintendent of second-class matter	1,000 to 5,000
Examiner of stations	1,000 to 2,000	Superintendent of station	1,000 to 20,000
		Watchman	1,000 to 2,000
		Substitute clerk	1,000 to 5,000

8. **Official designations.**— It should be noted that the designations above mentioned include all that are now used for employees at first and second-class post offices other than carriers, the titles "stamper," "distributer," etc., having been abolished.

9. **Rural service.**— For bonds of rural carriers and substitute rural carriers see section 723, Postal Laws and Regulations.

American Indemnity Company, Galveston.

AUTHORITY FOR EXPENDITURES FOR CLERICAL AND CARRIER SERVICE.

11. **Authorized expenditures.**— Postmasters may not expend money for clerk or carrier hire without obtaining in advance specific authority from the Department, except—

(*a*) For substitutes for clerks and carriers absent without pay. (See page 62.)

(*b*) For substitutes for clerks and carriers absent on civil service duty or in attendance as witnesses for the Government before a United States Court, for which purposes expenditures may be made at the rate of 60 cents an hour to the extent absolutely necessary, the amounts being reported to the First Assistant Postmaster General, Division of Post Office Service, promptly at the end of each quarter on Form 1525 so that allowances to cover the expenditures may be certified to the Auditor. On the vouchers sent to the Auditor credit for payments should be claimed on line 1 reading "Auxiliary and Temporary," Form 1622-a being used for clerks and Form 1662-a for carriers.

(*c*) For overtime of regular employees. (See page 61.)

12. **Unauthorized expenditures.**— Great care should be exercised ***to make no expenditure without authority,*** as credit for unauthorized expenditures will not be allowed by the Auditor. In cases of emergency, allowances may be requested by telegraph.

13. **Vouchers.**— Care should also be used to take receipts on the proper voucher and to enter the expenditures in the proper place thereon. Every allowance letter will contain explicit instructions for claiming credit, which should be exactly followed.

14. **Quarterly report of expenditures.**— On July 1, October 1, January 1, and April 1, of each year, postmasters should forward to the Division of Post Office Service, a report on Form 1525 of expenditures during the preceding three months for clerical service, and on Form 1809, a similar report for carrier service. These reports should always include the business of the entire quarter, even though a change of postmasters occurred during that period.

PAYMENT OF SALARIES.

15. **Salary receipts.**— Receipts for payments of salary to post office employees must not be taken before the payments are actually made. The pay-rolls or other receipt forms must be fully made out in ink before they are signed, and the exact amount paid to each employee must be entered thereon. This applies to semi-monthly rolls as well as to quarterly vouchers submitted to the Auditor.

16. **Semi-monthly payments.**— Paragraph 8 of section 384, Postal Laws and Regulations, reads as follows: "8. Postmasters shall be prepared to pay salaries semi-monthly within three days (including Sundays and holidays) after the expiration of the fifteenth and last days of the month,

except when both a Sunday and a holiday fall within said three days, in which event the period within which payments shall be made may be extended one day. When the postal funds of the office are not sufficient to make such payments transfers should be made from the money-order to the postal account. If the available postal and money-order funds combined are insufficient for this purpose, application should be made on Form 3011 to the Third Assistant Postmaster-General, who will cause an accountable warrant to be issued for the sum needed. Form 3011 may be obtained upon requisition to the Third Assistant Postmaster-General." (See sec. 382, P. L. and R.— Note.)

COMPENSATION OF REGULAR CLERKS AND CITY CARRIERS.

17. **Salary tables.**— All payments of salaries to regular clerks, city carriers and other postal employees receiving salary or compensation at an annual or monthly rate shall be computed in accordance with the rule stated in paragraph 29 on page 54. Salary Tables prepared in accordance with this rule may be secured in pamphlet form upon application to the Fourth Assistant Postmaster-General (Division of Equipment and Supplies).

18. **Full service.**— For each full calendar month's service a clerk or carrier is entitled to one-twelfth of his annual salary. For absence without pay during any full calendar month he loses one-twelfth of his annual salary. When a clerk or carrier is absent during an entire month that fact should be stated in the quarterly voucher.

19. **Part service.**— A clerk or a carrier appointed to or separated from the service during a month is entitled for each day's service to one-twenty-eighth, one-twenty-ninth, one-thirtieth, or one-thirty-first of the monthly compensation according to the number of days in the month in which the work is performed.

20. **Deductions for absence.**— For each day's absence without pay on the part of a regular clerk or carrier a deduction of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first should be made from the monthly compensation according to the number of days in the month in which the absence occurred. (See par. 51, page 65.)

21. **Absent part of a day.**— Absence without pay of regular clerks and carriers for part of a day should be recorded in hours and fractions thereof, an hour being equivalent to one-eighth of a day. At the end of the pay period the recorded absences should be added and deduction made for the nearest whole number of hours, thirty minutes or more being regarded as one hour and less than thirty minutes being ignored. Clerks should not be excused for fractions of an hour unless absolutely necessary.

22. **8-in-10 hour law; overtime; compensatory time.**— Sections 311 and 700, Postal Laws and Regulations, embody the law limiting the hours of service of city letter carriers, clerks and special clerks at first and second class post offices; payment for overtime service of city letter carriers and clerks, special clerks, watchmen, messengers and laborers at first and second class post offices; and compensatory time for service rendered on Sundays and holidays by city letter carriers, clerks, special clerks, foremen, watchmen, messengers, and laborers at first and second class post offices.

(*a*) City letter carriers, clerks, special clerks, watchmen, messengers and laborers are not entitled to pay for overtime unless they perform service in excess of eight hours a day, regardless of the period in which the service is performed. For example, a clerk who works eight hours or less on any day is not entitled to additional pay even though a part of such service is performed after the ten-hour limit has expired. However, postmasters are enjoined to observe the law strictly and to arrange schedules requiring eight hours daily service within ten consecutive hours. Whenever, for any reason, it is necessary to have a clerk, special clerk or carrier report for a tour of duty at a later hour than that fixed by his schedule, he may be given a "swing" provided his eight hours of daily service shall still be within a ten-hour period.

(*b*) If a city letter carrier, clerk or special clerk covers his regular tour of duty and performs the service required of him, he is entitled to a full day's pay even though he may have been engaged less than eight hours on his work, and for overtime he is entitled to pay in proportion to his salary. Hereafter whenever practicable in case of emergency or otherwise if a substitute is available the postmaster is prohibited from employing a regular clerk overtime.

(*c*) Overtime must be reported at the end of each quarter to the Department on Form 1809 for carriers and Form 1525 for clerks, special clerks, watchmen, messengers and laborers under the heading "Overtime." Payments on Form 1525 should be itemized as follows: (1) The amount paid regular clerks and special clerks for service in excess of eight hours a day, and (2) the amount paid laborers, watchmen and messengers for service in excess of eight hours a day. Payments for such service must be reported to the Auditor on Form 1501-b for carriers, and Form 1500-b for regular clerks, special clerks, foremen, and Form 1623 for watchmen, messengers and laborers. The number of days and eighths of days made during each month of the quarter must be noted as indicated on the voucher. Postmasters are not required to secure an allowance from the Department to cover such payments.

(*d*) Regular carriers and clerks and special clerks must not be employed overtime in place of regular employees absent without pay or on leave of absence with pay; substitutes should be employed for such work if available. When there are no substitutes available and no eligibles on the register who will accept appointment for the service required, postmasters are authorized to

nominate any suitable persons between the ages of eighteen and forty-five for appointment as temporary substitute carriers or temporary substitute clerks, such nominations to be made on Form 1531 and forwarded in the usual manner to the District Civil Service Secretary for indorsement and transmission to the Department.

(*e*) **Compensatory time** must be granted to city letter carriers, clerks, special clerks, foremen, watchmen, and laborers at first and second class post offices, for all service performed by them on Sundays and the holidays enumerated in Sections 311 and 700, Postal Laws and Regulations. Compensatory time for Sunday service must be given on *one* of the six following days and compensatory time for holiday service must be given on *one* of the thirty following days. Compensatory time must not be distributed over two or more days.

(*f*) The restrictions in the law above referred to do not apply to substitutes as they are paid by the hour for the time actually employed. When substitute clerks are not available substitute carriers may perform any kind of substitute clerk service and similarly substitute clerks may perform any kind of substitute carrier service, but care must be used to see that payment is made from the proper allowance.

COMPENSATION FOR TEMPORARY AND SUBSTITUTE SERVICE.

23. All service performed by substitute clerks and carriers for auxiliary purposes, in place of carriers, assistant postmasters, supervisory officials, special clerks, regular clerks and laborers, shall be paid for at the rate of 60 cents an hour. A substitute serving for a clerk or carrier injured while in the performance of duty shall be paid at the rate of 60 cents an hour for actual service performed during the first three days of the injured employee's absence, the payment to be charged to the lapsed salary of the injured employee; thereafter, during the period of injury, the substitute shall be paid at the rate of 60 cents an hour and payment charged to an allowance for temporary service which will be granted upon receipt of request from the postmaster. In making payments observe carefully the following instructions:

24. **Computing time.**— Enter in each substitute's service record (Form 1592 or 1593) the exact length of time, in hours and minutes, during which he actually serves every day, whether Sunday, holiday, or working day. At the end of each half month find, by adding such entries, his total time of service during that period, and pay him for the nearest whole number of hours, counting a fraction of an hour amounting to 30 minutes or more as one hour and ignoring a fraction amounting to less than 30 minutes. Thus, for 29 hours and 30 minutes pay for 30 hours; for 29 hours and 29 minutes pay for 29 hours. Substitute clerks should not be employed for fractions of hours unless absolutely necessary. A specific allowance to cover such service must be secured in advance.

SUBSTITUTES FOR POSTMASTERS AND ASSISTANT POSTMASTERS.

25. A substitute for a postmaster while absent with or without pay must be paid at the rate of 60 cents an hour out of the appropriation for auxiliary clerk hire. Postmasters must secure a specific allowance in advance of expenditures for that purpose.

(a) A substitute for an assistant postmaster who is absent without pay can not be paid from the lapsed salary of the assistant postmaster, such salary reverting to the Department. When necessary, the Department will authorize the employment of a substitute clerk at the rate of 60 cents an hour in place of an assistant postmaster while absent without pay and postmasters are required to secure a specific allowance out of the appropriation for auxiliary clerk hire in advance of expenditures for such service. Payments for that purpose must be entered in the space for temporary clerk hire on Form 1622-A.

SUBSTITUTES FOR EMPLOYEES ABSENT WITHOUT PAY.

26. **Use of lapsed salaries.**—Without specific authority from the Department postmasters may utilize the amounts deducted during each quarter from the salaries of regular clerks absent without pay for the employment of substitutes for such clerks, at the rate of 60 cents an hour. The same procedure is authorized in the case of city letter carriers. If the amount of the deductions is not sufficient to cover the cost of employment of substitutes at 60 cents an hour during any quarter, the postmaster may utilize any unexpended balance in the lapsed salary fund that may have accrued during previous quarters of the same fiscal year. However, this course is permissible only for the purpose of employing substitutes for employees absent without pay and is authorized to provide for a contingency in which the lapsed salary of the absent employee is not sufficient to cover the cost of employing a substitute in his place. Lapsed salaries of regular clerks and carriers must not be used in payment for auxiliary or temporary service unless such service is due to the absence of regular employees, nor used for the employment of substitutes for clerks or carriers on leave with pay. When an interval occurs between the separation of a clerk or carrier and the appointment of a successor the salary for the position reverts to the Department and cannot be used for substitute service. When an employee is granted indefinite leave of absence without pay on account

of military service the salary for the position reverts to the Department until the employee returns to duty and can not be used to employ a substitute pending the appointment of an additional clerk in his place. A specific allowance must be secured for temporary service at 60 cents an hour to cover such service.

27. **Supplemental allowances.**— If the reports required by paragraph 14 show that the amount deducted in any quarter from the salaries of regular clerks or carriers plus any unexpended balance brought forward from the preceding quarters of the same fiscal year prove insufficient to pay for necessary substitute service at the rate of 60 cents an hour, the difference will be authorized so that the Auditor may pass the accounts. It is not necessary to ask by letter for such allowances but the reports on Form 1525 and Form 1809 must be made as required by instructions in paragraph 14.

28. **Charge expenditure to proper allowance.**— It should be borne in mind that allowances for clerical service and allowances for carrier service are granted out of separate appropriations. Care should be exercised to use each allowance for the object for which it was granted, and on the vouchers sent to the Auditor, to enter the amount expended on the proper line, number 1 for auxiliary service, 2 for vacation service, or 3 for service vice regular employees absent without pay.

SUBSTITUTES FOR LABORERS ABSENT WITHOUT PAY.

29. **Method of employment.**— If a regular laborer is absent without pay and it is necessary to fill the vacancy, the postmaster is authorized to select any one eligible for appointment to serve at the same salary as the regular laborer during such laborer's absence. The name of the substitute, the number of days he served, and the name and salary of the employee for whom he served should be reported at the end of the quarter to the Auditor, who will be authorized to allow credit for his salary for the time during which he served. He should sign the regular voucher (Form 1623-a.)

PROMOTIONS, REDUCTIONS, AND TRANSFERS.

30. **Recommendations.**— Thirty days before the end of each quarter recommendations should be submitted either for or against the promotion of every clerk or carrier who at the end of the quarter will have completed a year's service in any of the grades from $1,400 to $1,700 inclusive. Recommendations for the promotion of clerks and carriers should be submitted on Form 1530, in triplicate. Recommendations that promotion be withheld from clerks and carriers should be submitted on Form 1534 in duplicate. Recommendations concerning clerks should be submitted on one set of forms and recommendations concerning carriers on another set of forms. The names of both clerks and carriers should not be submitted on the same form.

31. **When absent without pay.**— The automatic promotion of clerks and city carriers, first and second class post offices, will not be withheld or deferred for absence on account of illness. However, absence without pay for any cause other than the personal illness of the employee concerned will continue to affect adversely his efficiency record and will result in deferring his promotion. When absent for ninety days or more during the year following his appointment or his last promotion, he should not be recommended for further promotion until the completion of another quarter's service; after he has been absent one hundred and eighty days or more, he should not be recommended for promotion until the completion of two more quarters' service; after two hundred and seventy days or more, not until the completion of three more quarters' service.

32. **When reduced or promotion is withheld.**— A clerk or carrier failing of promotion must remain in the same grade for two quarters (six months) longer before becoming eligible for promotion. A clerk or carrier who is reduced to a lower grade may be restored to his former salary (or partially restored if he has been reduced more than one grade) at the beginning of the next quarter or of any quarter thereafter.

33. **Seeking outside influence is forbidden.**— No recommendation for the promotion of any employee in the classified service shall be considered, except it be made by the officer or officers under whose supervision or control such employee is serving; and such recommendation by any other person with the knowledge and consent of the employee shall be sufficient cause for debarring him from the promotion proposed, and a repetition of the offense shall be sufficient cause for removing him from the service.

34. **Transfers between clerical and carrier force.**— Transfers from the clerical to the carrier force and the reverse, and from one office to another, are made only on the recommendation of the postmasters affected. All questions of transfer should therefore be taken up directly with such postmasters.

35. **Time credits on transfers.**— An employee transferred from clerk to carrier or vice versa, or from one office to another should receive full credit for his service before the transfer.

36. **Mutual exchange.**— A carrier must pass a case examination to be eligible for transfer to clerk. Recommendations for the transfer of a clerk to the carrier force and the reverse, should include a statement as to whether each applicant is physically able and otherwise qualified to perform the duties of the position to which he is to be assigned and whether the carrier has passed a creditable case examination on general scheme within the year next preceding the date of application for transfer, giving the date on which the examination was taken and the rating

attained. Recommendations for transfers and mutual exchanges should be submitted to the First Assistant Postmaster-General on the proper form in quadruplicate, accompanied by the written application of each employee affected. For mutual exchanges use Form 1533 in quadruplicate; for transfer from the clerical to the carrier force, and for transfer from the carrier to the clerical force use Form 1532 (in quadruplicate).

37. **Transfer of regular to substitute.**—The ruling of the Civil Service Commission regarding transfers between the substitute clerk and the substitute carrier force is as follows:

"Transfers [of regular employees] to the substitute force of a post office . . . may be made to any position on the substitute list. A substitute transferred from one post office to another shall go to the foot of the substitute list.

38. **Transfer of substitutes.**—"The transfer of a substitute within a post office from the clerk to the carrier substitute force, or vice versa, may not be made except to the foot of the substitute roll: Provided, That a mutual exchange of positions between a substitute clerk and a substitute carrier may be made, but not to any higher position on the substitute roll than that to which each would have been entitled if his original appointment had been to the roll to which transferred: And provided further, That when a substitute is transferred from the clerk to the carrier roll, or vice versa, and afterwards retransferred to the roll upon which his name originally appeared, then his name shall be entered upon such roll in the order of his original appointment."

39. **Substitute appointed regular.**—A substitute clerk can not be appointed directly to the position of regular carrier nor a substitute carrier directly to the position of regular clerk.

40. **Transfers of substitutes — Forms to use.**—Transfers from substitute clerk to substitute carrier, or vice versa, and the mutual exchange of positions between these employees should be reported on Form 1533, in quadruplicate, accompanied by the written request of each for such transfer or exchange.

41. **Unlawful to give consideration for an exchange of position.**—Clerks, letter carriers and employees of post offices are warned that it is unlawful to give or receive payment, directly or indirectly, to effect an exchange of positions in the same or different post offices, or any place in the public service, the offense being punishable by fine and imprisonment in accordance with the provisions of section 112 of the Penal Code, which reads:

"Whoever, being elected or appointed a Member of or Delegate to Congress, or a Resident Commissioner, shall, after his election or appointment and either before or after he has qualified, and during his continuance in office, or being an officer or agent of the United States, shall directly or indirectly take, receive, or agree to receive, from any person, any money, property, or other valuable consideration whatever, for procuring, or aiding to procure, any contract, appointive office, or place, from the United States or from any officer or department thereof, for any person whatever, or for giving any such contract, appointive office, or place to any person whomsoever; or whoever, directly or indirectly, shall offer, or agree to give, or shall give, or bestow, any money, property, or other valuable consideration whatever, for the procuring, or aiding to procure, any such contract, appointive office, or place, shall be fined not more than ten thousand dollars and imprisoned not more than two years; and shall, moreover, be disqualified from holding any office of honor, profit, or trust under the Government of the United States. Any such contract or agreement may, at the option of the President, be declared void."

FILLING OF VACANCIES IN CLERICAL AND CITY CARRIER FORCES.

42. **Changes may be recommended.**—When a vacancy occurs in the post office force, whether caused by an employee's separation from the service, promotion, or reduction, changes may be recommended as follows:

43. **Vacancies in positions above the highest grade of clerks.**—When a vacancy occurs in a position above the highest grade of clerks (that is, a position paying more than $1,800 a year), the postmaster may recommend the promotion to such position of an employee occupying any other position above the highest grade of clerks (that is, the $1,800 grade), or the promotion of a clerk of the highest grade in the office concerned, provided that such clerk has served satisfactorily during the preceding year. Such changes may take effect on any day following the date on which the vacancy occurs, and should be submitted on Form 1532 (in triplicate).

44. **Vacancies in clerk and carrier grades.**—A vacancy in the clerical or carrier grades (that is, $1,400 to $1,800) may be filled by the appointment of a clerk or carrier at $1,400, except when the Department authorizes the postmaster to fill it by reinstatement or transfer. Appointments may take effect on the day following the date on which the vacancy occurs, and should be reported on Form 1532 (in triplicate).

45. **Vacancies in mechanical and subclerical positions.**—A vacancy in a mechanical or subclerical position (mechanics, printers, laborer, etc.) may be filled, as heretofore, by promotion or by appointment, the changes to take effect on any day following the date on which the vacancy occurs, and reported on Form 1532 (in triplicate).

46. **Forms to be used.**—In reporting the choice of substitute clerks and substitute carriers from the Civil Service register use Form 1531. In recommending the promotion of employees in the higher positions (above $1,800), the appointment of regular clerks or regular carriers at $1,400, transfers to the clerical or carrier force, and mutual exchange in positions between clerks and carriers, use Form 1533. All recommendations should be submitted in triplicate except recommendations for transfers between the clerical and carrier forces, which should be in quadruplicate. Do not use the forms above mentioned in recommending the promotion of clerks or carriers in the grades from $1,400 to $1,700. (See paragraph 30.)

TRANSFERS FROM OTHER SERVICES AND REINSTATEMENTS.

47. **Form of recommendation.**— Recommendations for reinstatement must be made in triplicate on Form 1532 and should be accompanied by a statement showing that the person whose reinstatement is sought has not two or more members of his family already in the competitive classified service, the reasons for resigning from the service, and whether he intends to remain in the service if reinstated.

(a) Recommendations for transfers from other branches of the service and for reinstatement should be submitted to the Department as far as possible in advance of the date on which it is desired that they shall become effective in order that the matter may be taken up with the other bureaus concerned and with the Civil Service Commission, and this bureau be in a position to advise you of the final approval of such reinstatement or transfer on or before that date, or as soon thereafter as practicable. Under no circumstances, however, must such changes be put into effect prior to the receipt of specific authorization. If such authorization is not received on or before the date it was originally desired to effect the change, service must be maintained by the employment of regular or temporary substitutes pending final action.

LEAVE OF ABSENCE FOR CLERKS AND CITY CARRIERS IN FIRST AND SECOND CLASS OFFICES.

48. **With pay.**— Clerks and city letter carriers should be granted vacation with pay at the rate of one and one-quarter days for each full month's service during the remainder of the fiscal year in which they are appointed. During each succeeding fiscal year they should be granted fifteen days leave with pay, exclusive of Sundays and holidays, at such time as their services can be most conveniently spared. An employee who is separated from the service in any other manner than by removal for cause is entitled to vacation only at the rate of one and one-quarter days for each full month of service during the fiscal year in which his separation occurs, and if he has at the time of his separation been granted leave for that fiscal year in excess of this amount, he should be required to refund the amount paid him for this excess vacation or the amount of over-payment should be deducted from the last salary due. An employee who is removed from the service for cause forfeits all right to any vacation to which he would otherwise be entitled at the time.

49. **Sundays and holidays occurring during vacation.**— Postmasters are not authorized to require clerks and carriers to return to work on Sundays and holidays during their vacations and should not endeavor to assign vacations so as to exclude Sundays and holidays, but should give as many of their employees as possible the full benefit of the Act of Congress providing that Sundays and holidays shall not be included in leave of absence with pay. The privilege of taking vacations that include holidays should be given to different employees in rotation so as to avoid any complaint of injustice.

50. **Sundays or holidays at beginning or end of period of leave without pay.**— Clerks and carriers will be paid for Sundays or holidays occurring *at the beginning or end* of a period of absence without pay unless scheduled to work on such days; but not for Sundays and holidays occurring *within* the period of absence, whether scheduled to work on such days or not.

51. **Leave without pay.**— In accordance with the act approved July 28, 1916 (Post Office Appropriation Act, fiscal year 1917), the services of postal employees cannot be discontinued for absence on account of illness for a period less than one year. Postmasters may, without specific approval from the Department, upon written application from an employee of their office, accompanied by proper physician's certificate, grant leave without pay on account of personal illness of the employee concerned in thirty-day periods for a total of not to exceed one year's continuous absence. In view of the foregoing, it has been decided to discontinue the use of Form 1590 for reporting the absence without pay on account of illness or injury. When an employee has been continuously absent for three months or longer his return to duty for a period of less than thirty days will not be considered as breaking the period of his continuous absence. Each new application should be accompanied by physician's certificate. At the expiration of one year's continuous absence the employee should be dropped without prejudice and a report of his separation forwarded on Form 1532, in triplicate.

(a) Postmasters may also grant clerks and city carriers leave without pay for a day or two at a time on account of the serious illness of some member of their families and for urgent business or personal reasons, but for a total of not to exceed thirty days in the case of any employee during any fiscal year. Applications for leave in excess of this amount should be referred to the Department with a full statement of the facts. Under no circumstances must an employee be allowed to start on his leave until formal approval has been received from this bureau.

52. **Service in National Guard.**— In order that the Department's attitude towards the enlistment of postal employees in the National Guard may be definitely understood, the following order has been issued:

"ORDERED, That leaves of absence without pay, in addition to the leave of absence with pay authorized by law, will be granted to postal employees who are members of the national guard when called upon to perform military duty by competent authority."

The Department believes that the national guard should be encouraged in every way and that it is feasible for postmasters to arrange the duties of employees so that leaves of absence to perform military duty may be granted without detriment to the service. In cases of emergency, where the entire guard is called out and to grant leaves of absence to all of the employees of the

post office who are members of the national guard would seriously embarrass the postal service, it is believed that, upon proper representations by the postmasters, commanding officers will relieve from duty those employees whose services are imperatively needed in post office work.

EFFICIENCY AND DISCIPLINE OF CLERKS AND CITY CARRIERS IN FIRST AND SECOND CLASS OFFICES.

53. **Record of efficiency.**— Postmasters at first and second-class offices are required to keep a record of the efficiency of their clerks and carriers in accordance with the instructions issued by the Department under date of September 25, 1914, copies of which can be obtained from the Fourth Assistant Postmaster-General (Division of Equipment and Supplies). Failure to keep this record will be noted as an irregularity against the record of the postmaster.

54. **Case examinations.**— Clerks in first class post offices who at any time are required to make up mail for dispatch, as well as clerks whose time is principally devoted to such work, shall pass a case examination on general scheme at least once each year, attaining a rating of not less than ninety-five per cent and throwing correctly not less than sixteen cards per minute. All clerks and the assistant postmaster in second-class offices shall pass a case examination on general scheme at least once each year, attaining a rating of not less than ninety-five per cent and throwing correctly not less than sixteen cards per minute. In offices having a superintendent of mails, the examination will be given by that officer; at other offices the postmaster should arrange for these examinations with the Superintendent, Railway Mail Service, of the division in which the post office is located. (See Sec. 309, P. L. & R. as amended.)

(*a*) Clerks whose duties require them to distribute incoming mail shall take examinations on schemes of local distribution, prepared under the direction of the postmaster. A sample of such a scheme may be secured by postmasters upon application to the First Assistant Postmaster General, Division of Post Office Service.

(*b*) Clerks handling mail will not be promoted unless they have successfully passed the required examination. They should also be frequently questioned concerning the proper route on which mails are dispatched from their office and the orders given for making up mail.

55. **Removals and reductions.**— The practice of fining or temporarily suspending clerks and letter carriers without pay for purposes of discipline has been discontinued. However, in the event that an employee has been guilty of a criminal act, or any act of such a serious nature as to render immediate suspension imperative, he may be suspended from duty without pay pending final action in the case. Authority for such suspension must be requested by telegram, to be followed promptly by a letter stating the facts in detail. (See Sections 305 and 704, Postal Laws and Regulations.)

(a) When a clerk or carrier is guilty of serious misconduct or his low efficiency rating requires it, he may be reduced in salary one or more grades.

(b) Postmasters should require clerks and city carriers to submit their resignations two weeks in advance of the day such resignations become effective, not including vacations with pay to which they are entitled prior to the date the resignation becomes effective. Postmasters' attention is called to the note to Civil Service Rule V, which reads as follows:

"The Commission would recognize the removal of an employee who resigned without due notice, to the embarrassment of the service, as a removal for delinquency or misconduct, which, under the regulations, would bar him from examination or reinstatement for one year."

Should employees refuse to give the notice above required, charges should be preferred against them with a view to their removal from the service.

(c) Reductions or removals may be made only after written charges have been preferred in accordance with the requirements of section 6 of the Act approved August 24, 1912, which reads:

"SEC. 6. That no person in the classified civil service of the United States shall be removed therefrom except for such cause as will promote the efficiency of said service and for reasons given in writing, and the person whose removal is sought shall have notice of the same and of any charges preferred against him, and be furnished with a copy thereof, and also be allowed a reasonable time for personally answering the same in writing; and affidavits in support thereof; but no examination of witnesses nor any trial or hearing shall be required except in the discretion of the officer making the removal; and copies of charges, notice of hearing, answer, reasons for removal, and of the order of removal shall be made a part of the records of the proper department or office, as shall also the reasons for reduction in rank or compensation; and copies of the same shall be furnished to the person affected upon request, and the Civil Service Commission also shall, upon request, be furnished copies of the same: *Provided, however,* That membership in any society, association, club, or other form of organization of postal employees not affiliated with any outside organization imposing an obligation or duty upon them to engage in any strike, or proposing to assist them in any strike, against the United States, having for its objects, among other things, improvements in the condition of labor of its members, including hours of labor and compensation therefor and leave of absence, by any person or groups of persons in said postal service, or the presenting by any such person or groups of persons of any grievance or grievances to the Congress or any Member thereof shall not constitute or be cause for reduction in rank or compensation or removal of such person or groups of persons from said service. The right of persons employed in the civil service of the United States, either individually or collectively, to petition Congress, or any Member thereof, or to furnish information to either House of Congress, or to any committee or member thereof, shall not be denied or interfered with." (See section 29, P. L. & R.)

INJURED EMPLOYEES.

56. The United States Employees' Compensation Commission, 1730 D Street, N. W., Washington, D. C., is distributing through the Superintendent of Documents a new edition, revised to October 15, 1919, of the "Regulations Concerning Duties of Employees, Official Superiors, Medical Officers, and Others, Under the Federal Compensation Act of September 7, 1916."

(a) The Commission requests the Department to notify all postmasters that they should each receive a copy of this pamphlet, only one copy to be furnished to the smaller officer, whereas from ten to twenty-five would be furnished the larger post offices. Postmasters who have not received a copy of the revised regulations should request a copy from the United States Employees' Compensation Commission. Communications relative to this matter should not be addressed to the Post Office Department.

GOVERNMENT EMPLOYEES GUILTY OF EXTORTION.

57. **Punishment for.**— " * * * Every officer, clerk, agent, or employee of the United States, and every person representing himself to be or assuming to act as such officer, clerk, agent, or employee, who is guilty of extortion under color of his office, clerkship, agency, or employment, and every person who shall attempt any act which if performed would make him guilty of such extortion, shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or by both such fine and imprisonment, except those officers or agents of the United States otherwise differently and specially provided for in the subsequent sections of this chapter." (Act of Congress approved June 28, 1906.)

COMPENSATION OF NOTARIES PUBLIC WHO ARE GOVERNMENT EMPLOYEES.

58. **Notarial service during office hours.**— No officer, clerk, or employee in the Executive service of the Government (except postmasters at offices of the fourth class and rural carriers), who is also a notary public, shall charge or receive any compensation whatever for performing any notarial act for an officer, clerk, or employee of the Government in his official capacity, or for any person when, in the case of such person, the act is performed during the hours of such notary's service to the Government. Disobedience of this order shall be ground for immediate dismissal from the service. The order does not apply to oaths of disinterestedness or other oaths required to be made by law, provided that the work in connection therewith is not performed during office hours. (See sec. 156. P. L. & R.)

RURAL CARRIERS.

ANNUAL LEAVE AND COMPUTATION OF PAY

1. **Leave with pay.**— Rural carriers shall be granted 15 days leave of absence with pay, exclusive of Sundays and holidays. The 15 days leave to be credited at the rate of 1¼ days for each month of actual service. Any unused portion of annual leave cannot be allowed during any subsequent fiscal year. Should a carrier leave the service after having been granted more annual leave than he is entitled to at the time of his separation from the service, he will be requested to refund to the Department the amount of leave taken by him which has not been earned.

2. **Leave with pay on tri-weekly routes.**— Carriers on one tri-weekly route will be charged in multiples of two days for each service day they are absent from duty. Example: If absent Monday, Wednesday and Friday, the days on which route is to be served, a total of six days will be charged against carrier and substitute paid accordingly.

If a carrier on one tri-weekly route takes his full quota of fifteen days' leave all at one period, then he will be charged with fifteen days, and substitute paid accordingly.

NOTE.— In cases like the above, the fifteen days are not to be construed as consisting only of service days, but both service days and intervening days, exclusive of Sundays and holidays.

3. **Services required on Christmas.**— Rural carriers shall not be granted annual leave of absence on December 25th, Christmas Day. (See section 735, P. L. & R.)

If on account of sickness, or other valid reason, a carrier is unable to serve his route on Christmas Day, or the day observed as Christmas, he must employ a substitute at his own expense to serve the route.

4. **Sunday service not required of substitutes.**— Substitute carriers serving for rural carriers who are on annual leave with pay will not be required to report at offices on Sundays and holidays and will not be paid for such days; but if it is essential during such annual leave period that any service be performed on Sundays and those holidays on which service is suspended, then it must be done by a regular carrier.

5. **Substitute may serve on any route.**— Where there are two or more rural routes from the same office, any properly bonded substitute may serve during the carrier's absence; that is, the substitute for carrier on route No. 1 may serve during the absence of carriers on routes Nos. 2 and 3, if the latter have no substitute available.

6. **Names of regular and substitute to be entered in substitute vouchers.**— In the preparation of voucher for the payment of substitute rural carriers, the names of both the regular and substitute carriers must be written in the voucher. In the absence of the postmaster, the assistant postmaster may certify to regular, temporary or substitute rural carrier's vouchers, giving names and titles. Example:

"John W. Smith, Postmaster,
"By William L. Jones, Ass't Postmaster."

SICK LEAVE.

7. **Rural carriers may be granted sick leave with pay at the rate of 10 days a year, to be cumulative for a period of three years.** Sick leave, however, will be granted only upon satis-

factory evidence of illness and if more than two days sick leave is applied for, the application must be accompanied by a physician's certificate.

8. **Basis of pay for part of a month.**— On and after July 1, 1911, regular or temporary carriers appointed to or separated from the service during a month will be paid for each day's service, including intervening Sundays and holidays, performed by them on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation, according to the number of days in the particular month in which service is rendered. Use column in salary tables headed by number of day in month in which the service was performed.

DEDUCTIONS FROM REGULAR OR TEMPORARY CARRIERS' PAY.

9. **Suspension from duty and leave without pay.**— When a carrier is suspended from duty, or has been granted leave of absence without pay and a temporary carrier is appointed in his stead, the deduction from the salary of the regular carrier and payment to the temporary carrier should be made on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation for each day's absence or service, including intervening Sundays and holidays, according to the number of days in the particular month in which the suspension occurs. Use column in salary tables headed by number of days in month in which the suspension occurred. If the carrier is absent a full calendar month, then he loses one-twelfth of his annual rate of pay.

10. **Total failure of service.**—Whenever total failure of service occurs on a rural route on a day other than Sunday or one of the authorized holidays indicated in Section 735, P. L. & R., a deduction of one day's pay must be made from the salary of the carrier for each day on which no service was performed on the route. The fact that the carrier reported at the post office does not entitle him to pay, if he fails to serve the route. (See section 758, P. L. & R. and section 727 as amended November 25, 1916.) A deduction of one day's pay must also be made from the salary of a rural carrier for each Sunday and legal holiday on which he fails to report at the post office for one hour when directed by the postmaster to do so in accordance with the provisions of section 774, P. L. & R.

11. **Partial failure of service.**— When only partial service is rendered the postmaster will review carefully the statement made by each carrier who has failed to serve his entire route, and when it is ascertained that the carrier made every reasonable endeavor with suitable equipment to render complete service deduction shall not be made from the carrier's salary, but the circumstances should be fully explained in the monthly report.

Whenever the route is only partly served and the partial failure may be attributed to the condition of the carrier's stock or equipment, or is due to his failure, whether in stormy weather or in time of high water or bad roads, to use every endeavor to serve his entire route by traveling every road available; whenever the partial failure is due to lack of interest in the service or misconduct on the part of the carrier, sickness or any reason of a personal nature to the carrier, a deduction shall be made from his salary as directed in the "Rule for Deductions" on the inside of the front cover to the "Rural Delivery Salary Tables."

Upon reaching an obstructed point, a stream which is unfordable or a bridge which can not be crossed, the carrier should make such deviation from the official line of travel as to avoid the obstruction. If this is not possible he must return immediately to the post office and start out on the return portion of the route. Whenever, after leaving the post office, the carrier finds that he can not reach his route, he must travel some other roads, although they may be covered by another carrier, and make every endeavor to serve the patrons. The excuse that the roads are slippery or only difficult to travel, will not be considered, as each carrier must be equipped to perform complete and uninterrupted service under adverse weather or road conditions.

12. **Trip reports of rural carrier.**— Correct entries must be made each day on forms 4240 and 4241 by all rural carriers in the service. At the end of the month the postmaster should satisfy himself that all blanks are filled out and entries properly made, and irregularities noted in column for "Remarks" with reasons for failures, and promptly forward report on form 4241 to the Fourth Assistant Postmaster General, Division of Rural Mails, Washington, D. C.

False entries on a trip report will be considered sufficient cause for removal of the carrier.

A carrier who has handled five thousand pieces of mail each month for three consecutive months is authorized to discontinue further counting except for the first month in each quarter. All other data must be supplied on the report for the second and third months of each quarter.

Postmasters will be given special instruction to weigh all mails handled on rural routes from their offices during one month of each year (such months to be specifically designated by the Department) and to submit a detailed report on form No. 4241, showing by classes and totals the number of pieces, weight of and postage on all mail delivered and collected by each carrier.

PAY OF SUBSTITUTE AND TEMPORARY SUBSTITUTE CARRIERS.

13. **When regular or temporary carriers are on leave without pay.**— Whenever, during the absence of a regular or temporary carrier (except when absent on annual leave with pay or on sick leave), a substitute is employed, such substitute shall be paid by such regular or temporary carrier for each day's service on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation allowed the regular or temporary carrier, according to the number of days in the particular month in which the absence occurs. If, during the rural carrier's absence without pay, it is necessary for the substitute to report at the office on Sundays or holidays, in accordance with the provisions of Section 774 of the P. L. & R., the substitute shall

be paid for these days. Use column in salary tables headed by number of days in month in which service was performed. If the substitute serves the whole of any calendar month, he is entitled to and shall be paid by the carrier one-twelfth of the annual salary paid the carrier.

TRI-WEEKLY SERVICE.

14. Suspension of service on tri-weekly routes.— The preceding instructions apply equally to a carrier on one tri-weekly route except that for each and every service day he does not serve his route, whether on account of leave of absence with pay, leave of absence without pay or suspension from duty, he will be charged two days, and the substitute or temporary carrier paid, or deductions made, accordingly.

VOUCHERS.

15. Vouchers to be prepared and mailed promptly.— On completion of service by carriers on the last day of each month, or earlier in the month in case of discontinuance of carrier, the postmaster will see that a correct voucher is prepared in favor of each regular or temporary carrier; that it is properly signed by the carrier and postmaster, and that it is mailed to the disbursing postmaster on the same day.

16. Use of monthly and quarterly vouchers.— In all regular cases form 4251 is to be used for each of the first two months of a quarter and form 4252 for the last month of the quarter. If a carrier is separated from the service during a quarter his last voucher must be on form 4252, even if it be for but part of a month. Similarly, if a regular or temporary carrier performs service during only a portion of a quarter, his last voucher must be on form 4252. Form 4252 is in duplicate and always must include all payments previously made to the same carrier during the same quarter.

For example: If a carrier serves at $396 per annum during the whole months of July, August and September, form 4252 should be used for payment of the September salary ($33) and should receipt in the aggregate for $99 for the "period from July 1st to September 30th." If a carrier at the same salary serves during July and a portion of August and resigns on August 20th, the voucher should be for $54.29 and the receipt should be for the "period from July 1st to August 20th." The successor to this latter carrier, if he serves during the remainder of the quarter, should receipt on form 4251 for his salary during the remainder of August ($11.71) and then receipt at end of September on form 4252 in the aggregate for $44.71 to cover the salary for September ($33) and the amount received for August ($11.71); such receipt should read for the "period from August 21st to September 30th."

Future requisitions on the Division of Supplies for Rural Delivery Letter Carriers' vouchers should be made for a sufficient number of form 4251 for use during eight months of the year and enough of form 4252 for four months.

17. Amounts in vouchers to be according to salary tables.— Postmasters, before filling in salary vouchers and pay rolls, must compute the amount due in accordance with the instructions herein contained and the official salary tables.

SALARY TABLES.

18. Basis of computation.— The official salary tables for payment of rural carriers are computed in accordance with the provisions of Section 4 of the Act of Congress approved March 4, 1911, making appropriations for the service of the Post Office Department, for the fiscal year ended June 30, 1912, and may be obtained from the Fourth Assistant Postmaster-General, Division of Rural Mails.

CASHING OF RURAL CARRIERS' CHECKS.

19. Use of disbursing checks.— Disbursing postmaster's checks drawn in payment of rural letter carrier's salaries, may be cashed from Government funds as follows:

From postal funds; when they are received from responsible persons and the postmaster is willing to guarantee the indorsements thereon, and provided such checks will be received at par by the depository to which the postmaster must remit them as postal funds. (Section 372, P. L. & R.)

From money order funds; when they are received from responsible persons whose indorsement thereon the postmaster is willing to guarantee and provided such checks will be received at par by the depository to which the postmaster remits surplus money order funds. (Section 1124, P. L. & R.)

SCHEDULE OF RURAL CARRIERS' ANNUAL SALARIES.

20. Effective July 1, 1920, the salaries of rural carriers will be as follows:

For serving a route:			
4 miles and less than 6 miles	$720	14 miles and less than 16 miles	$1,080
6 miles and less than 8 miles	792	16 miles and less than 18 miles	1,260
8 miles and less than 10 miles	864	18 miles and less than 20 miles	1,440
10 miles and less than 12 miles	936	20 miles and less than 22 miles	1,620
12 miles and less than 14 miles	1,008	22 miles and less than 24 miles	1,728
		24 miles and over	1,800

A rural letter carrier serving one triweekly route shall be paid on the basis for a route one-half the length of the route served by him, and a carrier serving two triweekly routes shall be paid on the basis for a route one-half of the combined length of the two routes.

Each rural carrier assigned to a horse-drawn vehicle route on which daily service is performed shall receive $30 per mile per annum for each mile said route is in excess of twenty-four miles or major fraction thereof, based on actual mileage, and each rural carrier assigned to a horse-drawn vehicle route on which triweekly service is performed shall receive $15 per mile for each mile said route is in excess of twenty-four miles or major fraction thereof, based on actual mileage. Motor carriers serving routes not less than 50 miles in length will be paid a salary not exceeding $2,600 per annum.

PUBLIC ROADS AND POSTAL SERVICE THEREON.

21. In cases where local authorities discontinue or permit the fencing up of a road in use as a post route so as to prevent performance of postal service, the discontinuance of such service is the Department's only alternative, and for any increase of distance or additional expense caused by the action of the local authorities in discontinuing or changing a road in use as a post route no additional pay can be allowed the contractor or sub-contractor for service on the route. Mail carriers have no authority to trespass upon private property, and the postal laws give them no special rights or privileges as to the use of public roads. The law prohibits any wilful interference with the performance of postal service, but such prohibition does not authorize mail carriers to disregard State law or municipal ordinances in relation to the use of public roads, nor authorize them wilfully to interfere with the rightful use of public roads by other parties. There is no provision of law exempting mail carriers from the payment of toll or ferriage, and toll-gate keepers and ferrymen can rightfully refuse passage or ferriage to a mail carrier who refuses to pay the legal rate of toll or ferriage, but upon the tender of the lawful fee therefor a mail carrier must be promptly granted passage or ferriage, and a refusal thereof, in order to enforce payment of an indebtedness previously incurred, or for any other reason (except it be that ferriage be impossible or dangerous to life), would constitute a wilful obstruction of the mail, as prohibited by law.

STAR ROUTE SERVICE.

22. **Schedules.**— Service on star routes must be performed on all schedule days regardless of holidays, except that where a star route is dependent upon a rural route for its mail supply, service need not be performed on holidays when the rural carrier is not required to perform service. Deduction is made from the pay of star route contractors for all service not performed as required by contract.

Contractors and carriers on star routes are not prohibited from transporting, outside of the mail, packages of merchandise, etc., even though such packages may be mailable, but if such packages are presented as mail with stamps affixed, they must then be transported as mail matter, and the contractor or carrier cannot make any charge therefor.

Postmasters should advise the Department whenever a change of schedule becomes necessary on a star route by reason of a change of the running time of trains on any railroad with which such star route connects, in order that proper action may be taken to have mails received and dispatched in such manner as will render the most expeditious service to the persons dependent upon the route for their mail supply; but changes of schedule entirely in the interests of the contractor or carrier should not be recommended.

23. **Report cases where mail boxes on star routes are injured or destroyed maliciously.**— Postmasters are expected to promptly report to the Fourth Assistant Postmaster General, Division of Rural Mails, every instance coming to their notice in which boxes erected for the reception of mail, along roads traveled by star-route carriers, are maliciously pulled down or injured.

COLLECTION AND DELIVERY OF MAIL ON STAR ROUTES.

24. On star routes where box delivery is required, such service may be had from the post office on either or on both sides of a box, but postmasters must not send mail matter for box delivery by carriers upon a verbal request; a written request for such delivery must be filed in the post office and mail must not be given a carrier under any circumstances, for delivery outside of the regular lock pouch, before it has reached the post office to which it is addressed. Effective July 1, 1917, any person desiring to avail himself of the box delivery and collection service on a star route must provide an approved box, as a box of any other type, or sack, may not be placed in use after that date. This, however, does not apply to boxes or sacks in use prior to July 1, 1917.

25. Persons residing on roads traveled by both star route and rural carriers may receive an additional and supplemental box delivery by star carriers.

FORWARDING STAR ROUTE TRIP REPORTS.

26. The practice of postmasters sending trip reports of star route service (Form 4155) direct to the Department has been changed so as to require all trip reports on a star route to be transmitted by the postmaster at the head of the route. Postmasters at the foot of the route and such intermediate offices as are required to furnish trip reports, will forward their trip reports to the postmaster at the head of the route immediately after the last trip for the month. The postmaster at the head of the route will examine and compare such reports with his own report, and will adjust with postmasters concerned all conflicting statements and inaccuracies, after which he will promptly mail all reports for the route in one envelope, without including any other mail matter, to the Fourth Assistant Postmaster-General, Division of Rural Mails. The same procedure applies to weight reports (Form 4156) of parcel post mail carried on star routes under contract at the pound rate.

VILLAGE DELIVERY SERVICE.

1. **Supervision of carriers.**—Village carriers are under the control of the postmaster and must obey his orders, based on the Postal Laws and Regulations, regarding the discharge of their duties. He must carefully supervise their work, and see that they cover their routes expeditiously and render efficient service. Derelictions or misconduct of any kind must be promptly reported to the Fourth Assistant.

2. **Auxiliary expenditure.**—No expenditure shall be made in connection with village delivery service unless specifically authorized by the Department. If an auxiliary allowance is needed, the necessity therefor must be reported to the Fourth Assistant.

3. **Delivery limits.**—The limits of village delivery, and the number of daily delivery and collection trips to be made, are fixed by the Department and must not be changed except by authority of the Fourth Assistant. Within the delivery limits a postmaster may have additional patrons served, whenever a suitable mail receptacle is provided. Residents within the corporate limits, but outside of the village delivery limits, may be served by a rural carrier if a rural route passes their residences. Attention is called to section 717 of the Postal Laws and Regulations, as amended.

4. **Extensions and changes.**—Postmasters must closely supervise the operation of the village delivery service. At any time when the delivery limits can appropriately be extended to accommodate additional patrons in territory where the necessary civic improvements such as sidewalks, crosswalks, street signs, house numbers and private mail receptacles have been provided, or when any other change can be made to advantage, the matter should be taken up with the Fourth Assistant, with a definite recommendation in the premises.

5. **Delivery of mail.**—Village carriers must deliver all mail addressed to patrons if practicable. Patrons should be notified to call at the post office for packages too large to be handled by the village carriers, or which cannot be delivered by a rural carrier.

6. **Receptacles.**—Patrons of the service must provide private mail receptacles. The receptacle may be either a suitable box or a slot cut in the front door. Postmasters must not commence the delivery of mail to any residence where this requirement has not been met. Business houses will not be required to provide receptacles if they are open and some one is at hand to receive mail when the carrier calls.

7. **Overtime.**—There is no provision for payment for overtime on the part of village carriers should it be necessary for them on occasions to work longer than provided for in the schedule, nor can they be allowed compensatory time. Should it be found impossible for a carrier to complete his work within eight hours, on an average, the postmaster should report the facts in detail to the Fourth Assistant.

8. **Change of carriers.**—At third-class offices, village carriers are not classified civil service employees, and changes therein must be reported immediately by letter, the name and date of last service of the retiring carrier, and the name and date of first trip of the new carrier being specifically stated. At second-class offices, village carriers are classified, and postmasters must report changes promptly on Form 4037 to the district civil service secretary for approval and transmission to the Department. Vouchers must be made out and credit claimed on the quarterly statement to the Auditor for the Post Office Department only in accordance with appointments made by the Department.

Persons employed as temporary or regular carrier should be between the ages of 18 and 45.

9. **Hours of service.**—The hours of service of village carriers are not regulated by law, such employees being expected to continue on duty each day until their work is completed. It is not contemplated that full-time carriers shall work in excess of eight hours a day, or part-time carriers more than four hours daily, on an average, but they are not limited to that length of time if it should require a longer period on occasions to finish their duties for the day. At offices where two full-time village carriers are employed, they should be on duty approximately the same length of time each day, and should accomplish approximately the same amount of work. Postmasters are authorized to make necessary changes in the carriers' routes within the established limits so as to equalize the carriers' work and to improve the service.

10. **Leave of absence with pay.**—Village delivery carriers shall be granted 15 days leave of absence with pay, exclusive of Sundays and holidays, each fiscal year and sick leave with pay at the rate of 10 days a year to be cumulative for a period of three years, but no sick leave with pay in excess of 30 days shall be granted during any three consecutive years. Sick leave shall be granted only upon satisfactory evidence of illness and if for more than two days the application therefor shall be accompanied by a physician's certificate.

The 15 days' leave shall be credited at the rate of one and one-quarter days for each month of actual service.

For regulations governing sick leave for village carriers, see the Supplement for the Postal Guide for August, 1920.

11. **Leave of absence without pay.**—If, on account of illness, it should be necessary for a carrier to be absent in excess of the period of annual leave and sick leave to which he is entitled, he may be granted leave of absence without pay for not exceeding thirty days in any fiscal year. If such leave is granted, the facts must be promptly reported to the Department.

12. **Service required on Christmas Day.**—*Village carriers shall not be granted leave of absence with pay on December 25th, Christmas Day.* If on account of some emergency, a carrier is unable to serve his route on Christmas Day, or the day observed as Christmas, he must employ a substitute at his own expense to serve the route.

13. **Employment of substitutes.**— At second class offices when substitute service becomes necessary, a substitute clerk must be called upon for service. If none is available, selection must be made from the eligible register. If no one can be secured from the register, any capable person, between the ages of 18 and 45, may be employed. At third class offices any capable person may be employed when substitute service becomes necessary.

14. **Pay of substitutes.**— Compensation for substitute service will be made at the entrance rate of pay, which is $1,000 for full-time carriers and $500 for half-time carriers.

Leave of absence with pay for village carriers being exclusive of Sundays and holidays, service will be suspended on such Sundays and holidays (except Christmas Day for which see Section 12 above) as intervene, and persons serving during the absence of carriers on annual leave will not, therefore, be paid for Sundays and holidays occurring during their period of service.

15. **Sunday and holiday service.**— On holidays, one complete delivery and collection of mail must be made by village carriers. No delivery or collection shall be made on Sundays. At third-class offices, when opened to the public on Sundays, village carriers may be required, if conditions justify, to report at the post office for one hour in order to assist in the delivery of mail to village delivery patrons who call for it. (See Sections 12 and 14 above.)

16. **Uniform.**— Village carriers are not required to dress in uniform while on duty. The matter is optional, and if a uniform is used it should be similar to that worn by city carriers.

17. **Salary.**— The entrance salary of full-time village carriers during the fiscal year beginning July 1, 1920, is at the rate of $1000 per annum, while that of part-time carriers is at the rate of $500 per annum. These salaries include the increases provided in the postal appropriation act for certain employees during the current fiscal year. Village carriers who complete one year's service, and those who complete two years' service during this fiscal year, will be granted an increase in salary to take effect at the beginning of the following quarter.

18. **Payments, vouchers and claims for credit.**— Village carriers should be paid semi-monthly, that is, in the middle and at the close of each month. Receipt should be taken semi-monthly from each carrier on Form 1591, and at the close of each quarter a voucher for the quarter's salary, Form 4036, should be signed in duplicate by the carrier and the original forwarded by the postmaster, with the quarterly postal account, to the Auditor for the Post Office Department. On one of the blank lines under the credit items of the quarterly postal account should be entered the title, "Village Delivery Service," and credit claimed opposite the same for the sum paid for carrier service. Form 1591 and the duplicate of Form 4036 should be carefully preserved among the records of the post office. The reference on Form 1591 to "Overtime," does not relate to village delivery service, and should, therefore, be disregarded by postmasters.

19. **Utilization of services of rural carriers.**— At offices where rural delivery is in operation, postmasters should utilize as fully as possible, the services of rural carriers in the delivery of parcel post packages addressed to patrons of village delivery. Rural carriers, however, must not be required to deviate from their official line of travel, to make extra trips, or to enter buildings to make deliveries, and they must not allow the mail in their care and custody to be out of their sight at any time. This additional service should not be allowed to cause any material difference in the schedule fixed for the service of rural routes.

Any person residing on the line of travel of a rural carrier may avail himself of the services of such employee by complying with the requirement as to boxes. (See Section 717, P. L. & R. as amended December 31, 1913.)

20. **Work of carriers.**— The work of village carriers shall be restricted to the collection and delivery of mail, and duties incident thereto in the post office. They must not be required or permitted to do any general utility work of a clerical nature in the post office, that is, work not directly connected with their duties as carriers.

21. **Conduct of carriers.**— In the performance of their duties carriers must be civil, prompt and obliging. They must attend quietly and diligently to their duties, must not loiter or stop to converse on their routes, and must refrain from loud talking, profane language, and smoking in the office and on their routes. They must not borrow money or contract debts which they have no reasonable prospect of being able to pay, and are expected to settle their just debts. They must not enter any house while on their trips, except in the discharge of their official duties, and must not deviate from their respective routes. Carriers must refrain from improper conduct of any character under penalty of appropriate punishment, or, in repeated instances, of separation from the service.

22. **Care in handling mail.**— Mail matter intrusted to carriers must not be exhibited to persons other than those addressed, except on the order of the postmaster or some one authorized to act for him. Letters collected, or letters for delivery must not be carried by carriers in their pockets. Carriers must not throw away or improperly dispose of mail matter, however trifling or unimportant it may appear to them.

23. **Time cards.**— The time of reporting, leaving, returning, and ending for each trip must be recorded by the carriers on their time cards; the entries on these cards must be made at the beginning and end of each trip, and not be deferred until the close of the day.

24. **Route book.**— Every village carrier must keep a route book, which should be a complete directory of the persons served by him, and all changes of address should be posted daily.

25. **Loitering in post office.**— Carriers must not report prior to schedule time for the first trip of the day, and must not remain at their desks nor in the working room of the office when not on duty; neither shall they remain in the post office after completing the last trip of the day.

GENERAL SUPPLIES.

1. Manner and time of ordering.— Postmasters and other requisitioning officers must carefully read and follow instructions concerning ordering of general supplies published in List of Postal Supplies.

First and second class offices must submit requisitions in duplicate every three months for sufficient supplies to last that length of time in the order by states and territories given below:

In January, April, July and October:

Alabama	Colorado	Florida	Idaho	Kansas
Alaska	Connecticut	Georgia	Illinois	Kentucky
Arizona	Delaware	Guam	Indiana	Louisiana
Arkansas	Dist. of Columbia	Hawaii	Iowa	Maine
California				

In February, May, August and November:

Maryland	Minnesota	Montana	New Hampshire	New York
Massachusetts	Mississippi	Nebraska	New Jersey	North Carolina
Michigan	Missouri	Nevada	New Mexico	

In March, June, September and December:

North Dakota	Pennsylvania	South Carolina	Utah	Washington
Ohio	Porto Rico	South Dakota	Vermont	West Virginia
Oklahoma	Rhode Island	Tennessee	Virginia	Wisconsin
Oregon	Samoa	Texas	Virgin Islands	Wyoming

Third and fourth class offices must submit requisitions once each year in month indicated below for sufficient supplies to last one year:

Alabama	*	Louisiana	*	Oklahoma	*
Alaska	*	Maine	*	Oregon	*

2. Record to be kept.— Postmasters at first and second class offices must keep complete record of all supplies furnished by Division of Equipment and Supplies; set aside suitable place for keeping the stock, and assign an employee to be charged with custody thereof and maintenance of prescribed record.

3. Complete requisitions before submitting to Department.— It is important that each requisition be properly filled in to include particulars and information called for on requisition form, and that postmarking stamp be clearly impressed in space provided. Postmasters must not, when submitting requisitions on regular forms, supplement them with letters requesting supplies which should have been included in the requisition proper.

OFFICIAL AND REGISTRY ENVELOPES.

4. Time for submitting requisitions.— Postmasters at first, second, third and fourth class offices and Post Office Inspectors should order official and registry envelopes on Form 1579 and the Divisions of Railway Mail Service on Form 5205 (at least three months in advance of their actual need) from the Fourth Assistant Postmaster General. Except postmasters at third and fourth class offices in states listed below who will order official and registry envelopes from their respective distributing offices in accordance with instructions issued by the Department and during the months designated by the distributing postmasters. California, Colorado, Idaho, Kansas, Louisiana, Minnesota, Missouri, Montana, Nevada, Oklahoma, Oregon, Pennsylvania, Porto Rica, South Carolina, Washington and Wyoming. First class offices, Inspectors and Railway Mail Service should order stock for *six months* and second, third and fourth class offices for *one year*. The return card will not be printed on orders for less than 10,000 of any stock form. SPECIAL PRINTS will be allowed only where the service uses them in large quantities.

5. Changes in supply.— Envelopes No. 12, used exclusively by the Railway Mail Service; Nos. 20, 57, 58, 79 and registry jacket No. 91, have been discontinued. Nos. 13 or 54 should be

* Postmasters at third and fourth-class offices in these states will order general stock supplies from their respective distributing offices in accordance with instructions issued by the Department and during the months designated by the distributing postmasters.

used in lieu of Nos. 20 and 58. **Nos. 5, 40 and 65 will be furnished only to offices of the first and second classes.**

REPAIRS TO OFFICE APPLIANCES.

6. **Allowance to be based on competitive bids.**—Requests for allowances for the repair of time recorders, typewriters, adding machines, scales, trucks, baskets, etc., except numbering machines, should be accompanied with competitive proposals from not less than three separate individuals or firms doing repair work. When typewriters and adding machines are to be repaired, their serial number *must* be given. The cost of new ribbons should not be included in any case.

Emergency repairs may be made without such estimates being submitted, in the case of typewriters in a sum not to exceed $3.50, and in the case of adding machines, in a sum not to exceed $10. Exchanging of platens or cylinders will not be considered "emergency repairs." The bills for such repairs must be submitted to the Department in order that a formal allowance may be granted, without which credit will be disallowed by the Auditor. Postal employees must clean, oil, and place new ribbons in adding machines and typewriters operated by them without expense to the Department.

7. **Repairs to numbering machines.**—Postmasters should not request allowances for the local repair of numbering machines. When a machine becomes unfit for further use it should be forwarded by mail to the Fourth Assistant Postmaster General, Division of Equipment and Supplies, with a letter of transmittal. It will be repaired and the same machine or its equivalent returned to the postmaster as quickly as possible, if desired. Postmasters should plainly state when turning in these defective machines whether their return is actually necessary and they should not be turned in until further use is impracticable. Care should be exercised to the end that numbering machines are kept clean and are not subjected to rough or careless usage.

8. **Authority for purchases in open market, or obligations for repairing office equipment.**—Authority must be obtained from the Fourth Assistant, Division of Equipment and Supplies, before making purchases of miscellaneous supplies in the open market, or assuming obligations for repairing office equipment, except in cases of extreme emergency, or when delay will seriously interfere with the proper conduct of the postal service. Bills contracted in emergency cases must be submitted to the Department and authority obtained for their payment, before vouchers for expenditures made are reported to the Auditor for the Post Office Department, with quarterly accounts; otherwise credit will be disallowed.

9. **Disposition of worn or damaged parts removed from government-owned canceling machines.**—All worn or damaged parts removed from Government-owned canceling machines must be returned to the Fourth Assistant Postmaster General, Washington, D. C.

10. **Repairs to electric motors.**—Postmasters are instructed to have no extensive repairs made to electric motors operating canceling machines or other mechanical equipment without the authority of the Department. In cases of extreme emergency telegraph for authorization to Fourth Assistant, Division of Equipment and Supplies, stating probable cost of repairs.

11. **Defects in waste paper baling machines.**—Postmasters are instructed to notify the Fourth Assistant Postmaster General, Division of Equipment and Supplies, in all cases where breakages occur or weak parts develop in the waste-paper baling machines installed in their offices, in order that the matter may be taken up with the contractor. No repairs should be undertaken by postmasters without instructions from this office.

REQUEST FOR SCALE EQUIPMENT.

12. All requests for scales should be made by letter stating necessity for additional equipment of this character.

Request for new scales to replace defective equipment should be accompanied by a statement of explanation.

Instructions covering disposition of old, inaccurate and damaged scales, will be forwarded upon request to the Fourth Assistant Postmaster General, Division of Equipment and Supplies.

Until further notice scales will not be furnished for use of rural carriers. Parcels offered rural carriers for dispatch should be handled in accordance with paragraphs 2 and 3, section 780, P. L. & R.

SUPPLIES FOR DUPLICATING MACHINES, TYPEWRITERS, ETC.

13. **Requisitions to show make, etc., of machine.**—When ordering supplies for duplicating machines, canceling machines, typewriter and adding machine ribbons, postmasters and other requisitioning officers must give the make and model number of the machine for which supplies are desired.

POSTMARKING EQUIPMENT.

14. **Rubber canceling stamps.**—Circular rubber dating stamps, showing office name and words "Parcel Post," will be supplied to first, second and third class offices and to those fourth class offices where steel stamps are in use. The rubber stamps in use at other fourth class offices and at numbered stations of the large offices should be used to cancel postage on parcel-post packages.

Numbered stations are supplied with a uniform rubber dating stamp which may be used for all purposes including money order, registry and parcel post business.

Excess rubber stamps in serviceable condition should be sent to the Division of Equipment and Supplies by ordinary mail for stock.

RED "FRAGILE" TAGS.

15. **Fragile tags.**— Red tags bearing the word "FRAGILE," for use on parcel post mail matter of a fragile nature, must be procured from the Superintendent, Railway Mail Service, of the division in which the office is located.

FACING SLIPS.

16. **Manner of ordering printed slips.**— The Fourth Assistant Postmaster-General, Division of Equipment and Supplies, will honor requisitions for printed facing slips when made for sufficient quantities and titles to meet demands for a period of SIX MONTHS, by first and second class post offices on Form 1581, and by railway postal clerks (through their chief clerks or division superintendents) on Form 5364. Requests should be made for not less than 1,000 slips of any one title, and when more than 1,000 are desired order in multiples of 1,000. Please note that on a basis of six months 1,000 slips permit of the use of an average of 5 slips per day; 2,000 of 11 per day; 3,000 of 16 per day; 4,000 of 22 per day; 5,000 of 28 per day, etc. Requisitions should be submitted 60 days in advance of time supply on hand will become exhausted. Shipments will be made direct from the plant of the contractor. All postmasters and railway postal clerks who use labels for shipping empty mail bags and pouches should send request for this particular kind of label to the Superintendent, Railway Mail Service, of the Division in which their offices are located. Slips for use at third and fourth class offices, and for railway postal clerks, may be obtained at the expense of the purchaser, at the rate of 30 cents for 500 in lots of 500 to a form, or 40 cents per 1,000 in lots of 1,000 or more to a form, from Amsterdam Printing Co., Amsterdam, N. Y. Do not order less than 500 slips of any one form. Transportation charges must be paid by requisitioning officials.

17. **Slips for publishers.**— Where separations of mail matter are made by the publishers at their offices, postmasters should furnish to such publishers, without expense, the necessary printed facing slips. These slips should be ordered, by the postmaster, on requisition Form 1581.

18. **Plain slips.**— Plain facing slips are furnished to all post offices, as well as Division Superintendents of the Railway Mail Service, on requisition therefor.

REQUISITIONS FOR MONEY ORDER FORMS.

19. **Time to submit requisitions for money order forms.**— Requisitions for blank money order forms should be submitted on Form 6053C to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies, sixty days in advance of the time the supply on hand will become exhausted. *This is important.*

STANDARD DESIGNS OF MAIL BOXES FOR RURAL AND STAR ROUTES.

20. In accordance with Postmaster-General's Order No. 9277, dated November 10, 1915, all mail boxes, erected on rural and star routes on and after July 1, 1916, must conform to the Department's specifications in every respect and be officially approved.

Two sizes have been designed and adopted:

No. 1 — 18½ inches long, 6¼ inches wide, 7½ inches high; for letters and ordinary mail.

No. 2 — 23½ inches long, 11 inches wide, 14 inches high; for all mail, including parcel post.

Order No. 543, dated July 25, 1917, provides for a letter slot in the standard No. 1 rural mail box, in accordance with the following specifications:

"Door to have slot ⅞ inch wide and 4½ inches long, central from sides, its lower edge being 5⅛ inches from bottom of door. Slot to have a hinged cover, made of steel, No. 20 gauge, 3⅜ inches wide and 5⅛ inches long, with lower corners rounded, sides to be notched and bent perfectly square without breaking metal to form hinge. Lower part of cover to form a counterbalance to insure proper closure of slot opening. The inscription 'U. S. Mail' to be located on slot cover."

Patrons may use either size, as preferred, and will not be required to discard boxes in use July 1, 1916, while they remain serviceable. Such an authorized box, however, may be transferred by the owner to another route when he moves, or it may be continued in use on the old site by a person moving into the place occupied by the original purchaser, but a box which does not conform to the latest specifications, obtained by one patron from another, may not be erected and used by the former at a different location.

21. **Concerns authorized to sell boxes.**— The following named concerns have submitted models of boxes complying strictly with the adopted designs, and have been authorized to sell such boxes at not exceeding the respective prices named:

Buchanan Brothers, California, Mo.:
No. 2, $2.75 each, f. o. b. Kansas City, Mo.

Deshler Mail Box Company, Deshler, Ohio:
No. 1, $1.50 each, f. o. b. Deshler, Ohio.

Duluth Corrugating & Roofing Company, Duluth, Minn.:
No. 1, $1.50 each, f. o. b. Duluth, Minn.
No. 2, $2.50 each, f. o. b. Duluth, Minn.

H. E. Hessler Company, 506 North Salina Street, Syracuse, N. Y.:
No. 1, $1.50 each, f. o. b. Syracuse, N. Y.

Fred Medart Manufacturing Company, Potomac & DeKalb Streets, St. Louis, Mo.
No. 1, $1.50 each, f. o. b. St. Louis, Mo.
No. 2, $2.50 each, f. o. b. St. Louis, Mo.

Northwestern Mail Box Company, 5029 McKissock Avenue, St. Louis, Mo.:
No. 1, $1.50 each, f. o. b. St. Louis, Mo.
No. 2, $2.50 each, f. o. b. St. Louis, Mo.

Pacific Stove & Stamping Company, Hood & O Streets, Tacoma, Wash.:
No. 1, $1.50 each, f. o. b. Tacoma, Wash.

Superior Sheet Metal Works Company, 3201 Roosevelt Avenue, Indianapolis, Ind.:
No. 1, $1.25 each, f. o. b. Indianapolis, Ind.
No. 2, $2.75 each, f. o. b. Indianapolis, Ind.

(In later editions of the Postal Guide will appear the names of other manufacturers whose boxes may be approved from time to time.)

22. **Agents to promote sales.**— Authorized manufacturers are not prohibited from employing agents throughout the country to promote the sale of their boxes. But, regardless of any contracts or arrangements between manufacturers and agents, patrons may purchase boxes direct from manufacturers at authorized prices (above named), patrons paying cost of transportation.

23. **Inspection of boxes.**— Each box produced by the authorized manufacturers will be inspected, before shipment, by the postmaster at the place of manufacture, and no box may be erected unless it bears the approval of such postmaster stamped on the inside of the box.

24. No signaling apparatus or device of any kind whatever, other than those provided for in the specifications, shall be attached to or made part of a box.

25. **No special designs of posts or supports.**— The Department has not adopted or approved any special designs of posts or supports.

26. The present regulations, relative to inscriptions on boxes, method of erection, locks, etc., will continue to be observed.

RURAL CARRIERS' FURNITURE.

27. Postmasters must not permit surplus rural carriers' desks to remain on hand not in use. When, by reason of the revision of the service or from any other cause, such furniture is withdrawn from active service, prompt report should be submitted to the Fourth Assistant Postmaster General, Division of Equipment and Supplies, showing

1. How many desks are on hand not in use.
2. The number of pigeon holes in each desk.
3. Whether the desks are in suitable condition for transfer for use elsewhere.
4. Whether the furniture is the property of the lessor, the Postoffice Department or the Treasury Department.

STREET LETTER BOX EQUIPMENT.

28. **Maintenance of street letter box equipment.**— In connection with the maintenance of street letter box equipment, postmasters at offices where city or village delivery service is in operation, are cautioned that no expense must be incurred prior to specific authorization by the Department, except in cases of emergency where a receptacle at an important location is demolished by accident which necessitates replacement without delay. It is essential to obtain competitive bids for the erection, removal, relocation, or repair of letter boxes and posts, other than at offices where the mechanical force of the office performs such work, such proposals to be transmitted to the Fourth Assistant Postmaster General, Division of Equipment and Supplies, before having the work done.

29. **Damage to street letter box equipment.**— In all cases of damage to letter box equipment, due to accident or otherwise, postmasters should report promptly to the Fourth Assistant Postmaster General, Division of Equipment and Supplies, and make collections from the persons responsible, according to the following rates:

Old style No. 1 and No. 2 letter boxes, equipped with padlocks	$3 05 each
New style No. 1 letter boxes, with inside locks	6 30 each
New style No. 2 letter boxes, with inside locks	8 04 each
Long steel letter box posts	5 65 each
Pedestal posts and anchors	8 80 each
Package boxes	17 32 each
Combination letter and package boxes	19 51 each
Storage boxes	25 82 each

All amounts must be accounted for to the Auditor in the first quarterly statement submitted, showing such collections. However, if damaged equipment can be repaired for less than the cost of new equipment, only the actual cost for repairs should be charged to the persons responsible.

30. **Locks and keys for street letter box equipment.**— Locks and keys for street letter box equipment are furnished by the Department, and not by the contractor. However, the same are not forwarded to postmasters receiving new equipment, except upon request. The number of locks and keys required should be stated in each instance by the postmaster making such requisition.

MAIL BAGS AND MAIL POUCH LOCKS.

31. **Disposition of Surplus Serviceable Mail Bags.**— All surplus mail bags which are serviceable shall be promptly disposed of in accordance with the provisions of section 1502, Postal Laws and Regulations, 1913, as amended February 6, 1917.

32. **Disposition of Surplus Serviceable Mail Pouch Locks.**— All surplus mail pouch locks which are serviceable shall be promptly disposed of in accordance with the provisions of section 1514, Postal Laws and Regulations, 1913, as amended April 29, 1914.

33. **Disposition of Defective Mail Bags.**— All defective mail bags shall be promptly disposed of in accordance with the provisions of section 1501, Postal Laws and Regulations, 1913, as amended February 6, 1917.

34. **Disposition of Defective Mail Pouch Locks.**— All defective mail pouch locks shall be promptly disposed of in accordance with the provisions of section 1513, Postal Laws and Regulations, 1913, as amended July 24, 1914.

35. **Care in Examining, Packing and Labeling Empty Mail Bags.**— In preparing empty mail bags for shipment railway postal clerks, postmasters, and others shall carefully examine each mail bag to see that no mail matter is left therein. Mail bags shall be carefully separated and packed according to style and size and in full bundles in all cases where it is practicable to do so.

36. **Defective and serviceable mail bags must not be packed in the same bundle.**— Nos. 2, 3, 4 and 5 pouches shall be packed in No. 1 sacks, as many pouches to be packed to the sack as possible. All bundles of both defective and serviceable mail bags shall be labeled in accordance with the provisions of sections 1501 and 1502, Postal Laws and Regulations, 1913, as amended February 6, 1917. Labels to be obtained from the division superintendents. Railway Mail Service.

37. **Proper Packing for Empty Mail Sacks.**—

No. 1 sacks, 20 to the bundle, the twentieth used as a packer.
No. 2 sacks, 20 to the bundle, the twentieth used as a packer.
No. 3 sacks, 50 to the bundle, packed in a No. 1 sack.
No. 4 sacks, 80 to the bundle, packed in a No. 1 sack, or,
No. 4 sacks, 15 to the bundle, the fifteenth used as a packer.
Catcher pouches, 15 to the bundle, packed in a No. 1 sack.
S. P. sacks, 20 to the bundle, packed in a No. 1 sack.
No. O Dom. parcel post sacks, 20 to a bundle, the twentieth used as a packer.

NOTE.—All rotary and brass locks to be shipped by registered mail and all ordinary pouch locks by ordinary mail.

38. **Mail sacks issued to publishers, news agents and others by postmasters.**— Mail sacks shall be issued to publishers, news agents and others by postmasters in accordance with the provisions of section 1496, Postal Laws and Regulations, 1913, as amended July 24, 1914, and June 22, 1916. The publisher, news agent, or other party to whom sacks are loaned should be required to bind himself, in the usual manner, to pay into the post office the sum of $2.00 for each No. 1 or No. 1-A sack, $1.50 for each No. 2 or No. 2-A sack, $1.00 for each No. 3 sack and 75 cents for each No. 4 sack, lost while in his custody.

39. **Records of sacks loaned.**— Books will be furnished to postmasters for the purpose of keeping records of sacks loaned upon application to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies. For money received by postmasters for the loss of mail sacks, receipts should be made in triplicate, the original of which is to be delivered to the payor, the duplicate to be retained by the postmaster, and the triplicate to be forwarded to the Fourth Assistant Posmaster-General for proper action. The amount is to be deposited with other Government funds and a suitable entry made in the postmaster's quarterly account to cover the transaction.

PUBLICATIONS FOR SALE.

Official Postal Guide, issued annually, contains postal information of interest to the public, instructions to postal employees, rulings of the Department, lists of post offices arranged by States, alphabetically, and by counties, also a list classified as to salaries of postmasters, and a list of offices discontinued during the previous three years. The State list of the Postal Guide shows the unit numbers for use of shippers in ascertaining zone location in parcel post service and is so arranged that the zone numbers may be easily inserted. Cloth bound, $1.50. A zone key is furnished to each purchaser of the Guide.

Supplements, issued monthly except in July, contain changes regarding the postal service and keep the annual edition up to date. Eleven pamphlets, $0.75. The Guide and supplements may be consulted at any post office.

Orders.—All orders for the Postal Guide and monthly supplements, together with remittances covering subscriptions, should be *made payable and addressed to* "DISBURSING CLERK, POST OFFICE DEPARTMENT, WASHINGTON, D. C."

Postal Laws and Regulations contains laws and regulations in effect October 1, 1913, governing postal service and employees. A copy may be consulted at any post office. Price, 75 cents per copy. Sold, with amendments issued periodically, by the Superintendent of Documents, Government Printing Office, Washington, D. C.

Rural delivery maps of every county in the United States in which rural service has been established are now being made on a scale of one inch to the mile. These maps show all public roads, rural delivery routes, the locations of post offices, houses, school houses, churches, and streams. List furnished on request showing maps completed to date. Negative prints of maps will be furnished at 35 cents each by the Third Assistant Postmaster General, Division of Finance, Washington, D. C.

Post route maps of all States, Alaska, and Insular Possessions, show all post offices, railroads carrying mails, counties and county seats, lakes, rivers and streams, etc., but are not complete as to rural routes. Price list furnished on request by the Third Assistant Postmaster General, Division of Finance, Washington, D. C.

All remittances to the Government should be made by money order. Currency is sent at sender's risk. Postage stamps, foreign money, defaced or smooth coin *will not* be accepted.

MISCELLANEOUS.

1. **Acting postmasters.**— In accordance with the Act approved April 24, 1920, making appropriations for the postal service for the next fiscal year, the Postmaster General will on and after July 1, 1920, appoint acting postmasters instead of having acting postmasters designated as heretofore by the sureties on postmasters' bonds. Each acting postmaster so appointed will be required to furnish a bond effective from the date he assumes charge of the office.

2. **Mails arriving after business hours.**— Postmasters of offices of the third and fourth classes are not required by the regulations to open, assort and deliver on the same evening mail that arrives after the close of local business hours; but there is nothing to prohibit their doing so, in case the public convenience requires such service.

3. **Employees' hours of service.**— The hours during which clerks in post offices are required to be on duty are regulated by the postmasters in whose offices they are employed; but the hours of service of employees in offices of the first and second classes are subject to approval by the Department. (See sections 282–284 and 311, P. L. & R., as to post office hours, and 529 as to dispatching of mails.)

4. **Night service.**— Postmasters will not be permitted to place in operation "night service" at post offices or stations where such service will involve any additional expense for clerk hire, or for fuel or light, without first submitting the matter for consideration by the First Assistant Postmaster-General, Division of Post Office Service.

5. **Furnishing information.**— Section 356 and paragraph 1 of section 523, P. L. & R. are not intended to prevent the furnishing of information for official use by representatives of other Executive Departments and postmasters may, when it is practicable, furnish addresses or information concerning ordinary mail matter upon the official request of such a representative provided the labor involved is not such as to interfere unduly with postal business. In any instance where a postmaster is in doubt as to the expediency of complying with such a request he should write to the First Assistant for instructions, and in all cases involving registered or insured mail, to the Third Assistant, Division of Registered Mails. When a postmaster receives a request or inquiry from a foreign country's representative in the United States for information which under the provisions of sections 356 and 523, P. L. & R., can not be furnished, he should acknowledge its receipt and state that the postal regulations prohibit his furnishing the information and suggest that the request be submitted through the Department of State.

6. **Lists of names or other information.**— Postmasters and all others in the postal service are forbidden to furnish lists of names of persons receiving mail at their offices or to give information as to the post office addresses of former patrons, except as indicated in section 523, P. L. & R. It is not the practice of the Department to furnish such information. Form 08 may be used in acknowledging such inquiries from the general public.

7. **Official enforcements or testimonials.**— No postmaster or other postal officer or employee in his official capacity is permitted, without special authority from the Postmaster General, to give any endorsement to a private enterprise or business institution, and no postmaster is permitted to give official endorsements of patrons of his office, or testimonials, or guarantees as to their honesty, reliability, etc.

8. **Telephoned inquiries.**— In answering telephoned inquiries concerning mail matter postmasters should be careful not to give information to any person whose voice is not recognized as that of some one authorized to receive such information.

9. **Recruits for Army, Navy and Marine Corps.**— Postmasters are directed to aid recruiting officers of the United States Army and Navy so far as possible by displaying recruiting posters in conspicuous places in the post office lobbies and by distributing to young men who may be interested in the subject any printed matter relative to enlistment in the Army, Navy or Marine Corps that is sent to them for that purpose from the War and Navy Departments. (See Sec. 161, as amended August 6, 1918, and Sec. 281, P. L. & R.)

10. **Agents for publications.**— Postmasters of all classes and employees at post offices of the third and fourth classes who accept subscriptions for newspapers and periodicals during their hours of service to the Government, must not permit this business to interfere with the proper performance of their official duties, and must not retain commissions thereon unless they have agreements to that effect with the publishers. No postmaster or employee may undertake or agree to act as agent for one publication to the exclusion of others.

11. **Sale of postmarking supplies.**— Postmasters are directed to forward to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies, all circulars and communications received by them from firms or corporations advertising the sale of postmarking supplies.

12. **Advertising on postmarking stamps forbidden.**— Postmarking dies shall not be used for advertising purposes, except by special permission from the Department and permission will not be granted for such advertising of expositions, fairs or celebrations unless they are of such national interest as to have been recognized or appropriated for by Congress. (See Sec. 538, P. L. & R.)

13. **Dispatch of fictitiously addressed mail.**— Although fictitiously addressed mail is *undeliverable* under section 594, P. L. & R., such mail should not be withheld from *dispatch* if otherwise mailable and properly prepaid.

14. **Mutilations of mail by canceling machines.**— Postmasters should issue necessary instructions to their employees enjoining care in postmarking mail by canceling machines. Letters containing bulky enclosures should not be run through the canceling machine, but, instead, should be hand-stamped.

15. **Changes in names or boundaries of counties.**— When a post office is changed from one county to another by reason of change of county boundaries or the creation of new county, the postmaster should promptly notify the Fourth Assistant, Topography Branch, Division of Equipment and Supplies.

16. **Alaska.**— All mails for Alaska are dispatched from Seattle, Washington. During the season of navigation all classes of mail are dispatched. During the winter season (from about October 1 to June 1), on account of the difficulty of transportation, the dispatch of mail for Alaska, except for offices on the southern coast, is limited, preference being given first, to letters in their usual and ordinary form and postal cards; second, to single newspapers and magazines addressed to public libraries, newspaper publishers and to individuals. Books, catalogs, newspapers and periodicals sent to dealers for purpose of trade or otherwise, and merchandise (parcel post matter), can not be forwarded to interior offices during the winter season. But, as an exception to the foregoing, when the weight limit of mail for dispatch will permit, packages of seeds, not exceeding one pound per package, and articles of merchandise, not exceeding a few ounces each, as the proper officers of the service have reason to believe contain articles of urgent necessity, such as eyeglasses, medicines, etc., for individual use, but not intended primarily for trade, may be inclosed in the mails for dispatch. Offices in Alaska to which only a limited amount of mail may be sent in winter are designated "R" in the State list of post offices.

17. **United States possessions and over-seas territory dispatch of mails for.**— Mails for the Philippine Islands, Hawaii, Samoa and Guam are dispatched from Pacific Coast ports at the first available opportunity to secure the earliest arrival at destination. Mails for Porto Rico and the Virgin Islands of the United States are dispatched by steamers from New York, N. Y. Mails for the Canal Zone are dispatched principally from New York, N. Y.; and, when the mails can be advanced, by steamers from New Orleans, La., and San Francisco, Cal.

18. **Posting letters at railway post offices.**— The privilege of posting letters in mail cars and in letter-boxes at railroad stations collected from by railway postal clerks is intended only as an accommodation to travelers and to permit the mailing of a few late letters which cannot be deposited in post offices in time for their intended dispatch. Fourth-class matter and matter to be registered, is not mailable at mail cars.

19. **Penalty for illegal transportation of mail.**— Whoever, being concerned in carrying the mail, shall collect, receive or carry any letter or packet, or cause or procure the same to be done, contrary to law shall be fined not more than $50.00 or imprisoned not more than 30 days, or both. See section 1295, P. L. & R.

20. **Pensioners' oaths.**— Fourth-class postmasters and rural carriers are required to administer oaths to pensioners and witnesses in the execution of pension vouchers, and have authority to receive from the pensioners for each voucher a sum not exceeding 25 cents. Rural carriers are not required to deviate from their routes to execute vouchers.

DUTIES OF POSTMASTERS AS TO REPORTING ARRIVALS AND DEPARTURES OF MAIL, ETC.

21. **Use correct route numbers and termini.**— All communications to the Department relative to mail routes should embrace the correct number and terminal points of such routes.

22. Postmasters at terminal offices and at other intermediate schedule points are directed to exercise especial care in making out monthly reports of performance of service or registers of arrivals and departures of mails at their respective offices, to avoid the use of the route number given in the general advertisements, usually issued in September of one year for service from July 1 of the next year, when referring to service contracted for under a previous advertisement.

23. Blank Form 4155 (Monthly Report of the Performance of Star Route Service) should never be used for reporting service to post offices not regularly established on a mail route and known as "Special Offices."

24. In forwarding monthly reports, or registers of arrivals and departures of mails, or complaints on rural, or star routes (except those in Alaska), postmasters should be careful to address the Fourth Assistant Postmaster-General, Division of Rural Mails. For steam and electric railroad routes, steamboat and Alaska star routes, address Second Assistant Postmaster-General, Division of Railway Adjustments. For mail messenger and screen wagon routes, address First Assistant Postmaster-General, Division of Post Office Service.

EMPLOYMENT OF TEMPORARY MAIL CARRIERS.

25. Postmasters should not employ any person to act in place of the regular mail carrier without first receiving authority from the Department to employ such temporary carrier, unless such employment is clearly justified by that section of the Postal Laws and Regulations which relates to temporary service under the class of service which it is proposed to replace. (Railroad Service, sec. 1356: Mail Messenger Service, sec. 1385; Star and Steamboat Service, sec. 1451.)

LOSS, DAMAGE, OR DELAY.

26. **Loss, damage or delay of mail matter.**— Postmasters and other postal officers must report, in the manner outlined in section 487 of the P. L. & R., every complaint made to them or which comes to their knowledge of the loss, rifling, damage, delay, wrong delivery or other improper treatment by postal employees of mail matter. For losses by burglary, fire, etc., see section 150, P. L. & R. For instructions regarding lost warrants or drafts see section 147, P. L. & R.

27. **Loss of or damage to ordinary mail.**— There is no provision for the payment of indemnity for the loss of or damage to mail not insured or registered.

28. **Rewards.**— Rewards will be paid for the detection, arrest and conviction of post office burglars, robbers, and highway mail robbers. Applications for rewards and inquiries relating to them should be addressed to the Chief Inspector, Post Office Department.

29. **Letter boxes.**— The wilful injury or destruction of any letter box or other receptacle authorized by the Postmaster General for the receipt or delivery of mail matter, or the wilful theft, destruction, or defacement of any matter contained in such box or receptacle, is a penal offence, for which the offender is liable to a fine of not more than $1,000, or imprisonment for not more than three years.

USE OF MAILS FOR FRAUDULENT PURPOSES, AND THE TRANSMISSION OF OBSCENE MATTERS.

30. **Fraudulent schemes and obscene matters.**— Complaints relative to the alleged use of the mails for fraudulent purposes, and the mailing of obscene matters, should be addressed to the Chief Inspector, Post Office Department, Washington, D. C.

When the attention of a postmaster is called to a complaint concerning a scheme to defraud, the complainant should be requested to submit a detailed statement of the facts, and all correspondence, advertising literature, etc., which he possesses, accompanied with the envelopes in which such evidence was transmitted through the mails, properly marked for identification. The Department cannot undertake investigations for the purpose of securing the return of money remitted. Complaints due to misunderstandings arising in the ordinary course of business, when no violation of law is involved, are not proper subjects for investigation by the Post Office Department.

LOTTERY SCHEMES; ENDLESS CHAIN ENTERPRISES, ETC.

31. The attention of postmasters and railway postal clerks is directed to section 482 of the Postal Laws and Regulations, by the provisions of which newspapers or other publications of any kind, circulars and pamphlets, containing advertisements of lotteries, gift enterprises or similar schemes offering prizes dependent in whole or in part upon lot or chance, or lists of the prizes awarded in pursuance of such schemes, and all other matter relating to them, are declared to be unmailable. The terms "lottery, gift enterprise, or similar scheme offering prizes dependent in whole or in part upon lot or chance," as used in that section, include "guessing" or "estimating" contests for prizes, as well as drawings and raffles of every kind, whether general or local, whether for private gain or in aid of charitable, educational or religious objects, and whether the consideration for chances be money or other thing of value. Enterprises in which prizes are distributed among purchasers of merchandise in stated amounts, or among subscribers for publications, or for shares of corporate stock, through the medium of drawings or guessing contests, are lotteries within the meaning of that section. Publications, circulars, cards or pamphlets containing advertisements of such enterprises, or notices or other information of any kind relating to them, should be withdrawn from the mails and treated in accordance with sections 547, 574 and 593 of the P. L. & R.

"Endless chain" enterprises designed for the sale or disposition of merchandise or other things of value through the circulation or distribution of "coupons," "tickets," "certificates," "introductions," and the like, are held to embrace the elements of a lottery, and also to be fraudulent. Matter of every kind relating to such enterprises should be excluded or withdrawn from the mails, and treated in accordance with sections 547, 574 and 593 of the P. L. & R.

Where there is doubt whether the scheme advertised or referred to is a lottery, or similar enterprise, as defined by section 482, the matter in question should be submitted to the Solicitor for the Post Office Department for advice as to its admissibility. Communications to postmasters from the Solicitor, embracing opinions or rulings in respect of matter so submitted, are to be regarded as records of the post office and retained among its official files for purposes of reference. The substance only of such communications should be conveyed to interested persons, and in no case should exact copies be supplied to them; the ruling or opinion being intended for the guidance of the postmaster, and not for the use of those interested in the enterprise passed upon.

The Post Office Department is endeavoring to enforce the anti-lottery statutes strictly and with thoroughness. Postmasters, railway postal clerks, and all other officers and employees charged with the handling of mail matter are therefore expected to examine such matter, especially publications, with the greatest care consistent with prompt transmission and delivery, and to withdraw or exclude all such as is ascertained to relate to lotteries or like enterprises. Many postmasters have been found negligent in this regard.

"SPANISH PRISONER SWINDLE."

32. The "Spanish Prisoner Swindle" is fully explained in ruling 31 of the July, 1919, Postal Guide.

PROCURING COPIES OF DEPARTMENT FILES.

33. Copies of papers in the files of the Department, or records in post offices, or copies thereof will not be furnished on the application of individuals, except in cases where a suit has been commenced and is pending involving the substance of the paper, document or record itself, and then only upon the proper subpœna duces tecum issued by a court of record. But in no case shall copies be furnished of the official bonds of officers connected with the service, except under suits relating to said bonds or the execution thereof, or criminal prosecutions thereunder.

POSTAL SAVINGS SYSTEM.

1. **Purpose.**— The Postal Savings System was established by Act of Congress, approved June 25, 1910, and provides facilities for the deposit of savings at interest with the security of the United States Government for repayment.

2. **Who may open accounts.**—An account may be opened and deposits made by any person of the age of 10 years or over, in his or her own name, and by a married woman in her own name and free from any control or interference by her husband.

3. **Individuals only.**— Deposits will be accepted only from individuals. No account will be opened in the name of any corporation, association, society, firm, or partnership; in the name of any person as an officer of a corporation, association, or society; in the name of any person as a member of a firm or partnership; or in the name of two or more persons jointly. No account will be opened in the name of one person in trust for or on behalf of another person or persons.

4. **One person, one account.**— A person may open a postal savings account at any depository post office, but no person may at the same time have more than one postal savings account either at the same office or at different offices.

5. **How deposits may be made.**— Accounts are required to be opened by the intending depositor in person or through an authorized representative, but a person residing in a community served by a post office which has not been designated as a postal savings depository may apply to open an account at a depository office by mail, through the postmaster of the nondepository office. After an account is opened deposits may be made by the depositor in person, through a representative, by money order made payable to the depository postmaster, or by registered mail. Remittances must not be made by ordinary mail.

6. **Postal savings certificates.**— Deposits are evidenced by postal savings certificates issued in fixed denominations of $1, $2, $5, $10, $20, $50, $100, $200, and $500, each bearing the name of the depositor, the number of his account, the date of issue, the name of the depository office, and the date on which interest begins. Postal savings certificates are not transferable or negotiable.

7. **Minimum deposit.**— No account will be opened for less than $1, nor will fractions of a dollar be accepted for deposit. (See paragraph 11 relative to postal savings cards and stamps.)

8. **Maximum balance.**— No person is permitted to have a balance to his credit of more than $2,500, exclusive of accumulated interest.

9. **Loss of certificates.**— If a postal savings certificate is lost, stolen, destroyed, or improperly withheld, the depositor may obtain a duplicate through the depository postmaster by complying with necessary requirements.

10. **Postmasters not to hold certificates for depositors.**— Postmasters are not permitted to receive issued postal savings certificates for safe-keeping.

11. **Postal savings cards and stamps.**— Amounts less than $1 may be saved by purchasing 10-cent postal savings stamps. A savings card, furnished free, with ten postal savings stamps affixed will be accepted as a deposit of $1 either in opening an account or in adding to an existing account, or it may be redeemed in cash.

12. **Not equivalent to postage stamps.**— Postal savings stamps are not valid for postage, and postmasters will not give them in exchange for postage stamps, nor give postage stamps in exchange for postal savings stamps.

13. **Interest on deposits.**— Simple interest at the rate of 2 per cent per annum will be allowed. Deposits commence to earn interest on the first day of the month next following the day on which the deposit is made. Interest will not be allowed for any fraction of a year.

14. **No time limit on accrual of annual interest.**— Interest will continue to accrue annually on a postal savings certificate so long as it remains outstanding, certificates being valid until paid without limitation as to time.

15. **Interest not compounded.**— Compound interest is not allowed on an outstanding certificate, but a depositor may withdraw interest accrued and make a new deposit.

16. **Withdrawals paid on demand.**— A depositor may at any time withdraw the whole or any part of the deposits to his credit, with any interest payable thereon, by surrendering postal savings certificates, properly indorsed, for the amount to be withdrawn.

17. **How to withdraw deposits.**—A depositor may at any time withdraw all or any part of his deposits, upon demand, from the post office where the deposits were made. Withdrawals may be made in person, through a representative, or by mail through any other depository post office.

18. **Part payment of a certificate.**— When a depositor desires to withdraw only a part of the amount represented by a certificate, the depository postmaster will cancel the certificate, after paying any interest that may be due thereon, and issue a new certificate or certificates covering the amount remaining on deposit. The new certificates will bear the date on which they are issued and will bear interest from the first day of the following month.

19. **Withdrawal of interest.**— When a depositor desires to withdraw the interest payable on any certificate, without surrendering it, he will be required to give his receipt for the amount of the interest paid. The postmaster will enter on the back of the certificate the date of the interest payment.

20. **Death of a depositor.**— In case of the death of a depositor the Third Assistant Postmaster General will authorize payment of the amount standing to his credit to the executor or administrator of his estate upon compliance with certain requirements. In case of the death of a depositor intestate, and the amount on deposit is small ($250 or less, except where the laws of the State in

which the money is deposited provide otherwise), the Third Assistant Postmaster General may authorize the payment of the amount on deposit to the persons entitled to receive it under the laws of the State in which the money is deposited.

21. **Postal savings bonds.**—A depositor may exchange the whole or any part of his deposits for registered or coupon United States postal savings bonds, issued in denominations of $20, $100, and $500, bearing interest at the rate of 2½ per cent per annum, payable semiannually, redeemable at the pleasure of the United States after one year from date of issue, and payable 20 years from such date. Both principal and interest is payable in United States gold coin. The exchange may be made as of January 1 and July 1 of each year.

22. **How to apply for bonds.**—A depositor desiring to convert his postal savings deposits into bonds on January 1 and July 1 of any year should make application to the depository postmaster at least one month previously on a form which will be supplied for the purpose. At the time of making application the depositor shall indorse and surrender postal savings certificates covering the amount of the bonds desired and the postmaster will give him a receipt for the certificates. The bonds will be issued by the Secretary of the Treasury who will forward them direct to the depositor. The exchange is considered as taking effect on the date when the bonds begin to bear interest (January 1 or July 1), and any interest due on this date on the certificates surrendered will be paid by the depository postmaster.

23. **A person may hold any amount of bonds.**—Postal savings deposits which have been exchanged for bonds are not counted as a part of the maximum balance of $2,500 allowed one depositor, and there is no limitation upon the amount of postal savings bonds which may be owned by a depositor.

24. **Bonds exempt from taxes.**—Postal savings bonds are exempt from all taxes or duties of the United States as well as from taxation in any form by or under State, municipal, or local authority.

25. **Bonds are transferable.**—Postal savings bonds can be obtained only by the surrender of postal savings deposits and will not be issued to persons who are not depositors, but whether in registered or coupon form they may, after receipt by the depositor, be sold or disposed of by him at any time and to any one whomsoever. A leaflet containing additional information concerning postal savings bonds may be obtained from any depository postmaster.

26. **How to address communications.**—All communications to the Department in regard to postal savings business should be addressed to the Third Assistant Postmaster General, Division of Postal Savings, Washington, D. C.

THE POSTAL MONEY ORDER SYSTEM.

1. **Establishment of money order service.**—In 1864 the need for some safe method by which small sums of money could be sent by mail became so pressing that Congress passed the act authorizing a Postal Money Order System. The postal money order service thus established was the pioneer in the money order field, in the United States. The fact that absolute safety is thereby assured at a nominal cost accounts for the remarkable growth and popularity of this postal facility.

2. **Advantages.**—The practice of forwarding currency in ordinary mail is an incitement to theft. In case of train wreck also, or of other casualty incident to transportation, money may be destroyed or otherwise lost. But a money order, though lost, may be duplicated from the record of its issue. The public therefore is urged to use the postal money order system, which offers a safe, cheap and convenient method of making remittances to all parts of the United States and its possessions, and to foreign countries as well. Postal money orders, in short, should be used whenever available instead of cash for remittances by mail; and when such orders cannot be obtained the letter containing the money should always be registered.

3. **Use of money orders in C. O. D. parcel post service.**—Postal money orders are the only means by which sums collected on packages sent by C. O. D. parcel post are remitted to the sender of the parcels.

"SPECIAL" MONEY ORDER APPLICATIONS BEARING PRINTED NAMES AND ADDRESSES OF PAYEES.

4. **Application forms may be furnished business houses.**—Postmasters will be permitted to furnish, from their own supplies, free of charge, quantities of the regular form to business men who may desire to have them overprinted at their own expense, or send them unchanged, with advertising matter, to their customers. If they are to be overprinted, the postmaster may obtain a supply of such forms loose, i. e., not put up in pads, by making special requisition on the Fourth Assistant Postmaster-General, Division of Equipment and Supplies, and stating the purpose for which they are desired.

MONEY ORDER POST OFFICES.

5. **Register and list of money order offices.**—A separate Register of Money Order Post Offices is published annually. All such offices, including branch offices and stations authorized to transact money order business, are embraced in the "State List, Post Offices, Branch Post Offices and Stations," in this edition of the United States Official Postal Guide, and are indicated by dis-

tinctive signs or symbols (* or †) as explained at the head of such list, which will be subject to amendment announced from time to time in monthly supplements.

6. **Discontinued offices.**— In the list of "Post Offices Discontinued," herein is given, in conjunction with the name of each discontinued money order office, the name of the post office at which outstanding orders drawn thereon may be cashed.

7. **Important notice — Name and No. of post office.**— The postmaster receiving this copy of the Guide, if his office is a money order office, will be careful to observe whether the name of the office as printed herein is precisely in accordance with the spelling of the name on money order forms supplied for issue thereat, and on the M. O. B. stamp furnished for his use; also whether the office number as printed herein is the same as the office number printed on the money order forms. In case the slightest discrepancy in this respect is noted, the postmaster, in order that proper steps may be taken by the Department to minimize the consequences of the error, must promptly report the fact to the Third Assistant Postmaster-General (Division of Money Orders) by letter, to which he should affix an imprint of the M. O. B. stamp.

8. **Lists to be consulted.**— Postmasters not in possession of a copy of the Register of Money Order Post Offices in operation July 1, 1920, will consult the above mentioned lists in the transaction of money order business.

9. **Navy money order offices.**— Money order offices established on vessels of the Navy are listed as branches of the post office at New York, N. Y.; and postmasters should address to the postmaster at New York all inquiries they may have to make regarding money orders issued by or drawn on these naval offices.

10. **Foreign offices, lists of.**— Lists of post offices in the several foreign countries with which the United States transacts money order business on the domestic basis (see Tables No. 1 and No. 4 on pages 89–90 of this Guide) and on which money orders may be drawn on the domestic form by any United States money order post office will appear in the Register of Money Order Post Offices. Pending receipt of a copy of the register for July, 1920–1919 edition may be consulted in drawing orders on those countries.

11. **Classification of money order offices.**— Money order offices are of two kinds, "Domestic" and "International."

12. **Domestic offices.**— Domestic offices are authorized to issue money orders payable only in the United States or its possessions, or at the United States Postal Agency in Shanghai, China, or in certain foreign countries with which the United States transacts money order business on the domestic basis and which are hereinafter enumerated in Table No. 1, page 89, and to pay only orders drawn by postmasters at offices in the United States or its possessions, or the United States Postal Agent at Shanghai, or by postmasters in the foreign countries thus enumerated.

Orders on the *domestic forms* for sums payable in China may be drawn only on the U. S. Postal Agent in Shanghai. Orders for payment in Tientsin, Peking and other cities in China are issued by international offices on the *international form.*

13. **International offices.**— International offices not only issue and pay such money orders as do Domestic offices, but in addition thereto issue orders on, and pay orders drawn by, certain foreign countries, between which and the United States conventions for direct exchange of money orders are in operation; and also issue and pay money orders which are sent to or received from various other parts of the world through the intermediary of the postal administration of one or another of those countries.

ARMY POSTAL SERVICE.

14. Inquiries and complaints regarding payment of orders drawn by or on U. S. Army Postal Service, should be addressed to U. S. Army Postal Agent, care of Second Assistant Postmaster General, Washington, D. C., the headquarters of that service having been transferred from Paris to Washington in December, 1919.

MONEY ORDERS.

15. **Maximum amount.**—The maximum amount for which a single money order may be issued is, by law, one hundred dollars; but there is no restriction as to the number of domestic money orders which may be issued in one day to the same remitter.

16. **Application for money order.**—A money order will be issued upon the filing of an application therefor on Form 6001 or 6701 as prescribed in the Postal Laws and Regulations. Before proceeding to issue the order the postmaster will make such examination of the application as may be requisite to ascertain whether all the necessary particulars appear therein. He should see that the name of the payee is legibly written; and that his address is given in full (showing street and number), if practicable, when the order is payable in a city.

17. **Payment.**—A money order will be paid to the person named therein, or his indorsee, or his agent or attorney upon his written order, on due presentation thereof at any time within one year from the last day of the month of its issue. A money order drawn in favor of a person residing on a rural route may be paid through the carrier if entrusted to him for collection, with a written request addressed to the postmaster that payment be so made.

18. **Repayment.**—A domestic order may be repaid at the office of issue within one year from the last day of the month of its issue. Repayment of the amount of an international order, however, may not be effected until after the consent of the country on which it was drawn shall have been obtained, and should never be made on the mere presentation of the original order at the issuing office.

19. **Indorsements.**— More than one indorsement on a money order is prohibited by law; but there is no objection to signatures affixed thereto by other parties in token of identification or in guarantying signature of payee or indorsee; and postmasters are encouraged to secure written guarantees of this kind when in doubt as to the identity of the applicant for payment. Even if an order bears two or more indorsements it may yet be paid to the first indorsee on due presentation thereof properly receipted by him, provided it is regular in all other respects. The indorsements inconsistent with such payment may thereupon be stricken out.

20. **Identification.**—The person who presents an order for payment must be identified if unknown to the postmaster. The postmaster who pays a money order upon indorsement to an unknown or irresponsible person without knowing that the signature to the indorsement is the genuine signature of the payee, or without obtaining the signature thereto of some reliable person expressly guarantying the indorsement, does so at his own risk.

21. **Bank stamps.**— The stamp impressions which banks ordinarily place upon orders left with or sent to them for collection are not regarded as indorsements transferring ownership of the orders, or within the meaning of the statute which forbids more than one indorsement.

22. **Payments to banks.**—When an order purporting to have been receipted by the payee, or indorsee, is deposited in a bank for collection, the postmaster at the office drawn upon may effect payment to the bank, provided there be a guarantee on the part of the bank that the latter will refund the amount if it afterward appear that the depositor was not the owner of the order. An order thus paid should bear upon its back the impression of the stamp of the bank. The person receiving payment in the bank's behalf on an order thus receipted, the signature of the payee or indorsee being left undisturbed, may be required to write his name upon the back of the order or coupon.

23. **Lost orders.**—When a domestic money order has been lost, the owner may, by making application through the postmaster at any money order office, within one year from the last day of the month of its issue, obtain a duplicate in its stead payable within that period.

24. **Invalid orders.**—A domestic order which has not been paid within one year from the last day of the month of its issue is invalid, but the owner may secure payment of the amount by making application to the Post Office Department through the postmaster at any money order office. By similar procedure in the case of a money order which has been more than once indorsed the second or any subsequent indorsee may obtain payment. The postmaster will furnish the form for the application — Form 6002, or 6003a, as the case may be.

25. **Orders payable at any money order office, when.**— Original domestic money orders issued in continental United States exclusive of Alaska, are payable on proper presentation at any money order post office in continental United States, exclusive of Alaska, *within thirty days from date of issue,* after which time they may be paid only at office therein designated.

26. **Exceptions.**— Domestic money orders issued in Alaska, Guam, Hawaii, Porto Rico, Tutuila (Samoa), the Virgin Islands of the United States, (late Danish West Indies) or at the United States Postal Agency at Shanghai, China, may be treated as paid only at the office drawn upon, or repaid at the office of issue. Although drawn on the domestic form, postal money orders issued in the United States for payment in the Canal Zone or Philippine Islands, or for payment in any of the foreign countries with which business is transacted on the domestic basis, may not be paid or repaid at any office in the United States other than that of issue. Nor may orders issued in the Canal Zone or Philippine Islands, or in any foreign country, be paid at any office in the United States other than the one therein designated, except under special authorization from the Department. A money order bearing marks of alteration of date, name or amount should not be paid at any office other than the one drawn upon, or the office of issue. A duplicate money order may be paid only at the office on which the original was drawn or at the office at which the original was issued.

27. **Funds improperly deposited in rural mail boxes.**—A few patrons on rural routes deposit money in their mail boxes for the purchase of money orders, instead of applying personally to the carrier, and obtaining from him at the same time the receipt provided for in Section 1259, of the Postal Laws and Regulations. The practice is conducive to theft and should be abandoned. If, in spite of warning to the contrary, a deposit of that kind is made, the carrier should collect the money and present it at the post office with a written application on Form 6001 for the desired money order.

MISCELLANEOUS.

28. **Erasures and alterations in money orders.**— Any erasure, alteration, or change whatever of the particulars written in a money order is forbidden. See sections 1135 and 1144 of the Postal Laws and Regulations.

29. **Identity, and right, of claimant.**— Before paying a money order drawn upon an office other than his own the postmaster must be satisfied that the claimant is the person he represents himself to be and the rightful owner of the order. (See paragraphs 3 and 5, Section 1149, P. L. & R.)

30. **Procedure after payment of order drawn on another office.**— Immediately after paying within thirty days from date of issue a money order drawn upon an office other than his own, the postmaster, as provided in the amended Section 1148, will send to the issuing post office a notice thereof on Form 6126 which shall describe the order by its serial number, the amount and the dates of issue and payment. On the back of the order and that of the coupon he will stamp the date on which it was cashed, and make note of the dispatch of Form 6126 to the issuing postmaster; and pending receipt of response to such notice will carry the order as cash on hand. Appended to the

Form 6126 there is a detachable printed coupon for use by the issuing postmaster in making acknowledgment of receipt of notice given on that form.

31. **Action required of issuing postmaster.**—The issuing postmaster upon receipt of notice on Form 6126 will immediately examine his records for the purpose of ascertaining whether or not an application for a duplicate of the order has been certified. If no such application has been received, he will at once fill out, sign, detach, and mail to the office at which the order has been paid the required acknowledgment of receipt of notice of the payment. He will at the same time make a note in his register of orders issued, giving the name of the office at which the order has been paid and the date of its payment, and will then file the notice with the application on which the order was issued.

32. **Order stamped and credit taken.**—Upon receipt of such acknowledgment with statement to the effect that no application for a duplicate of the order has been received, the postmaster who cashed the order will stamp it on the face as paid, take credit in cash book for payment thereof, and make note of the same in his register of orders paid, treating the order in all respects as a voucher pertaining to the money order account next to be rendered by him to the Auditor. The acknowledgment is to be attached to and filed with the coupon of the order.

33. **Failure to respond to notice given as to cashing of money order.**—If after lapse of time sufficient for exchange of correspondence between them the postmaster sending notice on Form 6126 shall not have received an acknowledgment of receipt thereof he will mail to the issuing postmaster another such notice, marking the same "Second notice"; and if after lapse of another such period no response thereto shall have been received he will make report of the fact to the Third Assistant Postmaster-General (Division of Money Orders), giving on a copy of the same form a description of the order, with date of payment, and the dates on which the notices were sent.

34. **Prevention of double payment.**—If upon receipt of notice on Form 6126 of payment of a money order the issuing postmaster finds that he has already certified an application for a duplicate of the order, he will promptly forward such notice to the Third Assistant Postmaster-General (Division of Money Orders) with a statement of the date on which such application was certified and forwarded. In such case, also, if the duplicate was to be drawn upon the office on which the original was drawn, the issuing postmaster will promptly notify the postmaster at that office for the purpose of preventing payment of the duplicate if issued.

35. **Treatment of application for duplicate when original has been cashed.**—In the event that after receipt of notice that the original has been paid elsewhere an application for a duplicate order is received by the issuing postmaster from the office on which the original was drawn he will return the application to the postmaster drawn upon with a statement of the fact of payment, naming place and date thereof. The latter then, if the circumstances call for investigation, may refer the matter to the Third Assistant Postmaster-General (Division of Money Orders).

36. **Accounting for amount of cashed order before taking credit.**—In the money order accounts to be rendered to the Auditor the amount of any money orders which are being carried as cash pending acknowledgment of receipt of notice sent on Form 6126 to the issuing postmaster must be accounted for on the lower margin of the summary in this wise: "Paid orders drawn on other offices and carried here as cash, $..... ...." A similar entry should be made in the money order cash book.

MONEY ORDERS CASHED AFTER 30 DAYS AT OFFICE OTHER THAN THAT ON WHICH DRAWN.

37. United States domestic money orders not presented until after 30 days from date of issue, whether issued in the continental United States or elsewhere, may be treated as paid only at the office on which drawn, or as repaid at the office of issue. On due presentation thereat at any time within one year from the last day of the month of their issue such orders may be paid or repaid, if application for duplicate has not been certified and forwarded.

As formerly under Section 1148, however, when a mistake has evidently been made by the issuing official in naming the place of payment such orders may be cashed, at any time within the period of their validity, at offices other than those therein designated, care being taken in the first place to obtain guaranty or assurance as provided in Section 1148 originally. Whether issued in continental United States or in Guam, Hawaii, Porto Rico, Tutuila (Samoa), or the Virgin Islands, U. S. (late Danish West Indies), or at the United States Postal Agency at Shanghai (China), they should, when so cashed, be sent to the office of issue or to the office therein named as the one drawn on per Form 6588, bearing request for reimbursement. This method may be followed in the case of any valid domestic order drawn upon a money order office located in Alaska, Hawaii, Porto Rico or Virgin Islands, U. S., but cashed under this rule at another money order office *in the same territory* either before or after expiration of 30 days from date of issue,—the order in such case may be sent, per Form 6588, to the office drawn on, to be there treated as paid.

38. **Order to be stamped and notice sent office drawn on.**—In each case where an order has been cashed at an office other than one therein designated but may not be treated as paid at the cashing office under the amended Section 1148, an impression of the dated M. O. B. stamp of the cashing office should be placed on the back of the coupon; record of the transaction, on Form 6513, should be there filed, and notice thereof on Form 6542 should be at once mailed to the office drawn on, if it be a money order office,—otherwise to the office of issue.

39. **Money orders drawn on foreign countries are payable only at the offices therein designated.**—If made out on the *domestic form* payable in any of the countries named in Table No. 4 at page 90,

they should not be paid at any other office in the United States, nor repaid at the office of issue without return of the separate advice. If drawn on *international form,* repayment should not be made except after receipt by the issuing postmaster of a formal authorization from the Department. In some cases speculators abroad have purchased United States orders in depreciated currency, and sent them to agents in this country, with instructions to present them at an office other than the one of issue for payment in United States money, or exchange them for bank drafts, which would command a premium at the place of designation. The profit thus realized would be at the expense of remitters or payees of the original money orders.

DUPLICATE MONEY ORDERS.

40. **Duplicate money orders — Bonds of indemnity.—** In view of the provisions of amended Section 1148 it is to be expected that in cases more or less numerous application will be made for the issue of duplicate money orders when the originals have been paid within thirty days from date thereof at offices other than those therein designated. Section 1169 has therefore been amended so as to forbid certification of an application by the issuing postmaster prior to expiration of the thirty-sixth day following the date on which the original was issued, unless the applicant or the party in whose favor the application is made give bond of indemnity (on Form 6116) conditioned for refund of the amount paid on the duplicate in the event that after payment thereof any other person shall establish a valid claim to the original order or in case it shall appear that the original has been paid to the rightful owner at another office. If the application is made at the office drawn upon, the bond may be given there by the applicant (payee, indorsee, or remitter) and forwarded thence with the application to the issuing post office. Otherwise, it may be given at the issuing office by the remitter, payee, or indorsee. In either case it should be forwarded to the Department with the application and on the application should be noted the fact that it is thus forwarded.

41. **Application for duplicate may be received though not forwarded within 36 days unless bond be given.—** Where bond of indemnity will not be given, an application for a duplicate of an order alleged to be lost or destroyed may be received from remitter, payee, or indorsee, but it shall not be certified or forwarded by the issuing postmaster within thirty-six days from date of issue of the original order, the period within which he would in all probability receive notice given under amended Section 1148 of payment of the original if made at an office other than the one drawn upon.

42. **Department will decide as to exaction of bond after 36 days.—** If application for a duplicate of an order alleged to be lost or destroyed is not certified and forwarded until after the lapse of thirty-six days from date of issue of the original it shall, as heretofore, be left for determination by the Department, after receipt of the application thereat, whether or not a bond of indemnity shall be exacted.

FUNDS FURNISHED POSTMASTERS FOR PAYMENT OF MONEY ORDERS.

43. **How to apply for draft.—** Postmasters should use every effort to effect prompt payment of money orders; when the available funds in his possession are not sufficient for the purpose, he should make application on Form 6033 to the Third Assistant Postmaster-General, Division of Money Orders, for a special draft on the postmaster at New York, N. Y., for the additional amount needed. In making such application the postmaster should be careful to state whether or not he will be able to negotiate the draft in his vicinity without cost to the Department. (See Sec. 1234, P. L. & R.)

44. **Credit at New York, and drafts against same.—** When at any office the payments of orders constantly exceed the receipts the Third Assistant Postmaster-General will grant the postmaster a credit, for a specific amount, with the postmaster at New York, and furnish him with a book of blank drafts for use in drawing against such credit. (See Secs. 1235 and 1236, P. L. & R.) But postmasters are not to make up for deficiencies in postal receipts by drawing drafts against a credit of this kind and transferring the proceeds to the postal account.

SURPLUS MONEY ORDER FUNDS AND RESERVES.

45. **Failure to remit or account properly for surplus funds.—** In many instances postmasters do not remit surplus money order funds as instructed in sections 1240 to 1245 inclusive of the P. L. & R., while others fail to report on lower left-hand corner of the account summaries, under the heading "Memorandum of Remittances," the dates and amounts of remittances in transit for which no certificates of deposit have been received, or the dates and amounts of remittances that will be made of funds already on hand. Some postmasters at offices where money order reserves have been granted fail to enter the amount thereof in the space provided on the lower right-hand corner of money order account summaries, while others claim reserves when none have been authorized by the Department. Such carelessness or willful omission of entries materially affects the efficiency rating of postmasters. Printed instructions on money order account blanks are for the guidance of postmasters, and should be observed in rendering semi-monthly or monthly accounts of money order business.

46. **Reserves to be retained only as needed.—** Some postmasters retain the entire money-order reserve when but a portion is needed to insure the prompt payment of orders. The necessity for remitting all funds not required in the actual transaction of money-order business is readily apparent, and postmasters should retain on hand only such part of the reserve as is necessary to meet actual conditions at their offices and to insure the immediate payment of money orders. (See Sec. 1245, P. L. & R.)

USE OF MONEY ORDER, REGISTRY, INSURANCE AND C. O. D. SERVICES TO BE ENCOURAGED.

47. **Encourage use of money order, registry, insurance and C. O. D. service.**— It is enjoined upon postmasters and post office employees to encourage the use of the money order, registry, insurance and C. O. D. services. They should recommend to the public that postal money orders be used, whenever available, instead of cash, for remittances by mail; or, when postal money orders are not available, that money be sent by registered mail; also that all valuable mail matter other than that of the fourth-class be registered, and that valuable fourth-class (domestic parcel post) mail be insured to obtain the indemnity afforded against loss in the mails.

48. **Penalty incurred by disparagement of service.**— Disregard of these instructions, or any disparagement of the registry, money order, insurance or C. O. D. services, whether by making unfavorable comparison with other means of transportation or otherwise, will interfere with the policy of the Department and be deemed sufficient ground for the removal of the offender.

49. **Identification of payee by signature.**— When the payee of a money order is not a resident of the place where payment is to be made, a useful aid to correct identification of the owner may be supplied by a specimen of the payee's signature mailed in advance, under cover of an official penalty envelope, by the issuing to the paying postmaster. That expedient has proved of great value for commercial travellers, actors, etc., but it does not relieve the paying official from exercising additional precautions against wrong payment. (See Section 1127, P. L. & R., as amended.)

ACCEPTANCE OF CHECKS IN PAYMENT FOR MONEY ORDERS.

50. **Section 1124 of the Postal Laws and Regulations defines the funds receivable in payment for money orders, whether issued to a remitter or in return for a C. O. D. parcel.**— The acceptance of checks, drafts or other commercial paper is not authorized, except such as are issued by disbursing officers of the Government in their official capacity, which may be received if they can be disposed of readily at par by the depository to which the postmaster remits surplus money order funds.

No objection would be raised, of course, to a postmaster cashing from his own funds a check drawn by one of his patrons and using the proceeds in paying for a money order. Such an accommodation, however, must be wholly at the postmaster's risk and any loss resulting must be borne by him.

"C. O. D." MONEY ORDERS NOT TO BE DELIVERED TO ADDRESSEES OF PARCELS.

51. **Orders purchased through rural carrier.**— By the Postmaster General's Order No. 10116 of November 21, 1916, published on page 31 of the December supplement to the Postal Guide, paragraph 3 of Section 1264, Postal Laws and Regulations, is amended so as to provide, in the case of money orders issued on applications presented through rural carriers, that the receipt form for the remitter shall be detached from the coupon of the money order and mailed to him separately in a sealed penalty envelope by the postmaster if the order is to be mailed to the payee by the carrier, and that when the money order is not to be mailed by the carrier, or taken out by the carrier for personal delivery, it, with the receipt form, undetached, shall likewise be sent in a sealed penalty envelope by the postmaster to the remitter.

52. **Orders for sums collected by carriers on C. O. D. parcels.**— Postmasters will bear in mind that this section (1264) of the Postal Laws and Regulations is *not applicable to money orders representing collections made by rural carriers on C. O. D. parcels.* In the coupon of a money order issued for the purpose of forwarding the amount due the sender of a C. O. D. parcel the name of the addressee of the parcel is given as that of remitter simply in order that the sender of the parcel may know whom to credit with the amount of the remittance. Although he is named as remitter, the money order issued for such purpose is not to be delivered to the addressee of the parcel, but is to be mailed by the issuing official in a penalty envelope bearing the name and address of the payee (sender of the parcel) as given on the tag. The receipt form in such a case is to be detached from the coupon of the order at the issuing post office and there filed in the manner prescribed in articles numbered 69 and 70 on pages 116 and 117 of this Guide.

DESTRUCTION OF MONEY ORDER RECORDS.

53. In case of the destruction of his money order records by fire, burglary, or otherwise, a postmaster should ascertain as soon as possible whether any orders were issued but not dispatched and presumably were destroyed. The complete particulars of any such orders should be determined, if necessary the remitters being consulted, and applications for duplicates submitted promptly at the expiration of 36 days from date of issue.

Likewise if C. O. D. parcels have been delivered and the funds and tags destroyed before the issue of the money orders therefor, the postmaster should ascertain the particulars thereof, issue the orders, and submit to the Solicitor for the Post Office Department a claim for the sum destroyed. Pending settlement of the claim the postmaster should carry the amount in his money order records and accounts as cash on hand.

A marked feature of this form is a "Coupon for Paying Office" which should be presented with the order, undetached, by payee or indorsee at the paying office. ☞ If the order is drawn for payment in any country with which the United States transacts money order business on the domestic basis, A SEPARATE ADVICE THEREOF, ON FORM 6006, MUST BE DISPATCHED BY THE ISSUING POSTMASTER TO THE COUNTRY OF PAYMENT BY FIRST OUTGOING MAIL.

Carefully follow instructions printed on Stub as to manner of detaching order from stub at time of issue.

CAUTION -- Orders issued for payment in any foreign country named in Table No. 2, page 89, must be drawn on the INTERNATIONAL Money Order form and not on a form of this kind.

If drawn on any foreign country named in Table No. 4, is not payable in the United States at any except issuiug office.

55. **Alleged wrong payment of money orders.**—When a postmaster is notified that wrong payment of a money order has been made at his office, the matter should be brought promptly to the attention of the Third Assistant Postmaster General and the order and coupon forwarded to him with a statement of the facts in the case. If the order has been dispatched to the Auditor, the coupon should be forwarded and, if the office which made the payment is one of the first or second class, the postmaster should give the "File Number" or the number of the sheet, column and running number of the account in which credit therefor was taken, with a view to locating the order in the Auditor's files.

56. **Soldiers' money orders — Caution in payments.**— Postmasters are again warned to exercise great care in identifying persons who present for payment money orders drawn in favor of soldiers, especially when they bear indorsements. They should decline to pay orders presented by an army mail orderly, and indorsed in his favor, *unless the signature of the payee is known to the paying official, or is certified by the signature of a commissioned officer of the United States Army.*

When the commanding officer at a military camp or post appoints a mail orderly he should be requested to file with the postmaster a specimen or specimens of his signature, for the purpose of comparison with certificates as to the genuineness of payees' signatures on money orders.

Strict observance of this rule, which applies only to post offices in the United States, will prevent wrong payments and protect paying officials against loss.

57. **Use of Form 6193.**— Complaint is made that many postmasters make a practice of sending inquiries as to payment of domestic money orders on Form 6193 almost immediately after the issue of the orders. As the majority of money orders are promptly paid a great number of these inquiries are quite useless and cause unnecessary labor. It should be distinctly understood that Form 6193 is not to be used until sufficient time has elapsed to permit the order to be paid or the remitter to be notified of its nonpayment.

58. **Money order accounts — How rendered.**— By Section 204 of the Postal Laws and Regulations as amended July 16, 1915, and August 3, 1915, postmasters are required to render money order accounts periodically to the Auditor for the Post Office Department. For detailed instructions see pages 58 and 59 of this Guide.

FEES FOR MONEY ORDERS.

Table No. 1.

59. **Fees charged for money orders issued on domestic form.**— Payable in the United States, including Hawaii, Porto Rico, and Virgin Islands, U. S., (late Danish West Indies), or in its possessions, embracing the Canal Zone, Guam, the Philippine Islands, and Tutuila (Samoa), at the United States Postal Agency at Shanghai (China); also for orders payable in Bermuda, British Guiana, British Honduras, Canada, Cuba, and Newfoundland, and in the following islands in the West Indies: Antigua, Bahamas, Barbados, Dominica, Grenada, Jamaica, Martinique, Montserrat, Nevis, St. Kitts, St. Lucia, St. Vincent, Trinidad and Tobago, and Virgin Islands (British).

For orders from $ 0.01 to $ 2.50..... 3 cents.	For orders from $30.01 to $ 40.00.....15 cents.
For orders from $ 2.51 to $ 5.00..... 5 cents.	For orders from $40.01 to $ 50.00.....18 cents.
For orders from $ 5.01 to $10.00..... 8 cents.	For orders from $50.01 to $ 60.00.....20 cents.
For orders from $10.01 to $20.00.....10 cents.	For orders from $60.01 to $ 75.00.....25 cents.
For orders from $20.01 to $30.00.....12 cents.	For orders from $75.01 to $100.00.....30 cents.

60. **Caution.— Postmasters at domestic money-order offices must bear in mind that they are** *not authorized to issue money orders for payment in any foreign country other than those enumerated in the above Table No.* 1. **When an intending remitter applies at a domestic office for a money order payable in any other foreign country the postmaster should direct him to the nearest international money-order office.** Particular care should be taken not to draw orders upon places on the Isthmus of Panama outside the Canal Zone; but orders on *domestic form* for persons residing at Colon, Republic of Panama, may be drawn on Cristobal, Canal Zone, which adjoins Colon; while orders on like form for residents of the city of Panama, Republic of Panama, may be drawn on adjoining town of Ancon, Canal Zone.

Table No. 2.

61. **Fees charged for money orders issued on international form.**— By the Postmaster-General's Order No. 8142, of June 13, 1914, the fees for all money orders issued on international forms, and payable in countries with which business is conducted through Exchange Offices, were fixed as follows, and are now to be exacted for issue of orders payable in Belgium, Bolivia, Cape Colony, Chili, Costa Rica, Denmark, France, Great Britain and Ireland, Honduras, Hongkong, Italy, Japan, Mexico, Natal and Zululand, Netherlands, New South Wales, New Zealand, Norway, Orange River

Colony, Peru, Queensland, Russia, Salvador, South Australia, Sweden, Switzerland, Tasmania, the Transvaal, Uruguay, Victoria and Western Australia:

For orders from $ 0.01 to $ 10.00.....10 cents.
For orders from $10.01 to $ 20.00.....20 cents.
For orders from $20.01 to $ 30.00.....30 cents.

For orders from $70.01 to $ 80.00.....80 cents.
For orders from $80.01 to $ 90.00.....90 cents.
For orders from $90.01 to $100.00..$1.00

NOTE.— The foregoing schedule takes the place of the two separate schedules printed at page 566, Postal Laws and Regulations, as Table No. 2 and Table No. 3.

62. Tables of fees subject to change.—The foregoing tables, with whatever notices affecting the same may be given in the Monthly Supplements, should be kept in sight and referred to, in order to ascertain the correct fee to be charged for the issue of a money order. The tables of fees printed on the back of the applications for international money orders (Form No. 6701) are often misleading, because of changes made since some of such forms now in the hands of postmasters were printed. It is impracticable to issue a new edition and restock 13,000 post offices whenever a change of that kind is made, but due notice of any such change is always given in the Official Postal Guide.

The Commonwealth of Australia embraces the separate states enumerated in the table (No. 5). Under an agreement which went into effect July 1, 1913, Western Australia was admitted to a direct exchange of money orders. The accounts of the Commonwealth are kept by the head office at Melbourne, Victoria, but for convenience each state retains its own exchange office, as follows:

For New South Wales	Sydney.
Queensland	Brisbane.
South Australia	Adelaide.
Tasmania	Hobart. Launceston.
Victoria	Melbourne.
Western Australia	Perth.

* Honolulu is the Exchange Office for Hawaii, and Pago Pago for Tutuila (Samoa). Seattle is Exchange Office for orders on Japan, issued in Alaska, Idaho, Minnesota, Montana, North Dakota, Oregon and Washington. Honolulu is the Exchange Office for Hawaii for certification of orders on or from Japan or the States comprising the Commonwealth of Australia, or the British Colony of Hongkong, China.

† Amount also expressed in figures in currencies of both countries.

66. **Exchange offices.**—Where dissimilarity of language and monetary systems, or of organization and methods necessitates that course, money orders are exchanged with countries abroad through the intervention of Exchange Offices, one, as a rule, acting for each country. To these offices all advices of issued orders are first sent for verification, and for correction of errors. The particulars of the advices are then entered on descriptive lists in duplicate,—one for each country,—which form the basis of accounts. The lists are numbered consecutively, and each entry therein is preceded by two numbers, the serial number of the issuing office, and that of the exchange office, the latter being technically known as the international number. That expedient facilitates definite identification of any particular remittance referred to in subsequent correspondence or in corrections affecting the accounts.

COUNTRIES HAVING DIRECT EXCHANGE OF MONEY ORDERS WITH THE UNITED STATES.

67. **International orders.**—There are now in operation conventions for the exchange of money orders between the United States and fifty-three countries named below:

*Antigua.
*Bahama Islands.
*Barbados.
Belgium.
*Bermuda.
Bolivia.
*British Guiana.
*British Honduras.

*Virgin Islands, (British).
Western Australia.

*Draw orders on domestic money-order form.
† Cape Colony, Natal (with Zululand), Orange River Colony and The Transvaal have been consolidated into the South African Union, and all money-orders for payment in those countries are now certified by the Exchange office at New York to the Exchange office at Capetown. Money orders to and from Natal and Zululand formerly were reissued at London. Payment may now be made on the original orders, provided the corresponding advices have been duly certified.

68. **International exchanges conducted on the domestic basis.**—In 1901 a new system of exchange was inaugurated with Canada by which money orders and advices are transmitted directly to their destination without the intervention of exchange offices. This plan has since been extended to twenty-one other countries. Among that group may be found the Isthmian Canal Zone and the Philippine Islands; although these are United States possessions, they enjoy quasi-independent governments with entirely separate postal organizations.

69. **Countries on which domestic orders may be drawn.**—In this latter system, which is in operation at *every money order office,* remittances are made by means of domestic money orders, the amounts of which are expressed in United States money. The countries on which domestic money orders may thus be drawn are listed in Table No. 1 on page 89 and in Table No. 4 on page 90. It will be observed that nearly all are English-speaking countries, exceptions being Cuba and Martinique.

70. **Consult tables before issuing orders.**—Numerous errors are made in drawing Domestic Money Orders on foreign countries which refuse to accept them, and the mistakes cause serious inconvenience to remitters and payees. When a patron applies for a money order payable abroad, the postmaster should first consult the Tables on pages 89 and 90 to ascertain to which of the three groups the country named belongs. If it be found in Table No. 4, the order should be issued on the *domestic form,* and delivered to the applicant with instructions to mail it to the intended payee. *In every such case, a separate advice on Form No.* 6006 *must be forwarded immediately to the postmaster at the office drawn upon.* In the case of Newfoundland, however, all advices are sent to the office at Sydney, Nova Scotia, and not to St. John's, Newfoundland.

71. **No separate advices are required for Hawaii, Porto Rico, Guam or Tutuila (Samoa) unless called for by paying postmasters,** money order business in those island territories being conducted in the same manner as at postoffices on the mainland of the United States.

72. **Order on international form delivered to applicant, when.**—When the paying country is found in Table No. 5, the order should be issued on the *international form* and handed to the applicant for transmission to the payee with instructions to present it for payment at the office drawn upon. At the same time the advice and coupon, carefully filled out but not separated, should be dispatched to the proper exchange office. With the exception of France and her colonies, Algeria and Tunis, all the countries in this group are English-speaking.

73. **Order sent with advice and coupon to exchange office.**—When the paying country is listed in Table No. 6, the *international form should be used, but the order should be marked "Canceled"* and sent with the advice and coupon to the exchange office. Payment is made on a new order issued by the exchange office of the paying country.

74. International orders payable only at designated office.— Postmasters at international offices must not pay international money orders drawn on offices other than their own, and postmasters at domestic offices must not cash international money orders even though drawn in error on their own office.

75. **Importance of correct addresses.**—The applicant for an international order should be asked to furnish a full and accurate address of the payee, and great care should be used in copying it in the advice. The omission of something seemingly unimportant may result in loss to the issuing postmaster, if it cause a wrong payment. The simplest and safest rule for the postmaster's guidance is, that the payee's address in the application and advice should be exactly the same as that on the letter conveying the order or notice of its issue to the payee. Remitters should be required to furnish the street address of payees residing in cities. A list of large cities will be found in the "International List."

76. **Supplemental advice.**— If the address furnished by the applicant is not intelligible to the issuing postmaster the remitter's statement should be obtained in writing on Form 6083 and attached to the Advice. Form 6083 should *invariably be used with the Advices of Orders payable in* Japan, or at Japanese Post Offices in China or Korea, whenever the remitter and payee are Japanese, Chinese or Korean. (Section 1195, P. L. & R.) This form, especially if there be attached to it the payee's address written by himself, may also be used to advantage in the case of international orders drawn in favor of soldiers of belligerent countries who are in the field.

77. **Hongkong, China, a British Colony.**— Many errors result from the failure of postmasters to understand that Hongkong, China, is a British Colony and that there are British Postal Agencies at the Chinese "Treaty Ports" of Amoy, Canton, Chefoo, etc., on which orders may be drawn "through" Hongkong. (See "International List.") Payment is made at all of these offices on the original order issued in the United States, which must, therefore, be delivered to the remitter for transmission to the payee.

78. **Orders payable in Australia or New Zealand.**— Orders certified by the San Francisco Exchange Office or Honolulu Exchange Office for payment in the states composing the Australian Commonwealth (New South Wales, Queensland, Victoria, South Australia, Tasmania, Western Australia), or in New Zealand, must also be delivered to the remitter for transmission to the payee. This last statement is made to remove the doubts which some postmasters entertain regarding the correct procedure.

79. **Transposed advices.**—The transposition of advices is a frequent cause of complaint. Errors of that kind, which cause serious losses to the issuing officials, will be avoided if the "application" is numbered *before the order is issued, and if before being dispatched to the exchange office, the advice and coupon are compared with the "application."*

80. **Care necessary to prevent double payments.**— In no case should an international order be treated as "Not issued" after either the order, advice or receipt has passed beyond the control of the issuing postmaster. Great care is necessary to prevent double payments. (See Section 1201, P. L. and R.)

81. **Invalid advices.**— "Invalid advices" of orders issued in countries with which the United States transacts money order business by use of domestic forms, as well as advices of invalid international orders, should be forwarded to the Third Assistant Postmaster-General (Division of Money Orders) conformably to section 1219 of the P. L. & R.

82. **Duplicates of lost or invalid orders.**— Postmasters may receive, on Form 6002, and transmit directly to the Department applications for duplicates of lost or invalid orders issued or payable in the foreign countries named in Tables No. 1 and No. 4 with which money order business is conducted on the domestic basis. In the case of an order which has become invalid by reason of age, the order (and the advice also if it is in the postmaster's possession) should be attached to the application and mailed to the Third Assistant Postmaster-General (Division of Money Orders).

83. **Canadian postal notes not payable in United States.**— If, hereafter, any such postal note is presented at any post office in this country, the postmaster thereat should decline to pay it and should advise the holder to return it to the sender for redemption or exchange for a money order.

84. **British postal orders.**— British "Postal Orders," printed in fixed denominations, and corresponding to what are usually termed "Postal Notes," should not be paid, and the person presenting one should be advised to return it to the sender.

85. **Repayment of International Money Orders.**— Repayment of the amount of an international order of United States issue may not be effected until after the consent of the country on which it was drawn shall have been obtained, and should never be made on the mere presentation of the original order at the issuing office. Form 6759, to which the original order should be attached, if obtainable from the remitter, should be mailed to the Exchange Office to which the advice was sent for certification, and not to the Department. Read carefully, section 1221, Postal Laws and Regulations.

86. **Money orders on Mexico should not be drawn on the domestic form.**— When an intending remitter applies at a domestic office for an order payable in Mexico, he should be directed to the nearest *international* office, where he may obtain an order drawn on the *international* form, at the same rate of fees, and in the same manner as orders payable in other foreign countries named in Table No. 2. The postmaster will not designate the office of payment, but be careful to obtain

on remitter's application the full address of the payee, including the name of the *state* in which he lives and copy it accurately in the advice. The receipt form will be handed to the remitter, the order will be marked "Canceled" and sent with the advice and coupon to the exchange office at *Laredo, Texas.* Payment will be made on an order of different form issued at the exchange office in Mexico.

Payment.— Payment of orders purchased in Mexico will be made in this country on orders reissued at Laredo, Texas, from descriptive advice lists received there from the Mexican exchange office. The orders will be mailed from Laredo, Texas, to the payees: the advices to the paying offices. There is no fixed rate of exchange between the Mexican peso and the United States dollar, the value of the former fluctuating from day to day. Conversion of amounts in both directions is made by the Mexican exchange office at Nuevo Laredo, according to the prevailing rate of exchange.

INTERNATIONAL EXCHANGE.

INDIRECT EXCHANGE OF MONEY ORDERS WITH FOREIGN COUNTRIES.

87. **Indirect exchange, how effected.**— In addition to the countries with which the United States maintains a direct exchange of money orders there are, as indicated in paragraph 13, a number of places and countries with which an "Indirect" exchange is carried on, through the intermediary agency of a foreign Post Office Department. For instance, Hongkong, China, is a British Colony, and there are British Postal Agencies at the Chinese "Treaty Ports" of Amoy, Canton, Chefoo, etc., on which orders may be drawn "through" Hongkong.

88. **Indirect orders, how treated.**— "Indirect Orders" are drawn on the country which is named as the agent, and are treated in every respect as if payable in that country. Such orders and their advices are not headed "China," or "India," or "Korea," but the nationality is designated according to the country through whose agency payment is to be effected — "France," "Great Britain," "Hongkong," or "Japan," as the case may be.

89. **List of countries and localities reached by indirect exchange.**— Names of countries and localities to which remittances may in normal times be made by "Indirect Exchange" are given in a separate volume entitled "International List" which is supplied to postmasters at all International money order offices.

90. **Indirect exchange list.**— The Indirect Exchange List as in effect before the outbreak of the European War appears in the separate volume entitled "International List," pp. 6-12. Owing to the war, however, there is at this time no provision for dispatching money orders to several of the countries there listed, as for instance, The Argentine Republic, Bulgaria, The German Protectorates in Africa, Servia, Turkey, Montenegro and Roumania.

91. **Delivery of order when France is intermediary.**— In all cases where France acts as intermediary for the United States in forwarding a remittance to a third country, payment is made upon the original order, which should, therefore, be carefully made out and delivered to the remitter for transmission to the payee.

92. **When Hongkong is intermediary.**— At all of the places named on page 143 of the International List, edition of 1914, for which Hongkong is the intermediary, payment is made on the original order, the advice and coupon of which should be transmitted to the Exchange Office at San Francisco for certification,— or to the Exchange Office at Honolulu, or the Exchange Office at Pago Pago, as the case may be, if the order is of Hawaiian or Samoan origin.

93. **Order canceled when sent to exchange office.**— With the exceptions noted in above paragraphs 77–78, money orders drawn in favor of residents of countries or places named in the "Indirect Exchange List" published on pages 6 to 12 of the "International List" should be "Canceled" and sent with the advices and coupons to the Exchange office.

94. **Interruption of money order business with certain countries.**— Exchange of money orders with the following named countries has been suspended, namely:

Austria, Egypt, Germany, Greece, Hungary, Liberia, Luxemburg, Portugal and Russia.

Belgium and South Africa have temporarily suspended *issue* of orders on the United States, but orders may be issued in the United States for payment in either of those countries.

The Postal Administration of France has made arrangements for the payment of money orders in the provinces of Alsace and Lorraine. Hence the applications of intending remitters may be accepted and money orders issued to them for payment at any locality in Alsace or in Lorraine in accordance with the rules governing the issue of money orders payable in any other portion of France.

95. **Money orders payable in Mesopotamia, Palestine and Syria.**— International money orders may now be sent through the intermediary of Great Britain for payment to civilians, but not for soldiers, in any part of Palestine or Mesopotamia. Such orders in favor of civilians may also be issued for payment at Beyrout and Damascus, but not at other places in Syria. Postmasters should deliver the receipt form only to the remitter; the order itself is to be marked cancelled and sent with the advice and coupon to the New York Exchange Office. For the intermediary service rendered the London office will deduct a fee from the face value of the original order.

96. **Unfounded reports of resumption of business with certain countries.**— Misleading reports are being disseminated in publications printed in foreign languages regarding the resumption or extension of money order business with Austria, Hungary, Poland, and with new states now in process of formation. These rumors probably have their origin in the fact that mail communi-

cation with certain portions of Central Europe which was discontinued or interrupted by the war is being gradually restored. But in so far as money order business is concerned, they are unfounded. The Department, through the Postal Bulletin and Supplements to the Official Postal Guide, will give prompt notice to postmasters and the public regarding renewal of interrupted exchanges of international money orders or the execution of new treaties.

Until otherwise instructed, postmasters should decline to issue orders drawn on any European country, except those enumerated in Tables 5 and 6, page 91 of this issue of the Guide.

97. **New form of Philippine money orders.**— The Philippine Postal Administration has adopted a new form of money order, to which is attached a coupon, no coupons having been attached to previous issues.

Postmasters are instructed to pay such money orders for their face value, as indicated thereon, detaching the coupon at the time of payment and attaching the same to the corresponding separate advice on Form 6006 of the paid order, to be retained on file at their offices according to the rules at present in force.

Ordinarily payment should be withheld of such an order until the receipt of the separate advice, but if presented by a well-known and responsible person, who may be relied upon to make the amount good, in event of an error, the order may be paid at once without insisting on compliance with the usual requirements. In the latter case, however, application for a separate advice to confirm the payment should at once be sent to the issuing postmaster.

98. **Business with Finland resumed.**— Because of conditions incident to the war, the exchange of money orders with Finland, formerly conducted through the intermediary of Sweden, was discontinued on October 28, 1918. The Swedish office has, however, recently signified its willingness to serve again as intermediary and notice is hereby given that applications of intending remitters for money orders to Finland may now be accepted.

Orders will as hitherto be drawn in all respects as "Swedish" international money orders.

99. **Nicaragua.**— On December 1, 1919, an exchange of money orders with the Republic of Nicaragua was inaugurated, to be conducted under the same rules and conditions applicable to other Latin-American countries.

REGISTRY SYSTEM.

1. This system provides special safeguards for the transmission of money and other valuable mail to domestic and foreign destinations.

The per cent of loss of registered mail is very small.

The indemnity paid by the Department is limited, but private insurance companies are willing to place additional insurance on registered mail if the sender desires to more fully protect his interests.

ADVANTAGES OF THE SYSTEM.

(A) **Indemnity is paid to the sender, or, at his request, to the addressee, or to such other person as may justly be entitled thereto, as explained below:**

Domestic: For the loss, rifling or damage of first-class domestic registered mail, value up to fifty dollars; for domestic third-class registered mail, for value up to twenty-five dollars. No indemnity is paid in connection with second-class registered mail nor for any matter on which both postage and fee are not fully paid.

(The limited indemnity in case of domestic registered mail is paid for the market value of merchandise lost, and for the actual, usual, direct and essential expenses incurred in the duplication of valuable papers, or the original cost of such papers, within the maximum amount payable, when they are not duplicated.)

Foreign: For the total loss (as distinguished from loss of contents) of Postal Union registered articles (that is, letters, prints, commercial papers and samples of merchandise) in any amount claimed up to fifty francs, provided the loss is not due to force majeure (circumstances beyond control, such as acts of war, earthquakes, tempests, etc., or such other causes as are considered in the nature of force majeure, or beyond control, by the country in whose service the loss occurred). However, under a mutual arrangement with Canada indemnity is paid for losses of registered mail exchanged between the two countries, even when due to force majeure. Indemnity is not paid for the loss through force majeure in a foreign postal service of Postal Union registered articles exchanged with any other foreign country, unless the foreign country interested has reciprocally assumed liability for losses occurring through force majeure. The United States will also pay indemnity in any amount claimed up to fifty francs for the loss or rifling of such Postal Union registered mail for foreign countries as originates in this country and is lost or rifled in the Postal Service of this country, irrespective of the cause of the loss.

(Indemnity may not be paid for the loss of registered articles in the postal service of Esthonia, Latvia, Lithuania or any other foreign country which has not either adhered to the Universal Postal Union or has not otherwise agreed to make reimbursement for the loss.)

No indemnity is ordinarily paid for damage to, or the partial or complete loss or rifling of the contents of, any registered article for foreign destination, unless it was mailed in the United States, and the damage, partial loss or rifling occurred while the article was in the custody of

the Postal Service of the United States, and then for the actual value of the articles lost only, not exceeding fifty francs, and, in case of damage, only under the conditions specified for the payment of indemnity for complete damage or loss in the domestic registered mails, although indemnity may be allowed for the actual loss sustained, within the limit of fifty francs, on account of the complete damage, partial loss, or rifling of any registered article in the Postal Union mails, regardless of where it occurred, or where the article was mailed, provided the foreign countries interested have agreed with the Unitd States reciprocally to pay indemnity in such cases.

Indemnity for actual value up to 50 francs is paid for the loss, theft or damage of international parcel post registered articles exchanged between the United States and Chile, Mexico and Salvador, unless the loss is due to force majeure. Indemnity is not paid in connection with such mail exchanged with any other foreign country.

No indemnity is paid for the injury or loss of any registered matter exchanged between post offices in the United States and post offices in the Canal Zone or the Philippine Islands, unless the matter originated in, and was lost in, the postal service of the United States.

No indemnity is paid: (1) For injury to registered mail due to insecure or insufficient preparation and wrapping; (2) for the injury or loss of any domestic registered article without intrinsic value; (3) unless inquiry or a claim regarding the article was made or filed within one year from date of loss; (4) for the loss of official registered mail unless both postage and fee were paid; (5) for the loss, rifling or damage of an article outside the postal service, including cases where loss, rifling or damage occurs before acceptance for registration or after proper delivery in accordance with the regulation governing the delivery of registered mail. See article 30.

The Postal Administration of Austria advises that by reason of the fluctuations in the value of exchange of foreign moneys it must suspend temporarily the payment of indemnity in connection with registered articles. Postmasters will therefore advise persons presenting for registration mail intended for delivery in Austria that no indemnity can be paid should the articles be lost, rifled or damaged.

Indemnity applications.— Reports of losses and application for indemnity should be made by the public to the postmaster at the office of mailing, or of address, with particulars of registration and a description of the contents of the article, and, in cases of partial loss or rifling, with the envelope or wrapper. Claims for damage should show in detail how the article was enveloped or wrapped. The reports are investigated by post office inspectors as promptly as possible, and claims are acted upon as soon as the investigations develop an actual loss in the Postal Service. In case of domestic mail this requires from one to several months according to circumstances in each instance. More time is usually required in international cases, because of necessity of awaiting the result of investigations by the foreign countries. Claims for duplication of valuable papers should be supported with receipted bills for any actual necessary and direct expense in connection therewith.

Recovery of lost articles.— Offices of mailing and of address shall keep a record of each registered article reported lost and if article is found, will immediately notify the Chief Inspector.

(B) Matter acceptable for registration may be registered at any post office or station.

(C) City carriers in residential districts register articles which are not cumbersome on account of size, shape or weight.

(D) Rural carriers accept mail for registration.

(E) A receipt is given the sender for each article registered.

(F) A receipt showing delivery is furnished the sender if he marks the envelope or wrapper "Return receipt desired."

(G) Manifold mailing records are furnished, without charge, to firms or individuals who frequently present three or more articles for registration at one time.

(H) Firm delivery records are also used where an addressee frequently receives an average of eight or more registerd articles at one time.

These manifold mailing and delivery sheets furnish a convenient and compact office record of matter registered and registered mail received, and permit of the speedy acceptance of mail for registration and the receipting for registered mail received. (Postmasters should suggest the use of these records to any firms or individuals who register sufficient mail or receive a sufficient number of registered articles, to warrant their use.)

2. **Fee.**— The fee on registered matter, domestic or foreign, is ten cents, in addition to the postage, for each letter or parcel inclosed in a separate envelope or wrapper. Two or more articles addressed to, or intended for, the same person cannot — unless inclosed under one envelope or wrapper — be fastened together and registered as one.

3. **Matter admissible.**— Mailable first, second and third-class matter for domestic destinations may be registered, if the rate of postage applicable to such classes, in addition to the registry fee of ten cents, is paid. Mailable domestic parcel post (fourth-class matter) may also be registered if it is sealed and postage at the first-class rate, in addition to the registry fee, is paid.

Mailable Postal Union articles addressed to foreign countries may be registered if postage is paid at the foreign rates applicable to the several classes of matter mailed, in addition to the registry fee.

International parcel post articles can be registered unless the contrary is indicated in the International Parcel Post table on pages 154 to 157 of this Guide, or in information published in subsequent monthly guides.

Fourth-class parcels for Canada, Cuba, Mexico and the Republic of Panama, can be registered but not insured (see article 2, page 128). Fourth-class matter for Guam, Hawaii; United States Postal Agency at Shanghai, China; U. S. Naval Hospital, Yokahomo, Japan; Philippine Islands; Virgin Islands of the U. S.; Porto Rico; and the Canal Zone, may be insured but cannot be registered unless sealed and the first-class rate of postage is paid.

4. **Aeroplane registry service.**— Sealed first-class mail, including sealed parcels not exceeding 30 inches in length and girth combined, for dispatch by aeroplane service, will be accepted for registration upon the prepayment, by postage stamps affixed, of a registry fee of 10 cents in addition to the aeroplane postage. (See sections 399½ and 877, P. L. & R.)

5. **Mail which should be registered:** (a) Money. (However, money should be sent by postal money orders when they are available. See article 2, page 82, and articles 47 and 48, page 87.)

(b) Valuable papers, such as deeds, specifications, etc.

(c) Goods of unusual value.

(d) Articles for which the sender wishes a return receipt showing delivery — such articles should be plainly indorsed "Receipt Desired" on the address side.

(e) Letters which sender desires delivered to addressee in person — these should be plainly indorsed "Deliver to Addressee Only" on the address side.

(f) Any articles for which the sender desires indemnity in case of loss.

6. **Coin, currency, jewelry.**— Postmasters to advise senders to seal and have such matter registered.— Because of the additional safeguards which are provided for registered mail, by the system of records and receipts and special modes of transmission, postmasters should advise patrons to send, as sealed first-class registered mail, valuable articles of fourth-class matter, such as packages of currency, sacks of coin, jewelry, precious stones, and articles of similar nature, the transmission of which as unsealed fourth-class parcel post matter would induce or facilitate theft or depredation without means of fixing responsibility therefor.

7. **By whom registered.**— Application for the registration of mail should be made at a post office, station or branch or to a carrier.

Mail intended for registration should never be placed in a street letter box or in the ordinary mail drop; it must be presented for registration and receipt obtained at the time.

8. **Registry service for American Forces in Europe.**— All mailable first, second or third-class domestic mail for or from members of the American Army of Occupation in Germany may be accepted for registration, but the public should be warned that it is not safe to inclose currency in letters for such forces under any circumstances, and that money orders should be used instead. Registered mail for members of this army is delivered to orderlies appointed by the military authorities to receive mail of the organization and the responsibility of the postal service ceases upon delivery to the military authorities or their authorized representatives.

9. **Knowledge of registry regulations.**— Postal employees who are not familiar with the Registered Mail Service should read the following Sections of the Regulations to obtain a general understanding of treatment of such mail under normal conditions:

(a) Acceptance and Dispatch. Secs. 879, 881, 882, 886, 890, 891, 896 and 903. Registrations by rural carrier. Secs. 1070 to 1076. Foreign. Secs. 1039, 1043 amended and 893.

(b) Handling in Transit. Secs. 916, 917, 921 and 986 amended.

(c) At Offices of Delivery. Secs. 927, 931, 933 and 935 (pars. 1 to 3). Delivery by carriers. Secs. 1082, 1093 and 1094. Foreign. Secs. 1046, 1047 amended, 1048 and 1050.

(d) Forwarding and Return of Undeliverable. Secs. 633, 942 to 944, 956. Foreign. Secs. 1047 amended, 1048, 1052 and 1055.

(e) Indemnity for Loss. Secs. 971 to 974.

10. **Preparation for mailing.**— Mail for registration must:

(a) Bear the name and address of sender and be legibly addressed. Mail for members of military organizations should show the official designation of the unit and organization to which the addressee belongs.

(b) Have postage and fee fully prepaid at time of registration. (See Secs. 406, 496 and 878, P. L. & R.)

(c) Be securely sealed if sent as first-class matter.

(d) Be inclosed in envelopes or wrappers of sufficient strength to withstand customary treatment in transmission. Postmasters must decline to accept articles for registration when inclosed in flimsy envelopes or not wrapped so that they will carry safely with ordinary handling. They will bring to the attention of banks and financial institutions at their offices the necessity of adequately and effectively preparing and wrapping money packages, suggesting that it would be advisable to inclose paper money in canvas sacks closed with lead seals or tied and placed within an outer wrapper, strong enough to protect the inclosure and to withstand handling itself, or that it be inclosed in cloth or linen-lined envelopes. Sheets of currency should be made into a compact package. The contents of a package must not be so bulky or ill-fitting that the outer cover will be broken through or cracked by protruding corners or edges. Letters or parcels not prepared in this way must have a piece of cardboard or the like placed on top and underneath of each package of money before being placed in the outside cover; these packages must be wrapped at least three times with a heavy grade of paper, and securely sealed with mucilage or glue in addition to wax which, if used, is frequently knocked off or broken in handling.

(e) In some instances the tags attached to lead-seal sacks containing coin or currency are simply tied to the sack after it has been lead sealed, in such a manner as to permit the string

to become untied and the tag lost off. To avoid this the senders of registered sacks containing coin or currency should be requested to securely attach the lead seal to the neck of the sack in such a way that the tag bearing the name and address of the addressee will be securely attached between the neck and the lead seal, immediately under the lead seal. This can be accomplished by passing the cord through the eyelet of the tag, the cord being drawn taut and the seal compressed with the tag in this position; or, if the lead seal is equipped with steel pin, the pin should be passed through the eyelet of the tag, before the cord is drawn taut, while the tag rests flat on the neck of the sack, between the sack and the head of the seal. The sealing of the ends of the cord with wax is not alone a sufficient safeguard, as the wax is liable to become broken.

(f) Be addressed with ink if for foreign countries. The address on matter for Mexico must include the Mexican State or Territory, and that for Canada the Province, County or District of the office of address.

11. **Free registration of official mail:**

(a) Aside from mail on official business of the Post Office Department, that relating to the census and the few other exceptions mentioned in Section 878, P. L. and R., no mail of any Executive Department or branch of the Federal Government outside of Washington, D. C., is entitled to free registration, irrespective of whether it is entitled to free postage. Free registration is not accorded the legislative or judicial departments nor to any State or other government or any of its branches. In case of doubt a postmaster should require payment of the fee and report the matter to the Third Assistant Postmaster-General, Division of Registered Mails, for decision.

(b) Postal employees must be careful not to register unnecessarily post office official matter. Apart from registrations required by the Regulations (see especially Sections 346, 371, 646, 604 and 1241) or by specific instructions, official matter should not be registered unless (1) proof of delivery is essential; (2) it contains inclosures of intrinsic value, such as money and stamped paper; (3) the inclosure is of such importance that its duplication in case of loss would be necessary and entail material expense. Free registration is an expense to the service which should be minimized as much as possible.

12. **Rates of postage to be designated in records.**— The class of each domestic or foreign article accepted for registration shall be noted on the registration receipt and on the mailing-office record. The following abbreviations will be used in recording mail accepted for registration addressed to foreign countries:

Classification.	Abbreviation.	Classification.	Abbreviation.
Letters	L.	Printed Matter	Pts.
Postal Cards	P. C.	Samples of Mdse	Smple.
Commercial Papers	Com. P.	Parcel Post	P. P.

Registration records must distinguish especially international "parcel-post" registered mail from the other classes addressed to foreign countries.

13. **Back-stamping of registered mail.**— Postmasters must see that registered articles are invariably postmarked (at the time the article is accepted for registration and in the presence of the sender when practicable), in a legible manner, as required by Section 890, P. L. and R. (See also Section 541.)

14. **Important instructions published in the Monthly Postal Guides during the years 1917, 1918, 1919, 1920.**— Particular attention is directed to the following important notices concerning registered mail, published as indicated below, which are not reprinted in this Guide because of lack of space:

(a) Additional registry fee for forwarding to addressee or returning to sender not to be collected on registered mail returned to post office by mail orderlies as undeliverable.— October 1918 Guide.

(b) Care in handling senders' registry return receipts, Form 3811.— June 1920 Guide.

(c) Desirability of attaching tags to small registered parcels and of marking "Fragile" on registered articles of fragile contents.— June 1920 Guide.

(d) Improper use of registered jackets.— April 1920 Guide.

(e) Improper return of registry manifold bills or coupons.— August 1919 Guide.

(f) Indorsement "..... registers loose in pouch" to be placed on facing slip covering registered mail.— September 1919 Guide.

(g) Matter for registration found in ordinary mail.— September 1918 Guide.

(h) Mailable matter for Germany may be registered.— November 1919 Guide.

(i) Navy mail clerks who have been furnished domestic rotary lock keys.— Page 22, April 1920 Guide.

(j) Necessity of conserving supply of domestic rotary locks.— July 1920 Guide.

(k) New registry irregularity report, Form 3826.— February 1919 Guide.

(l) Postmarking and numbering of registered mail.— August 1917 Guide.

(m) Postmark of mailing office must be legibly impressed on all return receipts sent with registered mail addressed to foreign countries.— May 1918 Guide.

(n) Prompt return of defective rotary lock to the mail lock shop.— February 1918 Guide.

(o) Premature inquiries for registered mail or return receipts not to be made.— February 1920 Guide.

(p) Premature inquiries concerning registered or ordinary mail for foreign countries or premature requests for registry return receipts which have not been received.— June 1919 Guide.

(q) "Insured mail, but not registered or C. O. D. may be accepted for the Detroit River Station, Detroit, Mich."— September 1919 Guide.

(r) Registered, insured and C. O. D. mail not to be delivered to mail orderlies without written orders from the senders or addressees.— June 1919 Guide.

(s) Rubber stamp reading "Office No. —, Reg. No. —," not to be impressed on registered mail.— April 1919 Guide.

(t) Registered mail addressed to U. S. Collectors of Internal Revenue or U. S. Stamp Deputy Collectors of Internal Revenue — separate jacket or inner sack addressed to postmaster of the city where such office is located to be used.— September 1919 Guide.

(u) Registry dispatch card or manifold bill always to be tied with No. 1 or working package of mail.— May 1920 Guide.

(v) Return receipts accompanying registered articles of foreign origin to be returned direct to foreign post office of origin by ordinary mail.— October 1919 Guide.

(w) Registry Form 3807 to be used in connection with Forms 3806 and 3897.— August 1919 Guide.

(x) Treatment of sealed registered parcels when sender has placed address on both sides of the parcel.— December 1919 Guide.

(y) Use of slip Form 3849 instead of carrier delivery book Form 1560.— September 1919 Guide.

15. **Tracers for domestic registered mail.**— Postmasters will discontinue sending registry tracers, Form 3836, except in special instances where they may be instructed to do so by the Department.

See section 911, P. L. & R., and note that postmasters must restrict their tracing of registered mail to inquiries of a post office of address by means of inquiry Form 1516. If the postmaster at the office of address reports that he has no record of having received the registered article, and that the addressee claims its nonreceipt either as ordinary or registered mail, the matter is to be promptly reported to the Chief Inspector for investigation as a possible loss. (See Sec. 487, P. L. & R.) Prompt attention must be given registry inquiries. (See Sec. 287, P. L. & R.)

16. **Defective pouches, sacks, or locks must not be used in dispatching registered mail.**— Reports indicate that postal employees frequently use defective equipment in dispatching registered mail. The use of such equipment is likely to result in the loss of registered articles (possibly of considerable value) for which the postal employee using the defective equipment may be held responsible. It is therefore manifestly to the interest of all concerned to carefully examine all pouches, sacks, and locks before use and while being handled in transit in order to make sure that the equipment is free of defects and in first-class condition. If a pouch or sack received in transit is found to be so worn that the contents are endangered, the dispatch should be reinclosed in another container. It is desired and expected that each postal employee concerned shall give careful heed to these instructions.

17. **Equipment for registered mail.**— Postmasters and other postal employees concerned are informed that the following-described pouches should be used in dispatching registered mail:

Nos. 1 and 2 through registered pouches equipped with strap and staple-closing device.
Nos. 2, 3, 4 and 5 ordinary pouches equipped with *attached* collar fastener closing device.
Nos. 2 and 3 inner registered sacks.

Ordinary mail sacks together with *detachable* collar fastener must not be used in dispatching registered mail except in *extreme* emergency.

These instructions do not contemplate a discontinuance of lead-sealed sacks in dispatching registered mail to foreign destinations.

18. **Care in billing and checking registered mail.**— Postal employees are cautioned to see that cards and manifold bills, describing registered matter are correctly and legibly written, and to exercise the greatest care in recording letter, jacket, and lock numbers; that receipts obtained are for the identical articles billed; that matter received checks up with the card or bill; and that discrepancies are reported for prompt investigation. As close observation as is practicable should be made of the condition of registered matter received and delivered, and appropriate action taken when an article is in bad condition or poorly sealed.

19. **Iron-lock pouch dispatches.**— Division Superintendents of the Railway Mail Service will make certain preliminary installations of exceptional dispatches of registered mail in iron-lock pouches, their action in each case to be reported to the Third Assistant Postmaster-General, Division of Registered Mails, for approval, disapproval or modification, such installation to remain in force unless formal notice of its modification or revocation is received. Postmasters may continue to communicate direct to the Third Assistant Postmaster-General their opinions with reference to exceptional dispatches in which their offices are concerned, and are expected to do this when they consider that a dispatch frequently containing valuable mail is unsafe. (See Art. 20.)

20. **Registered articles known or presumed to contain large values, such as coin, currency, securities, etc., to be made the object of special care, in so far as practicable, both at post offices and while in transit.**— Such articles, as far as practicable, should be given proper vault or safe protection, handled under the supervision of responsible supervisory officials or employees, and such receipts should be taken, and care exercised in billing and checking as will make it possible to place responsibility in cases of loss or depredation. At massing points in large offices or large R. P. O.s, where the ordinary run of registered mail is, in special cases, transferred by bulk,

exception should be made, in so far as practicable, to articles apparently of large value and detailed receipt obtained for such mail. Day R. P. O. dispatches of registered mail of large value are preferable to night dispatches and insofar as practicable postmasters should advise the senders of such matter to present it, if possible, in time for inclosure in day R. P. O. dispatches.

Prompt report should be made to the Department, through proper channels, of any instance noted where it is believed that registered mail — particularly that known to be of more than nominal value — is not given adequate safeguards either in transit or in post offices.

21. **Special arrangements intended to facilitate the handling of registered mail, especially at, or between, the larger offices.**

(a) *Number only system of delivering registered mail.*— This system is installed, upon request, at practically all larger offices where postmasters consider it advantageous. The principal advantage of this method of delivering registered mail is to avoid re-entry of the original number and name of the post office and state of origin of registered articles received for delivery, the incoming pouch bills being utilized as the office record of these two particulars. Under this system the registered matter may be delivered under the original number or the articles may be given inward numbers. In some instances the delivery of the matter under original numbers may be preferable, unless the conditions are such that the inward number is found advantageous in connection with the transfer of registered articles by "number to number inclusive" within a post office, after its removal from the pouch, or in cases where the inward numbers are useful in connection with checking or balancing. When this system is installed arrangements are made upon request for the use of manifold bills by postmasters or railway postal clerks who dispatch an average of five or more registered articles to the post office at one time. In the exceptional cases where manifold bills do not accompany the registered articles such bills are supplied by the post offices to which the registered articles are addressed.

(b) *Quick registration receipts, Forms 3806 and 3897.*— The principal advantage of the quick registration receipts is that it enables the receiving postal employee to quickly issue a registration receipt and saves the time of the sender by enabling him to quickly obtain a receipt for the article registered. The quick receipts also obviate the necessity of using carbon paper. The office record of articles for which the quick receipts, Forms 3806 and 3897, are issued, is kept on the 60-line non-manifold record known as Form 3807. It is desired that the quick office receipt, Form 3806, in connection with Form 3807, be installed at all post offices where its use would be of advantage to either the public or the post office employees because of the facility with which the receipt can be issued, and where the conditions are such that delay or inconvenience would be caused either the sender or the postal employee issuing the receipt, if the more detailed registration receipt, Form 3805, written up with the use of carbon paper, were used. The carrier's quick receipt, Form 3897, should be used by rural carriers, instead of the carrier's manifold registration book, Form 3896, at any post office where the office record, Form 3807, is used in issuing receipts for mail registered at the post office, or at a station or branch thereof or by city carriers.

(c) *Firm registration records.*—These are furnished in bound or loose sheet form and in sizes providing for 5, 15 and 30 entries. They are supplied, without charge, to any firm or individual, willing to use them, who frequently presents an average of three or more articles for registration at one time. One copy of the mailing sheet is kept by the sender, the other is delivered to the post office for use as the office record of the matter.

(d) *Manifold firm delivery books.*— These are furnished in bound books, Form 3883, 10 line, Form 3883-a, 20 line. They are authorized, when desired by the addressee, for use at post offices in recording registered mail for firms or individuals that receive an average of six or more registered articles at one time by carrier delivery. Where desk delivery is made, a separate delivery book, Form 3850, or sheet, Form 3867, may be assigned to each firm or individual receiving an average of six or more registered articles at one time, or the manifold firm book may be used without carbon process; unless the addressee insists upon receiving a list of the registered articles delivered.

(e) *Manifold dispatch books, Forms 3852, 3853 and 3854.*— These books are used in listing registered articles when an average of five or more articles are dispatched at one time to the same destination; also in transferring registered mail between registry and mailing clerks at post offices when such clerks occupy separate inclosures or are removed from each other, or for some other reason receipting for the articles is necessary. These books may be used in duplicate or triplicate, as occasion may require, and their proper use will oftentimes save the re-entry of registered articles. The most economical size book should always be used.

(f) *Jackets or rotary locked sacks or pouches to be made up when necessary.*— Such dispatches must be made up when the quantity, bulk or value of the mail makes their use advantageous by saving the handling of single registered pieces within post offices or in transit, or in providing additional safeguards for the matter.

(g) *Numbering of registration receipts in advance of the time they are issued to the senders of the registered articles they describe.*— This is found advisable at many offices.

22. **Rotary-lock dispatches.**— All postmasters and employees of the Railway Mail Service in possession of ordinary rotary-lock keys are authorized to make and receive dispatches of registered mail in pouches or sacks closed with rotary-locks whenever the quantity or bulk of registered mail involved justifies and at least one handling in transit of the mail inclosed is saved thereby, and it is known that the receiving post office or R. P. O. has a rotary key. Five or more pieces of ordinary size or two bulky pieces which will well fill a pouch or sack will justify the use of a

sack or pouch closed with a rotary-lock. Unless a postal employee making up a rotary-lock pouch has knowledge that hand-to-hand delivery of the pouch can be made over the entire route, the pouch as made up should not be so large that it cannot be inclosed within a large size outer ordinary mail pouch should occasion require. All post offices of the first and second classes, railway post offices in full postal cars, railway post offices in the more important apartment car lines, and certain transfer clerks designated in the schedules of the Railway Mail Service and the post offices of the third and fourth classes, branch post offices and named stations mentioned in the list in article 26, pages 103 to 105 of the July 1919 Guide and in the supplemental lists published in the monthly Guides since that date, are in possession of rotary-lock keys and therefore authorized to make and receive dispatches of registered mail in pouches and sacks closed with rotary-locks. The list of *"Post Offices of the Third and Fourth Classes, Branch Post Offices and Named Stations in Possession of Rotary-Lock Keys,"* published on pages 103 to 105 of the July, 1919, Postal Guide is *not* repeated in the July, 1920, Guide.

Postmasters having occasion to use this list will preserve pages 103 to 105 of the July, 1919, Guide and annex to them the additions to the list which have been, or will be printed, in the monthly guides published subsequent to July, 1919. Or, if preferred, a complete typewritten list may be prepared and pasted to sheets of cardboard and subsequently kept corrected to date. In case of doubt whether any railway post office train is supplied with a rotary-lock key, obtain the necessary information from the local Superintendent or Chief Clerk of the Railway Mail Service. See Secs. 983 to 1014, P. L. & R. Any postmaster or employee of the Railway Mail Service who believes that he should be furnished with a rotary-lock key, should make application therefor, stating reasons.

23. **Reuse of penalty envelopes for pouch-bill coupons.**— Postmasters and others who dispatch registered mail under coupon bills will save, and reuse, until they become unserviceable, the return addressed penalty envelopes in which coupon receipts are returned to them.

To permit this economy the envelopes should not be sealed or postmarked by the returning employees or others.

24. **Post offices having separate stations for handling transit registered matter.**— Council Bluffs, Iowa; Omaha, Nebr.; Philadelphia, Pa.; Saint Louis, Mo.; Seattle, Wash.; Washington, D. C., and Los Angeles, Calif. (the latter from December 13th to 31st, inclusive, each year). See Sec. 995, P. L. & R.

25. **Independent branch post offices and stations.**— Independent branch post offices and independent stations indicated in the alphabetical list of post offices receive and dispatch registered mail direct, and registered jackets, sacks and pouches containing mail for delivery therefrom must be addressed thereto. The name of the post office to which such branch or station is attached need not appear, except in cases where an independent station is designated by a letter only, when postmasters will add the name of the post office to which the lettered station is attached. If such matter addressed to any independent branch or station is received at the main office or at any other branch office or station, it will be treated as transit matter.

26. **Improper treatment of registered mail as ordinary mail.**— In opening and working mixed mails, postal employees must check and receipt for the registered mail before making disposition of the ordinary mail. Ordinary mail should also be carefully scrutinized to ascertain whether any registered mail has inadvertently been placed therein. See Secs. 884, 895 and 927, P. L. & R.

27. **Delivery by carrier.**— City and rural letter carriers deliver registered mail. If the residence or place of business of the addressee is more than one-half mile from a rural route the carrier is not required to make delivery thereat but will leave a notice in the rural mail box so that the addressee can be at the box the next trip, or call for the mail at the post office.

CARE TO BE EXERCISED IN THE DELIVERY OF REGISTERED MAIL.

28. Many complaints have been received indicating failure of postmasters to comply strictly with the indorsement on registered mail "Deliver to addressee only," or similar restrictions. In delivering a registered article it should be closely examined to determine whether the sender has restricted delivery. If he has, such instructions should be carefully observed. All postal employees delivering registered mail should thoroughly familiarize themselves with sec. 935, P. L. & R. *and the note following that section.*

It is also noted that losses of registered matter often occur through its having been remailed, after proper delivery, as ordinary mail. This frequently occurs in cases where a registered article is delivered at the proper address after the addressee has left. It is believed that the number of such cases can be reduced, and interests of the public thereby better safeguarded, if the delivering postal employee will, as far as practicable, ascertain whether the addressee is still at the address borne by the article, and, if not, whether a person authorized to receive the article there under Sections 935 to 939 is still entitled to receive and care for mail of the addressee. It should be explained to such person, insofar as practicable, that if he accepts the article it can not be remailed as registered matter without payment of additional registry fee, but that if the addressee's present address is known and written order for the forwarding of the letter is given by the person authorized to so act for the addressee, under Sections 935 and 942 (par. 1), P. L. & R., without taking the article from the custody of the Postal Service, the article can be forwarded as registered mail without additional fee.

29. Numerous complaints are received to the effect that return receipts for registered mail are not obtained when requested by the sender. Return receipt cards for registered articles that

bear the indorsement "Receipt desired" or words of similar import shall be prepared at mailing offices. When an article bearing such indorsement is received for registration, the registration record shall be similarly indorsed. The card receipts must be securely fastened at the mailing office to the pieces to which they relate. Postmasters will see that these receipts are obtained and promptly returned to the senders in every instance where they are requested by indorsement upon the article; also in cases where, in the absence of this indorsement, the articles are accompanied by return receipts. The receipts should invariably be obtained, even though the articles are not accompanied by the prescribed form (3811), if the article bears a notation indicating that sender desires a return receipt.

Failure to provide return receipts which have been requested is a delinquency which will not be tolerated by the Department.

30. **Delivery of registered mail.**— Registered mail, the delivery of which has not been restricted by the sender or the addressee, is deliverable, without a written order from the addressee, to any responsible person to whom the addressee's mail is customarily delivered. See Sec. 935, P. L. & R. and note following that section. Patrons may obtain from local post office more detailed information as to the rules governing the delivery of registered mail.

31. **Delivery restricted by sender.**— The sender may restrict by indorsing the address side "Deliver to Addressee Only," or, after mailing and before delivery has been effected, by a written order sent through the mailing postmaster.

32. **Delivery restricted by addressee.**— The addressee may restrict delivery by giving the postmaster at the delivery office a specific, or standing, written order stating to whom delivery shall be made.

33. **Observance of restrictive indorsements.**— The delivery records of the post office, and the senders' return receipt when required, for registered mail delivered to other than the addressee should show both the name of the addressee and that of the person receipting for the article. Proper receipts must be taken in every instance and the senders' return receipts dated and postmarked to show the actual dates of delivery. See Sec. 931 of the P. L. & R. Matter which cannot be delivered as restricted must be returned to the sender indorsed "Cannot deliver as restricted." Unknown signatures on written orders for the delivery of registered mail must be verified.

34. **Identification.**— Persons applying or inquiring for registered mail, as senders or addressees, or their authorized representatives, will if unknown be required to establish their identity satisfactorily before registered mail or information concerning it is given them.

35. **Treatment of registered articles received in bad order.**— Registered articles in bad order must be marked to that effect by the first postal employee noting such condition. If it is evident that any of the contents are missing, note to this effect should be made upon the article.

When articles are repaired with official sealing stamps, the postmark and full name of the postal employee repairing the article must be placed thereon in such manner that an impression of the stamp and the writing of the name will appear partly upon the sealing stamp and partly upon the wrapper of the article. Postal employees at delivering offices will require addressees or their authorized representatives to open bad-order registered articles in the presence of the delivering employee and report any shortage of contents, regardless of whether the damaged article had been repaired with sealing stamps or reinclosed in a penalty or bad-order envelope. Examination of the contents of a damaged registered article at the office of delivery in the presence of the delivering postal employee will not include the counting of the contents of registered articles addressed to banks and other large financial institutions, in cases where the article is so *slightly* damaged as to make it apparent that none of the inclosures could have been taken out or lost from the article. The additional instructions contained in section 952 of the Postal Laws and Regulations regarding the treatment of "bad-order" registered mail should also be strictly observed.

RECALL, FORWARDING, AND RETURN TO SENDER.

36. **Recall before delivery.**—When the sender of registered mail desires to reclaim or recall it at any time before delivery, application must be made to the mailing postmaster. See Sec. 942, P. L. & R.

37. **Forwarding.**— Registered mail may be forwarded before it has been once properly delivered without additional charge for registry fee upon the written request of the addressee, of the sender through the mailing postmaster, or of any person to whom the addressee's mail is deliverable — first-class matter without extra charge; other matter, upon prepayment of postage chargeable by law for forwarding. See Art. 30, p. 128, and Art. 210, p. 187, as to forwarding of mail of foreign origin.

38. **Method of dispatch.**— In forwarding or returning registered mail which can not be delivered, all postmasters shall dispatch the mail under the original registration number and the office of origin. See Sec. 943, P. L. & R. Such mail must not be re-registered in the window registration book, but the required notation should be made on the delivery or transit record and each article recorded and dispatched as other outgoing or transit registered mail. At offices using inward numbers the original number may, if necessary, be noted on such record as may be most advantageous to facilitate connection between inward and original numbers in case of inquiry.

39. **Undeliverable.**— Undeliverable registered mail of the first-class and Postal Union mail is returned to sender without additional charge at the expiration of the proper period. Additional postage, but not fee, is required for the return of registered second and third class matter. See

REGISTRY STATISTICS.

40. The following are the statistics which will be called for by the Division of Registered Mails for the fiscal year ending June 30, 1921. Cards on which to report this information will be furnished without requisition about July 1, 1921. Unless specially authorized no other statistics for this mail need be kept.

REGISTERED.

(1) Total domestic letters and parcels, paid.
(2) Total foreign letters and parcels, paid.
(3) Official letters and parcels, registered free.

CITY AND RURAL CARRIER BUSINESS.

(The following items are included in some of those preceding, and represent a supplemental and independent report to show the proportion of business done by carriers.)

(10) Articles registered by city carriers.
(11) Articles registered by rural carriers.
(12) Articles accepted for insurance by rural carriers.
(13) Articles accepted as C. O. D. by rural carriers.

Exchange offices which receive direct dispatches of registered mail from foreign countries shall be prepared to state the number of registered letters and parcels received direct from such countries.

INTERNATIONAL REGISTERED MAIL, ALSO FOR ALASKA AND ISLAND POSSESSIONS OF THE U. S.

41. **Owing to geographical changes and other conditions resulting from the war it is very important that postmasters should, before accepting for registration articles addressed to foreign countries, carefully consult the instructions and information in connection with Postal Union and International Parcel Post Mail for Foreign Countries, printed on pages 123 to 188 of this Guide, and in the monthly postal guides published since July, 1919; also the "General Foreign Separating Scheme," published on pages 148 and 149; for the purpose of ascertaining whether mail is now transmissible to the country addressed; whether any exceptions are made in the case of registered mail; and in order to ascertain the correct United States Exchange Offices towards which the registered article should be dispatched.**

42. **Make-up and dispatch.**— Registered mail for foreign countries should be dispatched as directed by Secs. 1043, 1047 amended and 1017, P. L. & R. See also the "General Foreign Separating Scheme," pages 148 and 149.

43. **Preparation for dispatch to the New York, N. Y., exchange office.**— To permit expeditious handling, registered mail proper for dispatch to Canal Zone or to foreign countries (except Canada, Cuba or Mexico) via New York should, when the quantity warrants, be dispatched in a single inclosure (a registered jacket, sack, or pouch), addressed direct to the "Foreign Branch, New York, N. Y." Such single inclosures should then be dispatched with other registered mail for New York, in registered pouches or sacks labeled to New York, N. Y., when possible.

44. **Specially addressed.**— Directions given by the sender in the address of registered matter, as to the route by which it shall be sent, must be complied with whenever practicable, but should not be followed in cases of specially addressed mail for the Philippine Islands unless postage on such matter has been paid at the Postal Union rate. See Secs. 653, par. 15, 1043, 1044 and 1045, P. L. & R. Registered mail for Trans-Pacific destinations which the sender has specially addressed "via Vancouver, B. C." or "via Victoria, B. C." will be sent to Seattle, Wash., as the United States exchange office.

45. **Parcel-post registered mail.**— Postal employees will avoid dispatching parcel-post registered mail to any United States exchange office which is not authorized to exchange parcel-post matter with the country of destination as shown by list on pages 154 to 157.

46. **Registry return receipts.**— Whenever the sender requests a return receipt for a registered article addressed to a foreign destination, Form 3870 shall be supplied at all first and second class offices, but in case of other offices it will be supplied at the United States Exchange Office of dispatch, unless the mailing office has been specially authorized otherwise. These receipts must be *legibly* postmarked and have the correct registration number and the other particulars required entered thereon.

47. **Registry return receipts for mail addressed to Canada.**—When a return receipt is requested for a registered article addressed for delivery in Canada, the mailing postmaster will prepare and send the domestic form of return receipt (Form 3811) with the article unless he has Form 3870. See article 53, page 105, of this Guide relative to "Registered Jacket Envelopes for and from Canada." Domestic return receipt (Form 3811) will be used, when return receipt is requested for registered mail deliverable in the Canal Zone, Guam, Philippine Islands, Porto Rico,

Hawaii, the Virgin Islands of the United States, through the U. S. Postal Agency at Shanghai, China, or the U. S. Naval Hospital at Yokahoma, Japan, or on board U. S. Naval vessels.

48. **Delivery in foreign countries.**— Delivery of registered mail addressed to foreign countries is made according to rules of the country which makes delivery.

49. **Trans-Pacific, Australia, New Zealand and Samoa.**— Registered articles must not be accepted for delivery in Santa Cruz Islands, Australia. Registered articles *other than parcel post*, for Australia, West Australia and New Zealand should be sent to San Francisco, Calif., or Seattle, Wash., as the proper exchange office, unless they are specially addressed to be dispatched by some other route. Registered *parcel-post* packages for Australia, West Australia and New Zealand should be sent to San Francisco as the exchange office; and all registered mail for Samoa should be sent to San Francisco, as the exchange office. As San Francisco is the only post office authorized to exchange *parcel-post* mail with offices in Australia, West Australia and New Zealand, postal employees, in dispatching *parcel-post* registered mail addressed for delivery in those countries will be careful not to include it in jackets, pouches or sacks containing other than parcel-post matter and addressed simply to the foreign country of destination of their contents, as such jackets, sacks or pouches are liable to be diverted in transit to some exchange office other than San Francisco, if it is found that a quicker dispatch can thereby be obtained. When there is sufficient parcel-post registered matter for Australia, West Australia or New Zealand to warrant the make-up of a registered package jacket, inner-registered sack or through registered pouch, such sack, jacket or pouch should be labeled to indicate that it contains only parcel-post registered mail for the country addressed. See Sec. 1044, P. L. & R.

50. **China, Japan, Hongkong, Philippine Islands and the U. S. Naval Hospital at Yokahoma, Japan.**— Registered matter addressed for these destinations will be sent toward San Francisco, Calif., or Seattle, Wash., according to which of these offices will afford it the earliest dispatch to destination.

51. (a) **Alaska, Yukon and Atlin territories.**— *Restrictions.* From June 1, of each year, until the closing of the open (summer) season first, second and third class matter may be registered, and fourth class (parcel post) matter insured or sent C. O. D. to any part of Alaska. During the winter months (from about October 1st to June 1st) the articles transmissible in mails for offices designated "R" under "Alaska" in the State list of post offices are restricted to:

(*b*) Letters (in their usual and ordinary form); post-cards; singly-wrapped newspapers and periodicals from office of publication, addressed to public libraries, to newspaper publishers and to individual subscribers; transient newspapers and third-class matter of all kinds, except books, trade catalogues, circulars, patterns and samples of merchandise.

(*c*) The articles excluded are newspapers and periodicals sent to dealers for purposes of trade (in bulk or otherwise); sample copies of newspapers and periodicals; books; trade catalogues; circulars, patterns, samples of merchandise, and fourth-class matter (merchandise).

(*d*) *Exceptions.*— In making up the mail for dispatch on any trip preference will be given to letters in their usual and ordinary form. Of the available excess between the weight of the letters and the maximum weight allowed by the contract, not exceeding 10 per cent. may be devoted to carrying (1st) packages of seeds, not exceeding one pound per package, and (2d) such small packages of merchandise, not exceeding a few ounces each, as the proper officers of the service have reason to believe contain articles of urgent necessity, such as eyeglasses, medicines, etc., for individual use, but not intended primarily for trade. No such limited dispatch of mail shall include more than one package of seeds or merchandise to any one individual, firm or corporation. The remainder of the available weight will be devoted to carrying separately wrapped and addressed copies of newspapers and magazines, not including newsdealers' packages.

(*e*) Steamer carrying mails for Nome, Alaska, and the post offices in the Seward Peninsula, Alaska, served through the Nome office, usually leaves Seattle, Wash., about May 10th; therefore all classes of mailable matter for those destinations may be accepted on and after May 1st.

(*f*) *Delays.*— The senders of registered matter for Alaska, other than letters in their usual and ordinary form, should be informed that such matter is liable to be delayed in transit if the letter mail available for dispatch entirely exhausts the limit of weight of matter which the contractor is required to transport on each trip.

(*g*) *Yukon District of Canada.*— All classes of mail matter are accepted for transmission to the Yukon District as freely in winter as in summer. The weight of mails carried to and from Dawson by the Eagle-Dawson route during the winter season is limited, and consequently it is necessary to continue the restrictions on mail matter for transmission by that route during the winter season.

MAIL FOR CANADA (INCLUDING NEWFOUNDLAND AND ST. PIERRE-MIQUELON), CUBA AND MEXICO.

52. **Use of bills and coupons in dispatches to and from Canada.**— Postal employees authorized to make dispatches of registered mail direct to Canadian post offices and railway post offices should use the manifold dispatch bill, Form 3852–3–4, when the use of that form is more economical than that of Form 3834, Postal Union registry bill. Unless specially instructed to the contrary the coupons of bills received in registered pouches, sacks or jacket envelopes from Canada need not be returned unless there is a discrepancy in contents. The Canadian postal service will follow the same arrangement in case of registered mail for Canada. If there is a discrepancy, notation should be made on the coupon which must be sent to the office of dispatch.

53. **Registered jacket envelopes for and from Canada.**— Registered jacket envelopes should be used in dispatching registered mail to post offices or railway post offices in Canada under the provisions of Sections 1015 to 1023, inclusive, P. L. & R., a bill describing contents being inclosed in each jacket (Sec. 1058). Where the sender requests a return receipt for registered mail dispatched in jacket envelopes, the mailing office will prepare and attach to the article the international receipt (Form 3870) if available, otherwise the domestic receipt. Postmasters and railway mail employees of the Canadian postal service will make up registered jackets only for post offices where United States customs officers are located and for United States railway post offices. Railway postal clerks receiving from Canada registered jackets addressed to them, will treat the contents which are liable or supposed liable to customs duty in the manner required by Section 664, P. L. & R. If a registered article is received from Canada without a receipt form, but indorsed to indicate that the sender desires a return receipt, the post office making delivery shall supply Form 3870 if available, otherwise the domestic form. Form 3870 after being signed, dated and postmarked, must be inclosed in a penalty envelope directed to the postmaster at the office of address of the sender. Offices where customs officers are not located receiving registered jacket envelopes from Canada addressed thereto will observe the requirements of Section 664, pars. 12, 14 and 24, P. L. & R., and also report to the Third Assistant Postmaster-General, Division of Registered Mails.

54. **Scheme for dispatch of registered mail to Canada, Mexico and Cuba.**— Postal employees handling registered matter addressed for delivery in Canada or Mexico will ascertain, by comparison of the addresses with the following list, the name of the exchange office to which, or in the direction of which, the matter should be sent, and dispatch it toward the office which will give it the greatest expedition. Directions given in the address on registered matter as to the route by which it shall be sent must be complied with whenever practicable. United States postmasters at border registry exchange offices will make up local registered mails so as to give the quickest authorized dispatch from the standpoint of their offices.

CANADA.

55. **Newfoundland.**— Registered matter, except parcel-post pieces, from Alaska and the States of Idaho, Minnesota, Montana, Northern Peninsula of Michigan, North Dakota, Oregon, South Dakota, Washington, and Wisconsin, for delivery in Newfoundland, should be sent toward Sault Ste. Marie, Mich. Registered matter, except parcel-post pieces, from all other States or possessions for delivery in Newfoundland should be sent toward Boston, Mass., or Chicago & Port Huron R. P. O. Tr. 6, as the exchange office. Registered parcel-post matter from any State or possession for delivery in Newfoundland should be sent toward either New York, N. Y., or Boston, as the exchange office.

56. **St. Pierre-Miquelon.**— Registered matter from Alaska and the States of Idaho, Minnesota, Montana, Northern Peninsula of Michigan, North Dakota, Oregon, South Dakota, Washington and Wisconsin, for delivery in the French Colony of St. Pierre-Miquelon should be sent toward Sault Ste. Marie, Mich. Registered matter from all other States or possessions for delivery in the French Colony of St. Pierre-Miquelon should be sent toward Boston, Mass., as the exchange office.

59. **Indefinitely addressed ordinary and registered mail to, and from, Mexico.**—Postal employees who receive, for dispatch to Mexico, ordinary or registered mail bearing the name of some station camp, ranch, or locality where no post office is known to exist but which may possibly be delivered to the addressee through a nearby post office will dispatch such mail to the Mexican service for determination as to whether delivery of the matter can be effected. Similar pro-

cedure will be observed by postal employees of the Mexican service in connection with indefinitely addressed articles for the United States. When such articles are received, the United States postal employees will if possible transmit them to post offices from which delivery can be effected; otherwise the articles will be appropriately indorsed and returned to Mexico.

*CUBA.

*(*Carefully read important exceptions in foot-note below*).

60. **Exchange offices** which dispatch registered mail to Cuba are: Chicago, Ill., Jacksonville, Fla., Key West, Fla., Mobile, Ala., New Orleans, La., (for the States of Arizona, Arkansas, California, Hawaii, Louisiana, Mississippi, New Mexico, Oklahoma and Texas), Philadelphia, Pa., New York, N. Y., St. Louis, Mo., and Tampa Fla. Unless an office is close to one of the exchange offices named, single pieces should be dispatched toward Florida.

61. **Special instructions.**—*These general instructions concerning the dispatch of registered mail to foreign countries may be modified by special instructions published from time to time by the Department. See "General Foreign Separating Scheme" on pages 148 and 149 and "International Parcel Post," pages 154 to 157 of this Guide.*

62. **Recording of registered mail of foreign origin.**—Postal employees recording registered mail from foreign countries are instructed to record and list such matter under the original number and the post office and country of origin. If in any case the original number does not appear on both the registered article and the foreign bill or list, or has been crossed off, the postmaster or R. P. O. clerk first receiving the article direct from the foreign country will list the article by the number under which it was billed to him, and the use of that number will be continued in the subsequent transmission of the article and in its final delivery to the addressee, but in such cases note should also be made, when practicable, on the records of the final office of delivery, showing the original number, if this appears upon the article, in addition to the one under which the article was dispatched from the first United States post office or R. P. O. of receipt.

63. **Customs duties.**—Sealed packages from foreign countries indorsed "Supposed Liable to Customs Duty," must be opened by the addressee in the presence of the postmaster. If they contain only written communications, money, or genuine postage stamps (not prohibited facsimiles) they will be delivered at once; otherwise the package and entire contents must be submitted to a customs officer for assessment of any duty found to be chargeable before final delivery to the addressee. Postmasters should read and comply strictly with Sec. 664, P. L. & R. All foreign mail shall be carefully examined to ascertain whether it is marked "Supposed liable to customs duties," or with words of similar import. Whenever the failure of any postmaster to treat dutiable matter properly results in the loss of customs revenue, he will be held liable under his official bond for the loss. See Sec. 1050, P. L. & R. Dutiable mail for appraisal is to be addressed to *postmasters* at places where customs officials are located (see following list) and not direct to the customs officials. Read paragraph 12, Section 664, and indicate on the label the name of the post office to which such mail has been sent for submission by the postmaster to customs officials, promptly transmitting the coupon to the Auditor for the Treasury Department, Washington, D. C.

* The channels through which registered mail is dispatched to Mexico may be frequently changed. Officials of the Railway Mail Service will notify postmasters and R. P. O. clerks of temporary modifications of dispatches which may vary from the above list, which is not intended to supersede instructions that may have been, or may in the future be, given specifically to particular offices or to railway postal clerks.

Mail for Cuba and Mexico, originating in New York, New Jersey (except registers for Cuba from southern portion), Pennsylvania (except registers for Cuba from eastern portion), and the New England States will be forwarded to the Pennsylvania Terminal R. P. O., New York City, and consideration will then be given to the advisability of dispatching the same from New York City by sea when such dispatches appear to be advantageous. Registers for Cuba from the southern portion of New Jersey and the eastern portion of Pennsylvania should be sent to Philadelphia, Pa., as the proper exchange office.

INSURED AND C. O. D. MAIL.

1. **Insurance fees, conditions, and indemnity.**— Fourth-class or domestic parcel post mail (pages 11 to 17 of this Guide), except as noted in paragraphs 3, 4 and 5 following, may be insured against loss, rifling or damage in an amount equivalent to its actual value up to $5 for a fee of three cents; $25 for five cents; $50 for ten cents, or $100 for twenty-five cents, in addition to the postage. Both postage and fee must be paid by postage stamps affixed to the parcel. Such mail may be insured at any post office or station thereof, or by rural carriers, but must not be deposited in street mail boxes or in mail drops at post offices. The amount of the insurance fee and the amount of postage shall be stated separately on the receipt given the sender and on the record retained at the mailing office. (See amended section 488, P. L. & R.)

2. **C. O. D. fees, conditions, and indemnity.**— Fourth-class or domestic parcel post mail (except as noted in paragraphs 3, 4 and 5 following), may be sent C. O. D.; that is, the price of the article and the charges thereon (including, if desired, the postage and fee prepaid) will be collected from the addressee, not to exceed $50, on payment of a fee of 10 cents (in stamps affixed to the parcel) in addition to postage; and not to exceed $100 on payment of a fee of 25 cents. Such parcels are insured for not exceeding $50 and $100, respectively, according to whether a 10 or 25 cent fee was paid, against the non-receipt of returns therefor if delivered and collection is effected; and against loss, rifling or damage in an amount equivalent to the actual value. The Department will not assume responsibility for errors made by senders in stating the collection charges, or for any misunderstanding between senders and addressees regarding the price, character or contents of parcels. The sender of a C. O. D. parcel will not be permitted to pay a fee of only 10 cents thereon when the amount to be remitted is greater than $50, even though he should be willing to accept indemnity only for $50 in case of loss; but when the value of a parcel *exceeds* $50 and the remittance to be made to the sender is $50 or less, the parcel may, if the sender so desires, have a 25-cent fee paid thereon, entitling him to indemnity for any loss or damage sustained, not in excess of $100. A parcel on which the remittance is $50, but on which, because of the money-order fee, the collection from the addressee will be in excess of that amount, will require only a 10-cent fee. The amount of C. O. D. fee and the amount of postage shall be stated separately on the receipt given the sender and on the record retained at the mailing office. (See amended section 489, P. L. & R.)

3. **Live day-old chicks,** honey bees, harmless live animals, live fowls and live domestic animals, mailed under the conditions set forth in amended section 476, P. L. & R., may be accepted for insurance and collection on delivery, but indemnity will be paid on account of the outright loss thereof *only*.

4. **Island possessions and territories of the United States.**— In addition to domestic destinations, parcels may be insured (or sent C. O. D. when mailed at and addressed to money-order offices and United States Naval Vessels having money order service in operation) when they are addressed to Alaska; Canal Zone; Guam; Hawaii; Porto Rico; Pago Pago, Samoa; the United States Postal Agency at Shanghai, China, United States Naval Vessels and the Virgin Islands of the United States. Parcels may be insured but not sent C. O. D. to the Philippine Islands, to the United States Naval Hospital at Yokohama, Japan, and to members of the American Forces in Europe. In case of the loss of insured mail addressed to the Philippine Islands, indemnity is payable only when the loss (or damage) occurred in the postal service of the United States, and not that of the Philippines.

5. **Foreign countries.**— Parcels must not be accepted for insurance or collection-on-delivery to foreign countries (including Canada, Cuba and Mexico). Postal employees violating these instructions will be held responsible for any loss sustained.

6. **Parcels addressed to soldiers in U. S.**— Postmasters must refuse to insure or send C. O. D. parcels addressed to members of military units stationed in the United States unless such parcels

are clearly and definitely addressed, showing the rank of the addressee, his company and regiment (or other complete military designation), the camp, cantonment, etc., at which the addressee is stationed, and the State in which it is located.

7. **Patrons to be informed regarding schedule of fees.**— Postal employees must acquaint patrons with the schedule of insurance and C. O. D. fees, and must insure for the amount desired within the limit fixed by law ($100.00).

8. **Return to senders of improperly accepted parcels.**— Insured or C. O. D. parcels addressed to foreign countries, received in transit, must be conspicuously indorsed "Returned, Insured contrary to instructions," or "Returned, sent C. O. D. contrary to instructions," as may be proper, and returned to the mailing office. Report these irregularities to the Third Assistant Postmaster-General, Division of Registered Mails.

9. **Correspondence to furnish certain information.**— In all correspondence with the Department and with other post offices concerning insured and C. O. D. parcels, and in all inquiries, tracers and notices sent out by postmasters relative thereto, the number; date of mailing; names and addresses of the sender and addressee of the parcel; the shipper's file or invoice number, if any, appearing upon the wrapper, or as much of this information as is practicable, together with a statement or notation showing whether the article in question was insured or sent C. O. D., must be given. When using forms where no provision is made for these particulars they should be written on the margin.

AT POST OFFICES OF MAILING.

10. **Presentation for mailing.**— Postal employees, before accepting parcels for insurance or transmission C. O. D., shall require them to be legibly and correctly addressed, to bear the name and address of the sender, the necessary stamps to pay postage and fee, and, if a return receipt is requested, the words "Receipt desired." Matter indefinitely addressed or addressed to fictitious names, to initials, or to box numbers simply, shall not be accepted. This applies to the names and addresses of senders as well as addressees. *The value of insured parcels should not be placed on the wrappers or on labels affixed to the parcels.*

11. **Fragile articles.**—*All* articles easily breakable must be marked "Fragile." See article 103, page 21. When fragile matter is not marked "Fragile", because of failure to acquaint postal employees with the contents of parcels, the persons handling it thus failing to give the special treatment required by articles of that character, resulting in damage thereto, no indemnity will be paid. Senders of all insured and C. O. D. parcels must state what articles are contained therein. See that the special indorsements "Fragile," "Perishable," or "Eggs," required to be placed on certain parcels appear thereon, and on the sender's receipt and the stub retained by the mailing office. All matter of perishable nature must be marked "Perishable." Parcels containing eggs must be packed and indorsed as required by paragraphs 3 and 4 of amended section 475, P. L. & R.

12. **Packing and wrapping.**— All parcels must be securely packed and wrapped to withstand transmission without breaking or injuring mail bags, their contents, or the persons handling them. Parcels known to be improperly or insufficiently packed or wrapped must not be accepted. See articles 96 to 105, pages 20 to 22. Indemnity for damage to an insured or C. O. D. parcel will not be paid where faulty packing or wrapping is the cause of the damage. When inquiry is made of senders as to the articles contained in parcels presented for insurance or collection-on-delivery, they should be asked to describe in detail the packing thereof, and any parcel which is not packed in accordance with the P. L. & R., or instructions emanating from the Department, or which is not sufficiently prepared to withstand reasonable handling in transit, must be refused.

13. **Indorsement and packing separate and distinct items.**— It is not sufficient merely to inquire whether a parcel contains fragile or perishable matter, to accept the statement of the sender that it contains "merchandise"; nor to accept general statements that the packing is proper or secure. Ascertain in each instance what articles the parcel contains, and have the packing described in detail. Unless there is doubt, however, as to the adequacy of the packing, or as to the actual inclosures, parcels need not be opened and examined. The question of whether the parcel, if accepted, shall be indorsed, is to be determined by the postal employee to whom it is presented, and not left to the discretion of the sender. "Fragile" or "Perishable" parcels must be appropriately indorsed even though they may be packed most securely. Specific instructions covering the packing and indorsement of various articles are to be found in Circular III of the Third Assistant Postmaster-General, copies of which have been sent to all post offices. Postal employees will be held personally responsible for damage resulting from their failure to observe the foregoing instructions.

14. **Patrons to be informed regarding packing and indorsements.**— Firms and other patrons customarily shipping insured and C. O. D. parcels in quantity must be thoroughly instructed regarding the proper packing and indorsement of all articles mailed by them. A list should be kept of the firms and patrons so instructed and the dates on which such instructions were given and, if firm mailing books are used, they must be instructed to place such indorsements on both the original and duplicate bills of the firm mailing book.

15. **Report of abnormal number of claims.**— When an abnormal number of claims for indemnity are filed by firms or individuals on account of loss, rifling or damage to insured or C. O. D. shipments, a full report of the matter should be made to the Third Assistant, Division of Registered Mails, showing the number of insured or C. O. D. parcels mailed and the number of claims for indemnity filed. Where damage is involved, report should show the kind of articles shipped, and the method of packing should be described in detail.

16. **Acceptance for insurance.**— When a parcel is accepted for insurance a coupon receipt shall be issued to the sender showing the number of the parcel, the amount of fee paid, and separately the amount of postage paid (exclusive of postage war tax) and any special indorsements such as "Fragile", "Perishable", etc., appearing on the wrapper, and any restrictions in delivery which may be imposed by the sender. This receipt shall be postmarked with the name of the mailing post office and date of acceptance, and shall be signed with the initials of the employee accepting the article. The stub of the receipt, to be retained at the mailing office, shall be filled out by the accepting employee and shall show the number of the parcel, date of mailing, insurance fee paid, the name and address of the addressee, and any indorsements or restriction in delivery which may appear upon the face of the parcel. Great care must be exercised to enter the correct and same fee on the stub as is shown on the receipt given the sender. Particular attention is invited to the necessity of care in stamping the parcel "Insured" and in the preparation of the stubs which constitute the mailing office records, as, should these be incompletely or incorrectly filled out, the Department would be without record of a parcel in the event of an alleged loss. Postmasters will see that these records are at all times properly prepared. Laxity in the keeping thereof will not be tolerated. Postmasters having contract stations must see that the regulations governing the acceptance of parcels for insurance are thoroughly understood and carefully observed thereat.

17. **Record to be made of postage paid on insured and C. O. D. parcels.**— Postmasters will make record of the amount of postage as well as fee paid on each insured or C. O. D. parcel accepted for mailing. *Neither the fee nor war tax on postage must be included in the amount recorded as postage.*

The postage item will be entered on both the mailing office stub and coupon receipt in some unused space when Form 3813 is used; where Form 3816 is used the entry will be made on the back of the sender's receipt and mailing office portion; where the firm mailing book is used, the amount of postage will be entered in the column headed "Delivery Restricted."

Firms and other patrons who rate up and affix postage to their parcels before presentation for mailing, should be instructed to properly record the amount of postage *which of course must not include the fee or war tax.* Postal employees accepting such parcels will verify the entries made by patrons.

Claims for indemnity filed for the outright loss of insured and C. O. D. parcels, mailed on or after April 1, 1920, may include the amount of postage, *but not fee or war tax stamps paid on the parcels.* The amount of postage will be entered in the unused space opposite question 1 on Form 3812.

18. **Return receipts.**— Parcels accepted for insurance for which return receipts are desired, should have the words "Receipt desired" *conspicuously* and *legibly* stamped or written directly above the name of the addressee. Firms should be requested to keep careful record of the return of such receipts to avoid subsequent unnecessary inquiries and complaints.

19. **Suit cases and hand-bags.**— Suit cases and hand-bags accepted for insurance must not be locked or otherwise fastened against inspection. Such articles should have fully addressed labels affixed in such a manner that they will not become detached in transit. This may be done by affixing gum labels to the body of the suit case on the outside and inside in addition to the tag attached.

20. **Parcels to remain in custody of postal service.**— Insured or C. O. D. parcels must be held until dispatched, and *not* handed back to the sender to be placed in the ordinary mail drop or delivered by him to another window.

21. **Wrappers of parcels to show full information.**— Insured and C. O. D. parcels should be carefully examined before dispatch to make sure that the name and address of the sender is plainly indicated on the wrapper; that the wrapper of the parcel bears the "Insured" or "C. O. D." stamp as may be proper and the correct parcel number; and in case of C. O. D. parcels, that the items on the tag correspond with those on the parcel.

22. **Firm mailing books.**— The attention of patrons of the insurance and C. O. D. services who customarily dispatch an average of three or more parcels at one mailing should be called to the firm mailing book. Entries are made therein in duplicate, a complete descriptive record is provided for the senders of such articles, and the filling out of mailing office records and sender's receipts for insured and C. O. D. mail is unnecessary. Loose leaves, containing the same matter as the books, are also provided. Special authorization is not necessary to use these books. Users of these firm books must be required to fill in all items applicable to each parcel described the same as when individual receipts are given. Postmasters who have patrons desiring them should make requisition therefor upon the Fourth Assistant Postmaster-General, Division of Equipment and Supplies. Further information will be furnished by the Third Assistant Postmaster-General, Division of Registered Mails.

23. **Acceptance of insured and C. O. D. parcels by rural carriers.**— Postmasters at all rural delivery offices shall see that rural carriers are instructed to accept parcels from patrons on rural routes for insurance or collection on delivery, are equipped with zone keys and guides and furnished with a supply of insurance receipts and C. O. D. tags.

(a) A carrier shall be assigned one series of numbers for insured mail and another series of numbers for C. O. D. mail, in addition to the series assigned for registered mail, and such series of numbers shall be assigned in conformity with the scheme laid down in section 1072 for numbering registered mail. Carriers must keep a memorandum of the last number used, so that

every number in each series may be accounted for. When a patron desires to insure a parcel, the carrier shall issue a receipt therefor, properly numbered and otherwise completed, make appropriate entries on the stub of such receipt, and indorse the wrapper of the parcel with its number. If it is desired that a parcel be sent collect on delivery, the carrier shall indorse the C. O. D. number on the wrapper and furnish the patron with a correspondingly numbered C. O. D. tag after making appropriate entries on the two coupons, and the patron must fill in (if practicable, with ink or indelible pencil) the amount of charges and the names and addresses of the sender and addressee. The receipt for insured mail, and the sender's receipt on the tag if C. O. D., shall also be dated, signed with the carrier's initials and route number, and notation included thereon of any special indorsement appearing on the parcel. The stubs and mailing office coupons, respectively, for all insured and C. O. D. parcels accepted on rural routes must be kept in a numerical file at the post office.

(b) Inquiry as to the manner of packing and the articles inclosed should be made by carriers when parcels are tendered by patrons, and parcels must not be accepted unless they are properly packed and indorsed. (See secs. 474 and 475, as amended.)

(c) The required amount of postage and fee shall be affixed in stamps to the parcel, and it shall be delivered at the post office (the tag filled out and attached when the parcel is C. O. D.). If perishable or fragile articles are inclosed, a notation should be made by the carrier so that the parcel, and the tag coupons also if C. O. D., may be properly impressed with the regulation "Perishable" or "Fragile" stamp at the post office.

(d) Insured and C. O. D. parcels accepted by rural carriers must be carefully examined at the post office before dispatch to ascertain that appropriate indorsements are thereon, the required postage and fee are fully prepaid, and the articles are packed in accordance with the regulations; also that the tags of C. O. D. parcels are uniformly and correctly filled out.

(e) A patron need not necessarily present a parcel for insurance or collection on delivery direct to the carrier, but may be permitted to leave it in the mail box for subsequent collection by the carrier. In such cases a sufficient amount in stamps must be affixed to the parcels to pay the postage and requisite fee, the parcel must be properly packed and marked "Insured" or "C. O. D." as may be, the C. O. D. tag properly filled in attached if for collection on delivery, and the patron must leave a note for the carrier describing the contents of the parcel and stating what part of the stamps affixed represents the fee. When a patron so desires, a blank C. O. D. tag may be left in the mail box by the carrier to be filled out and attached to a parcel for collection on a succeeding trip.

(f) Whenever a carrier collects a parcel at a box to be sent insured or collect on delivery, he must note the fact on the stub of the insurance coupon or the mailing office portion of the C. O. D. tag and, if the patron has not attached stamps but left money therefor, enter the amount of money found with the parcel to cover postage and insurance or C. O. D. fee. This does not apply where the carrier issues an official receipt direct to the sender.

AT POST OFFICES OF ADDRESS.

24. Incoming mail to be examined.— All parcels received for delivery must be carefully scrutinized to see if insured or C. O. D. and examined to see if they bear any restrictions in delivery or, if insured, requests for return receipts and such receipts must be furnished in every case where desired.

25. **Collection of deficiencies.**— The collection of deficiencies in postage on insured and C. O. D. parcels shall be made in accordance with the instructions applicable to shortpaid ordinary parcels of the fourth-class.

26. **Delivery.**— Insured and C. O. D. mail *shall be promptly delivered under the rules and regulations governing the delivery of registered mail* (see Secs. 933 to 939, inc., P. L. & R.), except that no receipt shall be taken from the person to whom delivery of *insured* mail is made to serve as a record for the office of address. Insured and C. O. D. parcels must not be delivered by being placed in post office boxes.

27. **Delivery of insured and C. O. D. mail at offices not having carrier service.**— Postmasters at offices not having carrier service are expected to use every means practicable, not involving expense to the department, to notify addressees that insured and C. O. D. parcels are on hand for delivery and delivery notices (Form 3849) must in every case always be placed in the general delivery or in the post office box if one is rented by the addressee.

Numerous complaints reach the Department of instances where parcels have been held by postmasters, and senders finally notified to send postage for return without any effort whatever having been made to notify the addressee of the arrival of the parcel. Carelessness of this character brings needless criticism of the service and should be guarded against.

28. **Damaged parcels — delivery of.**— If addressees refuse damaged parcels, it should be made clear to them that acceptance of the parcel will not impair any claim for indemnity that might otherwise be payable, but that on the other hand refusal of the article will necessitate the payment by the senders of the same amount of postage required for its original transmission, in order that the parcel may be returned to them to determine the extent of damage and to file the claim; and that the acceptance of parcels makes possible the earlier filing, and hence the earlier adjustment, of claims. For delivery of C. O. D. mail, see article 51, page 114, of this Guide.

29. **Patrons to keep accurate record of returns of C. O. D. collections and of insured and C. O. D. parcels received by or returned to them.**— Postmasters are directed to seek the cooperation of patrons of the insurance and C. O. D. services, particularly firms, with a view to having them keep accurate record of the receipt of money orders covering C. O. D. returns, and of all insured and C. O. D. parcels, either addressed to them or originally mailed out by them and returned as undeliverable.

Accurate records of the character assist in the equitable and prompt adjustment of indemnity claims and save much unnecessary correspondence on the part of patrons, the post offices, and the Department.

Numerous instances have come to light where patrons have either kept no records whatever or very inaccurate ones, which indicate the necessity for vigorous effort on the part of postmasters.

30. **Postmaster not to act as agent of sender.**— Postmasters frequently receive communications asking them virtually to act as agents of the senders of insured and C. O. D. parcels in dispatching them to new addressees, and in attempting to coerce the addressees to accept delivery or to effect a sale of the contents of the parcels to other persons. Postmasters are not expected nor permitted to act in this manner, in their official capacity, otherwise than is required and allowed by the P. L. and R., and instructions emanating from the Department.

31. **Return to postal service after delivery.**— Postmasters at offices of address, after effecting delivery of insured and C. O. D. parcels, must not permit them to be returned to the post office by the addressee on account of alleged damage, unless authorized to do so by the Department. After delivery has been effected, insured or C. O. D. parcels may not be returned to senders or remailed to new addressees except under new numbers, or by ordinary mail. In such cases postage, and, if insured or C. O. D., a new fee, must be prepaid.

32. **Delivery on rural routes.**— When insured and C. O. D. parcels are received for delivery to patrons of rural routes, they must be assigned to the rural carriers and delivery effected in accordance with the regulations governing the delivery of registered mail insofar as they are applicable. The carriers will return any receipts requested, the charges collected on C. O. D. parcels, and receipted tags for C. O. D. parcels to the post office for appropriate disposition. Such parcels must not be placed in rural mail-boxes. If the residence is more than one-half mile from a rural route, the carrier is not required or expected to make delivery thereat. In the latter case, the carrier should leave a notice in the rural mail box so that the addressee can be at the box on the next trip, or call for the mail at the post-office.

33. **Forwarding or return to sender.**— Insured or C. O. D. mail may be forwarded or returned to the sender (see amended Secs. 595 and 637, P. L. & R.) without the payment of an additional insurance or C. O. D. fee. In forwarding or returning a C. O. D. parcel, the original tag must be left attached, the parcel and tag appropriately marked to show that it is returned to sender or forwarded, and a duplicate tag describing the parcel under the original number made out, indorsed to show disposition made of the parcel, and filed alphabetically by the name of the addressee. When an insured parcel is forwarded or returned to the sender a record shall be made to show the number of the parcel, the name of the mailing office and date of mailing, the name of the person to whom forwarded and the office to which the parcel is to be forwarded or returned, together with the date of such action. No special form will be provided for this purpose, and any blanks or forms available may be utilized for such record. These records are to be kept for one year from the date of forwarding or return, after which they may be destroyed in the manner contemplated by Section 362 of the Postal Laws and Regulations.

34. **Handling of insured and C. O. D. mail bearing "return postage pledge."**— Insured and C. O. D. parcels which bear the pledge of the sender to pay the postage for forwarding or return, may be forwarded to the addressee or to such other person as the sender may direct, at another post office, or returned to the sender charged with either the forwarding or return postage, or both as the case may be, to be collected on delivery. Undeliverable insured or C. O. D. parcels, *containing perishable matter, either with or without such pledge, may be forwarded to the addressee or returned to sender charged with the postage therefor,* such postage to be collected on delivery.

Particular care must be exercised to see that undeliverable insured and C. O. D. parcels bearing return postage pledges are returned to sender at the expiration of the period stated in the return request.

35. **Forwarding to foreign countries.**— Insured or C. O. D. parcels must not be forwarded to foreign countries even though the domestic rates of postage apply. If desired that an insured parcel be forwarded to Canada, Cuba or Mexico, the parcel may be sent as an international registered piece, if admissible to the international mails, upon the sender or addressee furnishing the registry fee and postage, or, when otherwise admissible, may be sent as ordinary international parcel post mail upon payment of postage, and the written authorization of the sender, cancelling the insurance. C. O. D. parcels must not be so forwarded except upon authority rrom the sender and the cancellation of all charges thereon. Insured mail may be forwarded to the Philippine Islands but C. O. D. matter must not.

36. **Return of insured mail, which does not bear pledge to pay return postage, to senders.**— Postmasters must effect the most expeditious delivery possible of insured parcels. When such parcels, which do not bear pledge to pay return postage, are refused, the sender must be immediately notified to furnish return postage, or to direct disposition of the article, as provided by Sec. 637, par. 1, P. L. & R. Insured parcels may be held for 60 days by direction of either the sender or addressee. After senders are notified to furnish return postage or to direct disposition

of insured parcels, they should be held as provided in Sec. 637, par. 8, P. L. & R., but senders should be given not less than two weeks in which to make response.

37. **Holding of C. O. D. parcels which do not bear pledge to pay return postage.**— Postmasters must effect the most expeditious delivery possible of C. O. D. parcels. When such parcels which do not bear pledge to pay return postage, are refused, sender must be immediately notified to furnish return postage, or to direct disposition of the article, as provided by Sec. 637, par. 1, P. L. & R.

When such parcels are undeliverable for any other reason the sender should be notified at the expiration of the period, not in excess of 60 days, named on the return request, or, if no period is stated not later than 30 days. Particular attention must be paid to the return request of senders appearing on C. O. D. parcels. If C. O. D. parcels are not accepted in the time stated therein, senders must be immediately notified, regardless of the wishes of the addressees. Postmasters are enjoined to take steps to see that these instructions are rigidly adhered to at all times. C. O. D. parcels may be held upon request of the addressee, who may not be in a position to accept delivery when first presented, for a period not in excess of that stated in sender's return request, when that is not over 60 days, or, when no period is stated therein, for 30 days. C. O. D. parcels may be held for 60 days at the request of the sender. Requests of senders that C. O. D. parcels be held in excess of 60 days must be disregarded.

38. **Notices must be sent to senders of undeliverable matter.**— Postmasters must see that notices are actually sent to senders of undeliverable insured and C. O. D. parcels. Numerous complaints have been received by the Department that senders failed to receive such notices. After senders are notified to furnish return postage or to direct disposition of parcels, they must be held as provided by Sec. 637, par. 8, P. L. & R., but senders should be given not less than two weeks in which to make response.

39. **Registered, insured and C. O. D. mail not to be delivered to mail orderlies without written orders from the senders or addressees.**— Postmasters receiving registered, insured or C. O. D. mail addressed to a member of a military camp, post, or station in the United States or any possession of the United States will hereafter hold the article at the post office, or proper post office station for delivery, promptly issue a notice to the addressee on Form 3849. Such mail may, however, be delivered to the mail orderly in any instance where the addressee so directs in a written order filed with the postmaster, but none may be so delivered which has been marked by the sender, "Deliver to Addressee Only," or with words of similar import.

These instructions apply only to registered, insured and C. O. D. mail addressed to military camps, posts or stations in the United States or in its possession, and do not affect mail addressed to persons connected with military organizations or institutions in cities or other places not under military control, nor mail addressed to military forces in foreign territory. Neither do the instructions contemplate that *special delivery* registered, insured or C. O. D. mail shall be held at the post office and a notice issued, when it would otherwise be sent out by special delivery messengers, but they do contemplate that unless the addressee has filed an individual or standing order authorizing delivery of his registered, insured or C. O. D. mail to the mail orderly, the article is to be held at the post office or station, and the delivery notice, Form 3849, sent to the addressee by the mail orderly, or delivered to the addressee upon application for his mail at the post office or station.

Navy mail is not affected by this notice.

40. **Return receipts for insured mail.**— All insured parcels shall be carefully examined, as soon as received for delivery, to see whether they bear a request for a sender's return receipt. Delivery employees must be furnished with Forms 3811, instructed to examine each parcel before delivery and to obtain a return receipt in each instance where the parcel is so indorsed. Postmasters will give the matter personal attention with the view to having receipts properly filled out, signed by the person to whom the parcel is delivered and transmitted to the senders in every instance where requested. The number of the parcel, name and address of the sender, postmark of delivery office, signature of addressee and date of delivery must appear on each receipt. All instances of failure to receive a number of return receipts from any particular office indicating that such office is not giving proper attention to this matter must be reported to the Third Assistant Postmaster-General, Division of Registered Mails.

41. **Record to be kept of requests for postage.**— A record must be kept by postmasters in their offices of those parcels for which postage for forwarding or return is requested by them, which record shall show the office of mailing and the number of the parcel, the date of each request for postage, and the amount requested; and to whom this request was sent. This record must not be indorsed on the face of the parcel; but should be available for reference any time within one year from the date of the entries.

C. O. D. MAIL.

AT POST OFFICES OF MAILING.

42. **Mailable to money order offices only.**— Parcels must not be accepted for collection-on-delivery unless addressed to post offices or United States Naval Vessels *which transact money order business.* Firms and other individuals patronizing the C. O. D. service should be advised accordingly.

Postal employees accepting C. O. D. parcels addressed to non-money order post offices will be required to pay the necessary postage for the return of such parcels. See Section 489, paragraphs 3 and 4 of the P. L. & R.

43. **Acceptance.**— Postal employees at mailing offices shall review and, if necessary, correct the amount stated by the sender to cover the money order fee and any other amount affected thereby. Postal employees accepting C. O. D. parcels shall compare the names and addresses of the sender and addressee as shown on the coupons of the tag, with the parcel, and see that all particulars, including the amount to be collected, the fee, and the amount to be remitted, wherever they appear, are uniform and correct. The number of the parcel, the amount to be remitted to sender, the money order fee, and the total amount to be collected, must be placed on the parcel, within the impression of the C. O. D. stamp, which must be on the *face* of the parcel, in the spaces provided therefor. It is particularly important that these parcels be indorsed conspicuously with the regulation C. O. D. stamp or, if necessary, C. O. D. gummed label (Form 3816-c) stuck on to prevent delivery as ordinary mail in the event that the C. O. D. tags become detached in transit; and employees who accept C. O. D. parcels for mailing and fail to see that this indorsement is affixed will be held personally responsible if improper delivery results because of their negligence. Postal employees should refuse to accept shipments for dispatch collect-on-delivery if they are indorsed in such manner that the addressees may receive the impression that the contents may be examined before acceptance.

44. **Return requests and pledges to pay return postage.**— Senders of insured and C. O. D. parcels should be requested to place return requests and pledges to pay return postage on all insured and C. O. D. parcels. Return requests should specify the maximum time the parcels should be held at offices of address. If desired senders may request that C. O. D. parcels be held not to exceed 60 days.

45. **Exhibitors not to be permitted to send parcels containing moving picture films to film manufacturers, distributors or exchanges collect on delivery.**— Postmasters will not hereafter permit exhibitors to send parcels containing moving picture films to moving picture film manufacturers, distributors or exchanges collect-on-delivery. Such parcels may be sent as insured mail, or, if sealed, by first-class registered mail. Parcels containing films presented for mailing collect-on-delivery by moving picture manufacturers, distributors or exchanges should be accepted as usual.

46. **Contract stations.**— In a very large number of cases it has been noted that failure to observe the instructions contained in the preceding articles is chargeable to clerks at contract stations. Postmasters are therefore enjoined to see that proper supervision is given the acceptance of C. O. D. parcels at such stations in order that the clerks thereat may become thoroughly familiar with the instructions.

47. **Remittance to other than mailing office.**— When it is desired to have a money order in payment of charges on a parcel, made payable to the sender at a money order office other than that where the parcel is mailed, the C. O. D. tag must be indorsed on the back "Order to be drawn on ————" (filled out by the name of office), and the parcel must be similarly indorsed. When the sender named on the parcel and tag is known by the postmaster at the office of mailing to be other than the person or firm actually sending the article, the name of the latter must be placed on the mailing office coupon of the tag, in addition to the other data thereon. This instruction applies particularly where companies or firms desire to make shipments in the names of their branches or customers, to whom the C. O. D. charges are to be remitted.

48. **Charges altered.**— If the sender directs, the amount originally stated as due him on delivery of a C. O. D. parcel may be increased (not to exceed $100), decreased, or canceled. Such directions should be filed with the postmaster at the office of mailing who will connect the letter of authorization with the coupon covering the parcel on file in his office, and then notify the postmaster at office of address.

49. **Tags printed by senders.**— Senders may, after obtaining the approval of the Third Assistant Postmaster-General, Division of Registered Mails, of a proof submitted for that purpose, print their own C. O. D. tags, provided they are in all respects substantially like those furnished by the Department. These tags may have an extra coupon placed next to the delivery-office portion, on which the senders may indorse their own file or account numbers. The postmaster who makes delivery of the C. O. D. parcel will return such extra coupon with the money order.

AT POST OFFICES OF ADDRESS.

50. **Incoming mail to be examined.**—All parcels received for delivery must be examined to see if any C. O. D. packages from which tags have been detached are among the other mail matter. Tags must be filled out and marked "Duplicate" for all parcels from which they become detached. The fact that tags become detached in transit does not excuse postmasters from permitting addressees to receive C. O. D. mail without receipting for it and paying the C. O. D. charges. Postal employees will be held personally responsible when loss is sustained because of their failure to observe this instruction.

51. **Delivery.**— C. O. D. mail shall be delivered under the rules and regulations governing the delivery of registered mail. (See Secs. 933 to 939, P. L. & R.) The employee making the delivery of C. O. D. matter must place his name or initials, and if a carrier, his cap or route number, on the receipted tag, which must be postmarked to show the date of delivery. When delivered by carrier, the coupon of the tag attached to the parcel is to be returned to the post office when signed by the addressee or agent, for postmark and filing. The postmark shall be affixed at the time the tag is surrendered by the carrier.

52. **Erroneous money order fee.**— The postmaster at the office of address, in case the money order fee is incorrectly stated, shall collect the proper fee, make correction on the tag, and report the error to the Third Assistant Postmaster-General, Division of Registered Mails.

53. **Issuance of money orders.**— Money orders must be issued on the same day that C. O. D. parcels are delivered, if possible. If not, they should be issued without fail on the business day following. Delay in the issuance of money orders after C. O. D. parcels have been delivered will not be tolerated. The name of the sender of a C. O. D. parcel must appear as the payee on money orders issued for C. O. D. parcels, and the name of the addressee (not the name of the postmaster nor the name of the person accepting delivery for addressee) as the remitter of the money order; and such money orders must in each case be mailed in a penalty envelope addressed to the person named as the sender of the parcel, the payee of the order. See Sec. 489, par. 8, P. L. and R., as to method of remittance. The letters "C. O. D." must be stamped on the coupon portion of the money order. The number of each C. O. D. parcel must be placed on the money order issued in payment of the charges thereon. This number should be entered after and on the same line on which the name of the remitter (the addressee) is written. If an extra coupon is attached to the C. O. D. tag to be returned to the sender with the money order, it must be inclosed with the remittance. *A separate money order must be issued for the charges on each C. O. D. parcel, regardless of the amount involved.*

54. **Delivery withheld at request of addressee.**— When a parcel is held at a post office by request of the addressee after an attempt to deliver it to him, he should be informed that delivery must be accepted at the earliest practicable date and that the parcel will not be again taken out by carrier (at offices where there are carriers) until notice is given that the parcel can be delivered on a certain trip.

55. **Examination of contents prohibited.**— Exceptions must not be made to the requirement of Sec. 489, par. 9, P. L. and R., prohibiting examination of C. O. D. parcels before delivery because of request or representations of senders or addressees. Any postmaster permitting such examination will be held personally responsible in case of financial loss to senders.

56. **Alteration of charges.**— When a request for change or cancellation of charges is received by a postmaster at office of address direct from the sender, the postmaster may, if satisfied of its authenticity, comply with such request, and duly notify the postmaster at the mailing office. Delivering postmasters will be held responsible for the genuineness of such requests, and in case of doubt must submit them for verification to the postmasters at mailing offices.

57. **Treatment at non-money order offices and offices temporarily out of money order forms.**— If a C. O. D. parcel is received at a non-money order office, it should be treated as provided in sec. 489, par. 4, P. L. & R. When delivered without collection of the charges by authority of the sender through the postmaster at office of mailing, the postmaster at office of address shall attach the notice from the postmaster at office of mailing, authorizing such delivery without collection, to the receipted tag. When a C. O. D. parcel has been delivered at a money order office temporarily out of money order forms, or has been erroneously delivered by a non-money order office, the charges must be remitted direct to the sender by official registered mail on the date of delivery, the inclosure of the money being witnessed. The amount necessary to pay the money order fee for return charges must be collected from the addressee and transmitted by means of uncancelled postage stamps, to the Third Assistant Postmaster General, Division of Registered Mails, with a report of the matter.

58. **Delivery without collection.**— C. O. D. parcels may be delivered without collection at money order offices upon written orders of the senders filed with the postmaster at office of mailing in the manner hereinbefore outlined. Postmasters at offices of address shall collect a greater or less amount than the charges appearing on a C. O. D. parcel upon authority from the postmaster at office of mailing showing that the change in the amount to be collected has been requested by the sender.

59. **Parcels not ordered.**— Addressees of C. O. D. parcels may refuse to accept delivery of parcels which they have not ordered or made arrangements to have sent. Postmasters should not urge addressees in such cases to accept delivery, but should explain to them that the parcels may be accepted and paid for, or refused. If refused, the parcels should be treated as directed by Sec. 637, P. L. and R.

60. **Name and address of sender unknown.**— C. O. D. parcels received without the name and address of the senders being indicated should be delivered, the charges collected and the sender's name and address ascertained, if possible, from the addressee. The amount collected should be retained until the name and address of the sender, as given by the addressee, is verified by the postmaster at the mailing office who, if his records do not show the name of the sender, should be requested to obtain a statement from the party specified as the sender showing that the parcel was mailed by him. Such statement should be forwarded to the postmaster at the office of delivery, who will attach it to the delivery tag. The money order should then be issued and mailed. If it is impossible to obtain the sender's name and address in this manner, instructions should be requested from the Third Assistant Postmaster-General, Division of Registered Mails, as to the disposition of the charges collected.

61. **Delivery to other than addressee.**— When a C. O. D. parcel is undeliverable to the person to whom addressed, and the sender directs delivery and collection of the charges from another person at the office where it is held, the postmaster shall make such delivery, collecting the

original charges or such altered charges as the sender may direct, and make remittance in the usual manner, the authorization to deliver to other than the addressee being filed with the delivery office tag.

62. **Money order not to be repaid.**— Except under special instructions from the Department, a money order issued for sum due sender of a C. O. D. parcel should not be repaid to the addressee of the parcel without the consent of the payee, which may be given either by indorsement in usual form on the money order or by means of a separate written authorization addressed to the issuing postmaster.

63. **Unclaimed C. O. D. money order.**— If a letter containing a money order issued in payment for a C. O. D. parcel is returned unclaimed to the issuing postmaster. the order should be held subject to claim on the part of the payee. or until his whereabouts can be ascertained. Reasonable endeavor should be made at once by the issuing postmaster to secure an address to which the money order again may be mailed. The addressee of the parcel and the postmaster at the office at which the parcel was mailed should be requested to assist in obtaining the sender's correct address, the order and the envelope in which it was mailed being filed with the tag of the parcel. If the payee is not found within three years (the period during which C. O. D. tags are preserved at post offices), the order and the tag, with a statement of facts, should be forwarded to the Third Assistant Postmaster General, Division of Money Orders.

64. **Application for duplicate money order.**— When a money order issued in payment for a C. O. D. parcel has been lost, the issuing postmaster should prepare an application for a duplicate, certify it, and place an impression of his C. O. D. stamp on the lower left-hand corner, after which the application should be forwarded to the postmaster drawn on, who will certify it, obtain the signature of the payee as applicant, and transmit the application to the Third Assistant Postmaster General, Division of Money Orders.

65. **Correspondence.**—When inquiry is received relative to the disposition made of a C. O. D. parcel or of the returns therefor, the postmaster at the office of address will reply thereto without delay. If he has no record of the parcel, he will communicate with the addressee and ascertain from him whether it was received by ordinary mail, and, if so received, he will collect the charges and make remittance thereof as provided in Section 489, P. L. and R.

RECORDS AND REPORTS OF INSURED AND C. O. D. MAIL.

66. **Disposition of old records.**— The records of insured and C. O. D. parcels must be preserved as provided in Section 362, P. L. and R. Records of parcels in connection with which claims have been filed must be kept two years following the dates the parcels were mailed.

67. **Records to be kept.**— No books other than firm mailing books and bound stubs of senders' receipts for insured parcels are furnished for recording insured and C. O. D. mail, but the filed coupons of C. O. D. tags and stubs of insurance receipts supply the necessary record when correctly filled out, properly postmarked and filed. Postmasters must be prepared, when called upon, to furnish such statistics with reference to insured and C. O. D. mail, as are indicated in article 40, page 103, of this Guide.

68. **Delivering clerk to receipt for C. O. D. parcels.**— The requirement of Sec. 489, par. 7, P. L. and R., to the effect that "An employee shall receipt for the total number of parcels given him for delivery" is applicable to those employees to whom C. O. D. parcels are assigned for desk delivery, as well as to city and rural carriers.

69. **Delivery records of C. O. D. parcels at first and second class offices.**— At first and second class offices, if practicable, an employee not engaged in the money order division must be designated by the postmasters to have charge of the assignment of C. O. D. parcels to employees for both carrier and desk delivery. Such employee must obtain the signature of the carriers on the delivering employee's coupons provided for that purpose. These coupons will be surrendered to the carriers upon return of the amounts collected, together with the receipted tags therefor, or the returned parcels. The employees making delivery must turn over to the clerk in charge the receipted tags and sums collected, together with the undelivered parcels, daily. The assigning clerk will receipt on the back of the delivery employee's coupon to show the amount delivered to him or that the parcel was turned back without delivery. If collection is made the delivery employee's coupon should be receipted in the following manner, viz., "JCL $14.64," if for a parcel returned undeliverable, viz., "JLC Returned." Those parcels which have not been delivered will be reissued on the succeeding day, if delivery is assured. The coupons for undelivered parcels should be retained by the carriers until parcels are again taken out for delivery, and will be given to the employee assigning such parcels when they are again turned over to the carriers, and finally surrendered to the carriers when delivery is effected or they are relieved of the custody of the parcels. These coupons should be filed in numerical order by the delivering employees and retained for a period of one year. The clerk in charge must deliver daily to the money order division the amounts received by him, together with the receipted tags, and should take a receipt in bulk on Form 3815, showing the total sum turned over for the issuance of money orders, and the total number of parcels represented thereby. When the money orders are issued, which must be the same day if practicable, the receipt coupons should be detached therefrom and given to the clerk in charge as evidence that remittances have actually been made for all C. O. D. parcels delivered. He must see that coupons are thus furnished him corresponding in number and amount to the collections turned over by him. Such receipt coupons must be filed in regular order, according to serial numbers and dates, and preserved for three years.

70. Delivery records of C. O. D. parcels at third and fourth class offices.— At money order offices of the third and fourth classes having rural delivery service, the postmaster must obtain the receipt of the rural carriers on the delivering employee's coupons for all C. O. D. parcels taken by them on each trip for delivery. These receipts will be surrendered to the carriers upon the return of either the number of parcels signed for or the receipted tags together with the amounts collected. The postmaster shall issue and mail the required money orders the same day if practicable, but, under no circumstances, later than the following business day.

71. Other records prohibited.— Records other than those authorized must not be kept except as directed in Sec. 489, par. 10, P. L. & R., Articles 40, p. 103, and 33 to 38, pages 112 to 113 of this Guide and on Form 5502. Form 3815 must not be improvised for recording insured mail.

INDEMNITY FOR LOST AND DAMAGED INSURED AND C. O. D. MAIL.

72. General provisions.— See amended Secs. 488, 489 and 973, P. L. & R., relative to the general features of procedure in presenting claims for indemnity, the conditions under which indemnity is payable, etc. (See also Sec. 487, par. 2, P. L. & R.)

73. Claims not to be refused.— All applications for indemnity must be accepted and transmitted to the Department for appropriate action. Postmasters must not decide, or inform applicants, that no indemnity is payable prior to the decision rendered by the Third Assistant Postmaster General, Division of Registered Mails.

74. Claims to be expedited.— Immediate attention must be given to claims and to all correspondence received from the Department in regard thereto.

75. Filing of loss claims in person.— When inquiries or complaints are made *in person*, by individuals, relative to the loss of insured or C. O. D. parcels, postmasters at offices of mailing will obtain their declarations on Form 3812, to avoid the necessity of their making more than one call at the post office. If it is evident that the complaint is made before the parcel would ordinarily have reached the addressee, the form will be held at the mailing office until reasonable time for transmission and delivery has elapsed, and will then be sent to the office of address. The postmaster at the office of address will hold the Form 3812 for 30 days from the date of mailing of the parcel, unless the parcel has already been received, or is received in the meantime, in which event he will return the form to the mailing office with a full statement of the facts. If the parcel has not been received at the end of that period, the postmaster at the office of address will obtain the declaration of the addressee, make the statement required of the postmaster at the delivery office, then send the completed Form 3812 to the Third Assistant Postmaster General, Division of Registered Mails, and use Form 3819 to notify the postmaster at the mailing office of the disposition of the claim.

76. Filing of loss claims by correspondence.— When complaint of loss is made by letter, and a reasonable time has elapsed for transmission and delivery of a parcel (ordinarily about 30 days, allowing for possible delay), an inquiry must immediately be made of the postmaster at the office of address, and if his office reports its non-receipt, page 1 of Form 3812 must immediately be completed and sent to the postmaster at the office of address. If sufficient time for delivery has elapsed, and the complainant's letter shows that the addressee has advised the non-receipt of the parcel, Form 3812 should be completed forthwith. When sufficient time for transmission and delivery has not elapsed when complaint is made, the letter should be acknowledged and the writer advised of that fact and invited to renew inquiry if he should later have reason to believe that delivery was not effected.

77. Filing of claims for rifling or damage.—When complaint is made of rifling or damage whether in person or by letter, an application on Form 3812 must be completed forthwith, as provided in pars. 10 and 11, amended Sec. 488, P. L. & R. Such forms, when completed at both offices of mailing and address, should be sent direct to the Third Assistant Postmaster General, Division of Registered Mails.

78. Records of claims.— A record shall be kept at every post office of all claims for indemnity originating thereat, which record must show the date of the first complaint and the date Form 3812 is transmitted by the postmaster to the other office involved. Post offices receiving Form 3812 for completion and transmission to the Third Assistant Postmaster General, Division of Registered Mails, shall report to the office at which the claim originates, the date of the transmittal of the form to the Department. Such reports must be made the same day the form is transmitted, Form 3819 being used for the purpose when on hand. A record must be kept of the disposition made of all Forms 3812 received from other offices, and of the date thereof. No special blanks are provided for this purpose by the Department and any available form may be improvised therefor. Such record must be kept for a period of two years.

79. Checking of records.— Postmasters must check these records at intervals of 30 days, and if any office has not made appropriate report of disposition made of Form 3812, correspondence should be instituted with the postmaster at that office. In case the postmaster at the office where the claim originated is unable to obtain response from the other office concerned, prompt report, furnishing full particulars of the mailing of the parcel, should be made to the Third Assistant Postmaster-General, Division of Registered Mails.

80. Duplicate applications.— Duplicate applications for indemnity must not be executed unless it has been clearly established by inquiry that the original application has been lost, or unless specific instructions to file a duplicate are received from the Third Assistant Postmaster-General,

Division of Registered Mails. Duplicate Form 3812 must be indorsed "Duplicate," at the top of page 1, and bear a notation showing the date and disposition of the original application.

81. **Time limitation.**—Application for indemnity must be filed within six months from the date of mailing of the parcel involved. Form 3812, when executed after that period, must contain a statement by the postmaster showing whether informal claim was filed during that period. Any notification, verbal or written, received at a post office reporting the non-receipt of an insured or C. O. D. parcel, whether mailed from or addressed to that office, constitutes an informal claim for indemnity, and a notation of the date of same must be made on the record of indemnity claims, together with all particulars obtainable at the time.

82. **Affidavits taken without charge.**— Senders or addressees of insured or C. O. D. parcels, covering which claims for indemnity have been filed, should be informed that any statements in connection with the claim may be sworn to before an authorized representative of the post office, without charge. As far as possible statements in connection with claims for indemnity should be obtained by the superintendent or clerk in charge of the branch or station nearest to the place of business or residence of the person from whom the statement is desired. Where affidavits are sworn to before notaries public, justices of the peace, etc., postmasters must see that their seals are affixed, or when such an officer has no seal, that a certificate of a clerk of a court of record certifying as to his authority to administer oaths, is attached.

83. **Affidavits executed by rural carrier.**— Rural carriers may execute affidavits of senders, addressees or others, provided the affiant does not live more than one-half mile from the carrier's route, in those cases where delay would otherwise be experienced because of the distance at which the affiant resides from the post office.

84. **Affidavits by telephone.**— In exceptional cases, the declaration may be signed and sent to the post office, acknowledgment of the statements made therein being made by telephone, provided the postmaster makes a certification to that effect and adds to his statement that because of unusual circumstances, it is impracticable for the addressee to appear personally.

85. **Indemnity for damage** to an insured or C. O. D. parcel will not be paid unless its preparation for mailing was such as to enable it to withstand all ordinary handling to which it would be customarily subjected, unless it was properly indorsed or the absence of indorsement was not due to the fault of the sender, and unless the damage occurred while the article was in the custody of the postal service. Damaged articles must not be withheld from delivery, but, when there is any question as to the propriety of packing or indorsement, the wrapper and packing should be immediately obtained by the postmaster. They should be held at the office of address and a notation made on the application for indemnity to that effect. If too offensive in their nature to be retained, they may be destroyed and a notation made on the Form 3812 showing the indorsements on the wrapper. Wrappers held at offices of address should be retained 60 days, except those of an offensive nature, which may be destroyed immediately, as outlined above.

86. **Partial damage.**— When partial damage is sustained by the contents of an insured or C. O. D. parcel, the person to whom it is sent should obtain a signed statement from a competent repair-man showing what the cost of necessary repairs will be. Excessive amounts for repairs will not be allowed, but only the direct, usual and ordinary cost of restoring similarly damaged articles to a serviceable condition. Postmasters should recommend that the recipients of damaged parcels obtain quotations on proposed repairs from two or more persons engaged in such work, in order that they may secure the most reasonable charge consistent with efficient service.

87. **Claims by addressees in damage cases.**—When addressees accept damaged insured or C. O. D. parcels, but desire indemnity to be paid to themselves, they should be advised to communicate with the senders and, if claim is filed, have themselves designated by the senders as the ones to whom indemnity should be paid, or arrange to have the senders receive the indemnity and adjust the matter direct with them.

REVIEW OF CLAIMS.

88. **Claims to be reviewed.**— Postmasters must require postal employees handling claims for indemnity to review Form 3812 carefully to see that it is in as complete a condition as possible and that all information called for in the document is furnished. This is very important, and must be thoroughly performed. The return for amendment or correction of the majority of those applications which are sent back for that purpose, could have been avoided, and the consequent delay in adjustment have been obviated, had care been exercised in this connection at the post offices where the claims were executed. Detailed instructions follow.

89. Statement of mailing postmaster.— (a) Show the parcel number *correctly,* and on the proper line to indicate whether it was insured or C. O. D. If sent special delivery, show that fact.

(b) Give the correct date of mailing, including the year.

(c) Enter the correct amount due sender if parcel was sent C. O. D.

(d) Enter the correct amount of fee paid. This entry should show the insurance or C. O. D. *fee only,* and should not include postage. If the entry shows an insufficient fee (as, for instance, a 5-cent fee on a C. O. D. parcel) a signed, postmarked explanation should be attached to the form, verifying the entry, stating the cause of such charge, and what remedial measures have been taken to prevent a recurrence.

(e) Show separately the amount of postage (exclusive of postage war tax) and fee paid. If not fully prepaid an explanation must be furnished.

(f) Show whether any special indorsements, such as "Fragile," "Glass," "Perishable," "Eggs," etc., appeared on the parcel, and if so, what they were.

(g) Enter the correct name and address of the sender if a C. O. D. parcel. If an insured parcel, this entry need not be made in the mailing postmaster's certificate, since there is no official record of the name of the sender.

(h) Give the name and address of the addressee, correctly and *completely*, as it appears upon the records. The address given should be that to which the parcel was dispatched, and not that to which an addressee may have removed after a parcel was mailed.

(i) Indicate the date, including the *year*, of the first complaint regarding the parcel, whether oral or written.

(j) If the claim for indemnity is on account of the spoiling of perishable matter, the postmaster's certificate must include a statement showing the time of dispatch, if known, or the ordinary dispatch which would have been made of such an article, together with the time ordinarily required in transit between the mailing office and the office of address.

(k) The postmaster's certificate must be signed in person, except at offices authorized to have certificates signed by specially designated representatives of the postmaster.

(l) The name of the post office and State must be entered in the appropriate spaces beneath the signature of the postmaster.

(m) Postmark certificate clearly to show date on which signed.

90. **Declaration of sender.**— (a) The contents of the parcel must be fully, legibly and clearly described.

(b) The quantity and value of each item of the contents must be shown, as "7 handkerchiefs at 25 cents each, $1.75", or "2 qts. strawberries at 20 cents per quart, $0.40", etc.

(c) If the articles were purchased by the sender, *the name and address of the one from whom purchased, and the date or approximate time of purchase, must be shown in each instance.* Whenever possible, bills or signed statements from the seller showing the cost of each article should be attached to the form.

(d) When claim is made for postage on a lost, insured or C. O. D. parcel mailed on or after April 1, 1920, the amount of postage must be listed separately *and must not include insurance or C. O. D. fee or postage war tax stamps.*

(e) If the article was owned by someone other than the sender or addressee at the time of mailing, the name and address of the owner must be shown immediately beneath the description of the contents. If the owner resides at the mailing office, obtain his signature in the space provided therefor. If the owner resides at other than the office of mailing or address, the papers should be forwarded to the office where the owner is located to obtain his declaration, and the postmaster at that office should subsequently send the papers to the office of address.

(f) Statements of senders or mailers which do not furnish an accurate description of the contents and establish the actual value thereof are not satisfactory.

For instance, a statement by the sender that a parcel contained a "gold watch valued at $20.00" is not sufficient evidence to establish the value at $20.00. In such cases the statement should include an accurate description of the watch, that is, its size, whether a hunting or open face case, the metal and carat thereof if solid, or number of years guarantee if a filled case, the make of the works and number of jewels contained therein, and, separately, the age of both the case and works.

Likewise a statement of contents and value reading "Lavalier $15.00" is insufficient. In such case a bill of sale showing the amount paid for the lavalier should accompany the claim or in lieu thereof a sworn statement that the transaction was a cash sale, that no bill was obtained and that fifteen dollars (the amount claimed) was paid for the article.

(g) Where claim is filed for clothing or other articles subject to depreciation through wear or use, due allowance should be made for such depreciation in stating values and if an allowance is not made therefor, a supplemental explanatory statement by the claimant should accompany Form 3812.

(h) Claimants should be advised that they are not entitled to the entire amount of indemnity prescribed in accordance with the insurance fee paid, unless the actual value of the article insured is equal to the indemnity limit or greater. For instance, a package insured by the payment of a 3-cent fee entitling the sender to limited indemnity not in excess of $5.00 might contain a phonograph record valued only at $1.25, and if lost or damaged, the amount of indemnity payable would be but $1.25, the actual value of the article contained therein. Cases come to light daily where postal employees have assisted claimants in so apportioning valuations on articles contained in insured parcels as to equal the amount for which insured, without regard to actual values. The majority of these cases are noted on review at the Department and of course thoroughly investigated, but trouble and delay will be avoided if employees will give the matter proper attention.

(i) If the article was *not* purchased by the sender, the basis of valuation placed upon it by him must be shown. If hand-made, he should itemize in a sworn statement the material used, the quantity, the price, the actual (or at least the approximate) number of hours of labor expended thereon, and the amount claimed per hour, etc. If similar articles had been previously sold by him, he should state the price realized therefor. If the article contained in the parcel was being sold to the addressee, he should so state, naming the price to have been received.

(j) If the article was a gift or heirloom, a sworn statement must be furnished describing it in the most minute detail possible, and showing the basis of valuation, that is, exactly why the value is fixed at the amount claimed. If a gift, the statement must also show the date the article

was presented, the name of the donor, and his present address. If ever appraised by a reliable dealer in similar articles, or by an expert in the craft to which they relate, the name and address of such person, his qualifications (i. e., whether a dealer, a professional appraiser, an expert in the particular craft involved, etc.), the date of appraisal, and the amount in which appraised should be stated. Sentimental values arising from the associations of articles cannot be allowed.

(k) If the senders were merchants and were selling the articles to the addressees, the price at which the goods were sold, discounts, if any, given the addressees, and the actual amount of indemnity claimed by senders, should be stated in answer to question 10.

(l) If the sender was mailing the article to the addressee to be repaired, a statement must be furnished describing exactly what repairs were needed, and, if known, the cost thereof.

(m) If the sender is a repairman, and had repaired the article inclosed in the parcel for the addressee, a statement must be furnished showing what repairs were made, their cost, and whether they restored the article to a serviceable condition, or to its original value; or actually enhanced its value over that which it originally possessed when new. The sender should also state the actual amount of indemnity claimed, i. e., whether he desires that the full value be paid to him, or whether he is claiming only the repair charges, the difference between such amount and the value to be paid to the addressee.

(n) The manner in which the parcel was packed, wrapped and tied must be described clearly. If the claim is on account of damage, this description must be in detail.

(o) The declaration must show clearly and legibly the name and address of the person to whom the sender desires that indemnity be paid; and the person so designated must be either the sender himself, the addressee of the parcel, or the owner of the contents.

(p) The declaration of the sender must be legibly signed in person by the one whose name appeared on the parcel as the sender. In case a signature is illegible, or likely to be misread because of failure, for instance, to distinguish between "n's" and "u's," "a's" and "o's," etc., the correct spelling of the name should be clearly written or printed below the signature.

(q) If the sender is a business concern, the name of the concern should be entered on the line reserved for signature of sender, followed by the name of the representative executing the form, as:

"John Doe Merchandise Co.,
by Richard Roe, *Treas.*"

(r) The address given must be that of the sender of record. When a representative of a business concern signs an application for indemnity, as above indicated, the address of the company or firm, and not that of the representative, must be entered.

(s) If the sender cannot write, and executes his declaration by making his mark, a witness must sign on the line provided therefor on the lower left side of page one of Form 3812; and such witness should affix his complete address.

(t) If the sender's declaration is sworn to before a postmaster or postal employee, the office at which executed and the date of execution (day, month and year) must be clearly entered in the spaces provided therefor, and the signature of the one administering the oath affixed, his official capacity being stated, as "Postmaster," "Clerk, specially designated by the postmaster," etc. The jurat must be postmarked, and the date of the postmark must correspond with the date of the execution of the declaration as shown in the jurat.

(u) If the sender's declaration is sworn to before a notary, justice of the peace, or other officer authorized to administer oaths, his official seal must be affixed. If he has no seal, a certificate should be obtained from the clerk of a court of record showing that he is authorized to administer oaths. If the claim is for $10.00 or less, the postmaster's written certification that he knows the official to be so authorized, will be accepted. If the sender so desires, the affidavit may be resworn to without charge before a postal employee, instead of obtaining a certificate or impression of seal in such cases.

(v) If the sender's claim is on account of the loss, rifling, or damage of a parcel on its return to him, because undeliverable at the office of address, a duplicate "Declaration of Addressee" should be attached to the form, and he should execute it as if he were the addressee.

(w) If the claim is for damage to an article listed as fragile in article 103, page 21, of this Guide, or to a fragile article not listed, or to a parcel which contained perishable matter or eggs and the records of the mailing office do not show that the parcel was marked "Fragile," "Perishable," "Eggs," etc., a statement should be prepared and accompany the form containing the following questions and their answers:

Statement of mailing office:

(1) Were you (or your clerk) informed what articles were in the parcel? _____

(2) Did you (or your clerk) inquire what articles were in the parcel? _____

(3) What response was received to your inquiry, if made? _____

(4) If sender is a firm, were instructions relative to indorsement and packing given in accordance with directions in the current annual (July) Postal Guide? If so, state the date of such instructions. _____

_____
(Signature of employee accepting parcel)

_____
(Name of post office).

_____
(Date)

Statement of person who presented article for mailing:

(1) Did the clerk who accepted the parcel inquire what it contained? _____

(2) If so, what reply did you make? _____

(3) Was the parcel indorsed by you with any words indicating the nature of the contents? _____

_____

(Date)

_____

(Signature of person mailing parcel).

(x) If the claim is for irreparable damage to the whole or part of an article, the sender should state, if practicable, the cost of duplicating the irreparably damaged article or parts.

(y) If the claim is for loss of an insured parcel addressed to an addressee who has left the United States at the time of claim, the postmaster should ascertain whether the sender has any letter or other signed statement from the addressee written more than thirty days after the date of mailing, describing the parcel and reporting its non-receipt, which he is willing to submit as evidence to avoid the delay in adjustment which would be occasioned by sending abroad for the addressee's declaration. Senders should understand that such letters, when submitted, will not be returned. If such a letter is furnished, it should be securely attached to the top of page two of Form 3812. If sender desires to retain the letter from the addressee because the addressee is dead, have him furnish a copy of it, or of the essential parts relating to the parcel certified to by the postmaster as correct and showing the date of the letter as well as the face of the envelope in which received.

(z) If the claim is for the loss of irreparable damage of vacuum bottles or fillers therefor, a statement should be obtained from the sender showing whether it will be satisfactory to have the lost or damaged article duplicated and indemnity paid to the concern effecting duplication. If so, the name and address of the one to whom the duplicated article is to be sent, should be stated, together with a complete description of the article, giving catalogue number, if practicable.

91. **Declaration of addressee.**—(a) If the claim is for loss, it must show clearly that the parcel was not received by the person to whom addressed. If for *loss*, the addressee must not be permitted to complete the claim before thirty days after the date the parcel was mailed. (See article 75, page 117, of the Guide.) The signature of the addressee must correspond with the name of addressee on mailing postmaster's certificate. If the name as given by the mailing postmaster was incorrect, the correct name of the addressee should be signed, and under it the words, in parentheses "(same as '_____')" giving the name as entered by the mailing postmaster.

(b) If claim is for loss, and the parcel was addressed in care of a person, firm, etc., other than the addressee, the signature of such person (or firm or other concern through its representative) must be obtained on the addressee's declaration, in addition to the signature of the addressee.

(c) If the parcel was addressed to a hotel or apartment house, even though not addressed in care thereof and delivery, if made, would have been improper, the signature of the person receiving mail for that hotel or house should be obtained in addition to the signature of the addressee. If addressed to the addressee at a club, lodging house or business concern, the signature of the person to whom such mail would ordinarily be delivered should be obtained.

(d) If the claim is for rifling or partial loss of contents, the statement of the addressee should list all the articles which were missing from the parcel when delivered, and *not* the articles received.

(e) If the addressee was the owner of any of the articles forming the subject-matter of the claim, or if the owner is stated by the sender to reside at the office of address, a supplementary sworn statement must be obtained from the addressee or owner, establishing their value in the manner outlined in article 90, pars. c to m, inclusive, pages 119 and 120 of this Guide. This statement should be securely attached to the top of page two of Form 3812.

(f) If the claim is on account of damage, the declaration of addressee must list *all* the articles which were damaged when the parcel was received, the nature and extent (and probable cause) of damage, and if repairs have been made, there must be attached receipted bills therefor or an explanation of their absence.

(g) In damage cases, when the addressee has not already had the repairs made, he should be advised to consult a dealer and ascertain whether the article may be repaired, and if so, the cost of such repairs. A signed statement from the dealer making such estimate, showing his name and address, must be obtained and affixed to page two of Form 3812 When such a signed statement cannot be obtained, the addressee must state the name, address and line of business of the dealer consulted, and explain why the signed estimate of cost of repairs cannot be furnished. In cases of broken glassware, earthenware and crockery, etc., this will not ordinarily be necessary.

(h) When there is no dealer or competent repairman in the town to which the article is addressed from whom an estimate might be obtained, the postmaster will, when such arrangement is satisfactory to the addressee, transmit the damaged article, securely packed, to the postmaster at the nearest large office with request that he submit it to a reliable dealer or repairman and obtain an estimate of the cost of repairs, if repairable. Such postmaster should be requested to hold the article, without having repairs made, at his office, pending further advice, and to transmit the dealer's estimate to the postmaster sending him the article. When such estimate is received, the

postmaster at the office of address will obtain a supplementary statement from the addressee showing whether he is willing that the article be repaired, attach both of these statements securely to the top of page two of Form 3812, and transmit all papers to the postmaster at the office of mailing with the request that he transmit them to the Third Assistant Postmaster General, Division of Registered Mails, with a statement from the sender showing whether he would prefer to have the article repaired and delivered to the addressee, indemnity being paid to the repairer, or would prefer a cash indemnity covering the cost of repairs, as ascertained.

(i) When the claim is for spoiling of perishable matter, the postmaster at the office of address will state the time and date of receipt if known, or the date on which the parcel ordinarily should have been received at his office, judging from the date of mailing and the time ordinarily required in transit between the mailing office and the office of address; and will obtain from the addressee a statement showing when the parcel was first tendered for delivery, and attach it to the top of page two of Form 3812.

(j) The declaration of the addressee must be legibly signed in person by the one whose name appeared on the parcel as the addressee. In case a signature is illegible, or likely to be misread because of failure, for instance, to distinguish between "n's" and "u's," "a's" and "o's," etc., the correct spelling of the name should be clearly written or printed below the signature. If the addressee is a business concern, the name of the concern should be entered on the line reserved for signature of addressee, followed by the name of the representative executing the form, as:

"John Doe Merchandise Co.,
by Richard Roe, *Treas.*"

(k) The address given must be that of the addressee of record. When a representative of a business concern signs an application for indemnity, as above indicated, the address of the company or firm, and not that of the representative, must be entered.

(l) If the addressee cannot write, and executes his declaration by making his mark, a witness must sign on the line provided therefor on the lower left side of page two of Form 3812; and such witness should affix his complete address.

(m) If the addressee's declaration is sworn to before a postmaster or postal employee, the office at which executed and the date of execution (day, month and year) must be clearly entered in the spaces provided therefor, and the signature of the one administering the oath affixed, his official capacity being stated, as "Postmaster," "Clerk, specially designated by the postmaster," etc. The jurat must be postmarked, and the date of the postmark must correspond with the date of the execution of the declaration as shown in the jurat.

(n) If the addressee's declaration is sworn to before a notary, justice of the peace, or other officer authorized to administer oaths, his official seal must be affixed. If he has no seal, a certificate should be obtained from the clerk of a court of record showing that he is authorized to administer oaths. If the claim is for $10.00 or less, the postmaster's written certification that he knows the official to be so authorized, will be accepted. If the addressee so desires, the affidavit may be resworn to without charge before a postal employee, instead of obtaining a certificate or impression of seal in such cases.

92. **Statement of postmaster at office of address.**— (a) The statement of postmaster at office of address need not be executed in claims involving the *damage* or *rifling* of insured parcels. In claims on account of the alleged loss of insured parcels, it must show clearly and unmistakably that the parcel has not been returned to sender, forwarded to the addressee at another office, or transmitted for disposition as undeliverable matter; or, if such treatment was accorded the parcel, the disposition made of it must be clearly shown.

(b) Indicate the date, including the *year,* of the first complaint relative to the parcel, either oral or written.

(c) If the parcel for which claim is made was C. O. D., the postmaster's statement must show, in addition to the particulars outlined in the preceding two paragraphs, whether the article was received in his office, and if received, the particulars of delivery. If it is shown that delivery was made of the parcel, the number, date and amount of the money-order by which remittance was made, must be stated.

(d) The postmaster's certificate must be signed in person, except at those offices which have been authorized to have certificates signed by specially designated representatives of the postmaster.

(e) The name of the post office and State must be entered in the appropriate spaces beneath the signature of the postmaster.

(f) Postmark certificate clearly to show the date on which signed.

(g) If the parcel was sent as special delivery mail, the special delivery records of the office of address *must* be carefully searched for possible record of delivery, and if record thereof is found, the fact should be reported to the Department when transmitting the claim. If record of the parcel is not found, statement must be made that special delivery records of office have been searched but *no record* of the parcel found.

93. **Individual claim numbers of patrons.**— Patrons having a number of claims for indemnity, who desire to identify warrants received in settlement thereof from the Department, should be instructed to assign to their claims their own identification numbers, and enter such numbers on Form 3812 in the space provided therefor in the "Declaration of Sender" page one, or the "Declaration of Addressee" page two. When a warrant is issued in settlement of such a claim, a slip will accompany it upon which will be entered the claim number.

94. **Review by last office handling form.**— Before transmitting Form 3812 to the Department, the last office handling it should compare the statement of the postmaster at office of mailing and the declaration of the addressee to see that the particulars of mailing of the parcel as they appear on the two certificates are identical.

95. **Recovery of parcels.**— Postmasters must take such action as will insure the notification of the Third Assistant Postmaster General, Division of Registered Mails, in every instance where claim has been presented on account of the loss of an insured or C. O. D. parcel which is subsequently recovered. Delivery must not be effected of such articles until their recovery has been reported to the Department and instructions have been received.

96. **Indorsement of parcels when indemnity has been paid.**— Postmasters must have all insured or C. O. D. parcels for which indemnity has been paid, when sent by direction of the Third Assistant Postmaster General to postmasters at offices having Dead Mail Sections, for disposition as the property of the United States, plainly indorsed to show that indemnity has been paid and that the articles are not subject to reclamation.

SENDERS' RECEIPTS FOR ORDINARY PARCELS.

97. **Sender's receipt for ordinary parcel.**— When desired, a receipt is furnished the sender of an ordinary fourth-class parcel by the mailing office upon payment of one cent. This fee does not insure the parcel against loss, but merely furnishes evidence of mailing, and no receipt for the parcel is obtained from the addressee on delivery. If either of the latter facilities is desired, the insurance service should be patronized. A one cent stamp representing the amount paid for the receipt must be affixed to the receipt and canceled by the postmark. (Sec. 458½, P. L. & R.)

98. **Firm mailing book adaptable.**— When receipts for ordinary parcels are desired by patrons mailing a number of parcels at one time, the firm mailing book must be so modified as to list the articles thereon; and each sheet must have affixed postage stamps at the rate of one cent for each parcel listed, which stamps shall be canceled by postmark and the sheet returned to the sender. These sheets are to be filled out by the sender, but no carbon copy shall be filed at the post office.

99. **Furnished by rural carriers.**— When such receipts are desired by patrons residing on rural routes, the parcel should be delivered to the rural carrier, payment being made at the time at the rate of one cent for each parcel, in addition to the postage. The carrier will obtain receipts at the post office to which he is attached, affix stamp, cancel stamp by postmark, and deliver the receipts to the senders on his next trip.

FOREIGN MAILS.

POSTAGE RATES ON ARTICLES FOR CANADA, CUBA, MEXICO, THE REPUBLIC OF PANAMA, THE UNITED STATES POSTAL AGENCY AT SHANGHAI AND THE UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.

1. **Canada, Cuba, Mexico and Panama.**— Articles addressed for delivery in Canada, Cuba, Mexico and the Republic of Panama are subject to the same postage rates and conditions which would apply to them if they were addressed for delivery in the United States: Except that:

(*a*) **Letters and postal cards** must be dispatched to Canada and Mexico if prepaid one full rate of postage and to Cuba and Panama whether prepaid or not. Other articles for Cuba and Panama must be prepaid at least in part and for Canada and Mexico in full. The postage rate for letters is, 2 cents for each ounce or fraction of an ounce and for postal cards or post cards (private mailing cards), unless conforming to the conditions for prints, 1 cent each.

(*b*) **"Prints," "samples" and "commercial papers"** may be sent subject to the postage rates, weight limit and other conditions applicable to similar articles in Postal Union mails. Single volumes of printed books not exceeding ten pounds in weight may be sent in the mails to Canada. (See secs. 13 and 14.)

(*c*) **Packages must not be sealed.**— Articles other than letters in their usual and ordinary form are excluded from the mails for Canada, Cuba, Mexico and Panama, unless they are so wrapped that their contents can be easily examined by postmasters and customs officers. Any article enclosed in an envelope, as the word "envelope" is generally used, without regard to its size, is considered to be "in the usual and ordinary form" of a letter. But unsealed packages may contain, in sealed receptacles, articles which cannot be safely transmitted in unsealed receptacles; provided, the contents of the closed receptacles are plainly visible or are precisely stated on the covers of the closed receptacles and that the package is so wrapped that the outer cover can be easily opened.

2. **Merchandise.**— Packages of merchandise including seeds, cuttings, bulbs, roots, scions and plants that weigh over four ounces and not over four pounds, six ounces, may be sent to Canada, Cuba, Mexico and the Republic of Panama, at the eighth zone rate of postage (twelve cents for each pound or fraction thereof). "Packets" i. e., packages, sealed or unsealed, weighing in excess of four pounds, six ounces, are not admissible to the mails for Cuba, even though the postage thereon is fully prepaid at the letter rate. Parcels for Cuba, Mexico and the Republic of Panama must be accompanied by customs declarations regardless of their weight. See sec. 4 as to need for consular invoices on parcels for Cuba, when the value of the contents is $5 or more.

3. **Packages of merchandise weighing not more than four ounces, may be mailed, at the postage rate of one cent for each ounce or fraction of an ounce, to Canada, Cuba, Mexico and the Republic of Panama.** Customs declarations are required on such parcels of merchandise of four ounces or less, to Mexico and the Republic of Panama.

Packages of merchandise cannot be insured or sent C. O. D. but may be registered for Canada, Cuba, Mexico and the Republic of Panama.

Mailable merchandise for Mexico up to a weight limit of 20 pounds and for the Republic of Panama up to a weight limit of 50 pounds, at the option of the sender, may also be sent by international parcel post if it conforms to the requirements of that service.

4. **Certified invoices for Canada.**— Certified invoices in triplicate are required on packages of merchandise imported into Canada through the mail. See section 17, page 8, of the June, 1920, Postal Guide, for the particulars to be given in the invoices employed.

Consular invoices for Cuba.— Regardless of the fact that it is necessary to attach a customs declaration to each package of merchandise for Cuba, the customs regulations of that country require that the senders of merchandise must present at the proper Cuban consular office for certification a consular invoice covering the merchandise, if the merchandise represents a value of $5.00 or more. Invoices mailed at United States post offices where no Cuban consular office is located are excepted from this requirement. The consular invoice may either accompany the package or be sent under separate cover. When the consular invoice is in duplicate the customs declaration may be omitted.

5. **Return postage.**— Packages of merchandise originally prepaid at the rate of twelve cents a pound and returned as undeliverable from Mexico and Panama are subject to a return charge equal to the amount of postage originally prepaid. This charge does not apply to packages of merchandise weighing four ounces or less and originally prepaid at the rate of one cent an ounce or fraction of an ounce.

6. **Unmailable.**— The following articles are unmailable under any conditions, viz.:

All sealed packages, which, from their form and general appearance, evidently are not letters; publications which violate the copyright laws of the country of destination; poisons, explosive or inflammable substances; live or dead (not dried) animals, insects (except bees in properly constructed cases) and reptiles; fruits and vegetables which quickly decompose, and substances which exhale a bad odor, lottery tickets or circulars; all obscene or immoral articles, articles which may destroy or damage the mails, or injure the persons handling them. Day-old chicks are prohibited transmission to Canada (see sec. 63, page 135, "Prohibited articles"). Packages of eggs to Mexico are likewise prohibited.

7. **Articles from Canada, Cuba, Mexico and Panama.**— The domestic postage rates and conditions of Canada, Cuba, Mexico and the Republic of Panama apply to articles mailed in those countries addressed for delivery in the United States. Consequently articles (except sealed packages which are not letters) mailed in any one of those countries which are entitled to pass in the domestic mails of that country free of postage, are likewise entitled to transmission free of postage to the United States.

8. **Postage due.**— Postage due upon articles insufficiently prepaid exchanged with these countries is collectible upon delivery at the single rate. Postage due upon wholly unpaid letters and postal cards from Cuba and Panama shall be collected at double the prepaid rate.

SECOND-CLASS MATTER FOR CANADA, CUBA, MEXICO AND PANAMA.

9. **Postage rates.**— The rates of postage prescribed in paragraphs 1, 2 and 4 of Sec. 429, Postal Laws and Regulations, are applicable to second-class matter mailed by publishers for delivery in Mexico, Cuba, and Panama, and to daily newspapers, issued as frequently as six times a week, addressed to *bona fide* subscribers in Canada, the eighth zone rate being applicable to advertising portions of publications subject to the zone rates. The rate of postage on second-class matter other than such daily newspapers addressed for delivery in Canada shall be 1 cent for each 4 ounces or fraction of 4 ounces, calculated on the weight of each package and prepaid by postage stamps affixed, and copies of such publications addressed for delivery from the same post office may be placed in one package, addressed to such post office, and postage paid thereon by affixing the stamps to the outside wrapper.

UNITED STATES POSTAL AGENCY AT SHANGHAI, CHINA.

10. **Postage rates and conditions.**—(*a*) Articles of every kind that are admitted to the domestic mails of the United States may be sent by mail for delivery in the city of Shanghai at the postage rate and under the conditions which apply to similar articles addressed for delivery in the United States. Letters for the city of Shanghai specially addressed via Europe are subject to the postal union postage rate of 5 cents for the first ounce and 3 cents for each additional ounce or fraction of an ounce. Such letters are not delivered through the postal agency at Shanghai, but under the postal union regulations are delivered through the Chinese, or British post offices in the city of Shanghai.

Letters for the city of Shanghai sent via the Pacific are delivered through the United States postal agency in that city, and are consequently subject to domestic rates and conditions. Articles

for all other parts of China by either the Pacific or trans-Siberian route are subject to postal union conditions, unless mailed under the conditions applicable to the international parcel-post service.

Only such parcels for the city of Shanghai as can not be sent by domestic parcel post to the United States postal agency at Shanghai should be sent by international parcel post via the Chinese Post Office at Shanghai.

Packages of acceptable merchandise will be received up to a weight limit of fifty pounds when destined for the city of Shanghai, at the postage rate of 12 cents a pound or fraction thereof at the conditions and classification applicable to packages in the domestic parcel post.

It is to be noted that parcels by the domestic parcel post can be insured but cannot be registered unless they are sealed and the first-class rate of postage is paid.

(b) All letters and packages included in mails made up in the United States for the United States postal agency at Shanghai and received at that agency, which contain, or in the opinion of the postal agent may contain, articles liable to Chinese customs duties, are submitted to customs officials specially authorized to perform that duty by the Chinese Maritime Customs, who determine the dutiable character of the articles and levy the proper customs charges upon such as they find to be dutiable; which charges the United States postal agent collects upon the delivery of the articles, and transmits the amounts so collected to the Chinese customs official designated to receive and receipt for the same.

(c) Articles which the addressees refuse to receive on account of the customs charges will be returned to this country the same as other undeliverable articles, and the Chinese customs official who appraised such articles will be promptly advised of the refusal of the addressees to pay the charges, and of the return of the articles to the United States.

11. **Customs declarations required on parcel post packages for delivery through the United States Postal Agency at Shanghai, China, and on parcels for the Canal Zone.**—As articles for delivery through the United States Postal Agency at Shanghai, China, are subject to Chinese customs duties and regulations, considerable delay and inconvenience has been experienced in the past in effecting delivery of parcels forwarded through the United States Postal Agency because of the absence of customs declarations or invoices. In order to facilitate the delivery of such parcels in the future, postmasters are directed to require all parcels addressed for delivery through the United States Postal Agency at Shanghai to be accompanied by a customs declaration (form 2966), properly filled out and securely attached to the parcels. As customs duty must be paid by addressees in the Canal Zone on third and fourth-class matter regardless of value, except books and periodicals of educational value, and except samples, it is likewise necessary that parcels containing dutiable articles, originating in the United States and addressed for delivery in the Canal Zone, be accompanied by customs declarations fully completed and securely attached to the parcels. Otherwise than as indicated above, parcels addressed for delivery through the United States Postal Agency at Shanghai and parcels for the Canal Zone remain subject to domestic rates and conditions as heretofore.

THE CANAL ZONE AND THE PHILIPPINES.

For the postage rates and conditions applicable to mail matter for the Canal Zone and the Philippines, see the item "Domestic Mail Matter" on page 7.

UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.

12. **Postage rates and conditions.**—Articles mailed in the United States addressed to the officers and men of the United States Navy in the United States Naval Hospital at Yokohama, will be subject to the same conditions and rates of postage as articles mailed in the United States addressed to the officers and men on United States naval vessels. (See the item "Domestic Mail Matter" on page 7.)

RATES OF POSTAGE ON ARTICLES FOR FOREIGN COUNTRIES OTHER THAN CANADA, CUBA, MEXICO, THE REPUBLIC OF PANAMA, THE UNITED STATES POSTAL AGENCY AT SHANGHAI AND THE UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.

13. **Classification.**—Articles for foreign countries (except *Canada, Cuba, Mexico and the Republic of Panama and the United States Postal Agency at Shanghai, as indicated above in sections 1 to 9, are not designated "First-class matter," "Second-class matter," etc.; but are classified as "Letters," "Post cards," "Printed matter," "Commercial papers," and "Samples of merchandise," and are subject to the postage rates indicated below.

14. **Letters**, except as indicated in sec. 15 on next page, 5 cents for the first ounce, or fraction of an ounce, and 3 cents for each additional ounce, or fraction of an ounce. Stamps or forms of prepayment, whether current or obsolete, canceled or uncanceled, as well as printed articles constituting the representative sign of monetary value, and articles in typewriting or imitation of typewriting, are subject to postage at the letter rate. Monetary value is held by the International Bureau of the Universal Postal Union to attach to bonds, bank notes, commercial bills of exchange, etc., which have been fully executed by the makers:

Postal Cards, 2 cents each, for single; and 4 cents, each, for double cards;

* Newfoundland is not included in the Dominion of Canada.

Printed Matter, of all kinds, except as indicated in sec. 17 on next page, 1 cent for each 2 ounces or fraction of 2 ounces;

Commercial Papers, 5 cents for the first 10 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces;

Samples of Merchandise, 2 cents for the first 4 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces;

Registration Fee, in addition to postage, 10 cents.

15. **Reduced letter rate to certain countries.**—Letters for England, Ireland, Scotland, Wales, Bahamas, Barbados, British Guiana, British Honduras, Canada, Cuba, Dominion Republic, Dutch West Indies Leeward Islands (Antigua with Barbuda and Redonda, St. Kitts or St. Christopher, Nevis with Anguilla, Dominica, Montserrat and the Virgin Islands, British), Mexico, Newfoundland, New Zealand, Republic of Panama, Trinidad, including Tobago, and the Windward Islands (Grenada St. Vincent, The Grenadines, and St. Lucia), 2 cents per ounce.

16. Letters and post cards may be dispatched even if no postage whatever is prepaid. Other articles must be prepaid at least in part. In all cases double the amount of the deficient postage is collectible of the addressee upon delivery.

17. **Reading matter for the blind, exchanged with Great Britain.**—By special agreement, the limit of weight applicable in mails exchanged between the United Kingdom of Great Britain and Ireland and the United States to reading matter for the blind is 3 kilograms, or 6 pounds; and the prepaid rate, 1 cent for each 2 ounces or fraction thereof, up to 18 ounces, and 10 cents for each package exceeding 18 ounces in weight. Except as above provided, packages of such matter shall be subject to the conditions prescribed by the Universal Postal Convention for packages of printed matter in Postal Union mails.

Note.—The letter rate to all destinations except Canada, Cuba, Mexico, the Republic of Panama, the City of Shanghai, China, and those indicated in section 15 is as stated in section 14. The two-cent rate to Great Britain applies only to Great Britain and Ireland and not to British Colonies except those indicated in section 15.

For International Parcel Post, see pages 154 to 184.

GENERAL INFORMATION, REGULATIONS AND SUGGESTIONS.

18. **Senders should be cautioned** that in order to insure prompt and safe transmission to destination of articles addressed to foreign countries, they should (1) make the address legible and complete, giving the name of the *country*, that of the town or post office and in cases of cities or towns the house number and street address should also be indicated. Articles addressed to "London" may be sent either to England or Canada. (2) Avoid using flimsy paper for envelopes, as they are liable to be torn or destroyed in the long transits. (3) Avoid using sealing-wax on the covers, as letters so sealed often adhere to each other, and the addresses of some of the articles are destroyed by the tearing of the covers in the attempt to separate the articles. (4) See that postage stamps affixed to the covers of articles of printed matter do not adhere also to the articles themselves, thus virtually sealing the packages and thereby subjecting them to additional postage, at the letter rate, on delivery.

19. **Prepayment.**—Postage can be prepaid upon articles (other than the reply-half of double postal cards) only by means of postage stamps of the country in which the articles are mailed. Articles mailed at the United States postal agency at Shanghai, China, are treated as if mailed in the United States; consequently, any prepayment of postage must be made by means of United States postage stamps. For all countries, except Canada, Cuba, Mexico and the Republic of Panama, newspapers, magazines and periodicals, whether "transient" or for regular subscribers, are required to be prepaid with postage stamps at the rate applicable to "printed matter" for those countries.

20. **Short-payment.**—(*a*) The dispatching exchange office of the country which dispatches to another country an article which is unpaid or short-paid, is required to mark upon its cover the capital letter "T" (tax), and in the case of an unpaid letter, to indicate the number of rates, when more than one, to which the letter is liable by reason of its weight; also, in case of a short paid article, to indicate (in French currency), for instance, 10 cts., meaning 10 centimes = 2 cents, the amount of postage due, calculated at double the deficiency, EXCEPT, in the case of an article which has become insufficiently prepaid in consequence of redirection, then to mark it with the actual deficiency only. See table on pages 150 to 153.

(*b*) The exchange office of the country of destination which first receives the article stamps the article "Postage Due —— cents" "N. Y." "S. F." as the case may be, which amount as indicated must be collected by the postmaster who delivers the article, affixing thereto postage-due stamps of the same value.

(*c*) A naught (0) alongside of postage stamps indicates that such stamps were not valid for the prepayment of postage in the country in which the articles so marked were mailed.

(*d*) Charges for postage-due are in addition to any customs charges.

(*e*) In the case of unpaid or short-paid articles returned to senders as undeliverable, the senders are chargeable with the amount which would have been collected of the addressees, if the articles had been delivered. See paragraphs 4 and 5, Section 30.

21. **Rating of short-paid articles.**—The ascertainment and rating of deficient postage on correspondence for and from foreign countries, and the placing on the correspondence of the proper

indications of such deficiency, is the work of the exchange post offices and not of the mailing or delivering post offices, unless the latter are also exchange post offices. In case of obvious error on the part of the exchange office, the rating, however, may be made at the delivery office, and a report of the facts made to the Second Assistant Postmaster General (Division of Foreign Mails), the envelopes or wrappers of the articles involved, where practicable, to be obtained and submitted with the report. If through inadvertence the rating is in excess of the right amount, the refund of the excess shall be made as required by Sec. 461, P. L. & R.

22. **International reply coupons.**—A "reply coupon" may be purchased (price 6 cents) at post offices, which upon presentation at a post office in any of the countries which have qualified under the Rome Postal Convention, will entitle the person presenting the coupon to receive (without charge) a postage stamp or postage stamps of that country equivalent in value to a 5-cent United States postage stamp. By this arrangement a person in the United States can furnish his correspondent with a postage stamp with which to prepay postage on a reply to his letter. A list of the countries in which reply coupons are valid, may be found on page 33.

23. **Matter mailed at sea.**— Save in the instance hereafter given, postage prepaid upon articles mailed on board vessels on the high seas must be prepaid by means of postage stamps of the country under whose flag the vessel sails. Articles addressed for delivery in the United States or its possessions mailed on the high seas on board vessels of United States register bringing to the United States a mail made up in a foreign country, and articles handed to the officers of such vessels to be mailed on shore, are subject to the United States domestic postage rates and conditions. Postage upon articles mailed on board a steamer while the steamer is in a port of any country can be prepaid only by means of postage stamps of that country. Letters conveyed in vessels not regularly employed in carrying the mails (commonly called "ship letters") are subject to double rates of domestic postage (4 cents per ounce) on delivery.

24. **Pan American Union (Bureau of American Republics)— Mail admitted free.**— Mail matter originating at the Pan American Union, formerly the Bureau of American Republics, bearing the card of the Union and weighing not over four pounds six ounces (two kilograms), the limit of weight prescribed for packages of "prints" by the Universal Postal Convention, are admitted to the mails free of postage, when addressed to the countries forming the Pan American Union, viz.: Argentine Republic, Bolivia, Brazil, Chile, Colombia, Costa Rica, Cuba, Dominican Republic, Ecuador, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru, El Salvador, United States, Uruguay, Venezuela.

25. **Matter entitled to admission to the international mails free of postage.**— The following articles are entitled to transmission in international mails free of postage, viz.: Official correspondence exchanged between Postal Administrations, between these Administrations and the International Bureau and between the exchange offices of different countries; as well as correspondence concerning prisoners of war. Postage upon all other articles can be prepaid only by means of postage stamps. The reply-half of a double postal card bearing a postage stamp of the country which issued the double card is to be considered as prepaid.

26. **Prisoner-of-war mail.**— For information relative to the general subject of mail for prisoners of war, postmasters shall consult Section 26 on page 119 of the Annual Postal Guide for 1918; Section 13 on page 5 of the November, 1918, Guide, regarding the manner of addressing mail for prisoners of war; and Section 10 on page 2 of the December, 1918, Guide, in which is notice of the increase in the limit of weight of packages from 11 to 15 pounds.

27. **Postmarking.**— All mail matter addressed to foreign countries is required to bear a legible impression of the date-stamp of the mailing post office; and matter received from foreign countries must bear a similar stamp (on the back of letters and on the front of postal cards), of the delivering post office. Postmasters should cause care to be taken not to deface by their own postmark, nor cover with postage-due stamps, any postmark already on an article.

28. **Withdrawals and changes of address.**— The sender of any mail article addressed for delivery in a foreign country may cause it to be withdrawn from the postal service, or have its address changed, (1) provided the article has not been dispatched from the United States, and (2) in case it has been dispatched from the United States, and not delivered to the addressee, provided the legislation of the country of destination of the article allows such withdrawal or alteration.

(*a*) To effect either of these ends, if the article has not been dispatched from the mailing post office the sender must apply to the postmaster, who will be governed by Sections 552 or 945, Postal Laws and Regulations, edition of 1913.

(*b*) If the article has been actually dispatched from the United States — the sender must apply at the post office at which the article was mailed, where he must identify himself and deposit with the postmaster a sum sufficient to cover all expenses to be incurred, as prescribed in Section 553, Postal Laws and Regulations, edition of 1913, for withdrawing letters from the domestic mails; — and, in addition, the sender must furnish a facsimile of the address of the article, and must pay (by means of postage stamps affixed to his application, and canceled by the postmaster) the amount chargeable on a single-rate registered letter to the country concerned. When these formalities have been complied with, the postmaster at the mailing office of the letter in question is required to forward the application, accompanied by the facsimile of the address, under registration, to "The Second Assistant Postmaster-General (Division of Foreign Mails), Washington, D. C.," who will request the foreign Postal Administration interested to comply with

the sender's directions. If request is to be by cable, application should be accompanied by an amount sufficient to prepay the cablegram at the usual rate.

(*c*) If the article has not been dispatched from the United States, and may be intercepted at the United States exchange post office, it may, if unregistered, be returned to the sender upon compliance by him with requirements of Section 553 before mentioned; or if registered, upon compliance with the requirements of Section 945, Postal Laws and Regulations.

(*d*) This Department has been officially advised that the legislation of Great Britain, and the British Colonies (except Southern Rhodesia, Antigua, Bahamas, Barbados, Ceylon, Gold Coast, British Guiana, Jamaica, Zanzibar, and the Australian Colonies), including Canada and British India; also Haiti, the Dominican Republic, Colombia (Republic of), and the French establishments in Oceanica, does not allow senders of articles to withdraw them from the mails, or to change their address; consequently, senders cannot prevent the delivery to the original addressees of articles already dispatched from the United States to any of those countries, nor from those countries and colonies when addressed for delivery in the United States.

(*e*) Except as herein provided for, postmasters are not authorized without permission from the Department to return or change the address of articles for or from foreign countries; but they may, upon request, forward an article to the same addressee at another post office. Requests from foreign postal administrations or foreign postal officials to return articles to the sender or to change the address on articles, ordinary or registered, should be referred to the Department, and the articles should be held until instructions concerning them are received from the Department. Such requests from private citizens in a foreign country or in the United States shall be replied to by postmasters with the information that the requests cannot be considered nor the articles held and the senders shall be advised to submit their applications to the postmaster at the mailing post office in the foreign country or in the United States, according to the place of mailing.

29. **Registration.**— Any article of mailable matter, except those addressed under initials, or with the address written with a pencil, may be registered, subject to prepayment of the postage upon the article according to its nature, in addition to the registration fee.

30. **Reforwarding and returning to writers.**—(1) Mail matter of all kinds, of foreign origin (including such matter from Canada, Mexico, Cuba, and the Republic of Panama), received in the United States, must be reforwarded from the United States post offices of original destination to any other United States post office and — in the case of articles other than parcel-post packages — to any foreign country, without charge of additional postage therefor; or, if a registered article, without charge of an additional registry fee. Postage-due and customs duties, if any, must be collected by the postmaster who delivers the article to the addressee or to the sender. (2) Such matter, however, as has been addressed, in the first instance, to a post office in the country of mailing, is chargeable (but need not be prepaid), on redirection, with the same postage, less the sum prepaid, as would have been charged had it been addressed originally to the post office of ultimate delivery, but, if registered, without additional registry fee. And the same conditions apply to articles exchanged between two countries which have adopted in their reciprocal relations a lower rate than the ordinary Union rate, but which on being forwarded enter the service of another country, the rate for which is the ordinary Union rate. (3) Any article returned to sender for rectification or completion of its address is not considered when mailed with a corrected or completed address as forwarded matter, but as newly mailed, and consequently becomes liable to a new charge of postage. (4) Upon any unpaid or short-paid article returned as undeliverable, the sender will be required to pay the sum which would have been collectible of the addressee if the article had been delivered, and in addition, when returned through the Division of Dead Letters, the sender will be required to pay the fee of 3 cents for the return of letters to the writers, all of which charges shall be indicated on official or penalty envelopes before dispatch to post offices from the Division of Dead Letters or its respective branches.

(5) Letters received from foreign countries to be returned to writers through the Division of Dead Letters are subject to a fee of 3 cents for the return of letters to writers and the amount to be charged will be indicated on official or penalty envelopes before dispatch to post offices from the Division of Dead Letters or its respective branches.

31. **Optional and compulsory prepayment.**— The prepayment of postage on ordinary letters and postal cards is optional with the senders, except in cases where articles are mailed with the intention of avoiding prepayment (sec. 511, Postal Laws and Regulations), but on registered articles and parcel-post packages full prepayment is compulsory. Postage on all other articles must be at least partially prepaid. If postage is not prepaid in full, double the amount of the deficient postage is collectible on the delivery of the articles.

32. **Merchandise.**— Articles, including electrotypes and cuts for advertising purposes, not specially enumerated in Postal Conventions or in the United States Postal Laws and Regulations as transmissible in the mails to foreign countries, or which are not homogeneous with those therein enumerated, are not entitled to be sent in the regular mails to countries other than those named in the next following paragraph, at the reduced rates of postage fixed for articles other than letters, but may be transmitted, at letter rates of postage, fully prepaid (see page 125), provided they are not absolutely excluded from the mails by the provisions of Postal Conventions, or by the laws and regulations. Such articles are forwarded at the sender's risk as regards treatment under

the customs regulations of the country to which they are sent. Their right of entry into a foreign country is determined by the officials of that country. They may be confiscated, returned as unmailable, or subjected to fines in addition to customs duties. (See "prohibited articles," pages 132 to 141.) For information relative to parcel post see pages 154 to 184.

Packages containing articles of merchandise may be sent to Canada, Cuba, Mexico, and the Republic of Panama, at the postage rate applicable to "fourth-class matter" in the domestic mails. (See sections 2 and 3, pages 123 and 124.)

33. **Pairs of articles** — such as gloves, shoes, socks, etc., but not such as suspenders or drawers — are not transmissible by mail to foreign countries at the postage rates and conditions applicable to "samples of merchandise," but one article of a pair may be so transmitted.

34. **Mail shipments of coin, bullion and currency.**— The Federal Reserve Board, Washington, D. C., has given notice that the restrictions on the exportation of coin, bullion, and currency, as well as transactions in foreign exchange, have been revoked, except with or for persons in that part of Russia now under control of the so-called Bolshevik government and the export and import of ruble notes.

The action of the Federal Reserve Board should not be construed as authorizing remittances to enemy territory, which are permitted, as heretofore, only under special or general license of the War Trade Board Section of the State Department.

35. **Undeliverable matter.**— Undeliverable articles should be treated in accordance with sections 659 and 1047, P. L. & R.

For instructions relative to treatment of undelivered second-class matter from Canada, see pages 5 and 6 of the Guide for May, 1917.

INFORMATION AS TO "POST CARDS," "PRINTS," "COMMERCIAL PAPERS," "SAMPLES OF MERCHANDISE," AND "COMPOSITE PACKAGES."

POST CARDS.

36. (*a*) Postal cards must bear at the head of the front the title "Postal Card," or its equivalent. They must be made of cardboard or thick paper, and must not be enclosed in an envelope. Private postal cards need not bear that title. They must not be larger than 5 9-16 by 3 9-16 inches, nor smaller than 4 by 2 3-4 inches. Postage stamps should be placed in the upper right-hand corner of the address side. The right-hand half of the address side is reserved for the address, postmarks, etc.; the left-hand half may be used to contain a message, or a picture on very thin paper may be pasted there; also a label not exceeding 2 inches by three-quarters of an inch in size may be pasted there. On the back of the card a picture on very thin paper may be pasted. With the exception of postage stamps, the labels and the pictures on very thin paper mentioned above, nothing may be attached to a postal card. Each half of a (double) reply-postal card must conform to the foregoing conditions. The two halves must be folded one on the other, and must not be closed in any manner. If the reply-half of a foreign double postal card is not addressed to the country which issued the card, it must be treated as an unpaid postal card unless it bears United States postage stamps; it cannot be registered by the original sender of the card. For the postage rate, see section 14, page 125.

Postal cards bearing manuscript additions which do not conform to the conditions prescribed for them as stated above must be treated as letters; but cards which conform to the conditions for printed matter are mailable as such.

(*b*) Each half of a double post-card is a complete post-card; but, in the event of the reply-half of a double post-card issued by any country being sent by mail to an addressee in a country other than that which issued the card, it is required to be treated as an unpaid post-card unless a United States postage stamp is affixed thereto, and postage collected of the addressee accordingly.

(*c*) The prepayment of the "reply-half" by means of the postage stamp of the country which issued the card is valid only if the two parts of the double card are received from the country of origin adhering to each other.

(*d*) An unsealed package containing only unaddressed illustrated postal cards without postage stamps should be treated as a "print."

(*e*) Post-cards (so-called), consisting of wood, leather, or any material other than paper or card-board, are subject to treatment as letters.

(*f*) Single private mailing cards may be sent to foreign countries at the postage rate applicable to the official postal cards, provided they conform to the conditions prescribed for private mailing cards in the domestic mails of the United States.

(*g*) Any card of foreign origin which, from its title in any language, appears to be a post-card, and conforms — as to size, quality and weight — with the requirements for post-cards in our domestic mails, is admissible to the mails (domestic or international) as a post-card when prepaid by means of United States postage stamps. The foregoing applies to the reply-half of a double foreign postal card mailed in the United States, addressed for delivery in a country other than the country which issued the double card; but if the reply-half is addressed for delivery in the country which issued the double card, it is mailable without the addition of United States postage stamps. "Postal cards" and "post-cards" must consist of paper or cardboard.

PRINTS.

37. (*a*) Prints of all kinds are subject to the following conditions: Must be either placed under band, upon a roller, between boards, in a case open at one side or at both ends, or in an unclosed envelope; or simply folded in such a manner as not to conceal the nature of the packet; or lastly, tied by a string easy to unfasten. Address cards and all printed matter presenting the form and consistency of an unfolded card may be forwarded without band, envelope, fastening or fold. The maximum weight of packages of printed matter is fixed at 2 kilograms (4 pounds, 6 ounces), except second-class matter and single volumes of printed books for Canada, Cuba, Mexico and the Republic of Panama and single volumes of printed books for El Salvador. To Canada single volumes of printed books must not exceed 10 pounds in weight. The maximum size is fixed at 45 centimeters (18 inches), in any one direction, except that rolls of printed matter which do not exceed 75 centimeters (30 inches) in length and 10 centimeters (4 inches) in diameter may be forwarded by mail. For the postage rate, see sec. 14, page 125.

(*b*) Stamps and other forms of prepayment, whether canceled or not; prints constituting the sign of monetary value, articles the text of which has been altered after printing except as indicated below, are not mailable at the postage rate applicable to "prints."

(*c*) Facsimile copies of manuscript or typewriting — if sent as prints — must be mailed at post office windows in not less than twenty (20) perfectly identical copies.

(*d*) Additions (by hand or other means) may be made to "prints" as follows:

On the outside of the package or on the print itself, the name, business and residence of the sender, and date of dispatch; to correct errors, cross out certain parts and make prominent, by means of marks, certain parts of the text; to add the "copy" to the "proof," and to make changes in and additions to the proof on separate sheets if necessary; to add to visiting cards as well as to Christmas and New Year cards the title and address of the sender, as well as congratulations, thanks, condolences or other forms of courtesy expressed in five (5) words at most; to erase certain parts and make prominent by means of marks, certain parts of the text; to add to cards of invitation and notices of meetings, the name of the person invited, the date, object and place of meeting; to add to books, sheet music, periodicals, photographs and engravings, a dedication, as well as to attach the bill or invoice; to add to clippings from periodicals, the title, date, number and address of the periodical; to insert figures in price-lists, offers for advertisements, stock quotations, trade circulars and prospectuses, as well as the name of the traveler, the date, and name of the locality through which he expects to pass, on notices of that kind; to indicate on booksellers' order bulletins, the works desired or offered, and to cross out or underscore the whole or any part; to printed order-form for books, periodicals, etc., all the particulars necessary to indicate precisely the identical article or edition desired, including the price of the article with and without the transportation or delivery charges; to add on notices relating to the movements of vessels, the dates of sailings and arrivals, as well as the names of the vessels; to add to notices of shipment, the date of the shipment; and to paint fashion plates, maps, etc. But no manuscript additions other than those indicated above are allowed upon prints.

(*e*) Prints must be wrapped so that the contents may be easily examined without damaging the cover. But cards need not be inclosed unless they are embellished by means of mica, ground glass or a similar substance.

(*f*) A package of newspapers or periodicals for transmission in international mails, except to the places mentioned in sections 8 and 9 at the rate of 1 cent per 2 ounces or fraction thereof is restricted to a single (outside) address. Newspapers or periodicals addressed to several different subscribers must not be enclosed in the same package with postage stamps affixed only to the outside wrapper of the package. But several periodicals or other articles of printed matter, without separate address, may be enclosed in the same package.

(*g*) Cards bearing the title "postal card" or its equivalent are admissible to the mails at the postage rate applicable to "prints," provided they conform to the general conditions prescribed herein for "prints" and are prepaid at the rate for "prints." If they do not conform to those conditions, they must be treated as postal cards or letters according to their size and the manuscript additions.

(*h*) The following are considered as prints, and admitted as such at the reduced postage applicable to "prints," viz.: Newspapers and periodical works, printed books stitched or bound, pamphlets, sheets of music, visiting cards, address cards, proofs of printing with or without the manuscripts relating thereto, papers with raised points for the use of the blind, engravings, photographs and albums containing photographs, pictures, drawings, plans, maps, catalogues, prospectuses, announcements and notices of various kinds, whether printed, engraved, lithographed or autographed, and in general, all impressions or reproductions obtained upon paper, parchment or cardboard, by means of printing, engraving, lithographing and autographing, or any other mechanical process easy to recognize, except the copying-press and the typewriter.

(*i*) Valentines, unframed Christmas and Easter cards, and other cards of a similar character, passing between friends in small quantities as tokens of esteem, are transmissible in mails dispatched to foreign countries (except Canada, Mexico, Cuba, the Republic of Panama, and Shanghai, to which United States domestic postage rates apply), at the rate and under the conditions applicable to "printed matter" in Postal Union mails; notwithstanding they are composed partly of silk or satin, and are hand-painted and of elaborate design and finish. But such cards regularly framed whether with wood, metal or other material usually used for picture frames, are not

entitled to transmission as "printed matter," and should not be admitted to said mails at less than the letter rate of postage fully prepaid, and not even then if the articles are prohibited transmission in the regular mails to any country concerned; nor should articles intended for use (such as cushions, etc.), which bear an Easter or Christmas greeting, but cannot be considered in any sense "cards," be treated as printed matter in said mails.

(*j*) Facsimile copies of manuscript or typewriting obtained by a mechanical process (polygraphy, chromography, etc.) are assimilated to prints; but in order to pass at the reduced postage, they must be mailed at the post office windows, and in the minimum number of twenty perfectly identical copies.

COMMERCIAL PAPERS.

38. (*a*) **Commercial papers** must be under band or in an open envelope. The maximum weight of commercial papers is fixed at 2 kilograms (4 pounds, 6 ounces), and the maximum size at 45 centimeters (18 inches), except when put up in rolls, the dimensions of which do not exceed 75 centimeters (30 inches) in length and 10 centimeters (4 inches) in diameter. For the postage rate, see section 14, page 126. In dispatching packages of commercial papers post offices and railway post offices must enclose them invariably in the pouches containing letters. In order that packages of commercial papers may be readily identified as such, each should be marked on the cover or wrapper "Commercial papers."

(*b*) The following are considered as commercial papers, viz.: All instruments or documents written or drawn wholly or partly by hand, which have not the character of an actual and personal correspondence, such as old letters and postal cards which have fulfilled their original object, papers of legal procedure, deeds of all kinds drawn up by public functionaries, way-bills or bills of lading invoices, the various documents of insurance companies, copies of or extracts from deeds under private signature, written on stamped or unstamped paper, scores or sheets of manuscript music, manuscript for publication, forwarded separately, original and corrected tasks of pupils, excluding all comment on the work, etc.

(*c*) Manuscript sermons and packages of old letters or post cards may be sent by mail to foreign countries at the rate, and under the conditions, applicable to "commercial papers" in Postal Union mails. "Old letters" or "old post-cards" are letters which have served the purpose for which they were originally written and not those which have been withheld from mailing beyond the dates they bear.

SAMPLES.

39. (1) **Samples of merchandise** must conform to the following conditions: must be placed in bags, boxes or removable envelopes in such a manner as to admit of easy inspection. They must not have any salable value, nor bear any manuscript, other than the name or the firm style of the sender, the address of the addressee, a manufacturer's or trade mark, numbers, prices and indications relating to the weight, size and quantity to be disposed of, and words which are necessary to precisely indicate the origin and nature of the merchandise. Packages of samples must not exceed 350 grams (12 ounces) in weight, or the following dimensions: 30 centimeters (12 inches) in length, 20 centimeters (8 inches) in breadth, and 10 centimeters (4 inches) in depth; except that when in the form of a roll, a package of samples may measure not to exceed 30 centimeters (12 inches) in length, and 15 centimeters (6 inches) in diameter. For the postage rate, see sec. 14, page 126. Articles sent for sale, in execution of an order, or as gifts, however small the quantity may be, are not admissible at the sample rate and conditions stated in sec. 14.

Many articles sent in the mails to foreign countries as samples of merchandise prove to be dutiable on delivery, and are consequently returned to origin. Particular care should be given in the dispatch of samples, as articles which have any salable or commercial value are prohibited under this classification.

(2) **Articles of glass**, liquids, oils, fatty substances, dry powders, as well as live bees, are admitted to the mails as "samples" provided they are packed in the following manner:

(*a*) **Articles of glass** must be packed solidly in boxes of metal or wood in a way to prevent all damage to other articles or the employees.

(*b*) **Liquids, oils** and substances easily liquefiable must be enclosed in glass bottles hermetically sealed. Each bottle must be placed in a wooden box filled with spongy material sufficient to absorb the liquid in case the bottle should be broken. Finally, the box itself must be enclosed in a case of metal or wood with a screw top, or of strong and thick leather. If wooden blocks perforated to contain several vials or wooden mailing cases are used, measuring at least one-tenth of an inch in the thinnest part, lined with a sufficient absorbing material and furnished with a lid, the blocks need not be enclosed in a second case.

(*c*) **Fatty substances**, such as ointments, soft-soaps, resins, etc., must be enclosed in an inner cover (box, linen bag, parchment, etc.), which must be placed in a second box of wood, metal or strong, thick leather.

(*d*) **Dry powders** must be placed; if coloring — in bags of leather, gummed cloth or strong oiled paper; and if not coloring, in boxes of metal, wood or cardboard, which bags or boxes must be enclosed in a cloth or parchment bag.

(*e*) **Live bees must be enclosed in boxes which avoid all danger and permit examination of the contents.**

(3) **Articles treated as samples.**— Single keys, fresh-cut flowers (but not live plants), tubes of serum and pathological objects rendered inoffensive by their mode of preparation and packing; specimens of natural history, such as dried or preserved animals and plants, geological specimens, etc., are admitted to the mails at the postage rate and under the conditions applicable to "samples," provided they are not sent for sale, in execution of an order or as a gift and that their packing conforms to the general conditions prescribed for samples.

NOTE.— Samples of merchandise may be dispatched by parcel post to the countries mentioned on pages 159 to 184, unless the merchandise is prohibited by the country of destination or prohibited according to section 187, pages 184 and 185.

When dispatched by parcel post, samples of merchandise are not restricted to the Postal Union limits of weight and size mentioned herein, but may be accepted up to the limit of weight and size set forth in paragraphs II and III on page 154.

On customs declarations, it will not be sufficient to mark the declarations "Samples," but "Samples of cotton," "Samples of false jewelry," etc., as the case may be. Instead of "No value," in the proper column, "No commercial value" may be written or stamped in, or there be stated the value placed by the sender on the article as a sample, leaving the question of appraisal value to be determined by the customs authorities in the country of destination.

COMPOSITE PACKAGES.

40. **Composite packages.**--It is permitted to enclose in the same package, samples of merchandise, prints, and commercial papers, but subject to the following conditions: (1) That each class of articles taken singly shall not exceed the limits which are applicable to it as regards weight and size. (2) That the total weight of the package must not exceed 2 kilograms (4 pounds, 6 ounces). That the minimum charge shall be 5 cents when the package contains commercial papers, and 2 cents when it consists of printed matter and samples.

PROHIBITED ARTICLES IN THE REGULAR MAILS.

(For Prohibited Articles in Parcel Post Mails, see pages 159 to 184.)

41. **To all foreign countries.**— (*a*) All articles excluded from transmission in domestic mails, as being in themselves, either from their form or nature, liable to destroy, deface or otherwise injure the contents of the mail bags or the persons of those engaged in the postal service, are prohibited from transmission in the mails exchanged with foreign countries, as are also poisons, such as opium, and obscene, lewd or lascivious books, pamphlets, etc., lottery tickets and letters and circulars concerning lotteries, so-called gift-concerts, etc., also excluded from the domestic mails.

(*b*) Certain articles other than those above mentioned, which, from their nature or form, are liable to destroy, deface or injure the contents of the mail bags or the persons of those engaged in the postal service, may be transmitted in the mails to foreign countries, if bona fide trade samples and exchangeable in the mails with said countries, when enclosed in the form prescribed for such articles in domestic mails.

(*c*) Postal cards or letters addressed to go around the world.

(*d*) Letters or packages containing coin, gold or silver substances, jewelry or precious articles. This does not apply to Canada, Cuba, Mexico, Shanghai and to certain other countries whose legislation does not prohibit their circulation in their domestic mails.

(*e*) Any package whatever, containing articles liable to customs duty in the countries addressed. This does not apply to Canada, Cuba, Mexico, the Republic of Panama, or Shanghai, or to articles forwarded by "parcel post."

(*f*) Articles other than letters and post cards which are not prepaid, at least partly, or which do not fulfill the conditions required in order to enjoy the reduced rates.

(*g*) Articles other than letters and postal cards addressed for delivery in any foreign country, which contain writing in the nature of personal correspondence, or which do not conform to all the conditions prescribed for such articles, to entitle them to transmission in the mails at reduced rates of postage, unless they are fully prepaid at the rate of postage applicable to letters for the foreign country of destination.

(*h*) Packages of samples of merchandise which contain live animals and insects except bees, which have a salable value, which are sealed, unless the contents are visible, or plainly indicated by the mode of packing, or which exceed in weight or measure the prescribed limits, are not transmissible at the rates fixed for samples.

(*i*) Packages of commercial papers and printed matter of all kinds, the weight of which exceeds 2 kilograms (4 pounds, 6 ounces); or the size of 18 inches in any direction, except that rolls of printed matter may measure 30 inches in length by 4 inches in diameter.

(*j*) There is, moreover, reserved to the governments of every country of the Union, the right to refuse to convey over its territory or to deliver, as well articles liable to the reduced rate in regard to which the laws, ordinances or decrees which regulate the conditions of their publication

or of their circulation in that country have not been complied with, as correspondence of every kind which evidently bears inscriptions forbidden by the legal enactments or regulations in force in the same country.

(*k*) To Belgium, Denmark and the Danish Colonies, Egypt, France and the French Colonies, Italy, Malay States (Federated), Norway, the Netherlands, Portugal and the Portuguese Colonies, Russia, Servia, Sweden, and Switzerland; Articles of correspondence marked on the outside with the declared value of contents.

NON-POSTAGE STAMPS.

42. **Christmas stamps, etc.**— The following countries refuse to admit to their mails articles bearing non-postage "Christmas" stamps or other adhesive charity stamps or labels, unless postage thereon is prepaid, and unless the non-postage stamps are affixed to the *back* and not to the address side of the covers:

Brazil, British East Africa, Uganda, Antigua, Barbados, Bermuda, British North Borneo, Canada, Cayman Islands, Cyprus, Gold Coast, Dominica, Falkland Islands, Gambia, Gibraltar, British Honduras, Guatemala, Union of South Africa, Jamaica, Mauritius and dependencies, Montserrat, Nevis, Norway, Southern Nigeria, Portugal, Saint Christopher, Saint Lucia, Saint Vincent, Seychelles, Sierra Leone, British Somaliland, Trinidad, Turks and Caicos Islands, Virgin Islands (British), Great Britain, Southern Rhodesia.

Unless the foregoing conditions are complied with articles bearing non-postage stamps will not be dispatched from this country but will be returned to the sender, if known, otherwise they will be sent to the Division of Dead Letters.

To preclude delay in handling articles bearing such stamps the covers of the articles should bear the full name and address of the senders.

SPECIAL PROHIBITIONS IN THE REGULAR MAILS.

Special prohibitions in the regular mails, that is, prohibitions in addition to those mentioned in Section 41 on pages 132 and 133.

"Gold, silver and other precious articles" and the construction placed on the meaning of this description of prohibited articles with respect to fountain pens.

Under the prohibition against gold, silver, and other precious articles appearing in connection with the regular mail service and the parcel-post service to certain foreign countries, fountain pens with gold nibs or points, or fountain pens with gold nibs or points and gold bands, or fountain pens with gold nibs or points, mounted with gold plate, will be regarded as not included in such prohibition, but will be accepted, at the senders' risk, for dispatch to such foreign countries until such time as the postal administrations concerned give notice that fountain pens with gold nibs or points are included in the category of gold, silver, and other precious articles.

Fountain pens with gold nibs or points will not be accepted for transmission to Egypt, because articles of a salable value are prohibited in the regular mails to that country, nor will they be accepted for transmission to Great Britain, because articles containing gold are at present prohibited to that country, in both the regular and parcel-post mails.

Dutiable Merchandise.— Where the terms "Dutiable Articles" or "Dutiable Merchandise" are employed, it may be assumed that articles or merchandise subject to customs duty in the United States are likewise subject to duty in the foreign countries concerned and postmasters will govern themselves accordingly.

43. **Algeria.**— Same as France, except that tobacco, cigars and cigarettes may be delivered upon payment of entry duty, while certain gold and silver articles are confiscated.

44. **Antigua.**— Coins; imitations or reproductions of postage stamps.

45. **Argentina.**— Gold, silver and other precious articles; triangular daggers or stillettos and their blades; iron knuckles; enlarged photographs that have been retouched in crayon, charcoal, sepia, water color or oil not admitted as printed matter. Fines are not collected when the merchandise is for private persons, but they are collected when the merchandise is for merchants. Addressees of merchandise who give previous notice to the customs service of the arrival by mail of registered packages containing dutiable articles, and authorize the inspection of the same, are exempted from fines, and the consignments are delivered to them upon payment of the customs duty chargeable thereon; dutiable articles; samples of merchandise having a mercantile value will be returned to origin or handed over to the customs authorities for appropriate action by the appraisers of the amount and value of the merchandise. Merchandise subject to customs duties in closed registered packages is subject to seizure. Seizure of merchandise does not imply the loss thereof; the addressee can secure possession of the same by payment of charges due on said merchandise.

46. **Ascension.**— Same as Great Britain.

47. **Australia.**— All articles prohibited by Parcel Post. See Parcel Post List.

48. **Austria.**— Owing to the fluctuations in the exchange of foreign moneys, no indemnity will be paid on registered articles destined for Austria, in case of loss, rifling or damage.

49. **Bahamas.**—"The Negro World" (newspaper). Rags, shoddy, disused and filthy clothing and bedding; die plates or any material for making fictitious stamps.

163. **Zanzibar.**— Gold and silver articles and precious stones, unless sent under registered and sealed cover.

CUSTOMS DUTIES.

164. **Mailability.**— The Department has not been advised what articles (other than those so designated in the preceding list of "prohibited articles") are liable to customs duties in foreign countries, and consequently does not exclude articles of merchandise from the regular mails for foreign countries because they may be liable to customs duties in the countries to which they are addressed. They are accepted at the sender's risk. Any country may refuse to deliver dutiable articles received in mails from other countries, and may dispose of them in accordance with the customs regulations of that country.

The question whether or not an article sent by mail from one country to another is subject to customs duty in the latter country can be decided only by the country to which the article is sent, and is not affected by any postal convention between said countries. It may be assumed, however, that articles of merchandise subject to customs duty in the United States are likewise subject to duty in the foreign countries concerned and postmasters will govern themselves accordingly.

This Department is not authorized to question the decision of foreign officials in such matters any more than foreign officials would be authorized to question the decision of United States officials respecting the liability to United States customs duty of an article received here in mails from abroad.

It is suggested that senders avail themselves of the facilities of the Bureau of Foreign and Domestic Commerce of the Department of Commerce, Washington, D. C., in order to obtain information concerning the customs restrictions of foreign countries.

United States Publications that are dutiable in France.— Periodicals, industrial, and other publications in which the number of pages used for advertisements exceeds the number of pages used for the text must pay for the advertisements, upon entry into France, the customs duty applicable to printed matter or lithographs, as the case may be. Individual copies addressed to subscribers are exempted from the entry duty and are delivered direct to the addressees.

165. **Advertising matter for Canada.**—Advertising circulars are liable in Canada to a specific customs duty at the rate of 15 cents per pound, which duty Canadian customs officials are required to collect when such pamphlets arrive by mail, even though each pamphlet bears a different address. But Canadian customs officials are authorized to remit such duty in respect to bona fide trade catalogues and price lists not designed to advertise the sale of goods by any person in Canada, when sent into Canada in single copies addressed to merchants therein, and not exceeding one copy to any merchant for his own use but not for distribution.

Customs duties on advertising pamphlets, advertising show cards, illustrated advertising periodicals, price books, catalogues and price lists; advertising almanacs and calendars, patent medicine or other advertising circulars, fly sheets or pamphlets, advertising chromos, chromo types, oleographs or like work produced by any process other than hand painting or drawing, and having

any advertisement or advertising matter printed, lithographed or stamped thereon, or attached thereto, including advertising bills, folders and posters, or other similar artistic work, lithographed, printed or stamped on paper or cardboard for business or advertisement purposes, n. o. p. (not otherwise provided for) imported by mail into Canada may be prepaid by means of Canadian customs duty stamps affixed to the reverse side of each package containing the advertising matter above referred to, for the amount of duty payable on the same, according to the following scale of charges, viz.:

	Duty		*Duty*
Up to and including 1 oz.	1 ct	Over 8½ oz. and not exceeding 9½ oz.	9 cts
Over 1 oz. and not exceeding 2¼ oz.	2 cts	Over 9½ oz. and not exceeding 10½ oz.	10 cts
Over 2¼ oz. and not exceeding 3¼ oz.	3 cts	Over 10½ oz. and not exceeding 11¾ oz.	11 cts
Over 3¼ oz. and not exceeding 4¼ oz.	4 cts	Over 11¾ oz. and not exceeding 12¾ oz.	12 cts
Over 4¼ oz. and not exceeding 5¼ oz.	5 cts	Over 12¾ oz. and not exceeding 14 oz.	13 cts
Over 5¼ oz. and not exceeding 6½ oz.	6 cts	Over 14 oz. and not exceeding 15 oz.	14 cts
Over 6½ oz. and not exceeding 7½ oz.	7 cts	Over 15 oz. and not exceeding 16 oz.	15 cts
Over 7½ oz. and not exceeding 8½ oz.	8 cts		

If such customs duty stamps are affixed to the address side of the advertising matter, said matter will not be accepted for mailing.

In all cases postage on such matter, when mailed in the United States and addressed for delivery in Canada, must be prepaid in full by means of United States postage stamps affixed to the address side, or by money under the conditions set forth in Section 459 of the Postal Laws and Regulations, edition of 1913.

The above-mentioned customs duty stamps can be obtained in denominations of one, two and five cents each, on application to the Commissioner of Customs, Ottawa, Canada, or to the Secretary, High Commissioner for Canada, 17 Victoria Street, London, S. W., England.

166. **Advertising matter for Australia.**— In the Commonwealth of Australia, paper, manufactures of, or articles partly manufactured of, framed (including the weight of the frame), or unframed having advertisements thereon; price lists; catalogues; prospectuses; show cards; all printed, photographed or lithographed matter, pictures, n. e. i., and posters of all kinds used or intended to be used for advertising purposes; all printed or embossed bags or containers; calendars, almanacs and diaries, 10d per lb. or ad valorem 40 per cent, whichever rate returns the higher duty (8d per lb. or ad valorem 35 per cent, if the produce or manufacture of the United Kingdom).

Articles of an advertising character, and which would not otherwise be dutiable at a higher rate of duty under any other heading, including all articles which would be free but for their advertising characteristics — ad valorem 30 per cent (25 per cent if produce or manufacture of the United Kingdom).

Duty is levied on advertising catalogues, price lists, trade circulars, and all advertising matter introduced through the post, even when forwarded in single copies addressed to individuals, provided that when the duty on the total quantity posted by the consignor by any one mail to any one State of the Commonwealth does not exceed one shilling, payment of duty is waived. If there is reasonable ground for belief that this concession is being abused by the distribution of a consignment over more than one mail, the whole of the matter affected is to be charged duty.

167. Duty may be paid by either of the following methods:

By remitting to the Deputy Postmaster General of each State (for transmission to the customs) a sum covering the total amount of advertising matter addressed to such State.

At the customs house in the receiving State by the consignor's agent.

By the use of Australian customs-duty stamps affixed to the reverse side of each piece of mail matter. These stamps may be purchased from the Australian Customs Representative, 61 Broadway, New York City.

If payment be not made by any of the above-mentioned methods, the duty will be collected from the addressee by surcharge by the Postal Department (for the customs).

The following scale of charges, in United States money, will apply, whether prepaid or surcharged:

	Duty		*Duty*
Up to ¾ ounce in weight	$0.01	Up to 8¾ ounces in weight	$0.11
Up to 1½ ounces in weight	.02	Up to 9½ "	.12
Up to 2½ "	.03	Up to 10½ "	.13
Up to 3¼ "	.04	Up to 11¼ "	.14
Up to 4 "	.05	Up to 12 "	.15
Up to 4¾ "	.06	Up to 12¾ "	.16
Up to 5½ "	.07	Up to 13½ "	.17
Up to 6½ "	.08	Up to 14½ "	.18
Up to 7¼ "	.09	Up to 15¼ "	.19
Up to 8 "	.10	Up to 16 "	.20

Duty is charged on advertising insets contained in magazines or similar publications, whether imported by post or otherwise, when loose, gummed, in post card form, or sewn or otherwise fastened in but perforated for the purpose of being detached.

This does not however apply to the ordinary advertising pages which clearly form part of the magazines, and which usually (though not always) bear consecutive Roman numerals or are paged consecutively with the literary contents.

168. **Advertising matter for New Zealand.**— In New Zealand handbills, circulars, programs, playbills, printed posters, trade catalogues, price-lists and fashion plates, printed advertising matter, also paper bags and wrapping paper or wrappers of all kinds, printed or lithographed, and printed or lithographed envelopes or labels, are chargeable with customs duty at the rate of 3 pence per pound on receipt through the post as well as a surtax of ⅜ pence per pound if not produced in British dominions. Duty is not payable on trade catalogues or price-lists of the goods of firms or persons having no established business in New Zealand. Calendars and show cards of all kinds are liable to a duty of 25 per cent ad valorem and to a surtax of 12½ per cent ad valorem if not produced in British dominions.

169. **Advertising matter for the Union of South Africa.**—Advertising matter (catalogues, price lists, etc.), addressed to importers, merchants, manufacturers, trades people in their business capacity or to public institutions, is admitted free of customs duty; but if addressed to private individuals it is subject to duty on the following scale, or at the rate of 25 per cent ad valorem, whichever may be the greater:

Up to 8 oz.	Free
Over 8 oz. and under 16 oz.	3d
Each additional 8 oz. or fraction thereof	1½d

That Administration is not prepared any longer to receive remittances (even by means of money orders) in prepayment of customs duty, but said duty may be prepaid in postage stamps of the Union of South Africa, overprinted "customs duty," affixed to the packages. The stamps are obtainable at the office of the High Commissioner of the Union, at 72 Victoria street, London, S. W.

170. **Prepayment of customs duty.**— Except as indicated above, customs duties cannot be prepaid by the senders of dutiable articles; they will be collected of addressees if the articles are delivered.

171. **Dutiable articles received from foreign countries.**— Dutiable or supposed dutiable articles received in the mails from foreign countries are subject to the treatment prescribed by Section 664; also Sections 658 to 663, inclusive, and 1046 to 1051, inclusive, Postal Laws and Regulations. Customs officers will issue mail entries to cover each dutiable article, sealed or unsealed, examined by them. The mail entry forms accompanying undelivered unsealed dutiable parcels (except ordinary unsealed dutiable parcels from Canada, Cuba, Mexico, and the Republic of Panama), when the parcels are disposed of by sending to the Division of Dead Letters or the United States exchange post offices for return to the countries of origin, shall be marked with a statement of the facts and returned to the Collectors of Customs concerned for their information. See par. 28, sec. 664, P. L. & R. 1913, relative to forms accompanying undelivered ordinary unsealed dutiable parcels from Canada, Cuba, Mexico, and the Republic of Panama. If, however, delivery is made and duties collected, the money with the mail entries shall be transmitted to the Collector of Customs interested, under cover of penalty envelopes, in the registered mail. Articles not subject to duty shall be stamped "Passed free of duty" or "Not dutiable" by the customs officers.

Pursuant to an agreement between the Treasury and Post Office Departments, in cases where it is deemed desirable to submit to the Comparative Valuation Reports Bureau of the Appraiser's Office at New York articles imported in the regular mails or by parcel post, for the purpose of advisory appraisement, the entire contents of the packages will be turned over to the postmaster, to be forwarded by that officer to the postmaster at New York for delivery to the Comparative Valuation Reports Bureau, registered packages to be forwarded under registration and sealed packages to be forwarded after they have been receipted for and opened by the addressee, or an authorized representative, in the presence of the customs officer. At the same time, the customs officer will notify the Comparative Valuation Reports Bureau that the package or packages have been turned over to the postmaster for that purpose.

172. **Customs regulations applicable to articles from abroad.**— The Secretary of the Treasury has informed this Department as follows, viz.:

(*a*) Newspapers and periodicals (the term "periodicals" embraces only unbound or paper-covered publications issued within six months of the time of entry, containing current literature of the day and issued regularly at stated periods, as weekly, monthly or quarterly); books, engravings, photographs, etchings, bound or unbound, maps and charts imported for the use of the United States or the Library of Congress, or sent to the Library of Congress to secure a copyright; books, maps, music, engravings, photographs, etchings, lithographic prints, bound or unbound, and charts which have been printed more than twenty years at the date of importation, hydrographic charts and publications issued for their subscribers or exchanges by scientific and literary associations or academies, or publications of individuals for gratuitous private circulation, not advertising matter, and public documents issued by foreign governments; books and pamphlets printed wholly or chiefly in languages other than English; books and music, in raised print, used exclusively by the blind; textbooks used in schools and other educational institutions; books, maps, music, engravings, photographs, etchings, lithographic prints and charts, not more than two copies in any one invoice, for

the use of any society or institution incorporated or established solely for religious, philosophical, educational, scientific or literary purposes, or for the encouragement of fine arts, or by any college, academy, school or seminary of learning in the United States or any State or public library, and books used abroad not less than one year by persons or families from foreign countries, are not subject to United States customs duties.

The importation of piratical copies of articles copyrighted in the United States, articles bearing false notice of copyright when there is no existing copyright in the United States, and copies of any book copyrighted in the United States which are not printed from type set or plates made in the United States, or copies of American copyrighted books which are not printed and bound in the United States, are prohibited importation.

With the above exceptions, all articles of printed matter contained in the mails received from foreign countries are subject to the regular duties of 15 per centum ad valorem.

(*b*) There is no provision of law which authorizes the free entry of samples generally, except those imported in bond for exportation within six months; but, in case the appraising officer finds that so-called samples have no commercial value, they are admitted free of duty; otherwise not. A sample may be defined to be a specimen of an article or class of goods having no market or commercial value itself, and not subject to sale, but through the medium of which it is intended to sell the goods it represents.

In accordance with a decision of the Secretary of the Treasury, effective June 1, 1917, unsealed packages, registered or unregistered, containing trade samples, whether dutiable or not, intended solely for use in soliciting orders for merchandise, may be imported in the regular mails from foreign countries, subject to all customs duties and customs regulations, in the same manner as though imported by parcel post, express or freight.

Packages containing trade samples must be plainly marked abroad with the words "trade samples of ....." and "subject to examination by United States Customs Officers."
(merchandise)

The importation in the regular mails of packages containing articles claimed to be samples but which are in fact small shipments sent on approval, of articles purchased abroad or sent in pursuance of an order therefor, and of articles sent as presents, is prohibited as heretofore.

(*c*) Tea is free of duty, but is subject to customs examination as to its purity, quality and fitness for consumption. Such examination is not required, however, for samples of tea imported by mail from countries of production, up to 2 pounds.

(*d*) Importations of dutiable articles by mail, otherwise than by parcel post, are prohibited, except precious stones, cut or uncut, watch jewels, imitation diamonds, diamond dust, and trade samples, under certain conditions, and printed matter. Permissible importations in the regular mail must be placed in packages marked "Dutiable" and "Subject to examination by United States customs officers" and they may be marked also "Precious stones," etc. Prohibited importations are subject to seizure. For the first such importation release will be allowed upon payment of a fine equal to the duty, in the absence of evidence of a wilful intention to violate the law, but second and subsequent importations will be released only upon payment of the appraised value, which is the foreign value with the duty added.

This paragraph (*d*) does not apply to packages from Canada, Mexico, Cuba, Republic of Panama, Panama Canal Zone, Philippine Archipelago, Guam, Tutuila, United States Postal Agency at Shanghai, China, and the Virgin Islands of the United States.

(*e*) The importation of less than 3,000 cigars or cigarettes in a single package is prohibited. Cigarettes must be put up in packages containing 5, 8, 10, 15, 20, 50, or 100 cigarettes, and cigars in boxes containing 5, 10, 12, 13, 25, 50, 100, 200, 250 or 500 cigars.

(*f*) The importation of obscene articles, lottery matter, films or pictorial representations of prize fights, opium in any form or any preparation or derivative thereof, and plumage or skins of wild birds, except for scientific or educational purposes, is prohibited.

(*g*) All articles manufactured wholly or in part in a foreign country by convict labor are prohibited from importation. The Philippine Islands are not foreign country within the meaning of this provision.

(*h*) All parcels received in the foreign mails must be submitted to customs officers, as required by the joint regulations (Sec. 664, P. L. and R.) whether dutiable or nondutiable except that sealed parcels found upon being opened in the presence of addressee to contain only written communications or money, or genuine postage stamps or facsimiles of foreign or domestic canceled stamps, may be delivered directly to the addressee.

(*i*) The importation of aigrettes, egret plumes, or so-called osprey plumes, and the feathers, quills, heads, wings, tails, skins, or parts of skins of wild birds, either raw or manufactured, and not for scientific or educational purposes, is prohibited; but such prohibition does not apply to the feathers or plumes of ostriches or to the feathers or plumes of domestic fowls of any kind. It does apply to the plumage of all wild birds, except live wild birds, whether imported separately or upon the bird itself.

As the plumage of the following species may be obtained from either wild or domesticated birds, such plumage should be admitted only upon the presentation of a consular certificate or other satisfactory evidence that it was in fact taken from domesticated birds; Amherst pheasant, reeves pheasant, versicolor pheasant, ring-necked pheasant, black duck, mallard duck, mandarin duck, muscovy duck, swans, and the rhea.

Artificial flies used for fishing are not prohibited. Other manufactures of prohibited plumage should be excluded from importation.

173. **Inquiries.**— Inquiries respecting United States customs duties should be addressed to "The Secretary of the Treasury, Washington, D. C."

174. **Importation of nursery stock prohibited.**— The prohibition against the importation of "nursery stock" in the mails from foreign countries extends.

By general quarantine: to all growing or living plants or other plant products for propagation, and bulbs, roots, and tubers, and *by specific quarantine* to the following:

Irish potatoes.— From Newfoundland; the islands of St. Pierre and Miquelon; Great Britain, including England, Scotland, Wales, and Ireland; Germany; Austria and Hungary; and all other countries and localities with the exception of Canada and Bermuda: Mexican fruits.—(Oranges, sweet limes, grape fruit, mangoes, achras sapotes, peaches, guavas and plums).— From Mexico; Fine leafed pines. *Ribes and Grossularia.*— From all countries and localities of Europe and Asia and from the Dominion of Canada and Newfoundland; Cotton.— From all foreign countries and localities; Cotton seed and cottonseed hulls.— From all foreign countries and localities; Cottonseed products, except oil.— From all foreign countries and localities; Cottonseed oil.— From Mexico; Avocado or Alligator pear (seeds or other parts).— From Mexico and the countries of Central America; Sugar cane (including living canes of sugar cane or cuttings or parts thereof).— From all foreign countries and localities; Citrus nursery stock (including buds, scions and seeds.— From all foreign countries and localities; European pines.— From all European countries and localities.

Indian corn or maize and related plants (seed and all other portions).— From southeastern Asia (including India, Siam, Indo-China and China), Malayan Archipelago, Australia, New Zealand, Oceania, Philippine Islands, Formosa, Japan and adjacent islands, also from Mexico; Indian corn or maize, broom corn and related plants (stalks and parts thereof).— From all foreign countries and localities; Citrus fruit (all species and varieties).— From eastern and southeastern Asia (including India, Siam, Indo-China and China) the Malayan Archipelago, the Philippine Islands, Oceania (except Australia, Tasmania and New Zealand), Japan (including Formosa and other islands adjacent to Japan) and the Union of South Africa.

Sweet potato and yam.— From all foreign countries and localities; Banana plants (or portions thereof).— From all foreign countries and localities; Bamboo (including bamboo seed, plants, or cuttings thereof capable of propagation).— From all foreign countries and localities; Seed or paddy rice.— From Australia, India, Japan, Italy, France, Germany, Belgium, Great Britain, Ireland and Brazil; Wheat, oats, barley and rye.— From Australia, India, Japan, Italy, France, Germany, Belgium, Great Britain, Ireland and Brazil; Stocks, cuttings, scions and buds of fruits for or capable of propagation.— From Asia, Philippine Islands and Oceania (including Australia and New Zealand). (Effective June 1, 1920.)

PERMITTED MATERIAL.— Field, vegetable, and flower seeds imported for any purpose; fruits, vegetables, cereals and other plant products when imported for medicinal, food, or manufacturing purposes: Provided this otherwise permitted material is not included in any of the above-mentioned specific quarantines.

The foregoing prohibitions do not apply to plants or plant products ordered by, or intended for, and addressed to "Office of Foreign Seed and Plant Introduction. United States Department of Agriculture, Washington, D. C." Samples of cotton addressed to individuals and firms in care of the Office of Foreign Seed and Plant Introduction, Department of Agriculture, shall not be dispatched to Washington, if received in this country from foreign countries. Only samples of cotton plainly intended for the Department of Agriculture should be allowed to reach their destination. The Department of Agriculture has given notice that it cannot act as intermediary between foreign shippers and ultimate consignees in the United States.

COUNTRIES IN THE UNIVERSAL POSTAL UNION.

175. In addition to the United States and its island possessions those countries and colonies named in the postage rate table on pages 150 to 153 (except Lagos, North East Rhodesia, North West Rhodesia, Nyasaland Protectorate, and Northern and Southern Nigeria) are included in the Universal Postal Union.

176. **The following are considered as belonging to the Universal Postal Union:**

(*a*) The post offices which the administration of the British Colony of Hong-Kong maintains at Lin Kung Island, Wei-hai-wei (China).

(*b*) The Norwegian post office at Advent Bay on the West coast of Spitzbergen, as subordinate to the Postal Administration of Norway.

(*c*) The post offices which the Administration of Japan maintains in China, Manchuria and the Island of Saghalin.

177. Postal Union rates and conditions apply to British India offices in various native States within the limits of Hindostan. To Kashmir, Ladak (Little Thibet), and Cabul (Afghanistan), in Italian mail, the same rates apply, but prepayment is compulsory, and only to the British Indian frontier.

178. **Correspondence for the Tunisian and Tripolitan ports of Sousse, Monastir, Mehdie, Sfax,** Djerba and Tripoli, sent via France, is assimilated in all respects to correspondence for France. That for other portions of Tripoli, sent by the same route, is liable to the same rates of postage, but prepayment is obligatory and valid only to the port of debarkation, and registration is not possible. Correspondence for Goulette, near Tunis, and for Sousse in Tunis, sent via Italy, is assimilated in all respects to that for Tunis sent by the same route.

179. **Addresses on articles of mail for foreign countries.**— Owing to the many changes in territorial boundaries resulting from the war, the distribution of mail for foreign destinations now requires, on the part of the postal employees at United States exchange post offices, a clearer knowledge than formerly of the addresses on articles of mail for foreign countries and articles addressed in German, Russian, Greek, Turkish, Hebrew or Chinese characters, even if they bear in English, "Germany," "Russian," "Greece," "Turkey," or "China," etc., should bear an interlined translation of each address in English or, in lieu of these two addresses, that the names of the post office and country of destination be shown in Roman or English characters, print or script.

Except, however, the postmaster at the office of mailing is certain that an article of mail is not sufficiently addressed to permit of its correct distribution at the United States exchange post office, he will not transmit the article to the Division of Dead Letters or return it to the sender, but will dispatch the article to the appropriate United States exchange post office, provided the name of the country or destination may be read, leaving to the employees of the exchange post office the question of the sufficiency of the address.

180. **Lourenzo Marquez.**— Articles intended for Lourenzo Marquez, the capital of the Province of Mozambique, should be so addressed, and not to "Delagoa Bay" as that address is often confused with "Algoa Bay"— a port of the Cape Colony.

181. **Gilbert and Ellice Island, etc.**—All classes of correspondence are now admitted to the mails for Gilbert and Ellice, New Hebrides, Banks, Solomon and Shortland Islands, but registered correspondence cannot be accepted for Santa Cruz Islands.

182. **More than one Tripoli.**— There are three Tripolis in countries bordering on the Mediterranean, namely, one in Syria, one in Greece and one in Northern Africa. In the case of an article for either of the three the name of the country should be stated in the address, and in case of an article intended for Tripoli in Northern Africa its destination should be stated as "Tripoli-in-Barbary," North Africa.

183. **Kuala Kemaman.**— A post office has been established at Kuala Kemaman, in the State of Trengganu, one of the Malay States. Registered correspondence may be accepted for all localities in the State of Trengganu, but such correspondence is distributable only at the post offices of Kuala Trengganu and Kuala Kemaman.

GENERAL FOREIGN SEPARATING SCHEME.

MAIL FOR COUNTRIES OR PLACES NOT LISTED IN THIS SCHEME SHOULD BE SENT TO THE EXCHANGE POST OFFICE AT NEW YORK, N. Y.

NOTES.— Foreign mail should be placed in packages labeled as follows:

N. Y.— New York — Foreign; N. O.— New Orleans — Foreign; Boston — Boston — Foreign; T. P.— Transpacific — Foreign; S. F.— San Francisco — Foreign; and so on.

***Special instructions.*— Mails for Canada, Canal Zone, Cuba, and Mexico should be dispatched according to special instructions issued to cover designated post offices or those in a particular State.

Separate packages.— Whenever the letters and post cards for a country amount to five or more, or other articles to 25 or more, they should be tied up separately, and the "New York — Foreign" facing slip changed to read "New York Foreign — Sweden," or France, etc., as the case may be.

Naval mails.— Letters for United States Naval vessels addressed "Care Postmaster, New York, N. Y.," will not be dispatched under a New York "City" label. Such letters for the United States Naval Vessels, United States Naval Bases, United States Naval Air Stations, and United States Marine Corps organizations addressed Care of Postmaster, New York, N. Y., will be dispatched in separate packages labeled "New York, N. Y., Naval Mail." When the volume of the mail warrants such action, the letter packages should be included in separate pouches labeled New York, N. Y., Foreign Station Annex, otherwise they should be treated the same as New York, N. Y., (GPO) Dis letter packages. Papers, parcels and parcel-post packages should be included in separate sacks labeled New York, N. Y., Naval Mail.

International parcel-post packages.— These should not be dispatched in accordance with this scheme, but should be dispatched as indicated in the table on pages 154 to 157. When there are five or more to be sent in one dispatch the packages should be placed in a separate sack.

Commercial papers.— In dispatching packages of "commercial papers" post offices and railway post offices must inclose them in the pouches containing letters.

NEW YORK "BUREAU SEPARATION" OF NEWSPAPER (PRINTS) MAIL.

In post offices and railway post offices, where the space available for newspaper racks is limited, or if the quantity of newspapers (prints) addressed to foreign countries is too small to warrant the assorting of them into separate sacks for each country, request should be made on the appropriate Division Superintendent, Railway Mail Service, for authority to assort newspapers (prints) for foreign countries, which are dispatched through the New York exchange post office, in accordance with the Bureau system of newspaper distribution as followed at the New York post office.

Under this system there is assigned a group of foreign countries to a so-called "Bureau" division: for instance, newspapers (prints) for England, Ireland, Scotland and Wales, are assembled in one separation, known as the Bureau No. 1 Division.

In post offices and railway post offices, economy in space may be secured by having one newspaper sack for Bureau No. 1; another sack for Bureau No. 2; and so on, with a consequent reduction of the number of sacks required, as compared with the number of sacks to be used if there were a separate one for each country.

When authority is granted to make a Bureau separation, printed copies of the Bureau Scheme of Distribution will be furnished.

NAVY MAILS.

For list of United States naval vessels, naval bases and stations, hospitals, camps, and naval air stations, see Section No. 20, pages 9, 10 and 11 of the June, 1920, Postal Guide.

*Heavy official mail, both registered and ordinary, addressed to Hawaii, Guam and the Philippine Islands shall be forwarded to San Francisco, Cal., for dispatch from that office by United States transports or other vessels sailing direct to Honolulu, Guam and Manila, preference being given the United States transports. It has been arranged with the Executive Departments at Washington that in any instance where there may be special reason for the expeditious transmission of a particular dispatch, the mail will bear a notice in a conspicuous manner requesting dispatch to be made so as to secure earliest arrival at destination. In such special cases the dispatch shall be made via the quickest available route.

† Postmasters at offices making up direct sacks of foreign mail labeled "San Francisco—Foreign" or "Seattle—Foreign" shall include therein all insured mail addressed to post offices in the Philippine Islands. Insured mail addressed to these islands must not be dispatched in direct sacks to Manila, P. I. Postmasters at offices not authorized to make up direct sacks of foreign mail should dispatch such insured mail in the regular manner.

NOTE. — Mails for West Coast of South America.

Postmasters at post offices in the Sixth, Eighth, Eleventh, Twelfth, Thirteenth and Fourteenth Divisions of the Railway Mail Service must send all articles for the west coast of South America via New Orleans. The countries concerned are Bolivia, Chile, Colombia (Provinces of Cauca and Narino only), Ecuador, and Peru.

Postmasters in other Divisions of the Railway Mail Service will dispatch articles for the west coast of South America via New York, except when they can be expedited by dispatch via New Orleans.

Mails for Central America.

Postmasters in the Eleventh, Twelfth and Fourteenth Divisions of the Railway Mail Service must send all articles for Central America via New Orleans.

Postmasters in the Sixth, Eight and Thirteenth Divisions of the Railway Mail Service will send all such articles via New Orleans (whenever they cannot be expedited via San Francisco), except prints and parcel post packages for Amapala, Choluteca, Nacaome, and Tegucigalpa, Republic of Honduras, and like articles for the Republic of Salvador, which should be dispatched via San Francisco, unless specially addressed otherwise.

Postmasters in all other Divisions of the Railway Mail Service must send such articles via New York and via New Orleans when they can thereby be expedited.

In Central America the countries concerned are the Republic of Panama and west coast ports of Costa Rica, Guatemala, Honduras, Nicaragua and El Salvador.

FOREIGN MAILS.

INTERNATIONAL (FOREIGN) PARCEL POST.

COUNTRIES TO WHICH PACKAGES MAY BE SENT; MAXIMUM DIMENSIONS; WEIGHTS; AND RATES OF POSTAGE AND TRANSIT CHARGES APPLICABLE TO PACKAGES, AND EXCHANGE POST OFFICES WHICH DESPATCH PARCEL-POST MAILS.

I. Names of countries shown in list below.

II. Allowable dimensions: greatest length, 3½ feet; greatest length and girth combined, 6 feet. For exceptions, see items Argentina and China.

III. Limit of weight is shown in the list below, after the name of each country, colony or place.

IV. The postage rate for all countries, colonies and places is 12 cents a pound or fraction of a pound, but in addition there are, in many cases, transit rates to be paid by postage stamps affixed and the amount required in each case can be ascertained by reference to the table on pages 158 and 159. Postage and transit charges must be paid by postage stamps affixed.

V. Indemnity: Under the conventions with Chile, Mexico and El Salvador, the sender of a registered parcel-post package is entitled, in case of loss, damage, or rifling, to an indemnity equal to the amount of the actual loss incurred, but not exceeding the equivalent of 50 francs, that is, approximately $9.65.

VI. Prohibitions: Parcels for foreign countries cannot be insured nor sent C. O. D. For prohibitions and observations applicable to the service for each country, see list commencing on page 159. Also see Section 187 on pages 184 and 185.

VII. Suspension: Parcel-post service to Hungary was suspended by reason of the war.

184. **List of foreign countries, colonies and possessions.**— International parcel-post service is maintained by direct or indirect service, that is, packages are either dispatched from the United States by steamships landing parcel-post mails at a port in the country of destination or are dispatched from the United States to some intermediate country for onward dispatch from that intermediate country to the place of destination.

186. Special prohibitions, observations and exceptions, in addition to those mentioned in Section No. 187 on pages 184 and 185.

ABYSSINIA.

Observations.— The service extends to Adis-Ababa, Dire-Dawa, and Harrar only. Parcels are liable to a charge for delivery. All parcels must be very strongly packed, and those of which the contents are liable to be affected by damp should be inclosed in two separate waterproof covers.

Celluloid, and articles composed wholly or partly of celluloid, must be well packed in strong wooden boxes, and a white label bearing the word "Celluloid" in plain black letters should be affixed to the parcel and to the customs declaration.

Prohibitions.— Articles of gold or silver and other precious articles; coin; arms, except with the authority of the Abyssinian Government; tobacco in any form, except in parcels addressed to the "Régie coïntéressée des tabacs de l'Empire éthiopien," or to members of the Diplomatic Corps.

ADEN (INCLUDING PERIM).

Observations.— No compensation is given for the damage of soapstone and alabaster models, collections of butterflies, moths and other exceptionally fragile articles.

Prohibitions.— Letters (except one for the addressee); arms of all kinds (except for the Government); cotton, silk, or other woven goods, impressed with designs in imitation of currency notes, promissory notes, or stock notes of the Government of India.

AFGHANISTAN (KABUL).

Observations.— There is not a through service. Parcels must be sent by private arrangement to be posted at the Afghan post office at Peshawar; and, so far as the post office is concerned, are parcels for Peshawar, to which the conditions for India apply. See India.

ALGERIA.

Observations.— Every package of plums, preserved vegetables, or sardines must bear the name of the country of origin in raised or sunken letters. The cover of the parcel must also bear the name. Parcels are liable to a charge for delivery.

BRAZIL.

Observations.— The parcel-post service to Brazil is strictly limited to the cities of Curityba, Rio de Janeiro (including Petropolis), Sao Paulo, Bello Horizonte, Bahia, Manaos, Pernambuco (Recife), and Para (Belem).

Parcels addressed to other destinations in Brazil can only be delivered if arrangements have been made by the addressee for their transmission from one of the seven above mentioned offices to the office of destination; and the United States Post Office Department can only accept parcels for delivery beyond said Brazil offices of Curityba, Rio de Janeiro, Sao Paulo, Bello Horizonte, Bahia, Pernambuco (Recife) and Para (Belem) at the sender's risk. Such parcels must be endorsed, by the senders, on the address side: "Sender's Risk" or "Delivery Arranged." Parcels addressed "Poste Restante" are unmailable.

The parcel-post convention with Brazil provides as an exceptional measure that fatty substances, liquids and those which easily liquefy may be included in parcels exchanged under the convention, but *only* when packed so as to thoroughly protect other articles from damage in case of accident.

Packages containing prospectuses and advertisement bills, e. g., engravings, printed books, periodical publications, reviews, geographic maps, bound music, sent separately or in pamphlet form, are subject to an entry duty of 150 reis (5 cents) if the amount shipped weighs more than 2 kilograms (4.4 lbs.) in weight per addressee.

In the preparation of customs declarations senders will place in first column of each declaration, under the heading "Description of Parcel," the gross weight of the entire parcel. This information is desired by the Brazilian authorities in order to determine by a second weighing whether any of the contents of the package have been abstracted since the time of its mailing.

Prohibitions.—Articles of gold or silver, precious stones, jewelry or other precious objects.

BRITISH CENTRAL AFRICA (NYASALAND PROTECTORATE).

CHINA.

Observations.— Packages for steam-served places in China will be accepted up to a weight limit of 22 pounds, with dimensions 84 inches in length and girth combined.

Packages will be accepted for Chinese post offices situated north of Moukden, including Harbin (Manchuria), and for post offices in the provinces of Yunnan transmitted, by the way of Hongkong and Indo-China, through the Chinese postal service, each package regardless of weight, being subject to a delivery charge of 50 cents, Chinese currency, to be collected from the addressee. This fee is to be paid to meet the extra transportation charges paid by China to the South Manchuria (Japanese) Railway and to the Chinese Eastern (Russian) Railway.

Dairen, Pulantien, Newchiatun, Pitzuwo, Liushutun and Port Arthur, Manchuria, are not served by Chinese postal establishments. Parcels for Antung, Changchun, Tashihkiao, Wafangtien, Kaiping, Penki, Fenghwangcheng, Haicheng, Kungchuling, Liaoyang, Szepingkai, Changtu, Tiehling and Hiungyao may be accepted, subject to the collection of a fixed fee of fifty cents Chinese currency per parcel from the addressees, as in the case of parcels for Harbin and Yunnan. The reason is that these places can only be reached through the medium of a foreign railway, the South Manchuria Railway. Parcels for Fushun, Tatungkow, Kaiyuan, Lienshankwan, Tsienkinchai, Tsaohokow, Sukiatunkai, Takushan and Taluyentai may be accepted subject to the collection at destination of the Chinese domestic parcel postage, the places above mentioned being non-steam served. Parcels for Moukden, Chinchow, Sinmin, Chefoo (Yentai), Tsinan and Weihsien may be accepted under the ordinary rates and conditions pertaining to steam-served places. Parcels for Tsingtau, Shantung, are not handled by the Chinese Post Office.

The Chinese postal service will collect a demurrage fee of 5 cents (Chinese currency) on each parcel for each day the parcel is left in the post office after the expiration of 21 days, counting from the delivery to the addressee of notice of arrival.

Liquids, greases, powders, and dyes in powder form, in lead-sealed metal containers, properly boxed and wrapped so as to afford the utmost protection to the accompanying mail matter, are admissible.

GABON.

See Middle (French) Congo.

Two copies of the special declaration (Form No. 2967), showing in addition to the usual entries the gross weight of the package, the net weight of the contents, the name and full address of the addressee, and whether or not the merchandise is intended for use in connection with supplies or industries for the French Government, together with one copy of the regular customs declaration (Form No. 2966), must be attached to each package.

GAMBIA.

Prohibitions.— Letters (except one for the addressee).

GERMANY.

Observations.—The importation of merchandise, except newspapers, periodicals, books, samples, and foodstuffs, is permitted only under licenses issued by the Imperial Commissioner of Exportation and Importation, No. 6–8, Lutzowufer Street, Berlin, W 10.

Therefore, merchandise other than the articles mentioned, will not be accepted without a license and senders should be requested to apply to the Imperial Commissioner in Berlin when it is desired to mail other merchandise to Germany, in order to obtain from him the necessary permission to make the importation. See note relative to gifts sent in packages.

Samples and foodstuffs may be imported without license, as follows:

Up to a weight limit of 12 ounces, samples (sample cards of merchandise), without value, intended for use in procuring orders for goods, except samples of food and table luxuries, but including samples of coffee, cocoa, sugar, raw tobacco, and dried fruits up to a weight limit of 11 pounds, foodstuffs destined for the personal use of the importer, except that no package shall contain more than 2 pounds each of the following articles:

Margarine	Coffee
Fats (lard)	Tea
Bakers' articles (biscuits, crackers, etc.)	Cocoa
Macaroni	Chocolate

Sweetmeats (confectionery), and other articles coming under tariff duty No. 202.

Each package may contain soap, candles, and starch, not to exceed a total weight of 5 pounds.

The following articles are absolutely prohibited:

Butter	Vanilla
Meats and meat articles	Caviar
Bacon	Caviar substitutes
Flour	Caviar pickle
Sugar	Crabs
Pineapples	Lobsters
Ginger	Oysters

NOTE.— Packages containing articles for the personal use of the addressees in Germany and sent as gifts must be marked "Gift Packages," both on the wrappers of the packages and in the customs declarations employed in order to assist the German authorities in determining what merchandise and foodstuffs may be imported without German import licenses. "Gift Packages" are not subject to any German import licenses and have been recently also exempted from all customs duties in Germany. In submitting the request regarding "Gift Packages" to this office the Berlin office wrote respecting the restrictions imposed heretofore as follows:

"It is a different matter with other parcel-post packages with foodstuffs which, to be sure, are also intended for the personal use of the receiver, but have, however, *been ordered* by him, and therefore are being furnished upon *payment*. These foodstuffs parcels up to the weight of 11 pounds can only then be imported without import permit if they do not contain any butter, meat and meat products, bacon, flour, sugar, pineapple, ginger, vanilla, caviar, caviar substitutes, crawfish, lobsters and oysters; further if they contain only up to 2 pounds each, oleomargarine, lard, pastry, dough products, candy (including similar products), coffee, tea, and products of the chocolate industry, and, if they contain up to the total weight of 5 pounds, soap, candles, and

starch. Therefore, the merchandise limited by these weights are free for import within this limitation, although, on account of the conditions under which they are obtained, they represent commodities of trade in the real sense. The same applies to other foodstuffs not expressly mentioned above. Therefore, these stipulations make it possible for every private person who has no friends or relations abroad to send him parcels in the form of gifts to also procure from business houses there 11-pound parcels upon payment. As far as the payment of the customs duty is concerned, there is naturally no occasion for exempting this kind of merchandise from the payment of customs fees. But, however, this may hardly be taken into consideration because foodstuffs proper are almost generally free from customs duty."

GIBRALTAR.

Prohibitions.—Firearms and parts thereof, except by permission.

GILBERT AND ELLICE ISLANDS.

Observations.—No compensation is paid in respect of loss or damage of parcels or their contents.

Prohibitions.—Same as Australia.

GOLD COAST COLONY.

Prohibitions.—Letters (except one for addressee); firearms (including empty cartridge cases), machines for making or filling cartridges.

GREAT BRITAIN AND IRELAND.

Cheque books.

Advertisements issued by or on behalf of persons offering to tell fortunes. Advertisements relating to the treatment of venereal disease or to any preparation for its prevention, cure or relief.

Books, paintings, etc., which are copyrighted in the United Kingdom.

Coins, coined in a foreign country, other than gold or silver.

Coins, false or counterfeit, unless clearly a work of art.

Silver coin of the realm not of the established standard in weight or fineness.

Extracts, essences, or other concentrations of coffee, chicory, tea or tobacco, or any admixture of the same except in transit.

Articles having thereon or on the cover thereof any words, letters, or marks (used without due authority) which signify, or imply, or may reasonably lead the recipient thereof to believe that they are sent on His Majesty's Service.

Articles having thereon or on the cover thereof any words, marks or designs of a character likely, in the Postmaster General's opinion, to embarrass the officers of the Post Office in dealing with the articles in the post.

Articles of foreign manufacture bearing false trade descriptions.

Articles bearing or having affixed to them any stamps, name, writing or any other device implying or tending to imply any sanction or guarantee by a British Government Department.

Clocks and watches or any other articles of metal impressed with any mark or stamp representing, or in imitation of, any legal British assay—mark or stamp, or purporting by any mark or appearance to be of the manufacture of the United Kingdom.

Fictitious postage stamps, and any die, plate, instrument or materials for making any such stamps.

Cards ornamented with powdered mica, glass or other similar substances, unless enclosed in envelopes. (Cards sent in open envelopes are admitted as printed matter.)

Saccharine, mixtures containing saccharine and other substances of similar nature or use. Any packets containing such substances will be handed over to the customs authorities and the persons concerned in importing them will be liable to heavy pecuniary penalties.

Liquids or substances for analysis or medical examinations.

Pathological specimens.

Butter must be enclosed in hermetically sealed tins.

Snuff work (that is, preparations of tobacco or snuff or imitations of them made up in any way, as into cakes, tablets or fancy articles).

Tobacco stalks whether manufactured or not.

Tobacco stalk flour.

Tobacco sweetened (whether manufactured or unmanufactured) or cigarettes sweetened or made with sweetened paper, except as otherwise specially provided in any Acts relating to the customs.

Cut tobacco so compressed as to have been rendered unfit for immediate smoking until it has been restored by steaming or some other process.

Cavendish or Negrohead tobacco containing leaves of trees or plants other than the tobacco plant.

Manufactured tobacco other than Cavendish or Negrohead containing any prohibited ingredient.

Infected cattle, sheep or other animals, or the carcasses thereof, the hides, skins, horns, hoofs or any other part of cattle or other animals which may be prohibited in order to prevent the dissemination of any contagious distemper.

Goods made in foreign prisons except goods in transit, or not imported for purposes of trade, or of a description not manufactured in the United Kingdom.

Living animals except bees in properly constructed boxes.

Bullion exceeding £5 in value, coins exceeding £5 in value unless accompanied by a declaration that they are intended for ornament.

Rags, bedding and disused and filthy clothing.

Gooseberry and currant bushes, and the seedlings, cuttings or other parts of them (except the fruit).

Carbon papers for typewriting machines are admitted, provided the sender certifies the contents on the customs declaration in the following terms:

"Typewriting carbon paper, coated with wax and containing no oxidisable, oily or fatty substances." The transmission of other kinds of carbon paper is prohibited.

Observations.— Tobacco, cigars and cigarettes may be imported into Great Britain by parcel post. Consequently, parcels containing such merchandise intended for soldiers with the British Army in the field — which should be addressed care of the British Expeditionary Forces at London, and are included in the mails made up at New York for England — should be accepted for mailing by postmasters, subject to the rates and conditions applicable to parcels for Great Britain.

A fee of two pence is imposed on each parcel-post package received from abroad, which fee will be collected from the addressee, except with respect to packages upon which no British customs duty is payable.

Particulars on customs declarations must be full and precise in all details, and in case of packages containing articles of different kinds, the exact quantity of each kind of article must be stated.

The London office has given notice that, except under license, the articles hereafter mentioned are prohibited transmission in the regular and parcel-post mails to the United Kingdom:

(1) All derivatives of coal tar generally known as intermediate products capable of being used or adapted for use as dyestuffs or of being modified or further manufactured into dyestuffs.

All direct cotton colors, all union colors, all acid colors, all chrome and mordant colors, all alizarine colors, all vat colors (including synthetic indigo), all oils, spirits, and wax color dyes, stains, color acids, color lakes, leuco acids, leuco bases, whether in paste, powder, solution, or any other form.

(2) (i) Synthetic drugs (including antiseptics).

(ii) Synthetic perfumes and flavoring, synthetic photographic chemicals, synthetic tannins, esters and acid derivatives of aromatic hydrocarbons, alkaloids and their salts (except quinine), and the following organic chemicals: Acetamide, acetic acid, acetic anhydride, ancetyl chloride, camphor bromide, cinnamic acid and its salts, ethylene bromide, formamide, formic acid and its salts, gallic acid, lactic acid and its salts, nuclein, paraldehyde, pyrogallic acid, saccharine or other substances of like nature or use; salicin thymol.

Parcels addressed for delivery at places not included in the above list can not be accepted unless the sender indicates exactly, on the address of the parcel as well as on the customs declaration accompanying it, the parcel-post office where the parcel is to be held for delivery. The addressee will be notified, by the receiving office, of the arrival of the parcel, of which he must take delivery in person or cause delivery of the same to be taken by a third party. Accordingly, parcels addressed for delivery at places not included in the list can be transported only as far as the Greek parcel-post office indicated by the sender.

GREENLAND.

(See Denmark.)

GUADELOUPE.

Dutiable articles; pieces of money; the value of articles of gold or silver or precious articles inserted in registered articles cannot be superior to the amount of the indemnity granted in the case of the loss of the articles.

GUATEMALA.

Prohibitions.—Equipments for the manufacture of money; Evans, Winchester and Remington repeating firearms, as well as those used by the army of Guatemala; false coin; whistles used by the police of Guatemala; ink.

HAITI.

No list of prohibited articles furnished.

HONDURAS (BRITISH).

Prohibitions.—Bullion; coins, unless intended for ornament; tobacco packed with other merchandise; tobacco sweetened with the leaves of plants other than tobacco; saccharine and similar products, and products containing the same.

HONDURAS (REPUBLIC OF).

Prohibitions.— Firearms, or parts thereof.

HONG KONG (including KOWLOON).

Observations.— Liquids, greases, powders, and dyes in powder form, in lead-sealed metal containers, properly boxed and wrapped so as to afford the utmost protection to the accompanying mail matter, are admissible.

Prohibitions.— Firearms, except on production by the addressee of a special permit. Specie and bullion.

ICELAND.

Prohibitions.— Old clothes, used linen, used bed clothing, used padding, wool hair, paper refuse, hair and untanned leather.

INDO-CHINA (ANNAM, CAMBODIA, COCHIN-CHINA, LAOS, AND TONKIN).

Prohibitions.— Same as France (except that compounded medicines for the use of Asiatics, tobacco, and playing cards are admitted). In addition the leaves and flowers of Indian hemp (*cannabis indica*) and silver money. As regards celluloid, see Civil territory of Upper Senegal and Niger.

One copy of the special declaration (Form No. 2967), showing in addition to the usual entries the gross weight of the package, the net weight of the contents, the name and full address of the addressee, and whether or not the merchandise is intended for use in connection with supplies or industries for the French Government, together with one copy of the regular Customs Declaration (Form No. 2966), must be attached to each package.

ITALY.

Including the Republic of San Marino, Italian Somaliland (Benadir), Erithrea, Libya (Tripolitania and Cyrenaica), Southern Tyrol, Trentino, Istria (including Trieste), certain places in Dalmatia and the islands of Casos (Kasos or Kasut), Cos (Kos, Stanco, Istankoi, or Stankoui), Kalymnos (Calymnos), Karki (Charki), Leros, Lypsos (Lipsos), Nisiros (Nisyros), Patmos (Patinos or Patnos), Piscopi (Iliaki, Tilos or Episkopi), Rhodes (Redos, Rhodos or Rados), Scarpanto (Kerpe, Carpathos or Karpathos), Stampalios (Astypalaa or Stampilia), Symi (Symbeki or Sumbegi) in the Ægean Sea. (In the Italian zone of Albania, only the office of Valona is authorized to operate the parcel-post service, and, consequently, dutiable merchandise cannot be sent through the mails to any other office in that zone.)

Observations.— Parcels are accepted for mailing, even though sealed and closed against inspection, provided they conform to other conditions prescribed.

A charge of 10 per cent of the value (price) given in the invoices will be charged on certain goods hereafter mentioned, when received through the parcel-post mails. As these goods will only be delivered when accompanied with invoices, it is necessary that each parcel have contained therein an invoice fully describing the goods and indicating their value.

The goods subject to the ad valorem charge are as follows:

(*a*) Cloths of pure or mixed silk, whatever may be the proportions of the mixture, with the exclusion of bolting (flour-sifting) cloths.

(*b*) Knit pieces and velvets of pure or mixed silk, whatever proportions of mixture.

(*c*) Laces of all kinds, chemicals or aerial embroideries, nets, crêpes, of pure or mixed silk, whatever the proportions of the mixture.

(*d*) Laces (galloons), ribbons, braids, fringes, and other lace ornaments, of pure or mixed silk, whatever the proportions of the mixture.

(*e*) Laces of all kinds, chemical or aerial embroideries, fashioned or embroidered nets, and embroidery bands, of cotton, linen, and wool.

(*f*) Stockings and socks of pure or mixed silk, whatever be the proportions of mixture.

(*g*) Gloves of pure or mixed silk, gloves of cotton, linen, wool, and skin gloves.

The charge applies to the products containing silk properly so called, as well as to those containing silk floss or artificial silk. No charge is imposed, however, on cloths having silk threads only in the edge.

Prohibitions.— Living animals, except leeches and bees. Plants and vegetables prohibited by or failing to fulfill the conditions specified in the Phylloxera Convention of Berne, fresh grapes, live plants of every nature and parts thereof, except upon permit of the government; pharmaceutical products that are not in the official pharmacopoeia and the component parts of which are not indicated (except remedies admitted by the Council of Health); saccharine and its products, unless addressed to duly authorized pharmacists; articles of food that are injurious to health; arms or parts thereof except by permission of the competent authority of the place of destination; the post offices of the frontier notify the addressees of these articles and that they have to procure and produce a permit. Hog's meat and lard, unless accompanied by a sanitary and origin certificate issued by a competent authority and viséed by the Italian Consul; the meat of the horse, ass, mule, dog, cat; the meat of ruminants from countries where the cattle plague exists; playing cards intended for the Republic of San Marino; salt; raw tobacco; manufactured tobacco, except by permit of the government; metrical instruments that do not conform to the Italian system of weight and measurement; foods addressed to pupils of military schools. Clothing and food for those in prisons, etc., except cakes, candies and fruits, for house of correction inmates.

The following named articles are prohibited importation into Italy by parcel-post, except by special permit previously obtained from the Minister of Finance:

Mineral waters and sweetened or aromatized spirits, preserves and biscuits, manufactured tobacco, fatty acids, perfumes, linen laces or nets, cotton or wool laces or nets, woolen carpets, wool stuffing, raw cork, frames, wall paper, illustrated post cards, prints, lithograph, labels, leather gloves, valises, tan fur skin and articles made thereof, manufactured gold or silver, jewelry, precious stones, coal tar, nonmetallic stones, soil and minerals (except Amianthus, Kaolin, mineral phosphates, marl for cement, sand for glass foundries, refractory earth, criolite, bauxite and carborundum), baked earth, crockery, porcelain (excepting articles for industrial use), glass and crystal plates (except those prepared for photography), mirrors, articles of glass, of crystals, and ordinary bottles, fresh flowers, dates, articles of ivory, amber, mother of pearl or shell, toys, ornamental feathers, false jewelery, fans, musical instruments, ladies' trimmed hats, artificial flowers and their accessories.

Except by previous authorization of the Ministry of Finance, vanilla, fans, fine haberdashery, manufactured hair, gloves, gold watches, engravings, peltry articles, bonbons and pastry.

Except imported on account of the Government. Olive oil, benzol, and toluol, cotton waste, vegetable and animal grease, picric acid, caustic soda, carbonate of soda and other carbonates, nitrate of soda and of potash, nitrate of ammonia, glycerine, acetate of lime and acetone, naphthaline, hydrophyle cotton, wool, iron in bars, steel ingots and brass bars (except iron, brass and steel waste), rolled iron and steel, iron, steel and brass castings, and articles made also in nickle, tin, lead, copper, antimony, zinc, aluminum, and their alloys, jute, skins and tobacco. Foodstuffs will be accepted when transmitted by parcel-post in packages not exceeding 11 pounds each, when the packages are mailed by private persons to their relatives in Italy, provided the packages to each addressee do not exceed 100 pounds altogether.

IVORY COAST.

Observations.— Parcels for Grand Bassam and Tabou are delivered free; but parcels for all other places are liable to a charge for delivery.

One copy of the special declaration (Form No. 2967), showing in addition to the usual entries the gross weight of the package, the net weight of the contents, the name and full address of the addressee, and whether or not the merchandise is intended for use in connection with supplies or industries for the French Government, together with one copy of the regular customs declaration (Form No. 2966), must be attached to each package.

Prohibitions.—Arms can only be imported by special permission of the local authorities. The same restrictions apply to plums, sardines, etc., as in the case of Ecuador. As regards celluloid, see Civil territory of Upper Senegal and Niger.

JAMAICA, including CAYMAN ISLANDS.

Observations.—The Jamaica postal administration has given notice that parcel-post packages are frequently received from the United States with incorrect declarations of the contents, request being made that the customs declarations attached to parcels in future be more carefully prepared and more correctly describe the contents of the individual packages.

Prohibitions.— Base or counterfeit coin. It is declared that the customs declarations take the place of certified invoices in all parcel-post transactions and they should therefore accurately describe contents and state their exact and correct value. It is also pointed out that overvaluation involves expense and inconvenience to the addressees while undervaluation leads to confiscation of the parcel and its contents.

JAPAN, including FORMOSA, KARAFUTO (JAPANESE SAGHALIN) AND KOREA (CHOSEN).

Observations.—The importation of the following is subject to the conditions prescribed by the Act of October, 1914, for the supervision of the exportation and importation of plants, and the regulations of October, 1914: Potatoes, orange fruits, underground stalks and roots intended for reproduction, plants and parts thereof intended for planting or culture; disease microbes and insects that are noxious to plants.

Japan (excepting Korea).— Firearms, except such as may be imported by the commission of the Governmental authorities or imported by the persons dealing in such articles or by virtue of a special permission granted by the Governmental authorities; one yen silver coins; foreign silver coins; foreign subsidiary coins and silver ingots. This prohibition is applicable to silver coins exceeding 100 yen in value; foreign subsidiary coins exceeding 3 yen in value and silver ingots; coin; paper money or any negotiable instruments which are counterfeit, altered or imitations; zinc and myrbance, except such as may be imported by creditable traders for the purpose of medical treatment or industrial use; salt, except imported by or through the Government. This prohibition is not applicable to Kurafuto (Japanese Saghalin); tobacco, except imported by or through the Government and manufactured tobacco the use of which has become indispensable through habit or is indispensable for the preservation of health, imported by virtue of permission granted by the Government for personal use; articles which infringe patent, copyright or trademark rights.

(Korea).— Firearms, except imported by the Government of Korea, or may be considered by the customs as necessary for self-defense; perforated copper coins; weights and measures, except by permission of the Government; articles which infringe patent, copyright or trademark rights;

articles injurious to animals or plants, designated by order of the Government of Korea; fruit trees, except by permit.

(Japanese Offices in China).— Coin (Chinese copper) firearms under regulations of the Government; swords; sword sticks and secret swords; except under government regulations; sabres, except under regulations of the Government; salt, except table salt; certain publications.

A demurrage charge of 5 sen (2½ cents United States currency) is levied upon parcel-post packages, on which customs duties or inland taxes are imposed, for each day the packages are held at the post offices after the expiration of a stipulated period of twenty days from the date notice of arrival of the parcels is sent to the addressees.

Liquids, greases, powders, and dyes in powder form, in lead-sealed containers, properly boxed and wrapped so as to afford the utmost protection to the accompanying mail matter, are admissible.

LABRADOR.

(Same as Newfoundland.)

LABUAN.

(Same as Strait Settlements.)

LEEWARD ISLANDS (ANTIGUA WITH BARBUDA AND REDONDA, ST. KITTS OR ST. CHRISTOPHER, NEVIS WITH ANGUILLA, DOMINICA, MONTSERRAT AND THE VIRGIN ISLANDS, BRITISH).

Prohibitions.— Goods bearing any name or trademark of any manufacturer, dealer or trader in the United Kingdom or any British possession, unless such name or trademark is accompanied by a definite indication of the country in which the goods were made or purchased.

LIBERIA.

Prohibitions.— Liquids, unless properly packed so that they will not, in any way, damage the mail.

LITHUANIA.

Liquids and oils, pastes, salves, or other articles easily liquefiable are admissible, provided they are packed in accordance with the regulations governing the transmission of such articles in the domestic mails of the United States.

LUXEMBOURG.

Crude celluloid should be packed in solid wooden boxes. Articles made wholly or partly of celluloid should be packed in strong cardboard. All parcels containing celluloid should be marked "Celluloid"; sweetening products or provisions or drinks mixed with these products (by sweetening products is understood all artificial sweetening substances, possessing a sweetening power superior to that of cane sugar or of refined beet sugar, but without the nutritive qualities); meats (except game) are prohibited except under certain conditions, (there being no prohibition against ham and lard when properly packed); plants or cuttings of vines coming from phylloxera zones. Grubbed-up vines, vine stocks; leaves of the vine and dry vine twigs of all sources, manures, vegetable molds, vine-sticks and props having already been used, unless their entry may be permitted by a special arrangement, conformable to article 4 of the Phylloxera Convention of Berne; fruits and the refuse of same and their packing where the presence of San Jose scale is shown; living plants and refuse; also the casks, boxes, or other objects used for packing; saccharine.

MACAO.

Prohibitions.— Firearms, and parts of arms.

MADAGASCAR AND DEPENDENCIES (MADAGASCAR, STE. MARIE-DE-MADAGASCAR, NOSSI-BE, COMORO ISLANDS, MAYOTTE, GRAND COMORO, NJOUAN, AND MOHELI).

Observations. —Parcels are accepted for all places in Madagascar.

The international service only extends to the undermentioned ports, viz, Ambohibe, Analalava, Anjouan, Diego-Suarez, Farafangana, Fort Dauphin, Grand Comoro, Mahanoro, Maintirano, Majunga, Mananjary, Maroantsetra, Mayotte, Moheli, Morondava, Nossi-Be, Sainte-Marie, Tamatave, Tulear, Vatomandry, and Vohemar. Beyond these places conveyance is subject to the internal regulations of the Colony, and is at the expense of the addressees.

Observations.— The service extends to Anecho, Atakpame, Sausanne — Manjo, and Sokode.

Prohibitions.— Same as Dahomey.

TRENTINO AND TRIESTE.

Same as Italy.

TRINIDAD (INCLUDING TOBAGO).

Prohibitions.— "Rough-on-Rats"; base and counterfeit coin; oilcloths and the like; carbon paper containing free carbon or oiled paper.

TONGA (FRIENDLY ISLANDS).

See New Zealand.

TUNIS.

Observations.— Two copies of the special declaration (Form No. 2967), showing in addition to the usual entries the gross weight of the package, the net weight of the contents, the name and full address of the addressee, and whether or not the merchandise is intended for use in connection with supplies or industries for the French Government, together with one copy of the regular Customs Declaration (Form No. 2966), must be attached to each package.

Prohibitions.— Arms; vines and parts of the vine, vine sticks, etc.; fresh truffles; vegetable composts and manures and generally all plants, etc., prohibited by phylloxera law; saccharine and products containing saccharine (except in trifling quantities in remedies imported by doctors or druggists); salt; playing cards; hashish, kif, chira, and takrouri.

TURKEY.

Observations.— Only parcels for civilians at Constantinople and suburbs and at Smyrna can be accepted under the parcel-post service to Turkey. The parcels should bear the full postal address of the addressee; but they must be called for at the British post office.

Prohibitions.— Salt, tobacco.

TURKS ISLANDS (INCLUDING CAICOS ISLANDS).

Prohibitions.— Firearms, except by special permission.

UGANDA.

See British East Africa and Uganda.

UNION OF SOUTH AFRICA (CAPE COLONY, NATAL, ORANGE FREE STATE, AND THE TRANSVAAL; SWAZILAND AND BASUTOLAND).

Observations.— The value shown on the customs declarations attached to a parcel-post package must be the current value of the finished articles in the open market at the time of dispatch, and in case of undervaluation the package is liable to confiscation.

Prohibitions.— Specie, bullion, gold dust, nuggets, eucalyptus, acacia and coniferous plants, peach stones, precious stones whether loose or set in articles of jewelry, bees, honey, old appliances, etc., for beekeeping, Eau de Cologne (Basutoland only).

Importers of firearms (except shot guns, rook rifles, and revolvers) must present a permit from the Government of the Union of South Africa.

All plants, fruits, tubers, bulbs, etc., are liable to inspection and precautionary fumigation at the expense of the addressees, and to destruction if pest or disease is found. Importers of plants, of cotton seed, beeswax, or foundation comb, must present special permits from the proper South African authorities. In the case of plants, permits are not generally issued for kinds procurable in the Union of South Africa. Potatoes are admitted only when accompanied by a sworn declaration of origin and a prescribed Government certification.

URUGUAY.

Observations.—A fee is collected on parcels containing merchandise of one peso per parcel when the customs duties exceed two pesos and a fee of 20 cents if the duties are under two pesos, no fee being exacted if the merchandise is admitted free of duty. Dental gold may be accepted in packages for dispatch by parcel post to Uruguay. If dental gold is transmitted in the regular mails to Uruguay, it is subject to confiscation; and returned to origin from that country if it reaches there as an inclosure in printed matter, or marked as a sample of merchandise.

Prohibitions.— Gold and silver coin, except ancient money intended for collectors, not exceeding 10 pieces in any one parcel; vines and parts thereof; other living fruit plants, flower plants, ornamental plants and parts thereof, unless accompanied by a certificate of grower, duly signed by competent authorities and viséed by the Consul of Uruguay to the effect that there have been no vines on his property for five years.

NOTE.— Parcel-post packages are accepted for any place in Uruguay, but parcels destined for places, other than those mentioned below, will not be sent to the place named in the address, but will be sent to the nearest parcel-post office, where they will be held until the addressees call for them.

VENEZUELA.

Observations.—If any person receives more than 20 kilograms (44 pounds) of the same merchandise by the same steamer, he must pay, in addition to the entry duty, an amount equal to 10 per cent. of the Venezuela customs tariff. The weight, contents and value should be indicated clearly and specifically, instead of by a general statement of the merchandise. Violation of this stipulation involves a fine of twice the amount of the customs duty chargeable on the parcel.

Prohibitions.—Starch, indigo, cocoa, coffee; salted or dry meat in pieces; salt; sarsaparilla roots; silver, nickle or copper coins and machines for the manufacture of the same; matches, except those known as "feu de Bengale"; cigarette paper; saccharine and its products unless addressed to pharmacists, who may import 100 grains per person.

WINDWARD ISLANDS (Grenada, Grenadines, St. Lucia and St. Vincent).

Prohibitions.—(For St. Vincent, see Great Britain).

ZANZIBAR AND PEMBA.

Observations.—Parcels must not exceed £50 in value.

Parcels may be accepted for any place in the Zanzibar Protectorate, including Pemba; but delivery is confined to the town of Zanzibar and to Chaki-Chaki and Weti in the island of Pemba; and the addressees of parcels for other places in the Protectorate must arrange accordingly.

Prohibitions.—Letters (except one for the addressee).

GENERAL INFORMATION AND INSTRUCTIONS.

187. **Prohibited articles.**—The following articles are prohibited transmission by parcel post to all foreign countries:

(For special prohibition regarding each country, see table beginning on page 159.)

(a) Articles that are excluded from the domestic mails of the United States.

(b) Written communications of the nature of personal correspondence except specially provided otherwise.

(c) Packages enclosed in a parcel but addressed to a person other than the person indicated in the address of the parcel itself.

(d) Live or dead animals except live bees and dead insects and reptiles when thoroughly dried; fruits and vegetables which easily decompose, and substances which exhale a bad odor; lottery tickets or advertisements, or circulars relative to lotteries; all obscene or immoral articles; articles which in any way may damage or destroy the mails or injure the persons handling them. The presence, in an unsealed parcel, of sealed receptacles containing mailable proprietary articles which cannot be safely transmitted in unsealed receptacles, should not render the parcel unmailable, provided the contents of the sealed receptacles are plainly visible, or are unmistakably indicated by the method of packing or by a precise statement on the covers. But such sealed receptacles (proprietary articles), shall not be admitted to the parcel post mail unless inclosed in an outside cover open to inspection.

It is permissible to accept liquids, dyes, greasy substances, and similar articles inclosed in

lead-sealed metal containers *for those foreign countries admitting such articles in the parcel-post mails, provided the containers are labeled in printing,* so as to show the nature of the contents, the quantity, and the name of the manufacturer or dealer, and, in addition, such containers are inclosed in substantial outside covers open to inspection.

With respect to compression or friction top metal cans or containers, it should be suggested to manufacturers and dealers that these compression and friction top metal cans or containers be lead-sealed or soldered in at least four places, so as to render them acceptable for mailing as indicated in the paragraph above, and thus insure the lids from being forced out of place in the course of transit. It is preferred, however, that inside containers be used that will permit closing by screw-top covers with sufficient screw threads to require at least one and one-half complete turns before the covers will come off, such covers when employed, to be provided with washers, so as to prevent possible leakage of the contents.

(e) Liquids and oils, pastes, salves or other articles easily liquefiable are admissible to the international parcel post mails as a general rule, provided they are packed in accordance with the regulations prescribed for the admission of such substances in the United States domestic parcel post mails, there being certain exceptions to the rule, which exceptions are indicated in the items "Observations" and "Prohibitions" under the name of the particular country, colony or place to which it is desired to mail packages.

(f) Under the prohibitions against gold, silver and other precious articles appearing in connection with the parcel-post service to certain foreign countries, fountain pens with gold nibs or points, or fountain pens with gold nibs or points and gold bands, or fountain pens with gold nibs or points, mounted with gold plate will be regarded as not included in such prohibition, but will be accepted at the senders' risk for dispatch to such foreign countries until such time as the postal administrations concerned give notice that fountain pens with gold nibs or points are included in the category of gold, silver and other precious articles.

NOTE.— Packages containing eggs will not be accepted for dispatch overseas to foreign countries since such packages must necessarily be sent outside of the mails, and there are no facilities for handling "outside" packages on steamships.

188. **Letters must not accompany packages.**—A communication of the nature of personal correspondence must not accompany or be written on any package except specially provided for in section 186 beginning on page 159, but an open bill or invoice may be included. If such written matter be found it will be placed in the mails if separable, and if inseparably attached the entire package must be rejected. If, however, any such packages are forwarded, the country of destination will collect upon the accompanying communication or communications double the letter rate of postage prescribed by the Universal Postal Convention.

189. **Packages must not contain separately addressed packages.**—A package must not contain packages addressed to persons other than the person named in the outside address of the package itself. If such enclosed packages be detected they must be sent forward singly charged with new and distinct parcel post rates.

190. **Supplies and needed information.**— Postmasters' requisitions for the necessary blank forms and other supplies should be addressed to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies. Requests for information concerning the international Parcel Post service should be addressed to the Second Assistant Postmaster-General, Division of Foreign Mails.

191. **Post offices to inform public.**— Post offices are expected to assist the public to an understanding of the Parcel Post and the advantages it affords.

192. **No Insured or C. O. D. Packages is the International Parcel Post.**— Postmasters must not forward insured and C. O. D. packages to any foreign countries even though addressed to those countries, mail for which is accepted at the domestic rates of postage.

193. **No responsibility for loss.**—The Department is not responsible for the loss, damage or rifling of any package, except with respect to a registered package for Chile, Mexico and Salvador.

PACKAGES FOR FOREIGN COUNTRIES.

194. **How to mail package.**— A package must not be posted in a letter-box, but must be taken into the post office and handed to the postmaster or other postal official in charge.

195. **Address, etc.**— Every package should bear a complete and legible address (in Roman or English characters), not written in pencil, and be marked conspicuously "Parcel Post," and bear the name and address of the sender in such manner as not to be mistaken for the address of the package.

196. **Packing.**— Every package must be securely and substantially packed, but in such a way that it can be opened without damaging its cover, in order that its contents may be easily examined by postmasters and customs officials. Packages should be packed in canvas or similar material, heavy wrapping paper, or waterproof paper-lined with linen gauze, double-faced corrugated cardboard boxes, thick cardboard boxes or strapped wooden boxes made of material at least a half-inch thick. Boxes with lids screwed or nailed on may be used, and bags closed by means of sewing, provided they are presented at the post office open for inspection and then closed by the senders, as long as they conform to other conditions prescribed. Where the sea transit is long, as for instance, to China and Japan, the packing and wrapping must be stronger than for nearby countries, and in all cases, the packages, before acceptance must be packed in such a substantial manner as to assure safe transmission. Packages not properly wrapped must not be accepted for mailing, nor dispatched from United States exchange post offices.

There are exceptional provisions regarding packages as to whether they will be accepted sealed, nailed, screwed or sewed, and postmasters will consult the list of parcel-post countries, commencing on page 159 for the exception, if any, applicable to the particular country to be dealt with.

197. **Delivery fee.**— A delivery fee of not less than 5 cents is collectible when the package is delivered. This fee cannot be prepaid by the sender.

198. **Registration.**— To some places, packages will not be accepted for registration and whether a package will be accepted for registration is indicated in the table commencing on page 154. To any place to which the registration of a parcel is permitted, the sender may have a package registered by paying a registration fee of ten (10) cents and he will receive a "return receipt" in case of delivery, without additional charge therefor, provided he requests a return receipt at the time of mailing.

199. **Return receipts for unregistered packages.**—The sender of an unregistered package addressed to Bahamas, Barbados, British Honduras, Curacao, Dutch Guiana, or Jamaica may obtain a "return receipt" for the package by prepaying by means of postage stamps a fee of five cents in addition to the ordinary postage. In such case the words "receipt desired" must be plainly written on the corner of the package.

200. **Dimensions.**—A package must not exceed the dimensions indicated in section II (page 154) for the country to which the parcel is addressed. A package not more than 3 feet 6 inches in length may measure as much as 2 feet 6 inches in girth, or around its thickest part. A shorter package may be thicker; thus, if it measures no more than 3 feet in length it may measure as much as 3 feet in girth or around its thickest part.

201. The most convenient mode of measuring is by means of a tape line 6 feet long, or in case of packages for steam-served places in China by employing a tape line 7 feet long. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible.

202. **Weight.**—A package must not exceed the prescribed limit of weight indicated in the table on page 154.

203. **Certificate of mailing.**— Postmasters are instructed, on request, to issue for an *ordinary* parcel-post package, a certificate of mailing (Sheet Form 2965) without charge, or when a one-cent fee is paid, a tag form of receipt (Form 3817) or a receipt from a firm mailing bill book (Form 3877). A certificate of mailing (Form 2965), a tag form of receipt (Form 3817), or firm mailing bill (Form 3877) may be issued for a package addressed to Canada and Cuba upon payment of a one-cent fee in each case. The payment of a fee for a receipt does not indicate that any liability attaches to the Postmaster-General with respect to the package described in such receipt and no receipt is obtained from the addressee on delivery.

204. **Customs declarations.**—A "customs declaration" (Form No. 2966) properly filled out must be securely attached to every package; but so attached that it does not seal or close the package so that it cannot be easily opened without damaging the cover. The contents must be accurately described in the English language although an interlineation in another language if desired, may be furnished. As an exception it should be noted that declarations for Spain, the Canary and Balearic Islands or the Spanish possessions in Africa must be written in Spanish or French with an interlined translation in English. General terms such as "merchandise," or "samples," will not answer. It is not sufficient that the tag be tied to the package and allowed to hang loose. In addition to being tied by means of a cord passed through the eyelet, the tag should be bound to the parcel so that it lies flat thereon, and cannot be used as a handle to lift the package while in transit. All declarations must be postmarked at the post office of mailing.

205. **Customs duties.**— Customs duties cannot be prepaid; they will be collected of addressees when the packages are delivered.

If a package is received at an exchange post office prepaid at the parcel post rate, but unaccompanied by a "customs declarations," it will be sent to the Division of Dead Letters unless it bears a clear indication of the origin of the package so that the exchange office can call on the sender through the mailing office to furnish the required "customs declaration."

206. **Parcel Post packages not fully prepaid inadvertently forwarded.**— If an unregistered package for a foreign country is received at a United States exchange post office with postage not prepaid in full, the exchange office should request the mailing office to transmit to the exchange office the postage stamps necessary to complete the prepayment. Failure to complete the prepayment will prevent the dispatch of the package from the United States.

If a registered package is received at a United States exchange post office with postage not prepaid in full, postage stamps to cover the deficiency should be affixed, pursuant to the provisions of section 1059 of the Postal Laws and Regulations.

207. **Parcel Post packages not mailable to all places.**— Packages are transmissible by Parcel Post to the countries, colonies or possessions indicated in the table on pages 155 to 157. Packages addressed to any other place must not be accepted for mailing or dispatched from the United States if they are mailed.

PARCELS FROM FOREIGN COUNTRIES.

208. **Customs duties.**— Dutiable or supposed dutiable articles received by international Parcel Post are subject to the treatment prescribed by the "Joint regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries" appearing in Section 664, Postal Laws and Regulations. Packages received at city delivery offices from foreign countries on which there are no customs charges, should be delivered in the same manner as domestic parcel-post matter.

209. **Postage charges on delivery.**—A delivery fee of 1 cent for each 4 ounces or fraction of 4 ounces is collectible on the delivery to the addressee, either at the post office or his residence, of each parcel from Colombia or Costa Rica, except that the minimum charge on any package is 5 cents. On packages from all other places the delivery fee collectible on delivery of the packages is 5 cents for each package of whatever weight. The delivery fee is in addition to the postage prepaid and is intended to cover partly the cost of transporting and handling the package after its receipt in the United States. Postage-due stamps to the amount of the proper charge on the package must be affixed thereto and canceled before delivery. See section 521, P. L. & R.)

210. **Forwarding.**—Parcel post packages received from foreign countries must be forwarded from one United States post office to another without charge for such forwarding.

211. **Return and redirection.**— Packages which cannot be delivered must be marked to show the cause of non-delivery, such as "unclaimed," "refused," etc., and returned from the post office of destination to the United States exchange office from which they were received, at the expiration of 90 days from the date of their receipt at the office of destination in the case of packages from Colombia and Uruguay; at the expiration of 60 days in the case of packages from Argentina, and at the expiration of 30 days in the case of packages from all other countries, colonies and places.

Mail entry forms with undeliverable packages will be disposed of in accordance with the instructions contained in section 171, page 143.

The United States exchange office will return such packages to the foreign exchange office which dispatched them to this country, and for such return the sender will be required to pay on each package, at the time of delivery, a sum equal to the postage originally prepaid thereon.

212. **Sender to be consulted.**— In the case of undeliverable packages from the United States held in certain countries, the postal administration of those countries will continue to consult the senders as to the disposition they desire made of the packages, and in such cases when requested, postmasters will continue to furnish the information desired when written to on the subject by the postmasters at New York or San Francisco, who have been designated to make the necessary replies to the foreign countries concerned.

213. "**Abandoned**" **packages,** if dutiable, should be sent to the Collector of Customs from whom they were received; if non-dutiable, they should be sent to the Division of Dead Letters. In either case, the packages should be marked "abandoned." Undeliverable packages from the above-named countries or colonies should not be held beyond the periods indicated above at post offices of destination and, in the case of dutiable packages, the proper customs officials should be kept fully informed of the status of each case.

214. **Packages returned at request of senders.**— Senders of packages for or from Argentina, Australia, Bahamas, Barbados, Belgium, Bermuda, Brazil, British Guiana, British Honduras, Hong Kong, Italy, Jamacia, Leeward Islands, Luxembourg, Newfoundland, New Zealand, Portugal, Society Islands, Trinidad and the Winward Islands, who request their packages to be returned must transmit with their requests the amount necessary to prepay postage afresh at the rate of 12 cents per pound or fraction of a pound.

215. **Prohibited articles.**—Packages for or from Argentina, Australia, Belgium, Bermuda, Curacaco, Denmark, Dominican Republic, Dutch Guiana, France, Haiti, Iceland, Italy, Japan, Liberia, Luxembourg, Norway, Portugal, Sweden, The Netherlands or Uruguay, which contain "prohibited" articles or which exceed the limits of size or weight, need not necessarily be returned to the country of origin; but at the demand of customs officials may be disposed of in accordance with the customs regulations of the country of destination.

216. **Undeliverable packages returned to United States.**—An undeliverable package returned to the United States, upon which the return postage has not been prepaid, is subject on delivery to the sender to a postage charge equal to the amount of postage originally prepaid on the package; which amount should be marked on the package by the United States exchange post office which receives it back from abroad, and collected by the post office which delivers it to the sender—the necessary postage-due stamps being affixed and cancelled as directed in section 209, page 187.

On packages returned from Spain, the Balearic Islands, the Canary Islands and the Spanish possessions in Africa, the sender must pay in addition to return postage the charges accrued on the parcel in its transportation between the offices of mailing and destination.

When undelivered packages are returned from Costa Rica, no postage due stamps need be affixed, inasmuch as the postmaster at New York has been directed to collect in money the amount due for return postage in order that the sum so collected may be remitted to Costa Rica.

217. **Notices to addressees of registered packages.**— The post office of destination must promptly notify the addressee of the arrival of a registered package.

218. **Official and semi-official or express service.**— Most of the coutries of Europe have an arrangement with international express compaines, under which packages regularly mailed in those countries are withdrawn from the mails and handed to said compaines to be brought to this country and by them delivered to addressees without the intervention of the United States postal service. Such arrangements are known as the semi-official parcel post, and packages so conveyed and delivered are somewhat delayed and at times give rise to additional charges to which regular parcel post packages are not subjected. In order to avoid said delays and charges senders in foreign countries should be cautioned to insist upon their parcels for the United States being sent in the official international parcel post mails and to mark them so as to indicate unmistakably that they are to be so sent.

219. **Storage or demurrage charge.**—A storage or demurrage charge is imposed on packages, ordinary or registered from foreign countries, including Cuba, Canada, Mexico, from the Philippines, and from the United States postal agency at Shanghai, when such packages are left in the post office uncalled for after notice has been mailed the addressees that the packages are ready for delivery. The charge imposed is fixed at 5 cents a day on each package for each day after the expiration of 7 days, exclusive of Sundays and holidays, from the date notice is mailed the addressee that the package is ready for delivery. When a collection is made of an amount due for storage, the money received will be accounted for by the affixing of postage due stamps to each package to the amount of the charge paid.

In giving notice to addressees with respect to packages held, the form employed will bear an announcement of the charge to be imposed in case the packages are not called for within the time specified.

UNITED STATES MAIL AGENCY FOR EXPEDITIONARY FORCES IN EUROPE.

Pursuant to Section 4021, Revised Statutes (Section 1468, Postal Laws and Regulations), a mail agency has been established for conducting the postal service in connection with the American Expeditionary Forces in Europe, to be known as the United States Mail Agency, in France.

STATE LIST

POST OFFICES, BRANCH POST OFFICES AND STATIONS.

JUNE 1, 1920

[For Supplement containing changes to July 1, 1920, see Index.]

* Money order offices.
† International money order offices.
° Postal savings depositories.
§ Summer offices.
‖ Winter offices.

The office numbers preceding the names of post offices must be used in all correspondence with the Auditor and the Post Office Department, and on all vouchers, statements and accounts.

The unit numbers, used in parcel post business, follow the names of the counties. A branch office or a station is in the same unit as the main office. The space following the unit number is provided for the insertion of the zone number.

Postal savings deposits are received only at the post offices, branches and stations that are authorized to transact postal savings business. Withdrawals must be made at the post office, branch or station at which the depositor maintains his account.

All stations issue and cash money-orders, register letters and parcels, and sell postal supplies. Lettered and named stations, in addition, receive, deliver and dispatch mail matter.

Money orders must be drawn only on the main office or branch offices, not on stations, but may be cashed at either the main office, branch office or any station of such office.

Independent stations, indicated thus (Ind.), receive and dispatch registered mail in the same manner as post offices, and are the only stations to which postmasters address registered package tickets.

County seats (*ch*) and the number of rural routes emanating from certain offices are shown in the list of post offices arranged by states and counties.

THE POSTAL MONEY-ORDER SYSTEM

MONEY ORDERS

For the sake of security, postal money orders should be used whenever available instead of cash for remittances by mail.

Remittances may be made cheaply and safely by means of postal money orders to all parts of the United States and its possessions, and to foreign countries as well.

There is no limit to the number of money orders which may be sent by one remitter in one day to the same person.

If a person desiring to remit by money order resides on a rural route, application for the order may be made through the rural carrier, who will furnish the necessary form, and give a receipt for the money.

Lost or destroyed money orders will be replaced without cost, by means of duplicate orders or warrants.

MONEY ORDER POST OFFICES

There are over 56,000 post offices and postal stations in the United States, including Guam, Hawaii, Porto Rico, Tutuila (Samoa) and Virgin Islands, U. S. (late Danish West Indies), at which domestic money orders may be obtained, and cashed or paid.

At all of these offices and stations money orders may also be purchased for payment in Bermuda, British Guiana, British Honduras, Canada, Canal Zone (Isthmus of Panama), Cuba, Newfoundland, and the Philippine Islands, at the U. S. Postal Agency at Shanghai (China), and in islands of the West Indies as follows: Antigua, Bahamas, Barbados, Dominica, Grenada, Jamaica, Martinique, Montserrat, Nevis, St. Kitts, St. Lucia, St. Vincent, Trinidad and Tobago, and Virgin Islands (British).

Thirteen thousand (13,000) or more of these offices are designated as "International" offices and through them, ordinarily, when intercourse is not interrupted by war, remittances may be made by means of money orders to almost any part of the world.

PAYMENT AND REPAYMENT

Domestic money orders issued in continental United States, exclusive of Alaska, may be paid at any money order office in continental United States, exclusive of Alaska, within 30 days from date of issue. After that lapse of time they may be paid only at office drawn on, or at office of issue.

A domestic money order will be paid or repaid on due presentation at office drawn on, or at office of issue, at any time within the period of its validity — one year from the last day of the month of issue. It will be paid or repaid to person named therein as payee or remitter, or to his endorsee, or duly designated agent or attorney. When the owner is located on a rural route it may be paid through the carrier if delivered to him for collection with separate written request that payment be so made. In no case, however, where an order was issued in settlement for a C. O. D. parcel should repayment be made without consent of payee or special authorization from the Department.

Payment or repayment of amount of a domestic order which is invalidated by age may be obtained by making application through the postmaster at any money order office for a warrant.

Repayment of amount of an international order may be effected after the consent of the country drawn on has been obtained.

FEES FOR MONEY ORDERS

For Tables of Fees chargeable for Domestic and International money orders, see pages 89-91.

THE UNITED STATES POSTAL SAVINGS SYSTEM

is a valuable aid in the practice of

ECONOMY AND THRIFT

Deposits are absolutely safe.

Any person ten years old or over may open an account.

A married woman may deposit in her own name.

One dollar will open an interest-bearing account.

Any number of dollars may be deposited, and at any time, until the balance to the credit of a depositor amounts to $2,500, exclusive of accumulated interest.

Postal savings stamps may be purchased at ten cents each.

Withdrawals may be made at any time.

Further information may be obtained at any post office or by addressing the Third Assistant Postmaster-General, Division of Postal Savings, Washington, D. C.
